learning concepts; complementary types of processing; material appropriate processing; elaboration, 26926

narrative texts; writing ability; expository texts; text construction; text conceptualization; discourse functions; linguistic forms; age differences, 24932

parsing algorithms; text; grammatical error; syntactic errors; sentences, 36500

pragmatics; newspaper headlines; relevance optimization; relevance theory; news framing, 21989

Texture Perception—Serials

reading goal; text structure; comprehension, 24432

reading purpose; text processing strategies; topic knowledge; memorization; elaboration; high school students, 23869

scientific studies; reading; electronic reviewing; electronic submission; electronic revising; early reading development; decodable texts, 12649

shallow semantic processing; text processing; skilled readers; less skilled readers; noun phrases; mental representation, 24496

sign language lexicography; word definitions; meaning explanations; frame roles; structured background information; sign lexicographers; ASL corpus; ASL dictionary; meaning descriptions; frame-setting, 15857

study strategies; imagery recall; rehearsal; oral presentation; text presentation, 18319

temporal modifications; temporal perception; temporal structure; Japanese words; vowel; objective evaluation; local-change detection; speaking-rate discrimination; listeners' abilities, 15865

text conventions; word separation; letter background separation; lower-case letters; visual appearance; words; verbal integration; word gestalts; literacy instruction; graphic word; language; phonics, 30011

text types; written texts; expert writing; non-expert writing; encyclopedic texts; morpho-syntactic forms; Hebrew texts; nominal constructions, 18872

text-leveling systems; reading accuracy; reading fluency; second-grade students; decoding difficulties, 30031

textual information; display design; supervisory tasks, 33393

topic-ranking algorithms; multi-labeled documents; additive online algorithms; category ranking, 14872

visuospatial resources; predictive inferences; bridging inferences; text representation; perceptual memory load, 24431

Textbooks—Serials

book citations; commonality; introductory textbooks; contemporary psychology, 27243

boys' behavior; girls' behavior; student characters; educational psychology textbooks; gender stereotyping; feminine activities; masculine activities, 30027

career pathway information; introductory psychology textbooks; graduate school, 30012

college marriage textbooks; premarital predictors; marital quality; integrative teaching approach; marriage, 30000

contextual learning; theoretical knowledge; inserted question; scientific text; vocational students, 14649

identity options; Russian textbooks; foreign language textbooks; second language textbooks; imagined learners; imagined interlocutors; cultural factors, 30017

introductory psychology textbooks; stress; stress disorders; psychological knowledge; epistemology; psychological statements; disciplinary boundaries; evidence, 33455

longitudinal analysis; social psychology textbook; introductory texts; social cognition, 17623

Texture Perception—Serials

backward masking; central performance drop; texture segmentation; spatial vision; parafovea, 12606

Bela Julesz; obituary; binocular vision; visual ability; texture; neuroscience; psychologists, 35954

binary textures; ternary textures; high-order spatial correlations; depth cues; image qualities; pixels, 33721

color; texture; scene classification; visual form agnosia; object perception; neuroimaging, 32187

configuration effects; texture transparency; perceptual transparency; spatial frequency, 30605

eye movements; hand movement; haptic texture; pointing movements; target textures; kinematics, 12575

infant perception; infant vision; directional alignment; texture elements; pictorial depth cues, 918

inferior temporal cortex; visual patterns; texture patterns; monkey; natural objects; GABAergic inhibition, 12895

manual cyclical activity; exploratory touch; neonates; haptic texture perception; habituation sequence; infants, 15971

multisensory processing; mental imagery; human cerebral cortex; haptic shape perception; visual perception; texture perception, 34083

neurons; primary visual cortex; contour integration; texture continuation; geometrical computations, 27713

nonlinear imagery; perceptual performance; texture segmentation; multisensor fusion; usefulness evaluation; multisensor imagery; region recognition; color rendering; scene content; image-rendering, 24374

perceptual dimensions; tactile textures; texture perception; semantics; touch; tactile categorization; stimulus similarity, 325

roughness perception; spatial period; textured surfaces; frequency theory; peak frequency; vibrations, 3306

texture contrast; visual attention; natural scenes; central nervous system, 34112

texture segregation; feature contrasts; visual features; visual stages, 12603

visual evoked potentials; stimulus orientation; stimulus conditions; local textures; texture; collinearity; orientation; segregation, 15672

visual perception; transparency; texture; laciness; outline, 9605

visuotactile perception of texture; multisensory integration; texture discrimination; response bias; performance; attention, 321

Thalamic Nuclei—Serials

artificial neural network; single-neuron responses; thalamic taste relay; gustatory responses; rats, 12780

basal ganglia; tourette syndromes; obsessive-compulsive disorder; cognitive deficits; comorbid asperger; infrathalamic nuclei; thalamic nuclei; hypoxic-ischaemic necrosis, 4968

bilateral subthalamic nucleus stimulation; Parkinson disease; adjustment disorder; psychiatric disorders; personality change; comorbidity; treatment outcome; treatment side effects; quality of life, 23383

bilateral subthalamic nucleus stimulation; Parkinson disease; adjustment disorder; psychiatric disorders; personality change; comorbidity; treatment outcome; treatment side effects; quality of life, 23392

clinical parkinsonian signs; Parkinson's disease; PD; subthalamic nuclei; STN; deep brain stimulation; DBS; DBS discontinuation, 5461

declarative memory; memory functioning; mediadorsal nucleus; thalamic nuclei; anterior nuclei; thalamus, 3724

Deep brain stimulation(DBS); essential tremor(ET); VIM thalamic nucleus; neuroimaging, 14014

magnetic resonance imaging; MRI; mediadorsal nuclei; pulvinar nuclei; thalamus; centromedian nuclei; schizophrenia, 1484

nociception; pain; pentobarbital; thalamic reticular nucleus; thalamus; urethane; ventroposterior lateral nucleus; anesthetized rats, 15708

nucleus basalis magnocellularis; avoidance retention; intracranial electrical stimulation; active avoidance learning; parafascicular nucleus; memory; rats, 646

nucleus reticularis thalami; cortical cells; neurons; rats; electrophysiology; neurons, 34022

Parkinson's disease; levodopa; bilateral subthalamic nucleus stimulation; parkinsonian symptoms; age, 17185

perirhinal cortex; anterior thalamic nuclei; lesions; learning; memory, 6953

positron emission tomography; thalamic nuclei; autoradiographic techniques; autoradiographic studies; thalamic neurons, 21508

rats; pentyleneetetrazol; subcortical anterior thalamus; posterior thalamus; hippocampal bipolar electrodes; cortical EEG; seizure activity propagation, 15448

schizotypal disorder; anterior limb of internal capsule; volumetric measurements; fronto-thalamic connectivity; caudate nuclei; lentiform nuclei; putamen; globus pallidus, 25680

subthalamic nuclei stimulation; speech; Parkinson's disease, 5059

subthalamic nucleus bilateral stimulation; Parkinson's disease; activities of daily living; motor function; long-term outcomes, 8626

subthalamic nucleus stimulation; speech initiation hesitation; Parkinson's disease; frontal lobe, 8282

verbal memory impairment; thalamic infarct; cognitive processing, 13997

Thalamus [See Also Geniculate Bodies (Thalamus), Thalamic Nuclei]—Serials

aging; human sex differences; thalamus volume; pons volume; cortex volume; gender, 27795

amnesia; medial thalamic infarction; semantic knowledge; neural functioning; memory impairment; retrograde memory; cortical networks; thalamic lesion; semantic memory; retrograde memory, 8279

anuran; auditory pathway; female phonotaxis; motivation; lesions; thalamus; torus semicircularis; auditory midbrain; female gray treefrogs, 3627

basal ganglia; brain-damaged individuals; behavioral neurologists; functional neuroimaging; deep brain structures; complex activities; semantic priming; new directions; empirical work; complex issue, 3616

brain lesions; anterior thalamus; contralateral inferotemporal cortex; monkeys; learning; spatial perception; unilateral lesion; topographical memory, 27781

central somatosensory processing; chronic pain patients; hysterical anesthesia; nondermatomal somatosensory deficits; supraspinal nuclei; sensory deficits, 16615

cerebellum; prefrontal cortex; thalamic volumes; adolescent-onset schizophrenia; multiple brain lesions; functional dysconnectivity, 31769

cognitive impairment; laterothalamic infarcts; lateral thalamic stroke; executive functions; verbal fluency, 13915

computational model; thalamocortical circuit operations; inhibitory postsynaptic potentials; hierarchical clustering; categorization; neuroanatomy; neurophysiology; algorithms, 24620

declarative memory; memory functioning; mediadorsal nucleus; thalamic nuclei; anterior nuclei; thalamus, 3724

gustatory thalamus; negative contrast; taste stimuli; thalamic lesions; gustatory memory; contrast effects; lesion-induced disruption; simultaneous contrast; anticipatory contrast; memory deficit, 18603

head direction cell activity; navigation task; cognitive mapping strategy; spatial behavior; rats; thalamus, 30862

hemineglect; tonic inhibition; temporo-parieto-occipital lesion; brain; corticothalamic interaction; damaged cortex, 27715

human pulvinar contribution; unilateral pulvinar lesions; vision; action; square color; square size; selective attention; pulvinar damage; response competition; target location, 29105

medial geniculate nucleus; interaural time differences; auditory cortex; inferior colliculus; adaptive plasticity; auditory thalamic neurons; juvenile barn owls, 21641

neuroanatomy; brain organs; thalamus; cortex; brain functioning, 18575

nociception; pain; pentobarbital; thalamic reticular nucleus; thalamus; urethane; ventroposterior lateral nucleus; anesthetized rats, 15708

post-infectious thalamic encephalitis; encephalitic syndrome; bilateral thalamic lesions; mycoplasma respiratory tract infection; amnesic syndrome; ataxia; acute onset; disease course, 29118

psychotic symptoms; thalamic volumes; state related changes; antipsychotic drug treatment; psychotic exacerbation; magnetic resonance imaging left thalamus; right thalamus, 2227

rats; pentyleneetetrazol; subcortical anterior thalamus; posterior thalamus; hippocampal bipolar electrodes; cortical EEG; seizure activity propagation, 15448

signal changes; subcortical regions; cortical regions; time course; fMRI; integrated object; eeg oscillations; brodmann area; hybrid model; time course, 3663

subliminally primed responses; caudate; thalamus; Huntington's disease; corticostriatal-pallidal-thalamic pathway, 22786

subthalamic nucleus stimulation; levodopa treatment; gait abnormalities; parkinsons disease; dyskinesias; gait parameter, 5117

taste stimulation; action potentials; rats; neurons; thalamus; oral cavity; ventroposteromedial nucleus, 12946

thalamic dysfunction; schizophrenia; sensory information; emotional functions; cognitive functions; neurochemical abnormalities; imaging abnormalities; neuropathological abnormalities, 28693

thalamic membrane phospholipids; schizophrenia; thalamus; phosphatidylcholine; myelin membrane; sphingomyelin; galactocerebrosides; phosphatidylserine; membrane lipid, 28739

thalamic vascular lesions; communicative abilities; language alteration; cognitive ability; attention; memory; executive functions, 22990

thalamic volume; thalamus; neuroanatomy; thalamic shape; thalamic symmetry; schizophrenia patients; cognitive ability, 25625

thalamocortical development; thalamic axons; gene expression; mutant mice, 15447

thalamus; schizophrenia; bipolar disorder; N-Methyl-D-Aspartate receptor; glutamatergic dysfunction, 28586

thalamus; basal ganglia; right thalamic injury; neuropsychological impairment; behavioral impairment; brain lesion; striatocapsular hematoma; behavioral-lesion hypothesis, 8213

Thalidomide—Serials

thalidomide; plexiform neurofibroma; neurofibromatosis 1; TL; NF1; syptomatic plexiform neurofibroma; PNF, 5425

thalidomide; side effects; sensory neuropathy; multiple myeloma; sensory ganglionopathy; electrophysiology, 29477

Thanatology [See Death Education]

Thanatos [See Death Instinct]

Theatre [See Also Drama]—Serials

arts-based training; improvisational theatre techniques; management development; communication skills, 36313

drama-imagery; socialization; theater-drama; family imagery; juvenile delinquents, 14218

feminist coalitions; deep listening; feminist popular theatre; participatory adult education; interdisciplinary community project, 20811

maternal longing; addiction; feminism; mothering desire; The Break of Day; working women; societal problems; female employment; child bearing; identity crisis, 28314

psychiatric rehabilitation; mental illness; living skills; patient puppet theatre project; patient self actualization; empowerment, 32750

psychiatric rehabilitation; mental illness; living skills; patient puppet theatre project; patient self actualization; empowerment, 32753

The Aesthetics of Orgasm; sexuality; stage play, 7581

theatre environment; unconscious mind; audience; spectators; memory; catharsis, 4008

Theft [See Also Shoplifting]—Serials

property crime rates; burglary; theft; seasonality, 30320

Theology—Serials

aging; God; theology, 34376

aging; wholeness; rehabilitation; quality of life; healthcare; physical challenges; theology, 35742

Christian music; theological language; musical style; lyrical content; Christianity; songs, 34458

Christian repentance; resurrection theology, 34454

gerontology; Barbara Pittard Payne Stancil; spirituality; aging; practical theology, 34390

gerontology; theology; aging; spiritual growth; christian education, 34396

pastoral theology; pedagogical processes; pastoral theologians, 36132

personal worth; identity; aging; Christianity; time; experience; life change; loss; death; work; leisure; theological perspective, 34675

practical theology; aging; Alzheimers Disease; dementia; Bible, 34456

process theology; aging; life pattern, 34385

spiritual conversion; spiritual transformation; religion; western theology; feminist theology, 28212

theology; aging; life course; mental health; physical health; spiritual formation; gerontology, 34395

worship; Alzheimers patients; ministry; care facilities; theological models, 35297

Theoretical Interpretation [See Also Psychoanalytic Interpretation]—Serials

acute psychotic states; transactional analysis; ego states; personality; psychopathology; psychotic structure; external stimuli; developmental stages; therapeutic actions; psychological interpretation, 13621

adolescent exercise behavior; sport participation; motivation; transtheoretical model, 6086

case notes; physicians; theoretical interpretations; female patients; mothers; history; puerperal insanity; 19th century, 1385

criticism; Psychological interpretation; Shakespeare; Locke; As You Like It, 31047

discursive psychology; bioethics; patient expectations; false beliefs; unrealistic expectations; information-processing; discursive processing; medical treatment; patient report interpretation, 23746

nature of childhood; visual artworks; history; societies attitudes; psychic realities; social experiences, 7292

social life; individuals; social evolution; social policy; Herbert Spencer; moral life; conscious automation, 22156

theoretical exploration; expectational gaps; corporate issue; stakeholders perceptions; corporate activities; interest-based judgements; mental models; moral values; typology; issues resolution, 17828

visual inspection methods; statistical methods; assessment; behavior analysis; data analysis; interrater agreement; visual inspection; single-case designs; training procedures; interpretation, 241

Theoretical Orientation—Serials

American psychoanalysis; Utopian form; dystopian form, 22379

clinical psychologists; psychotherapists; meditation; transpersonal psychology; psychotherapy; spiritual practices; meditative techniques, 2084

critical social perspectives; medical perspective; perinatal substance misuse; prenatal drug exposure; alcohol exposure; health care orientation, 19682

inquiry paradigm; collaborative process; positivist inquiry paradigm; post positivist inquiry paradigm; constructivist worldview; critical theorists, 2716

mentalistic approaches; behavior analysis; social justice, 7518

nursing; social approach; social model of disability, 26789

positive psychology; negativity; health psychology; coping styles; humanistic psychology, 11445

positive psychology; school psychology, 12083

psychological research; climbers; romanticism; cultural contexts; mountaineering; psychological themes; mountaineering literature; self; identity, 12320

PsyD programs; PsyD practitioner training; clinical psychology; theoretical orientations; university departments; admission rates; financial assistance; program characteristics, 32918

religion; professional orientation; morals; teachers, 23790

residential treatment; intensive short-term treatment; integrated approach; major approaches to psychotherapy; theoretical issues, 2469

shot-term restructuring psychotherapy; personality disorders; technical interventions; theoretical integration; technical eclecticism; treatment modalities; integrative model, 1999

substance abuse counselors; philosophy; treatment services; offenders; drug court programs; knowledge; beliefs, 8875

Volume 91 SUBJECT INDEX

Theoretical Orientation—Serials

Theoretical Evaluation Self-Test; community clinical practice; test validation, 27310
transpersonal dialogue; spiral-dynamic perspective; structural-hierarchical perspective; depth psychology; theory, 48

Theoretical Orientation—Books

Paradigms of personality assessment, 9408

Theoretical Orientation—Chapters

An audacious adventure: Personal construct counselling and psychotherapy, 16957
Exploring the instrumental versus non-instrumental aspects of procedural fairness: The usefulness of a person x situation approach, 4412

Faith, psychotherapy, and Christian counseling, 17553
Personal construct psychotherapy and the constructivist horizon, 16970

Relational-cultural theory, 16965

Theoretical and cultural considerations in counseling women of color, 16954

Theories [See Also Activity Theory, Chaos Theory, Communication Theory, Constructivism, Darwinism, Decision Theory, Fuzzy Set Theory, Game Theory, Information Theory, Item Response Theory, Learning Theory, Psychological Theories, Systems Theory, Theories of Education, Theory of Evolution, Utility Theory]—Serials

academic discourse; daily lives; scholarly theory; rights-based theorization of disability; power; relationship-based theorization; inclusion; feelings, 32044

activation hypothesis; diathesis-stress model; hopelessness theory of depression; integration; cognitive priming; inferential styles; depressive symptoms, 25544

activity theory; ergonomics; work study; education; human factors; industrial-organizational psychology, 30277
Adoption History Project; Websites; adoption theory; adoption practice; 20th century, 2439

African Americans; adolescent girls; HIV prevention; randomized controlled trial; African American females; theory of gender; social cognitive theory; HIV intervention; theoretical frameworks, 29515

Al-Qaeda; Taliban leadership; Islamic dream theories; guidance dreams; value system; Middle East; Islamic Jihadist conversion, 16339

altruism; charity; egoistic perspectives; egocentric perspectives; altercentric perspectives; I. Kant; socialization; rational theory; parental care; philanthropy economic theories, 10070

altruism; charity; egoistic perspectives; egocentric perspectives; altercentric perspectives; I. Kant; socialization; rational theory; parental care; philanthropy; evolution, 10072

altruism; charity; egoistic perspectives; egocentric perspectives; altercentric perspectives; I. Kant; socialization; rational theory; parental care; philanthropy, 10068

altruism; charity; egoistic perspectives; egocentric perspectives; altercentric perspectives; I. Kant; socialization; rational theory; parental care; philanthropy, 10071

altruism; charity; egoistic perspectives; egocentric perspectives; altercentric perspectives; I. Kant; socialization; rational theory; parental care; philanthropy, 10069

aphasia; brain mind interrelations; neurolinguistic theory; psychoanalysis; Sigmund Freud, 35333

appetitive conditioning; rats; associative learning; computational comparator hypothesis, 33934

area theorem; ROC curve; statistical analysis, 234
argumentum ad ignorantiam; argument from ignorance; inductive reasoning; Bayesian approach; argument strength; empirical argument theory, 24459

artificial life; Piaget's developmental theory; artificial neural networks; cognitivist approaches, 18007

behavioral agency theory; stock repurchase program; shareholders; business executives, 24022

brain; imitation; actions; theories; behavior, 6813
bystander effect; social influence; psychological processes; major methods; general model; group size effect; helping; audience inhibition; diffusion of responsibility; passive confederate, 19112

career decision making; general decision making theories; career assessment; Decision Making Inventory; psychometric properties; career maturity, 9493

causal efficacy; consciousness; agent causation; functional explanation; causal model of explanation; causal-functional theory, 15350

causal information; categorization; illusion of explanatory depth; pattern tracking; division of cognitive labor; children; adults, 3356

change in investment; socioemotional selectivity; gerotranscendence; disengagement theory of aging; activities; interests, 25082

choosing place of death; influence of pain; attitude toward death; theory of interpersonal behavior; respondents, 10601

chromatic strength; color difference; constant hue; color gray; color attributes, 6517

chronic illness adjustment; disability adjustment; coping stages; phases; psychosocial adjustment; catastrophe theory; chaos theory; complexity theory; disability rehabilitation, 2489

cognitive development; spatial problems; maturational constraints; learning experience; concrete operations; culture; implicit vs explicit theory; children; US vs Mexico; Piaget, 10194

cognitive processes; neuropsychology; intelligence; disabilities; PASS theory; Luria, 12634

cognitive psychology; contingency based behavior analysis; philosophy; theory; intraorganismic structure; environment organism interaction, 6219

cognitive psychology; universal laws; physics, 21062
cognitive theories; emotions; feeling; cognitivism; evaluative content; emotional object; formal property, 18423

collective action; prospect theory; economic groups; coalition building; Chile, 31399

college students; driving; anger; state-trait theory, 10573
commonplace incivility; social theory; everyday incivility, 22157

communicational texts; genre theory; social psychology; economic conditions; rhetoric, 28400

comprehensive psychoanalytic theory; cumulative knowledge; clinical practice; general theory; guiding theory, 1306

computational complexity; finite state; optimality theory; OT; phonology; language comprehension, 15862

conditional reasoning theories; hypotheses; age related developments; children; adolescents; deontic; causal conditionals; inferences, 24956

conduct disorder; causal theories; neutral terminology, 22632

conflict theory; individual risk taking; group risk taking; internal conflict; nonimpulsive decisions; reactions; feelings; defense mechanisms; methodological problems; military training; young males, 4345

consequence paradoxes; Allais paradox; transitivity; coalescing; rank-dependent utility theories; cumulative prospect theory; violate branch independence, 21211

contemporary management; German leadership; American literature; management theory; leadership theory; German organization, 6018

control mastery theory; narrative theory; constructivist approach; psychodynamic psychotherapy, 1997

conventional narrative research; children with HIV; narratives; poststructural theory, 33623

creative abilities; human intelligence; wisdom; theory; theories, 33201

critical race theory; race related journal articles; Journal of Marital and Family Therapy; therapists' race perspectives; continuing professional education; race theory; conceptual framework; racism, 12027

customer orientation; organizational performance, 14821
depressed states; depressed mood; social risk hypothesis; social perception; social value; social burden, 1203

depression; etiology; neuroscience; symptoms; treatment; prevention; theory; serotonin; stress, 25567

depression; student attribution; depression causation; depression cures; component causes; cure components; religious practices; Turkish university students; lay theories content; layperson perception, 10530

desire; language; theoretical perspectives; theory, 15851
development communication; participation; Habermas theory; population programs, 28393

developmental dyslexia; phonological theory; magnocellular theory; cerebellar theory; audition; vision; magnocellular function; motor control, 22749

developmental theories; mother-infant relation; infant development; emotional availability; sensorimotor interaction, 25406

differential distinctiveness hypothesis; self concept development; primary students; Self Description Questionnaire-I French version; age; gender; academic competence & affect; factor structure, 100

diffusion methodology; diffusion of innovations, 27424
diffusion of innovations theory; health communication projects; HIV education; Vitamin A nutrition; reproductive health, 29500

diffusion theory; diffusion of innovation theory; Everett Rogers, 28391

directional harmonic model; harmonic resonance theory; perceptual grouping; computer simulation; collinear contours; Ehrenstein illusion; Kanizsa figure; orthogonal contours; illusory contours, 3324

disability; rehabilitation; paradigms; theoretical frameworks, 22413

disability; rehabilitation; paradigms; theoretical frameworks, 22421

discreteness; interactivity; spoken word production; speech errors; nondisordered adults; brain damage, 16812
discreteness; interactivity; spoken word production; speech errors; nondisordered adults; brain damage, 16813

discreteness; interactivity; spoken word production; speech errors; nondisordered adults; brain damage; aphasia; feedforward-only models, 16814

disparagement humor; prejudiced norm theory; social psychological process; tolerance of discrimination, 19097

dissociated-control theory; hypnosis; impaired performance; susceptibility; anterior cingulate cortex; prefrontal cortex, 33891

dual-process theories; mind; working memory capacity; individual differences; attention control; controlled processing; psychology implications; clinical psychology; new areas, 27575

dues paying; theoretical explication; conceptual model; attribution; justice; impression management; equity, 30117

early gender identity development; cognitive theories; sex roles; infants; toddlers, 34304

early gender identity development; cognitive theories; sex roles; infants; toddlers, 34349

emotion; nursing; Balint seminar training; methodology; psychosocial nursing; theory, 29857

emotional labor; behavioral self-regulation; control theory models; emotional displays; job performance, 7675

emotions; consciousness; subjectivity; affect-logic theory; cognition; affective-cognitive interactions; attention; affective state; attention; language; abstraction, 18252

employer benefits; worker health insurance; standard economic theory; employment based health coverage, 12244

endurance exercise; cognitive ability; prefrontal-dependent cognition; transient hypofrontality hypothesis, 30662

ethnic identity; self-esteem; ethnocentrism; social identity theory; multicultural theory of development; Whites; African Americans; Hispanics; college students, 1169

Everett Rogers; Diffusion of Innovations Theory; public health, 29541

exercise adherence; body fat; motivation; exercise consistency; exercise program; weight loss; reversal theory; individually tailored intervention, 11686

exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; individually tailored intervention, 11687

exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; individually tailored intervention, 11748

exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; individually tailored intervention, 11719

exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; body weight; tailored intervention; individualized exercise prescription, 11718

expected utility theory of war; temporal domain; political similarity; international conflict; international interaction game; Kendalls tau b, 16180

experimental manipulations; theory prediction; dissonance theory; preference change; reactance theory; dynamic valuation, 19113

experiments of nature; developmental theory, 10128
expert study; philosophy; reading; learning to read, 36106

expressed anger; online mediation; productive anger; resolution rate; angry responses; reputation; dispute value; anger precursors; dispute resolution reciprocation, 18043

Eysenck's antisocial behavior hypothesis; general education students; behavior disorders; socialization; middle school students; high school students; emotional disorders; behavioral disorders, 1593

fairness heuristic theory; validity; empirical research, 28435

faith development theory; faith; children; adolescents, 10235

family therapy theory; teaching strategies; teaching practices, 35983

female polymorphism; Ischnura ramburi; andromorph advantage; mating avoidance; learned mate recognition hypothesis; male mimicry hypothesis; damselfly; fitness, 3459

feminism; feminist theory, 25190
feminist theory; feminism, 25192
feminist theory; feminism, 25193
feminist theory; feminist politics, 25189

foreign language learning; motivation; theoretical advances; research, 4036

form and shape perception; stimulus-based simplicity theory; attention, 9584

formal reasoning; informal reasoning; reasoning discrepancy; reasoning theory; well defined problems; statistical inference; cognitive psychology; everyday reasoning, 24428

functional perspective; inputs; processes; research; strengths; weaknesses; theory development; group performance; group success, 10512

- general strain theory; situational based anger; trait based anger; dispositional anger; emotional states; mechanisms; crime; criminal intentions, 4458
- grounded theory; emotion; control; costs; problem gambling, 10942
- group position theory; affirmative action; Asian Pacific Americans; college students; race relations; admission process, 20854
- hate crime; victims; demographic characteristics; psychological theory; psychologically based defense strategies; attitude; motivation; intent; emotions; behavior; intergroup relations, 33437
- health programs; diffusion of innovation theory; health care services, 29605
- hemispheric specialization; hemispheric independence; hemispheric interaction; word recognition; lexical decision; cognitive theories; neural network models, 24717
- homework; theories of development; educational approach; intervention; behaviorism; constructivism; maturational systems; ecological systems; metatheories, 12091
- homosexual men; internet; HIV infection; personal advertisements; websites; unprotected sex; social learning theory; labeling theory, 26085
- human behavior; motivation; control theory; goal formation; identity formation; Stanislavski; acting method, 28451
- human condition; mental health nursing; mental health nurses; paradigms; biological sciences; psychodynamic theory; sociocultural theory, 26831
- human development; social change; breakdown of Communist system; Eastern Germany; Eastern Europe; psychological consequences; theoretical considerations; research needs, 31315
- human resource development; theoretical research; theory; theory building, 30149
- humor; interlocutor; interpretation; relevance theory, 7342
- humorous exchanges; telephone conversation openings; semantic-pragmatic theories of humor; conversation analysis; young adults, 22280
- hypothalamic dioxin; hemispheric chemical dominance; Tridosha theory; Ayurveda; biochemical differences, 17106
- immanent justice responding; traditional developmental theories; developmental changes; cognitive reasoning; adults; children; bad behavior; negative consequences, 24973
- Implicit Leadership Theories scale; organizational settings; employee group generalizability; change evaluation; factor structure, 17821
- implicit philosophical anthropology; therapeutic theories; philosophy; psychotherapy, 27969
- independence theory; interactive theory; spatial frequency; visual information acquisition; global precedence theory, 9719
- individual intentions; condom use; theories; individual decision making; behavioral intentions, 26524
- individual psychology; social interest; cognitive theorists; cognitive theory; attachment theory; Alfred Adler, 1021
- individual quality of life; evaluation; theory based method; Schedule for the Evaluation of Individual Quality of Life, 21116
- Indo-European language; human history; historical linguistics; European languages; Kurgan expansion; Anatolian farming, 7323
- inference; causation; covariation; power PC theory; causal induction; associative learning theory; causal judgments, 360
- intellectual structure; multiple intelligences; Six Arts program; ancient Chinese educational program; Gardner's theory; Lin Chongde; theory of intelligence; contextual influences, 10171
- internal control perception; behavioral category; utilitarian behaviors; moderated relationships; hedonic behaviors; noncognitive moderator; cognitive moderator, 9185
- intimate partner homicide; male proprietariness; self-defense theories; domestic violence; gender differences; spousal homicide, 11056
- intrinsic theory; inner awareness; consciousness; mental-occurrence instance, 15347
- Jerry Fodor; inscrutability of reference; naturalized semantics; meaning; predicate compatibility relations; ontological homogeneity; semantic theories; predicate conjunction; natural semantics theory, 4060
- job search behavior; predictors; employed people; unemployed people; theory of planned behavior, 20905
- judgmental differentiation; intergroup differentiation; social identity theory; intergroup relations; reactive distinctiveness; reflective distinctiveness; group identification, 22287
- Jungian theory; archetypes; psychology; questioning; metaphors; science discourse, 7728
- Kindling theory; arson; firesetters; recidivism rates, 25920
- knowledge representation; reasoning; context; theories, 21955
- Korean immigrants; grounded theory; negotiating; social boundaries; cultural boundaries; generational boundaries; adaptation, 25143
- labor supply; job search; cognitive dissonance; discrimination; neoclassical theory, 12242
- lay adaptation theories; affective state duration; priming theories; affective forecasts; affect duration; social cognition; affect progression; general progression; high elaboration; time progression, 28444
- learning; informal setting; constructivism, 23865
- life strain; negative emotions; anger; resentment; anxiety; depression; Agnew general strain theory; interpersonal strain; delinquent outcomes; minor offenses; violence, 28524
- linear system theory; matching theory; Herrnstein's hyperbola; reinforcer magnitude; reinforcement rate; reinforcer value; rats; single-alternative responding, 15372
- logic; semantic theory; cognitive science; conditional reasoning, 27520
- loss spiral hypothesis; work-home interference; work pressure; exhaustion; causal relationships, 12288
- low probability events; Exemplar-Cuing Theory; unlikely events; mock jurors; DNA match; thinking, 30677
- marginality theory; construct validity; minority and ethnic groups; social processes; social science, 10299
- marketing; Japanese companies; economic development; Japanese products, 30272
- marriage; contemporary culture; theoretical models; family theory; marital interventions; Christian marriages, 1097
- mass nouns; count nouns; grammatical distinction; language convention; cognitive individuation hypothesis; competing linguistic functions, 3380
- medical students; attitudes; geriatric medicine; elderly patients; reinforcement theory, 17525
- Mental Model reasoning; prepositional reasoning; Mental Model theory, 27490
- metamotivational characteristics; secondary exercise dependence; primary exercise dependence; eating disorders; amateur sport participants; Reversal Theory, 22760
- metatheory; social identity research; theorists; intergroup behavior; motivation; self-categorization, 25236
- Milton H. Erickson; hypnosis; psychotherapy; therapeutic mechanisms; learning processes; hypotherapeutic approaches; response set theory, 32495
- minority status; disabled people; rehabilitation education; rehabilitation practice; representation theory; race; culture; ethnic minorities; minority models, 34476
- mobile franchising arrangements; Australia; operational differences; fixed site franchising; agency theory; direct customer services, 9113
- modern power; psychotherapy; sovereignty-discipline-government complex; psychotherapeutic practice model; Foucault; analogues, 8414
- moral responsibility; self-attribution; counseling theory; causality attribution; moral failures; meritorious credit; blame, 32302
- motivated information management; human behavior; communication; theory, 28384
- motivation; control construct; Theory of Planned Behavior; perceived behavioral control; measurement redundancy, 25281
- motivation; cultural variations; mortality salience; terror management theory; consumer behavior; coping behavior; branding; advertising; information processing, 27164
- multimedia learning; students; interactive self-explaining environment; design of agent-based microworlds; cognitive theory, 2743
- multiple jeopardy; gendered organization; lesbians; social movement organizations; oppressions; feminist intersectional theory, 24027
- multiple meanings; metaphors; open interpretation; implicit metaphor theory, 21970
- mythological content; teleosemantics; ideological theory; mental content; mapping, 9695
- narrative life history; theoretical approach; subjectivist approaches; structuralist approaches; self; past experiences; George Herbert Mead; Paul Ricoeur, 31019
- network theory; small groups; social networks; self-interest; social exchange; collective interest; cognitive theories; homophily, 25272
- Newell test; theory; cognition; cognitive theories; classical connectionism; ACT-R theory; language; cognitive development; symbolism, 18050
- numerical intuition; price estimates; change in currency; relearning hypothesis; global rescaling hypothesis, 36454
- occupational career construction; intention; careers; goal-directed action; actions; projects; family career-development project; relationship careers; contextual action theory; social constructionism, 27039
- optimality theory; fundamental principles; phonological delay; cluster reduction; children, 936
- organization theory; strategic behavior; social pressure; firm rethinking; moral community; sociology; political science; social psychology; ethnology, 9126
- organizational identity; organizational behavior; identification theory; intellectual roots; levels of analysis, 2938
- perceptual modality; verbatim memory; gist memory; fuzzy-trace theory; retrieval; recognition, 21371
- performance expectations; status characteristics; equation model; expectation states theory; performance evaluations; mathematical models; hierarchy formation; single equation, 266
- personal reality theories; gender issues; gender self-concept; masculinity; femininity; androgyny, 22336
- personalized fear; personalized control; emotional reactions; September 11 terrorist attacks; cognitive adaptation theory, 22158
- perspective-taking; developmental profile; operant behavior; relational responding; Relational Frame Theory; age differences, 15970
- political psychology; prospect theory; political science; political scientists; international relations, 31402
- post-divorce adjustment; intervention development; maladaptive behaviors; protective factors; attachment theory; parental divorce; cognitive theory; cumulative stress theory; children, 25056
- postmodern principles; responsive reading assessment; high-stakes assessment; cognitive processes, 30491
- postmodern therapeutic practices; postmodernism; postmodern theory, 35354
- posttraumatic stress disorder; cognitive theory; multirepresentational cognitive theorizing; prototypical models; schema theories; psychopathology; mental representation; network theories, 13655
- pragmatics; newspaper headlines; relevance optimization; relevance theory; news framing, 21989
- prison-based education; optimistic theory; pessimistic worldview; social implications; Crime Bill; Pell Grants; penal systems, 17484
- professional learning; cultural historical activity theory; methodology; social inclusion; social isolation, 32999
- prospect theory; expected utility theory; deterrence compulsion, 31404
- prospect theory; international relations; decision making; political behavior, 31397
- psychodynamic treatment; Latinos; mental health treatment; theoretical literature; practice outcomes, 5254
- psychological aging; research agenda; gerontology; perspectives on aging; Norwegian research; personality; intelligence, 1030
- psychopathic personality; epidemiology; cross cultural differences; racial and ethnic differences; trait distribution; theories; ethnic groups, 1550
- psychopathic personality; epidemiology; cross cultural differences; racial and ethnic differences; trait distribution; theories; ethnic groups, 1555
- psychopathic personality; epidemiology; cross cultural differences; racial and ethnic differences; trait distribution; theories; ethnic groups, 1553
- psychophysical theory; summation; magnitude production; symmetric matching; asymmetric matching; joint presentations; intensity; loudness, 15255
- psychotherapist training; attachment theory; clinical work; post-graduate training module; curriculum content, 29894
- psychotherapy integration movement; constructivist view; theoretical integration; models, 26236
- psychotherapy sessions; process research; practice; therapeutic change mechanisms; general theory of human functioning, 2013
- psychotherapy; axiological foundations; prescriptive foundations; psychodiagnosis; cultural assumptions; normative conceptions; objectivist conceptions; mental disorders; theory, 26272
- public relations; ethics; ethical issues management; Kantian Theory; Kantian Model; communication management, 30113
- reality; unconscious registration; mind; theory of repression, 1292
- reality; unconscious registration; mind; theory of repression, 1298
- recognition memory; theories; signal detection; recognition decisions; dual process theory; parameter estimates, 18404
- relationship marketing; history; theory development; value exchange, 6111
- relationship marketing; history; theory development; value exchange, 6114
- relationship marketing; history; theory development; value exchange, 6115
- relationship marketing; history; theory development; value exchange, 6121
- relationship marketing; history; theory development; value exchange, 6123
- religious behavior; ritual performance; costly signaling theory; intra-group cooperation, 4212
- repeated-measures data; multiple-pattern hypothesis, 6402
- repertory grid; developmental theorists; conceptual systems; personal construct theory, 33014

resilience; concept; theories; history of psychology, 25360
retirement expectations; older adults; self employment; normative anticipation theory; cumulative advantage theory, 18992
rhetoric; research; psychology; theory; unification, 5
RICH theory; psychological health; happiness; subjective well being; resources; intimacy; competence; health, 10595
Right Shift Theory; handedness; brain specialization; genetics; speech; left & right brain specialties, 18553
risk sensitivity; resource availability; concurrent-chains choice behavior; risk sensitivity theory; rate maximization theory; delay-reduction theory; pigeons, 15397
self actualization; aging; inter-generational lifecourse perspective; generativity; existentialist ontology, 21996
self-sacrificial behavior; crisis situations; charismatic leaders; transformational leader; leadership theories; situational factors; leader behaviors; organization commitment; social perception, 31484
serial order memory; theories; short-term memory; serial recall performance, 24493
set representation of order; partial order; knowledge spaces; structural equivalent of saturation, 24334
sexual offenders; treatment; theoretical developments, 26191
side-bet theory; three-component model; organizational commitment; high-sacrifice continuance commitment; turnover intention, 30119
small groups; organizations; roles; relationships; group theory & theories, 6039
social class; counseling; Social Class Worldview Model; Modern Classism Theory, 23138
social cognitive theory; self-efficacy; personal change; conceptual models; self-regulatory mechanisms; transformative paradigm shift; psychosocial change, 25319
social conflict theory; Anglo-American nursing theory; individualism; mental health care; social conflict perspective; individualized care, 23656
social disorganization theory; methodological deficiencies; community characteristics; neighborhood structure; social control; crime; empirical work, 13704
social disorganization theory; tarnished image; criminological classic, 13706
social identity theory; perceived organizational support; organizational commitment, 9092
social interdependence theory; research, 1185
social interdependence theory; research, 13433
social phenomena; quantification model; regional exposure; legalized gambling; public health; environmental toxin; addictive disorder development; regional exposure model; adaptation theory, 13754
social representations theory; community-based health research; stigmatizing practices; identity; knowledge systems, 14045
social support networks; replacement theory; community centers; alienation theory; duration of homelessness; shelters, 10300
solution-focused counseling; motivational interviewing, 20157
Sternberg; mental self-government; mainland China; secondary school students; parents; socialization effect, 7513
strain; violence; strain theory model; community violence; social control; social support, 10346
survey instruments; cognitive methods; theories; cognitive testing; survey instrument development; survey questionnaires, 21231
terror management theory; awareness; death; materialism; consumption; consumer decisions; consumer behavior; existential anxiety; wealth; commodities; self-esteem; worldviews; well-being, 27168
terror management theory; awareness; death; materialism; consumption; consumer decisions; consumer behavior; existential anxiety; wealth; self-esteem; worldviews; well-being; individual differences, 27155
terror management theory; awareness; death; materialism; consumption; consumer decisions; consumer behavior; existential anxiety; wealth; commodities; self-esteem; worldviews, 27154
Terror management theory; positive self-evaluation; self-esteem; death anxiety; anxiety-related defensive behaviors; self-esteem striving; sociometer theory; afterlife, 19212
Terror management theory; positive self-evaluation; self-esteem; death anxiety; anxiety-related defensive behaviors; self-esteem striving; sociometer theory; afterlife, 19192
Terror management theory; positive self-evaluation; self-esteem; death anxiety; anxiety-related defensive behaviors; self-esteem striving; sociometer theory; afterlife, 19209
terror management theory; positive self-evaluation; self-esteem; death anxiety; anxiety-related defensive behaviors; self-esteem striving; sociometer theory; afterlife, 19175

terror management theory; positive self-evaluation; self-esteem; death anxiety; anxiety-related defensive behaviors; self-esteem striving; sociometer theory; afterlife, 19208
terror; associated emotions; terrorist attacks; Terror Management Theory; psychological model, 34414
terror; associated emotions; terrorist attacks; Terror Management Theory; psychological model, 34426
theoretical approaches; theoretical traditions; intersubjectivity; otherness; logic of supplementarity, 1070
theoretical perspective; small group research; feminist; social identity; social network; psychodynamic; functional; temporal; conflict-power-status; symbolic-interpretive; social-evolutionary, 10504
theories; categorization; category learning; classical theories; prototype theories; exemplar theories; knowledge-based theories; implicit learning; explicit learning, 3302
theories; privacy; secrecy; environment, 16240
theory construction; social psychology; nature of theory, 25248
theory of vocational choice; vocational decisions; J. Holland; career psychology; work environment; person-environment congruence, 30123
theory; musical forces; tonal music; melodic expectation; computer models; artificial intelligence; cognitive processes; cognitive science; music psychology; listeners, 31035
theory; practice; therapy; client; change; therapist; limitations of therapy; clinicians, 32925
Trauma; traumatic experience; trauma theory; psychoanalytic formulations, 31043
unconditioned stimulus; conditioned stimulus; Pavlov's theory of conditioning; signalization; stimulus-substitution, 3475
unconscious; contemporary clinical work; unconscious processes; unconscious fantasy; theorists; treatment, 2095
value structure; value theory; age differences; early age, 22063
video game playing; television viewing; secondary school children; cultivation theory, 16040
violence; health care safety; cultural theories; biological theories; sociological theories; psychological theories; risk management strategies; health care settings; emergency services personnel, 34955
visual processing; statistics; visual properties; visual signal; visual system; vision; visual environment; Efficient Coding Hypothesis, 15222
visual stress; symptom assessment; reading; reading tests; coloured filters; visual skills; theories, 30504
Wilhelm Wundt; chemistry; theory; experiments; history of psychology; experimental psychology, 47
working memory; conscious experience; consciousness; Global Workspace theory; cognitive architecture; Intelligent Distribution Agent model, 21361
worldviews; worldview approaches; psychological construct; component dimensions; integrated theory; worldview function; research agenda; social reality, 13453
worst performance rule; IQ; intelligence quotient; gifted; Spearman's law, 4129
Theories [See Also Activity Theory, Chaos Theory, Communication Theory, Constructivism, Darwinism, Decision Theory, Fuzzy Set Theory, Game Theory, Information Theory, Item Response Theory, Learning Theory, Psychological Theories, Systems Theory, Theories of Education, Theory of Evolution, Utility Theory]—Books
Attachment and family systems: Conceptual, empirical, and therapeutic relatedness, 22209
Classification of developmental language disorders: Theoretical issues and clinical implications, 4817
Educational administration: Concepts and practices (4th ed.), 2723
Evolutionary dynamics and extensive form games, 829
Eye movement integration therapy: The comprehensive clinical guide, 5384
The history of psychology: Fundamental questions, 25
Inconceivable conceptions: Psychological aspects of infertility and reproductive technology, 14234
Pets and our mental health: The why, the what, and the how, 5177
Play and educational theory and practice, 16044
Relevance in argumentation, 831
Research in organizational behavior: An annual series of analytical essays and critical reviews, 6051
Self-determination theory in the clinic: Motivating physical and mental health, 8389
Social psychology of health, 17124
Vygotsky's and A. A. Leontiev's semiotics and psycholinguistics: Applications for education, second language acquisition, and theories of language, 10115
What was Freud thinking?: A short historical introduction to Freud's theories and therapies, 4499

Theories [See Also Activity Theory, Chaos Theory, Communication Theory, Constructivism, Darwinism, Decision Theory, Fuzzy Set Theory, Game Theory, Information Theory, Item Response Theory, Learning Theory, Psychological Theories, Systems Theory, Theories of Education, Theory of Evolution, Utility Theory]—Chapters
Adolescence and attachment: From theory to treatment implications, 23200
Alcohol myopia and condom use: Can alcohol intoxication be associated with more prudent behavior?, 16311
The animal mind, 459
Anthropology from a pragmatic point of view, 399
Back to the future: A classical consideration of the impact of technology on human resources management, 17891
The biography of a baby, 894
Bisexual identities, 4284
Can participation in peacekeeping missions be beneficial? The importance of meaning as a function of attitudes and identity, 2995
Careers and career management, 5995
The category of activity as a principal constituent of cultural-historical psychology, 4486
The close association between classification and intervention for children with primary language impairments, 4824
Cognitive maps in rats and men, 35
The cognitive organization and use of general knowledge, 9699
Cognitive psychology, 402
Conditional reflexes: An investigation of the physiological activity of the cerebral cortex, 639
Confessions (Book X, Memory), 442
Considerations when conducting psychological research during peacekeeping missions: The scientist and the commander, 2997
Cross-cultural industrial and organizational psychology: A critical appraisal of the field and future directions, 5975
De anima (On the soul), 29
Development through the lifespan: A neo-Vygotskian approach, 892
Developmental language disorders: Classification, assessment, and intervention, 4831
Disorganization theory and disorganizational behavior: Towards an etiology of messes, 6052
Do Martians see red?, 403
Dynamic networks and other thought systems: Remote ramifications of a focused persuasive communication, 10559
The ecological approach to visual perception, 342
Elements of psychophysics, 691
An essay concerning human understanding (selections), 401
Experimental psychology: A manual of laboratory advice, 405
Expression of the emotions in man and animals, 30
The facts of perception, 32
Family systems perspective, 16660
From theory to research to change, 16328
Gestalt theory, 38
Grammatical impairment: An overview and a sketch of Dutch, 4820
The Hippocratic collection, 33
Human Awareness of Mortality and the Evolution of Culture, 1091
IDA: A conscious artifact?, 17990
In search of how people change: Applications to addictive behaviors, 16900
Inducing hypocrisy as a means of encouraging young adults to use condoms, 17278
Information technology implementation: The need for compensation system congruency, 17852
Inquiries into human faculty and its development, 890
An inquiry concerning human understanding, 398
Job satisfaction: A cross-cultural review, 6034
Juvenility in animals, 3466
The language and thought of the child, 951
Leadership in organizations, 6057
Lectures on human and animal psychology, 460
Linking work, love, individual, and family issues in counseling: An attachment theory perspective, 23164
Memory: A contribution to experimental psychology, 441
A Meta-Analysis of the Theory of Reasoned Action and the Theory of Planned Behavior: The Principle of Compatibility and Multidimensionality of Beliefs as Moderators, 304
Mind in society, 36
Models and practice of diversity management: A historical review and presentation of a new integration theory, 2880
New essays on human understanding (of ideas), 400
New methods for the diagnosis of the intellectual level of subnormals, 123
The organization of behavior: A neuropsychological theory, 638
Organization theory, 5988

Organizational processes of resource partitioning, 6055
 The origin and development of psychoanalysis, 2126
 Periods in child development: Vygotsky's perspective, 893
 Poverty and process skills, 10333
 The power of a good theory, 17884
 Psychology and industrial efficiency, 2888
 Psychology as the behaviorist views it, 37
 Psychology: A briefer course, 448
 Putting Vygotsky to the test, 15928
 The relationship between Vygotsky's and Leont'ev's research traditions as revealed through an analysis of Leont'ev's early works, 4490
 Remembering: A study in experimental and social psychology, 440
 The Republic (The Cave), 34
 Research in personal construct psychology, 16320
 The resting parrot, the dessert stomach, and other perfectly defensible theories, 9698
 The robustness of phonological effects in fast priming, 15271
 (Self-)conceptions as social actions, 10516
 Social comparison in adjustment to breast cancer, 16714
 Social stereotypes and 'implicit social theory', 10517
 The Spinozist programme for psychology: An attempt to reconstruct Vygotsky's methodology of psychological materialism in view of his theories of emotions, 4483
 Stage theories of health behavior: Conceptual and methodological issues, 17282
 Subadditive intertemporal choice, 15322
 Summa Theologiae, 28
 Testing four competing theories of health-protective behavior, 17280
 Time discounting and time preference: A critical review, 15311
 Time preference and personal identity, 15310
 Treatise of man (selections), 31
 Utilitarian and ontological variation in individualism-collectivism, 6070
 Values and evaluations, 10560
 Verbal behavior, 866
 Vicissitudes of societal psychology, 10478
 Vygotsky in the mirror of cultural interpretations, 27
 What is beyond the edge of the known world?, 9734
 Work motivation, 6032
 X: Theory, 3432
Theories of Education—Serials
 classroom teaching; student learning; pedagogy; theory-practice gap; educational research, 36063
 early childhood; aesthetic education; arts in early childhood classrooms; theories; John Dewey; Rudolf Steiner; Richard Vygotsky; young children, 30004
 educational assessment; assessment activities; social context; principle of fitness-for-purpose, 27391
 educational change; educational researchers; industrial education; technical education; vocational education, 29931
 feminist reproduction theory; gender inequality; education, 20779
 International Trends; Quality Concerns; Assessment for Learning; policy and practice; negative effects on society; priorities of assessment; educational assessment, 27375
 learning process; professional education; educational psychology; reflective practitioner, 23776
Theories of Education—Books
 Vygotsky's educational theory in cultural context, 2798
Theories of Education—Chapters
 Cultural-historical theory and mathematics education, 2772
 How literature discussion shapes thinking: ZPDs for teaching/learning habits of the heart and mind, 2710
 The learning activity in the first years of schooling: The developmental path toward reflection, 2711
 Vygotsky's doctrine of scientific concepts: Its role for contemporary education, 2803
 Why understanding the theoretical basis of cooperative learning enhances teaching success, 5890
 The zone of proximal development in Vygotsky's analysis of learning and instruction, 2799
Theory Formulation—Serials
 abstract functional analysis; theory construction; interdependence theory; interpersonal relations; social cognition; ecological psychology, 25243
 collaboration; scientific creativity; interpersonal relationships; theory development; social psychology; social processes, 25274
 creative cycle; theory formation; random variation; critical selection processes; social psychology, 25239
 developmental psychology concepts: inferences; generalization; validity; error, 34244
 dynamical minimalism; social psychology; parsimony; theory construction; emergent properties; computer simulations, 25246
 human resource development; theoretical research; theory; theory building, 30149

Pavlovian conditioning; theoretical perspectives; empirical relationships; learning theories; theory testing; empirical laws; basic learning, 33921
 program theory; therapeutic recreation practice models; program theory evaluation; theory-based practice; self-determination; enjoyment enhancement model, 32209
 reflective practitioner; good management practice; management theories; practice tensions; managers; management thinking; collaborative settings, 12272
 social personality psychology; professional careers; theory construction; science, 25308
 theory construction; perspectivist approach; perspectivism; social psychology; psychological research, 25245
 theory construction; social psychology; nature of theory, 25248
 theory-making; social psychology; informal sources, 25240
 W.R.D. Fairbairn; Scottish history; world wars; Presbyterianism; sexually puritanical parents; Fairbairn thinking; traumatic aspects, 33458
 W.R.D. Fairbairn; Scottish history; world wars; Presbyterianism; sexually puritanical parents; Fairbairn thinking; traumatic aspects, 33456
Theory Formulation—Books
 Family psychology III: Theory building, theory testing, and psychological interventions, 10375
Theory Formulation—Chapters
 Evolution, morality, and human potential, 21075
 Explaining consciousness at multiple levels, 3439
 Repeated assembly: Prospects for saying what we mean, 21066
Theory of Evolution—Serials
 adaptive responses; environmental demands; hypothalamic-pituitary-adrenal axis; ancient stressors; modern stressors; elementary age children; chronic stressors; evolution, 15918
 altruism; social cognitive biases; cost to helper; benefit to recipient, 19143
 anorexia nervosa; evolutionary perspective; neuroendocrine dysfunction; symptoms; food restriction; denial; starvation; hyperactivity; genetic susceptibility; adaptations, 1733
 apes; humans; communicative abilities; future directed cooperation; language evolution; symbolic communication; signalling; context independent representation; joint attention; shared representations, 3499
 behavioral variability; evolutionary game theory; resource holding power; mixed strategies; social interactions; fighting; social relationships; dominance hierarchies; serial contests, 492
 cerebral dominance; gestures; handedness; hominids; language evolution; human evolution; speech; vocalization; natural selection, 15459
 cognitive evolution; phylogenetic construction & inflection; natural selection; language; imprinting; spatial memory; ontogenetic construction & inflection; face recognition; theory of mind; imitation, 372
 comparative psychology; anagenetic & dynamic systems perspective; role of comparative psychologists; managing resources; social & political issues; animals & changing environments; human evolution, 9806
 comparative psychology; anagenetic & dynamic systems perspective; role of comparative psychologists; managing resources; human evolution; genetic techniques; unnatural animals, 9799
 comparative psychology; anagenetic & dynamic systems perspective; role of comparative psychologists; managing resources; social & political issues; animals & changing environments; human evolution, 9808
 comparative psychology; anagenetic & dynamic systems perspective; role of comparative psychologists; managing resources; social & political issues; animals & changing environments; human evolution, 9801
 comparative psychology; anagenetic & dynamic systems perspective; role of comparative psychologists; managing resources; social & political issues; animals & changing environments; human evolution, 9800
 concept formation; language evolution; tools; evolutionary processes; hierarchical order; neural networks; hominids; neural nets; Wernicke area; Broca area; eem warming period; learning; memory, 3091
 cultural evolution; decision making; biological evolution; public information; others' behavior, 30789
 developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 6
 developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 15
 developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 2
 developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 3
 developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 13
 developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 16

developmental biology; human behavior; genetics; embryology; evolutionary psychology; biological sciences, 20
 developmental psychology; developmental research; evolutionary theories; ecological contexts; phylogenetic levels; integrative systems; systems perspective, 3451
 dual process account; human reasoning; evolution; non-human species; system dichotomy, 27521
 energetics; menstrual cycle; menopause; evolution, 27831
 evolution; neurohormonal perspectives; human sexuality; scientific communication, 34560
 evolution; skilled movements; primates; rodents; frontal cortex; reaching; grasping, 7006
 evolutionary implications; anthropomorphism; human animal relations, 3458
 evolutionary origin; mammalian isocortex; developmental approach; functional approach; cerebral hemispheres; ancestral structures; reptilian brain; ventral pallidum; dorsal pallidum, 18442
 evolutionary perspective; adolescent sexuality, 31419
 evolutionary psychology; cultural psychology; origins of behavior; teaching; nature debate, 29971
 evolutionary theory; mate choices; reproductive potential, 34601
 evolutionary theory; psychiatry; psychology; human emotions; human behavior, 18052
 expertise; evolution of consciousness; skill acquisition; deliberate practice, 316
 folktales; geographic regions; cultural complexity; literary scholars; physical attraction; human nature; altruism; sex differences, 13303
 general intelligence; evolutionary psychology theory; domain specific adaptation; problem solving; sociobiology, 15961
 genetics; prefrontal function; human prefrontal cortex; evolution; cognitive ability; intelligence, 12795
 human altruism; evolutionary theories; cultural evolution; genetic evolution; gene-culture; social factors, 4324
 human evolution; epistemological beliefs; open-minded thinking; animal evolution; biological evolution; cognitive disposition; student understanding; knowledge level, 17742
 intelligence quotient; IQ; heterosis; environmental effects; genetics; demographics, 10605
 language games; human behavior; social practices; evolutionary psychology; biologically based universals; nature; culture, 28383
 laterality; language; human evolution; brain; handedness, 33995
 modern behavior; origins; autonomous speech; FOXP2 gene; language development; human evolution, 15854
 morality; evolutionary theory; philosophy, 31536
 natural selection; Jerry Fodor; evolutionary psychology; gradualism; saltationism; human mind; evolution; mutations; adapted minds; adaptations; human cognition, 3578
 original narcissism; evolution; Weltanschauung; narcissism; Freud; history of libido development; philosophy of history, 19237
 sexual selection; humor; creativity; laughter; evolution, 13440
 sexual selection; male bias; feminist denial; Darwinian theory of evolution; feminism, 28324
 sexual strategies; social psychology; history of psychology; research, 10445
 social behavior development; social behavior evolution; boys; sex differences; competition; dominance hierarchies, 4133
 social play behavior; children; animals; evolution, 27686
 social psychology; evolutionary theory; research; history; sex pheromone; males; evolutionary psychology, 10473
 social roles; health risk; social niche specialization; health care; prestige; altruism; cooperation; costly signaling, 3588
 sociality; social brain; evolution; social bond formation; fitness benefits; cognitive capacities; baboons; humans, 6699
 species interaction; evolution of sex; genetic interactions; Red Queen hypothesis; ecological interactions; population genetics model, 24639
Theory of Evolution—Books
 Chaos and life: Complexity and order in evolution and thought, 7514
 Evolutionary psychology: Alternative approaches, 21064
 Juvenile primates: Life history, development, and behavior, 3464
 Mirror neurons and the evolution of brain and language, 3740
 Natural ethical facts: Evolution, connectionism, and moral cognition, 4438
 The puzzle: Exploring the evolutionary puzzle of male homosexuality, 1152
Theory of Evolution—Chapters
 Adaptationism and psychological explanation, 21070

Volume 91 SUBJECT INDEX

Theory of Evolution—Chapters

Altercentric perception by infants and adults in dialogue: Ego's virtual participation in Alter's complementary act, 4091

The behavioral ecology and evolution of biological timing systems, 663

The co-evolution of language and working memory capacity in the human brain, 3745

Dancing in the dark: Evolutionary psychology and the argument from design, 21074

The evaluation of competing approaches with human evolutionary psychology, 21068

The evolution of patience, 15315

Evolution of the juvenile period in mammals, 3465

Evolution, morality, and human potential, 21075

Evolutionary psychology and artificial life, 21071

Evolutionary psychology and the information-processing model of cognition, 21069

Evolutionary psychology, 14955

Fluctuating asymmetry, animal behavior, and evolution, 21525

From dwarf hamster to daddy: The intersection of ecology, evolution, and physiology that produces paternal behavior, 21495

Human triangles: Genes, sex and economics in human evolution, 21067

Is music an evolutionary adaptation?, 7285

Language evolution and innateness, 15992

Looking for neural answers to linguistic questions, 4064

Mirror neurons' registration of biological motion: A resource for evolution of communication and cognitive/linguistic meaning, 4123

Mirror neurons, vocal imitation, and the evolution of particulate speech, 4066

Modules, brain parts, and evolutionary psychology, 21065

Music, cognition, culture, and evolution, 7284

Nature read in truth and flaw: Locating alternatives in evolutionary psychology, 21073

On the evolution of juvenile life-styles in mammals, 3468

On the evolutionary origin of language, 4065

The optimal number of fathers: Evolution, demography, and history in the shaping of female mate preferences, 22264

Origins of sign languages, 21981

Repeated assembly: Prospects for saying what we mean, 21066

Some features that make mirror neurons and human language faculty unique, 3758

Toward a developmental evolutionary psychology: Genes, development, and the evolution of human cognitive architecture, 21072

Theory of Mind—Serials

Asperger syndrome: autistic symptoms; verbal intelligence; intuitive theory of mind; depression; anxiety, 22727

Asperger Syndrome: non-literary language problems; autism; pragmatic language deficit; irony; central coherence; theory of mind; social inference, 25762

attachment; mentalization; theory of mind; family treatment; family therapy; family development; therapeutic interventions, 5230

autism; eye gaze; reflexive attentional shift; joint attention; theory of mind abilities; gaze-triggered attentional shift; autistic subjects; gaze directions, 22733

chimpanzees; understanding of mental states; theory of mind; paradigm shift, 21434

chimpanzees; understanding; psychological states of others; goal-directed activities; theory of mind; social cognition; human-ape differences, 21489

communicative development; social cognition; intersubjectivity; perceptions of others' actions; virtual other participation; infants; adults, 1066

counterfactual statements; theory of mind; counterfactual thinking; preschool children, 15953

culture; reductionism; social reality; intersubjectivity; interobjectivity, 1077

deception detection; self awareness; right hemisphere; theory of mind; self; laterality; asymmetry; mental state attribution; hemispheric differences; undergraduate students; information processing, 9667

executive function; theory of mind; symptoms; autistic children; symptom severity; mental states; executive control skill; language level; reciprocal social interaction; repetitive behavior, 19750

false belief understanding; maltreated children; socioeconomic status; cognitive development, 10172

false belief understanding; theory of mind; executive control; card sorting; children, 18923

frontal lobes; consciousness structure; theory of mind; self-awareness; brain injury; focal lesions, 24709

infant chimpanzees; goal attribution; goal-directed behavior; disposition; looking time, 30779

infant social attention; preschool; social cognition; infants understanding; preschool achievements; theory of mind, 25076

intersubjectivity; otherness; philosophy; psychoanalysis; psychology, 1074

mental state discourse; theory of mind; internalization; social understanding; self-other understanding; mind development; social competence, 25066

mind development; young children; conversational styles; mothers mental state; Maternal Mental State Input Inventory; mothers; children; theory of mind, 938

narrative skills; theory of mind; low-income preschoolers; African American preschoolers; European American preschoolers, 36151

neural correlates; mental state decoding; adults; human social interaction; event-related potentials; theory of mind; neural systems, 18607

neurobiological model; theory of mind; developmental disorders; temporal region; parietal region; prefrontal regions; mind impairments; psychiatric disorders; neurobiological mapping, 12798

nonhuman primate vocalizations; evolutionary history; symbolic development; vocal communication; cultural processes; symbolic function; theory of mind, 18523

orbitofrontal cortex; theory-of-mind; reasoning; autism; neural impairments, 25965

persecutory beliefs; attributions; theory of mind; schizophrenia patients; paranoid delusions; Asperger's syndrome, 25624

Piagetian perspective taking development; metacognitive development; theory of mind development; mentalistic knowledge; mental states; individual & cultural differences; primate species differences, 34273

schizophrenia; pathophysiological mechanisms; disorganization syndrome; contextual information; language disorders; semantic priming; theory of mind; Bleulerian approach, 4625

self conscious emotion; theory of mind; emotions; children; autism, 8055

social cognition; schizophrenia; autism; psychiatric disorders; neurocognitive skills; theory of mind; emotion perception; neural correlates; gyrus; amygdala; prefrontal cortex; frontal cortex, 34750

social realities; human mind; intersubjectivity; communication; dialogicality, 1076

social role; theory of mind reasoning; social status, 19147

social understanding; theory of mind abilities, 19153

theory of mind; cognitive ability; autistic children; phonological syntax language impairment; autism; mental state, 13535

theory of mind; executive functioning; planning ability; inhibitory control; individual differences, 22029

theory of mind; schizophrenia; diagnostic subtypes; symptoms; neuropsychological variables, 10786

theory of mind; schizophrenia; perspective; impaired meta-representation; delusions, 34868

theory of mind; schizotypal personality traits; autobiographical memories; affective disorder; self-awareness; deception, 31554

theory of mind; violent patients; nonviolent patients; paranoid schizophrenia; empathy, 25608

theory-of-mind development; language comprehension; general language; complement structure; mental activities; relative roles, 31134

traumatic brain injuries; social perception deficits; social information judgment; emotions; beliefs; conversation interpretation; emotion recognition; social communication; mentalizing ability, 29149

Theory of Mind—Books

The face in the mirror: The search for the origins of consciousness, 637

Individual differences in theory of mind: Implications for typical and atypical development, 7446

Theory of Mind—Chapters

Bypassing empathy: A Machiavellian theory of mind and sneaky power, 7720

Did Cain fail to represent the thoughts of Abel before he killed him? The relationship between theory of mind and aggression, 7655

Exploring the relationship between theory of mind and social-communicative functioning in children with autism, 8065

Individual differences in theory of mind: The preschool years and beyond, 7448

Mind reading and social functioning in children with autistic disorder and Asperger's disorder, 8064

Mirror neurons and the self construct, 3759

The social face of theory of mind: The development of concepts of emotion, desire, visual perspective and false belief in deaf and hearing children, 8354

Sometimes necessary, never sufficient: False-belief understanding and social competence, 7447

Synthesis: Psychological understanding and social skills, 7719

Theory of mind and social dysfunction: Psychotic solipsism versus autistic asociality, 6601

Theory of mind in autism and schizophrenia: A case of over-optimistic reverse engineering, 7811

Theory of mind, Machiavellianism, and social functioning in childhood, 7449

Therapeutic Alliance—Serials

ToM goes to school: Social cognition and social values in bullying, 7450

Theory Verification—Serials

psychomotor movement: IQ; intelligence; speed of neural processing theory; general mental ability; speed; repetitive movement; tapping task, 30649

Sternberg; mental self-government; mainland China; secondary school students; parents; socialization effect, 7513

Theory Verification—Chapters

Activation and use of stereotyped beliefs in personnel decisions: A mock (football) draft, 6008

Therapeutic Abortion [See Induced Abortion]

Therapeutic Alliance—Serials

alliance formation; patient needs; clinicians; patients suffering, 20151

alliance patterns; therapeutic relationships; treatment outcomes; clients, 11390

alliance; dropout; family therapy; adolescents; behavior problems; parents; retention, 3229

anticipatory interpretations; premature termination; therapeutic process; therapeutic alliance; transference references; cautionary tales; derivative communications, 32266

decision-making; discharge planning; leadership effects; contextual inhibitors; conceptual framework; team work; hospital discharge; multiple professionals; communication; multi-disciplinary teams, 35842

dynamic psychotherapy; time limits; psychodynamic clinicians; therapeutic alliance, 26261

early & late emotional processing; process experiential treatment; major depression; client centered therapy; symptom change; outcomes; working alliance; self-esteem; prediction; improvement, 2007

health promotion; health service; community-academic alliance; coalition building, 29506

Hispanic families; behavior problems; adolescents; family therapy intervention; intervention strategies; therapeutic alliances; immigration, 29294

inpatient treatment; inpatient alliance scale; outpatient treatment; inpatient care; inpatient alliance; hospitalization, 30435

mental activities; residential psychiatric treatment; psychotherapy process; therapeutic alliance; disturbed adolescent; adolescent patients; mentalization, 16931

Milton H. Erickson; hypnosis; psychotherapy; therapeutic mechanisms; learning processes; hypnotherapeutic approaches; response set theory, 32495

offender rehabilitation; therapeutic alliance, 26773

partnership working; mental health services; social care; social issues; crime; substance abuse; social exclusion; United Kingdom services; health partnerships issues; literature gaps, 35739

patient characteristics; therapeutic alliance; cognitive-behavioral psychotherapy; major depression; prediction; outcomes; drug therapy; combination treatment; symptom improvement; Nefazodone, 1931

patient expectancy; therapeutic alliance; group psychotherapy; outcome expectancy; time limited therapy; grief; collaborative relationship, 14090

phototherapy; self disclosure; client therapist alliance; Ethiopian immigrants, 32489

psychoanalytically-informed work; interpreter colleagues, 35994

psychopathic personality; interpersonal characteristics; motivational readiness to change; demographics; working alliance formation; cognitive-behavioral group therapy; partner violence; males, 16945

psychosocial intervention; subjective patient's view; therapeutic alliance; shared decision making, 5668

relational psychoanalysis; psychotherapy research; clinical theory; therapeutic alliance, 20256

services modernization; coordinated assessment; children; complex needs; families; key contacts; link workers; inter-professional working; health services; social care; organisational barriers, 35370

therapeutic alliance; career counseling; personal counseling; counseling psychology, 35397

therapeutic alliance; negative mood regulation; childhood abuse; posttraumatic stress disorder; negative mood states; traumatic memories; imaginal exposure; skills building; posttreatment symptoms, 28759

therapeutic alliance; neurocognition; schizophrenia; treatment adherence; cognitive behavior therapy, 32305

therapeutic alliance; psychotherapy; psychiatry; concept, 29242

therapeutic reactance; therapeutic alliance; cognitive-behavioral psychotherapy; chronic major depression; prediction; outcomes; drug therapy; combination treatment; Nefazodone, 1903

therapeutic relationship; false or misleading information; hidden agendas; signs of client untruthfulness; client behaviors; case formulations; interventions; therapeutic goals; therapists; clients, 5168

Volume 91 SUBJECT INDEX

Therapeutic Alliance—Serials

therapeutic relationship; family therapy; psychoanalytic ideas; therapists; therapeutic collaboration, 35457
therapist alienation; psychotherapy relationship; attachment perspective; therapeutic alliance; parental alienation; empirical research; cognitive schemas; third party involvement, 32270
therapists; outpatient treatment; alcoholism; substance use disorders; therapist rotation; therapeutic alliance, 20647
therapy outcome; clients perceived alliance; efficacy of therapy, 1993
training analysis; power; therapeutic alliance; analytic treatment; psychoanalyst, 23680
White racial identity attitudes; prediction; client perceptions; cross-cultural working alliances; cross-racial counseling relationships, 20135
youth therapeutic alliance; intensive treatment settings; client; clinician; clinical outcomes; partial hospitalization; wilderness camp, 26228

Therapeutic Alliance—Chapters

Critical factors in supervision: The patient, the therapist, and the supervisor, 2648

Defining and identifying alliance ruptures, 2136

Maintaining the therapeutic alliance: Resolving alliance-threatening interactions related to the transference, 2121

Therapeutic Camps—Serials

psychological intervention; pediatric cancer patients; emotional problems; peer interaction; self-esteem; posttraumatic stress symptoms; anxiety symptoms, 35596

Therapeutic Community—Serials

client perceptions; prison-based therapeutic community; drug rehabilitation programs, 29801

forensic psychology; physical restraint; psychiatric hospital; recidivism; sexual offenders; risk factors; prison; therapeutic community; criminal reoffending, 36521

intellectual disability; therapeutic engagement; family; chronic sorrow; parental attitudes, 25981

long-term care; democratic therapeutic milieu; short-term care; democratic therapeutic community, 29728

popular opinion leaders; peer education; human immunodeficiency virus prevention; community intervention; sexual behavior, 29479

prison-based therapeutic community; prisoners; treatment outcomes; drug abuse, 29806

prison-based therapeutic community; recidivism; inmates; benefits, 35909

problem severity; substance abuse; women; European therapeutic communities; psychiatric problems, 28861

process evaluations; correlation programs; comprehensive evaluation; therapeutic communities; TC; drug involved offenders; substance abuse treatment, 5721

research evidence; democratic-based therapeutic community; effectiveness; concept-based therapeutic community, 29727

substance abuse treatment; solution-focused therapy; therapeutic community; long term residential care; day treatment, 8870

therapeutic communities; encounter group evolution; communication sequence direction; client attitudes; staff attitudes; behavior; emotions, 14466

therapeutic communities; UK; United Kingdom; military hospitals, 29733

therapeutic community program; continuum of care; patient perspectives; drug treatment experiences; young adult patients; adolescent patients, 11905

therapeutic community; Community of Communities; methods; operation; practice, 29723

therapeutic community; family therapy; contextual therapy; substance abusers; treatment; family involvement, 32363

therapeutic community; history; practice; research; practical application, 29718

therapeutic community; treatment modality; practical application; models; children; adolescents; psychoses; offenders; learning disabilities, 29725

treatment expansion initiative; aftercare participation; recidivism; prison-based therapeutic community treatment; drug rehabilitation, 29774

Therapeutic Community—Chapters

Something works—Therapeutic communities in the treatment of substance abuse, 2552

Therapeutic Devices (Medical) [See Medical Therapeutic Devices]

Therapeutic Environment [See Also Facility Environment]—Serials

analytic process; therapeutic environment; relational perspective; residential therapeutic environment; adolescent boy, 2117

architect's use; information; therapeutic environments; knowledge base; French-speaking nursing homes; Quebec; information sources; designers; consumers, 12364

client perceptions; staff perceptions; community mental health center; residential facility; psychiatric ward, 32631

contingency management intervention; job attendance; tardiness; work shift completion; chronic unemployment; substance abusers; therapeutic workplace; female workers, 11029

educating; LTC staff; therapeutic environments; resource for evaluation and modification of dementia environments for living; REMODEL; LTC; dementia residents; caregivers, 12025

multisensory stimulation; Huntington's disease; HD; multisensory environment; MSE; therapeutic activity; leisure activity; physiological responses; motor responses; behavioural responses, 23603

therapeutic environment; drug dog searches; psychiatric units; illegal drugs; staff attitudes, 32738

therapeutic environments; Alzheimer's care; market environment design; environment behaviour researchers; residential treatment environments; healthcare providers; treatment; public awareness, 12365

Therapeutic Outcomes [See Treatment Outcomes]

Therapeutic Processes [See Also Psychotherapeutic Processes]—Serials

acute psychiatric care; coercive measures; ethics; psychiatric nurse; psychiatric treatment, 32981

Alzheimer's disease; dementia; diagnosis; disclosure; diagnostic disclosure, 19947

anticipatory interpretations; premature termination; therapeutic process; therapeutic alliance; transference references; cautionary tales; derivative communications, 32266

archetypal psychology; experiential personal construct psychology; aesthetics; reverence; symbolism; therapeutic processes, 35425

art therapy; bone marrow transplant; psychosocial intervention; life-threatening illness; myelofibrosis treatment; therapeutic process; patient history; alcohol abuse, 8580

assertive outreach engagement; nursing, 32616

assessment of alcohol consumption; physicians; primary health care, 35746

assessment of alcohol consumption; physicians; primary health care, 5517

attention-deficit/hyperactivity disorder; ADHD; talking with families; stimulants, 5136

attention-deficit/hyperactivity disorder; ADHD; talking with families; stimulants, 5108

attitudes; physician-assisted suicide; gender differences; socioeconomic class, 1573

biracial identity development; socio-cultural factors; ethnic identification; racial oppression; gender differences, 23497

breast cancer; patient-physician interactions; patient perceptions; communicative success; physician collaboration, 35240

cancer patients; palliative medicine program; cancer diagnosis communication; patients' perceptions; satisfaction; information imparting, 5466

chronic musculoskeletal pain; group treatment; movement training; discussion groups; recognition, 8385

client attachment; mental health nursing education; student nurses; therapeutic attachments; clients, 32931

clinical gaze; occupational therapists; ethnographic lens; interpersonal processes; ethnographic research; qualitative research; artistic metaphors, 21240

clinical judgment; speech-language intervention; speech-language therapy; treatment approaches; therapy approach, 17474

clinical judgment; speech-language intervention; speech-language therapy; treatment approaches; therapy approach; experimenter & natural history & placebo & Hawthorne & Pygmalion effect, 17476

clinical neurophysiology; electromyography; neuromuscular disorders; therapeutic strategies; patients, 8316

clinical reasoning theater; clinical reasoning education; doctor patient conversation; history taking; physical examination; medical students, 17503

clinical therapeutics; clinical practice, 5125

cognitive-behavioural therapy; (CBT); therapeutic interventions; Schizophrenia treatment; therapy efficacy; policy endorsement; CBT practice, 5207

commitment to treatment; borderline personality disorder; premature termination; psychotherapy; engagement; therapeutic strategies, 32262

communication sciences and disorders; evidence-based practices; therapeutic and diagnostic procedures, 32067

community mental health nurses; client perceptions; hearing voices; nursing response, 32633

consultation support; physician patient discussion; real time decision support; decision making; practitioner learning; computer software, 17528

culture; Spanish speaking; pituitary adenoma; communication; self-presentation; doctor patient relationship; treatment; poor continuity; preventative screening, 1818

deficiencies in communication; health care professionals; cancer patients; psychological adjustment; reasons for deficiencies; communication skills training; specialist cancer nurses, 5438

demanding patients; doctor-patient interaction; general practitioners; ethical justifications, 5525

doctor-patient communication; outpatient consultations; linguistic differences; communication patterns; back-channel responses; questions; interruptions; cross cultural differences; US; Japan, 5560

doctor-patient communication; outpatient consultations; linguistic differences; communication patterns; back-channel responses; questions; interruptions; cross cultural differences; US; Japan, 29615

doctor-patient relationship; burnout syndrome; negative stress; medical care, 14595

doctor-patient relationship; general practice consultation; health problems; psychological factors; social factors, 29462

doctor-patient relationship; general practitioners; physician satisfaction; family practice, 5531

doctor-patient relationship; informed consent process; medical decision-making; prognostic disclosure; patient involvement; terminally ill patients; oncologist; cancer patients; client education, 14604

doctor-patient relationships; communication process; chronic pain, 35197

doctor-patient relationships; primary care; patient satisfaction; empathy; personal responsibility; medical skills, 29489

doctor-patient relationships; psychiatric trainees, 5749

dream interpretation; psychotherapy; clinical practice; therapeutic tool, 35415

dreams content; clinical change assessment; treatment progress; psychoanalytic treatment; psychodynamically oriented treatment, 32386

drumming activity; complementary therapy; addiction treatment; therapy effects; drug addiction; substance abuse; drumming circles, 23627

ethical strategies; clinical trials; oncology; doctor-patient relationship; informed consent; randomized clinical trials, 23365

ethics; medical education; medical students; doctors; clinical skills; patient care; training; risks; potential harm; ethical dilemma; theoretical framework, 32909

ethics; medical education; medical students; doctors; clinical skills; patient care; training; risks; potential harm; ethical dilemma; theoretical framework, 32914

ethnic similarity; therapist-patient dyad; Surinamese migrants; Dutch mental health care; community mental health care; treatment satisfaction; ethnic minority patients, 29632

ethnicity effect; language concordance; physician-patient agreement; patient health behavior; health behavior changes; physician-patient communication, 29511

evidence-based interventions; Nurse-Family Partnership; Assertive Community Treatment; Oregon Therapeutic Foster Care; program development; community-based strategies, 20548

evidence-based thinking; alliance; physicians; parents; adolescents; research; clinical literature; adolescent psychiatric disorders; treatment decisions; diagnosis, 11785

family nurse; family care; pediatric intensive care unit; critically ill children; family-nurse interaction; co-construction experience, 11857

functional health literacy; physician-patient communication; diabetes patients; patients experiences, 35211

futility definition; dichotomy; physician-patient relationship; decision-making authority; life-prolonging treatment; patient perspective; physician perspective, 5552

general practice consultation; opening sequence; conversation rules; conversation analysis; mutuality, 5422

general practitioners' perspectives; consultation time; depression management; time pressure; patient attitudes, 5563

group members; leader behaviors; group experiences; therapeutic factors; group counseling, 20215

healing; feeling; clinical ontology; emotion; healthcare providers; health care; patient emotions; personnel emotions, 5569

health care providers; community-dwelling adults; end-of-life preferences; communication; personal experience; illness; death; living will; significant others; advanced directives, 11794

health care providers; community-dwelling adults; end-of-life preferences; communication; personal experience; illness; death; living will; significant others; health care providers, 11795

health care providers; community-dwelling adults; end-of-life preferences; communication; personal experience; illness; death; living will; significant others; advance directives, 11806

health care providers; community-dwelling adults; end-of-life preferences; communication; personal experience; illness; death; living will; significant others, 11816

heterarchy; hierarchy; evidence level; therapeutic interventions; occupational therapy; clinical decisions making; clinical practice, 16893

- home health care; physician-nurse relationship; higher autonomy; nurses; physicians; patient; nursing responsibility; beneficiaries, 23562
- hospice patients; attitudes; spiritual issues; physicians; physician-patient relationships; religion, 17366

child incest victim; legal decisions; incestuous parent; molestation; sexual abuse; child protection; judicial decisionmaking; at risk siblings; legal presumption of endangerment; offender rebuttal, 27235

citizenship education; nation states; legitimacy; commitment, 16082

combat veterans; posttraumatic stress disorder; attentional bias inhibition; Stroop task; threat; combat video; speech giving; stressor content; word content; color naming; theoretical explanations, 19520

conditional associative learning; verbal stimuli; obsessive-compulsive disorder; anorexia nervosa; bulimia nervosa; neuropsychological functioning; functional neuroimaging; compulsive behavior; threat, 19274

conditional promises; conditional threats; biconditional interpretations; reward; punishment; inference task; speaker control; consequent signing; inference acceptability ratings; reason analysis, 24480

death anxiety; threat persuasiveness; non-death threats; age differences; threat messages; health promotion, 2335

death threat appeals; health promotion; immortality; smoking; non-death threats; young people; older people, 23430

developmental gender differences; brain engagement; threat evaluation; facial expressions; face perception, 24691

external threat; sense of community; urban historically Black public nonresidential university; college students, 10544

Face threat sensitivity; roadblock to agreement; joint gain; face; social image; negotiation outcomes, 31547

false memories; anxious individuals; threat words; recall; recognition; fearful individuals, 31835

feminine characteristics; math courses; negative stereotypes; feminine identity; identity bifurcation; stereotype threat, 19081

forensic psychiatrists; harassment; intimidation; forensic psychiatry; expert witnesses; threats, 21048

gender harassment; social identity threat; sexual harassment; male identity; likelihood; computer harassment; pornographic material; gender identification, 1599

general threats; social order; crime severity; punitiveness; societal threat; punishment assignment, 28428

group membership; group threat source; impostor; vegetarians & non-vegetarians; self identification; impression management, 1182

imminent threat; anxious thoughts; suppression; paradoxical effects; electrocutaneous stimulus; self reported anxiety; thought intrusions, 679

individual differences; personality functioning; fundamental motivation systems; incentives; threats; effective responding; brain activity; eyblink reflexes, 13492

individual differences; possible mechanisms; gender stereotypes; stereotype threat; math performance; stigma consciousness; test performance, 4394

legibility; mystery; visual access; predictors; environmental preference; danger; forest settings, 36483

memory bias; interpretation bias; social anxiety; cognitive biases; factual details; threat, 19512

memory retrieval; social phobia; nonanxious individuals; social threat; mind; cognitive biases, 19561

monitoring; sleep-related threat; Sleep Associated Monitoring Index; test reliability; test validity; insomnia; sleep disturbance; self-focus, 18098

moral panic; risk society; modernity; social anxiety; Sheldon Ungar; social control; public safety; conceptual issues; uncertainty, 16090

mothers; filicide; suicide; psychiatric motive; classification system; stalking; threats; harassing behavior; STHB; psychiatric patients; clinicians safety, 7737

multidimensional anxiety; content-specificity effects; preference processing; threat; memory, 9561

natural disasters; child response; life threatening experience; technological disasters; destruction; post disaster psychopathology, 35164

neuroticism; preattentive biases; attentional biases; threat; anxiety; in vitro fertilisation; intracytoplasmic sperm injection; females, 17201

Palestinian terrorism; suicide terrorism; second intifada; strategic threat; motivations; organizational aspects; suicide bombers; modus operandi, 16521

Perceived Environmental Threat; job security; managers; test construction; test reliability; test validity, 6379

person-relative-to-event theory; coping with threat; appraised threat; appraised person resources; personal responsibility; academic assessment, 7692

personality; threat; cognitive & emotional reactions; stressful intercultural situations; individual differences; appraisal, 34724

physiological adaptations; fear; rage; pain; hunger; emotional excitement, 34120

posterior cingulate cortex; panic disorder patients; increased activation; prefrontal cortices; brain regions; memory; threat-related words, 13662

psychiatric unit; safety; inpatient services; mental health ward; threat, 20551

psychiatric unit; safety; inpatient services; mental health ward; threat, 20559

psychiatric unit; safety; inpatient services; mental health wards; threat, 20555

psychophysiological resilience; prenatal events; childhood events; neural regulatory circuits; gestation; birth; threat perception; early programming; heart rate variability; guided imagery, 5382

reasoning; inducements; advice; threats; promises; tips; warnings; inference patterns; interpret, 33814

risk perception; irritable bowel syndrome; perceived susceptibility; health & non-health threats; risks, 26028

risk perceptions; stress; explosion threat; railroad accident; hazardous material, 24104

self-esteem; interpersonal appraisals; likability; personality perceptions; ego threat; gender; naturalistic investigations, 1227

self-stereotypes; task solution strategies; stereotype-threat effects; negative stereotype; positive stereotype; recall; avoidance; approach related statements; group performance; expectation, 28508

social anxiety; memory; prose recall; schema; script; threat, 7953

social phobia; attention; disengagement; threat, 7922

social phobia; depression; information processing bias; coherence; specificity; sad stimuli; social threat stimuli; physical threat; positive stimuli; cognitive bias, 31696

social phobia; panic disorder; non-specific encoding; threat; proactive interference technique; encoding-related processes; memory, 34908

social phobia; selective attention; attentional bias; dot probe task; social threat words; concurrent depressive disorder, 1530

social psychology; stereotype threat; test performance; research; history; African-Americans, 10471

stereotype threat; childcare workers; threat conditions; heterosexual men; gay men; non-verbal anxiety, 19135

stereotype threat; mathematics performance; public evaluation by peers; threatening environments; private evaluation; female students; gender minority; same gender groups, 2785

stereotype threat; mediational variables; performance goal directions; models, 33139

stereotype threat; test performance; ethnicity inquiries; gender inquiries; problem-solving task; intellectual ability; ethnic groups, 31545

structural hole brokerage; consortia; emergence; maintenance; dissolution; individual interests; relationships; homophily; trust; threats; interests; differentiation; integration, 31487

task complexity; marketing; evaluation of potential entrants; threat; decision making; marketing managers, 3035

teacher-rated threats; self-reported threats; interpersonal violence; student characteristics; children identification; aggression; peer rejection, 33169

threat appraisals; distress; positive life change; psychological impact; terrorist attack; September 11, 25115

threat displays; anolis carolinensis; lizards; fighting ability; headbob type; pushup type; lateral compression; aggressive behavior, 30794

threat perception abnormalities; anxiety disorder symptoms; temporal stability, 19549

threat; attention capture; attention holding; aversive conditioning; visual cues; response latencies, 33661

threat; coping dispositions; memory representation; encoding; ambiguous stimuli; affective reactions; anxiety influences; repressive discontinuity hypothesis, 15290

threatening faces; facilitated perceptual processing; event related brain potentials; facial expressions, 24708

threats; coping; social adaptation; individual adaptation; social systems; interdisciplinary perspective; is-ought discrepancy, 34677

time course; attentional bias; threat scenes; vigilance-avoidance hypothesis; anxiety, 30751

vigilance; threat; anxiety; defensiveness; attentional biases, 25358

violence management; youth violence; threat; inner-city violence; crime; poverty; family stability; resident mobility; interpersonal interaction, 25026

visual scanpath evidence; facial expressions; social phobia; hypervigilance; eye contact avoidance; threat; information processing, 31806

Threat—Chapters

Common-sense models of illness: The example of hypertension, 16661

Defensive processing of personally relevant health messages, 17275

The reinterpretation of dreams: An evolutionary hypothesis of the function of dreaming, 18432

Social comparison affiliation under threat: Effects on recovery from major surgery, 16729

Threshold Determination—Serials

quantitative sensory testing; clinical utility; efficacy; safety; sensory thresholds; neuropathy, 13999

sensation threshold; psychophysical stimulus; method of limits; MLE; method of levels; MLE; thermal stimulus; nerve fiber function; thermal thresholds tests; reaction-time; warm & cold sensation, 3161

Thresholds [See Also Auditory Thresholds, Olfactory Thresholds, Pain Thresholds, Sensory Adaptation, Vibrotactile Thresholds, Visual Thresholds]—Serials

Adjusting-Paced Serial Addition Test; temporal threshold; response correctness interval; information processing speed; working memory; problem difficulty; neuropsychological tests; presentation mode, 9452

area V1; perception of moving phosphores; transcranial direct stimulation; young adults; middle aged adults, 3597

brain reward; intracranial self-stimulation; repeated administration; cocaine; rats; thresholds; cocaine-predictive conditioned stimuli; conditioned facilitation, 737

enhanced processing; speech sounds; blind individuals; perceptual sensitivity; attentional sensitivity, 20086

intracranial self-stimulation thresholds; amphetamine; pentobarbital; gabapentin; anticonvulsant effects; facilitatory effects; reinforcing effects; drug abuse potential; rats, 699

leaky integrate-and-fire neuron; threshold fatigue; stimuli response; step currents; stimulus onset, 3766

linear temporal drift; sound sequences; perceptual threshold; inter onset interval; tempo change, 33749

presbycusis; hearing thresholds; International Organization for Standardization; aging; elderly, 32206

sensorimotor synchronization; auditory sequences; visual sequences; synchronization threshold; interval subdivision costs; finger tap synchronization; interonset intervals, 6562

sensory temporal thresholds; interhemispheric transfer times; multiple sclerosis; outcome measure; cerebral lateralization; sensory stimulation; tactile stimulation; visual stimulation, 4976

stimulation duration; electrogoniometric detection thresholds; electrical currents; lingual surface; taste function; electrical taste thresholds; anterior tongue, 21256

subconscious face recognition; brain responses; event-related responses; subthreshold stimulation; suprathreshold stimulation; facial figures; non-facial figures, 6907

threshold estimation; limen; two-alternative forced-choice tasks, 30545

tiagabine; gabapentin; drug interaction; electroshock seizure threshold; electroconvulsive threshold; combination ratios; seizures; adverse events; motor performance; long term memory; mice, 747

transcranial magnetic stimulation; two-point discrimination; tactile threshold; sensorimotor cortex; tactile perception; median nerve; somatosensory evoked potentials, 12880

Thromboses—Serials

long-term outcome; neurological outcome; cognitive functioning; cerebral venous sinus thrombosis; headache; epileptic seizures; visual deficits; new episode, 8186

pulmonary embolism; antipsychotic drugs; venous thromboembolism; olanzapine; psychosis; drug side effect, 35533

schizoaffective disorder; psychomotor retardation; deep venous thrombosis; medical complications; treatment guidelines; catatonia, 5303

venous thromboembolism; antipsychotic drugs; dopamine antagonists; hyperprolactinemia; platelets; prolactin, 2237

Thumb—Serials

fMRI imaging representational maps; transcranial magnetic stimulation; thumb abduction; hand; foot elevation; motor-evoked potentials; cortical motor representation areas; muscles, 21628

motor imagery; corticospinal excitability; abductor pollicis brevis; phasic thumb abduction; abductor digiti minimi; temporal stimulation; spatial stimulation; F wave; thumb; imaged movement, 15585

Thumbsucking—Serials

thumb sucking; behavioural treatment; sensory reinforcement; social praise; verbal cues; thumb sucking; fragile X syndrome, 14088

Thymolytic Drugs [See Tranquilizing Drugs]

Thyroid Disorders [See Also Hyperthyroidism, Hypothyroidism]—Serials

acute thyrotoxic Graves' disease; neuropsychiatric symptoms; thyrotoxic phases; cerebral metabolite profile; choline, 4853

antithyroid antibodies; circulating immune complexes; CSF; Hashimoto's encephalopathy; autoantibodies, 4854

health related quality of life; thyroid disorders; mood disorder; behavioral disturbances; physical health; mental health, 28983

- thyroid disorders; Alzheimer's Disease; older people; geriatric patients; outpatient population; cognitive function, 11304
- thyroid dysfunction; unipolar major depression; female patients; depressive disorder, 11166
- Thyroid Extract** [See Thyroid Hormones]
- Thyroid Gland—Serials**
- premenstrual dysphoric disorder; sexual abuse; hypothalamic-pituitary thyroid axis; thyroid axis profile, 25800
- Thyroid Hormones** [See Also Triiodothyronine]—Serials
- bright light therapy; thyroid stimulating hormone; seasonal affective disorder, 23316
- functional brain; thyroid hormone; positron emission tomography; regional brain metabolism; brain imaging techniques; affective disorder, 10733
- impulsivity; congenital hypothyroidism; thyroid hormone; neonatal thyroid screening; replacement hormone; early treatment; thyroid gland, 35199
- interscapular brown adipose tissue; cold exposure; strenuous exercise; deiodinating activity; rats, 7107
- lithium augmentation; hypothalamic-pituitary-thyroid system; unipolar major depressive disorder; augmentation therapy, 23222
- major depression; thyroid hormones; fluoxetine; nortriptyline; treatment response, 14142
- recidivists; biological markers; personality traits; psychopathy; antisocial behavior; hypothalamic-pituitary-thyroid axis; forensic psychiatric evaluation; triiodothyronine; thyroxine; platelet MAO, 11058
- sleep deprivation; antidepressant drugs; rat brain; thyroid hormones; antidepressant treatments; mitochondria; animal models; amygdala; mood stabilizer, 3694
- thyroid dysfunction; thyroid hormone supplementation; hormone treatment; bipolar disorder, 23289
- thyroid hormones; genes; hippocampal circuits; nuclear hormone receptor isoforms; mutant mice; brain development; fear conditioning; open field behavior, 13006
- Thyroid Stimulating Hormone** [See Thyrotropin]
- Thyrotropic Hormone** [See Thyrotropin]
- Thyrotropin—Serials**
- alcohol intake; satiety; thyrotropin-releasing hormone; cholecystokinin octapeptide; peptides; peptide interaction; alcohol consumption, 30984
- alcohol; TSH; thyroid stimulating hormone; nocturnal peak, 3886
- depression; mania; thyroid stimulating hormone; bipolar affective disorder; mood changes, 28651
- lithium; divalproex sodium; thyrotropin; thyroid-stimulating hormone; bipolar disorders; risk factors; lithium-induced hypothyroidism; bipolar youths, 14145
- rats; prolactin benzoate; neurexin B; thyrotropin release; estradiol release; estrogen status; pituitary cell cultures; in vitro; peptides; pituitary explants; lactotrophs, 3947
- thyroid function; depressed mood; cognitive performance; aging population; serum thyroid stimulating hormone level; Maastricht Aging Study; verbal memory, 27846
- Tic Dolorouse** [See Trigeminal Neuralgia]
- Tics—Serials**
- basal ganglia; involuntary movements; voluntary movements; dysfunction; movement disorders; chorea; dystonia; tics; model, 13977
- blink reflex abnormalities; Tourette syndrome; tic disorders; neurophysiological abnormalities, 29170
- chronic motor tic disorder; quetiapine; Tourette's syndrome, 29313
- genome scan; Tourette syndrome; chromosomes; chronic multiple tics; linkage, 29104
- impulsivity; obsessive-compulsive disorder; anxiety disorders; panic disorder; social phobia; tics, 13674
- monoclonal antibody; b cells; b lymphocytes; tic disorder; immunoglobulin m; streptococcal infections; immune activation, 35289
- neuroleptics; metoclopramide; Tourette syndrome; tics; extrapyramidal symptoms, 23361
- pediatric autoimmune neuropsychiatric disorders; obsessive-compulsive disorder; infectious trigger; symptom changes; clinical course; antibody titers; tic disorders; Group A streptococcus; children, 10667
- pediatric autoimmune neuropsychiatric disorders; streptococcal infections; childhood obsessive-compulsive disorder; neurological abnormalities; tics; etiology; diagnosis, 34779
- pharmacodynamics; Ziprasidone; children; adolescents; dopamine transmission; Tourette syndrome; tic disorder, 20385
- repetitive transcranial magnetic stimulation; tics; prefrontal cortex; motor cortex; Tourette syndrome, 26445
- response prevention; habit reversal; Tourette syndrome; tics; treatment outcomes, 23179
- sensorimotor cortex; supplementary motor area; striatal activation; parietal operculum; blood oxygenation; blepharospasm; visual areas; fMRI, 15574
- small life events; self-report; tic severity; tic disorder; stressful life events; symptom severity, 22951
- tic rate reduction; quetiapine; child & adolescent treatment; Tourette's disorder, 2196
- tic reduction; pergolide; dopamine agonist; treatment; chronic disorders; Tourette syndrome; neuroleptics; block dopamine transmission, 5284
- tic reduction; risperidone; pimozide; electrocardiogram changes; weight gain; side effect profiles; children; adolescents; Tourette's syndrome; chronic motor tic disorder, 14144
- Tourette syndrome; dopamine; levodopa; chronic tic disorder, 23245
- Tourette syndrome; middle frontal gyrus; neural substrates; precentral gyrus; caudate nucleus; neuroanatomy; coprolalia; phonic tics; tic-generating network, 13943
- Tourette syndrome; risperidone; drug treatment; safety; efficacy; tics; symptom severity, 8639
- Tigers** [See Felids]
- Time** [See Also Interresponse Time]—Serials
- action; perception; motor responses; stimulus encoding; R-S effect; S-R assignments; contrast; intertrial intervals; time, 30650
- age-related differences; response preparation; time uncertainty; variable preparatory interval; reaction time performance, 33776
- aging; memory for time; distance-based processes; location-based processes; age-related differences; recognition memory; episodic memory; contextual information, 27530
- alcohol drinking behavior; drinking changes; temporal variability; freshman year; risk factors; heavy drinking; college students, 16226
- alcohol screening; brief interventions; primary care; substance abuse prevention; time constraint, 35864
- ambivalence; motherhood; choice; time; childbearing; fantasies; defenses; fertility; pregnancy; intrapsychic conflict; aging; psychoanalysis; destructive beliefs, 7724
- arc-consistency algorithms; backtracks; time-complexity; space-complexity; maintain arc-consistency, 36512
- attention deficit hyperactivity disorder; temporal mechanism; children; rapid visual presentation; serial signal detection; attentional blink; attention gate; closing speed; attention impairment, 19757
- auditory scene analysis; selective attention; time course; frequency region; location; auditory system; streaming, 30635
- backward masking; conscious responses; nonconscious responses; fear perception; facial expressions; central measures; peripheral measures; time course, 27847
- body composition; weight loss; exercise prescription; treatment effects; strength training; obesity prevention; fat-free mass; women, 5505
- children's home responsibilities; children's household work; predictive factors; female gender; children in household; volunteer work; sex role theory; time availability theory; positive interaction, 10391
- Chinese-American women; Harvest Moon Festival; Asian-American deaths; death timing, 24151
- coding time; parameter estimates; standard error; growth curve models; statistical power, 15123
- computerized temporal handwriting characteristics; proficient handwriters; non-proficient handwriters; third-grade students; writing process, 17968
- concession behavior; negotiator satisfaction; judgment; concession timing; other party justifications; negotiator skill; external constraints; object valuation; participant attribution, 18045
- concurrent task; gap events; peak time; timing performance; pigeons; pecking behavior, 15353
- confirmatory factor analysis; invariance properties; covariance structure; attitude differences; factor correlations; student attitudes; gender; statistics; Survey of Attitudes Toward Statistics, 12531
- contingency management techniques; methadone maintenance; punctual counseling attendance; fixed rate of reinforcement; variable rate of reinforcement, 11933
- costs; informal caregiving; extent of care; time; hours of care; elderly people with symptoms of depression, 26674
- counterfactual thinking; temporal order effect, 30693
- couples counseling; solutions timeline; coping skills; relational difficulties; interaction, 14095
- cultural conceptions; social organization; time; ethnographic approach; global influence; cognition, 18208
- customer perceptions; music; waiting time; waiting costs; experience; customer mood; service delays, 24068
- death; life; metaphors; sickness; time; Turkey; body; metaphor theory, 10108
- decision-making; project completion; safety; time; goal substitution; behavior fluidity, 14784
- deliberate self harm; completed suicide; timing; time of day; week; month; season, 10879
- diurnal types; time duration estimation; preferred time of day, 1266
- dose; time; 7-nitroindazole; picrotoxin-induced convulsions; memory formation; brain nitric oxide synthase activity; nitric oxide concentration; rats, 12743
- dot arrays interval; visual short-term memory; time window; array integration; temporal window; visual image integration; visual search; probe task; memory, 24501
- dynamic psychotherapy; time limits; psychodynamic clinicians; therapeutic alliance, 26261
- dynamic spatial ontology; time; spatiotemporal ontology; reality, 24436
- economic theory; time preference; health; diet choice, 20511
- elderly adults; drawing kinematics; motor planning; vision; aging; time delays; position sense; limb movements; age differences, 6563
- errors; temporal spacing effect; variable lag; associative learning; delay before test, 431
- estimated practice time; music practice; level of musical performance, 31038
- Eurasian beaver; time budgets; Castor fiber; behavior; sex differences, 12766
- event-related potentials; contingent negative variation; time processing; timing capacities; CNV amplitude; temporal accumulator; temporal estimates; positive polarity; time-based decision making, 34091
- exercise; mood changes; gender; exertion level; workout duration, 29555
- exogenous spatial cues; space orientation; attention allocation; discrimination task; detection task, 18290
- extended time; testing accommodation; students performance; disabilities, 17752
- externally imposed deadlines; rules-of-thumb strategies; intrinsic motivation; self-determination, 24524
- face identification; face recognition; spatio-temporal dynamics; information from eyes; information use, 21297
- factor structure; short-term temporal stability; revision version; experiences in close relationships questionnaire; adult attachment, 15033
- family time; psychosocial adjustment; adolescent siblings; parents; family work relationship; birth order, 28239
- field-based spatial information; object-based spatial information; time; space-time, 24360
- fine-scale time budget; Cape gannets; foraging strategies; coastal seabirds, 24599
- gender; underreporting of chargeable time; underreporter characteristics; public accountants, 17832
- gender; work; organization; time economy; space economy; just in time labour; sequential ordering; critical reflection; feminist critique; social relations; labour market, 10416
- group discussion; time pressure; learning information; group performance; task completion; small groups; Attentional Focus Model; information restriction, 19121
- health status variation; space; time; racial disparities; ethnic disparities; self-rated health, 5103
- hippocampus; memory; episodic memory; recall; odor & spatial cues; time; rats; what & where & when information, 34016
- household composition timeline; field research; participatory research; agriculture; gender; methodology; kinship charts; agricultural household units; household living arrangements, 10310
- illusory conjunctions; time domain; features binding; Rapid Serial Visual Presentation; focal attention; time course; attentional blink, 21263
- immediacy; anticipated delay; time-left experiment; cognitive hypothesis; reinforcement; pigeons; temporal control hypothesis, 6668
- individual creativity; team creativity; team members; workplace climate; model; people; time, 20953
- inpatients; neurorehabilitation; stroke; nontherapeutic activities; skill development; rehabilitation intensity, 8816
- instructional time; student learning rate; academic treatment decisions; second graders; spelling; spelling interventions; traditional drill and practice; interspersal training; high-p sequencing, 12114
- interactive dimensions; individual dimensions; spatial dimension; time dimension; characters; mental models construction; text memory; narrative, 30736
- internationalizing firms; international business; time; duration; internationalization process; knowledge accumulation; knowledge development; learning processes; foreign operations; business firms, 9117
- iterative learning control; linear time varying system; robotics; double differential of error, 24111
- labeled response options; vague quantifiers; time stability; child characteristics; survey research, 12546
- length of time; group duration; work groups; group development; verbal behavior patterns; member perceptions, 4385
- market orientation; marketing; time factor; consumer satisfaction; marketing strategy, 14856
- meal duration; lunch settings; group size; restaurant setting, 14814
- medical personnel; emergency medical service; ischemic stroke; presentation time; stroke patients; paramedics; stroke diagnosis, 17401

melody recognition time course; gating paradigm; familiarity judgment; recognition process; melody recognition; knowledge level; confidence, 6534

memory: space; time; balance; spatiotemporal organization; kappa effect; tau effect; constant durations; constant distances; variable distances; variable durations; mental image; stabilization, 21391

mental representations; sequence of events; narrative comprehension; temporal distance, 12644

misinformation; criminal justice system; eyewitness confidence; eyewitness accuracy; time delay; information accuracy; TV show; Cops; memory, 33432

momentary time samples; continuous recording samples; on-task behavior; emotional disorders; behavioral disorders; elementary school students, 6437

multigeneration innovation diffusion; intergeneration time impact; new technologies; technology adoption; consumer product technologies; industrial technologies, 6104

naming: analog clock; digital clock; time expression; priming; language, 28004

need for closure; closure; creativity; group interactions; motivation; time pressure; group discussion, 31471

negotiation; social prediction; predicted outcomes; time pressure; deadlines; dyads; negotiation strategies, 10502

network time; new knowledge epoch; temporal dimensions; knowledge production; industrial revolution; contemporary culture; globalization, 10119

neuroimaging; task characteristics; time measurement; neural timing systems; brain activity; automatically controlled time measurement; cognitively controlled time measurement; motor circuits, 15335

normative data; remote associate problems; time limit; mean time to solution; problem solving; problems, 9338

obesity; health risks; time preference, 35144

orthographic learning; self-teaching; time course, 22043

pace; sequence; linearity; radical change; radical transformations, 36358

parieto-occipital cortex; visual search; time course; preview benefit, 24389

patient expectancy; therapeutic alliance; group psychotherapy; outcome expectancy; time limited therapy; grief; collaborative relationship, 14090

personal involvement; narrative content; emotional impact; time; event memory; expressive narrative writing; cognitive processing; emotion words; stress alleviation; terrorist attacks; September 11, 12694

personal preferences; standard deviation; marital status; family time; time value; shiftwork; employee preferences, 24029

personality assessment; temporal instability; measurement error; psychological change; mental disorders, 30428

product design; temporal exploration; time; temporality; affective dispositions; temporal orientation; mental experimentation, 12351

productive activities; consumptive activities; time use; aging, 28480

psychoanalytic situation; time; transference neurosis; countertransference, 2099

psychosocial predictors; death; timing, 24146

public management decisions; decision making; decision content; decision making time; cost-effectiveness; budget cut back; information technology, 36245

recognition memory; study time; false alarm rate; information storage, 33876

repetition compulsion; pleasure principle; time; psychoanalysis; brief therapy, 5253

response times; degenerative cerebellar disease; task-relevant information; cerebellar atrophy; healthy controls; motor impairment; EEG potentials; time points; cerebellum; temporal contingencies, 20064

rosters; employee work timing; time preferences; organizations; work shifts; working time arrangements; market demand, 12283

routine repetition; time pressure; decision making; relapse error; intention implementation; action slip, 12631

school time; cost analysis; school wide positive behavior support; initiation process; behavior referrals; suspension; systemic evaluation tool, 11415

sentence processing; thematic dependencies; theme anticipation; verb based information; anticipatory processing; semantic constraint; sentence processing; pre-verbal argument; linguistic input signals, 10101

sexual behavior; memory recall; time lag; self report validity; condom use; alcohol use; substance use, 13380

shiftwork experience; work dissatisfaction; preferred work hours; value of time, 36409

signal changes; subcortical regions; cortical regions; time course; fMRI; integrated object; eeg oscillations; Brodmann area; hybrid model; time course, 3663

skilled memory; time transformation; rock climbers; skill level; flow states; memory, 20970

social information processing; strategic decision-making; timing; experimental game theory; coordination games; social interactions, 13422

sources of variability; systematic error; mice; timing behavior; temporal memory, 6676

subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33681

subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33688

subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33697

subliminal perception; theory; indeterminacy; time; dissociation paradigm, 33699

subliminal perception; time; temporal changes, 30576

switch time-point; experience-dependent changes; zinc-containing circuits; mouse barrel cortex; sensory deprivation; postnatal age; adult mice; vibrissae, 3619

task completion times; prediction accuracy; task complexity; task experience; tower of hanoi; task duration; movement task, 390

temporal binding; connectionist recruitment learning; delayed lines; temporal correlation hypothesis; distributed synchrony, 9266

temporal distributions; self-injurious behavior; severity; bouts; discrete events; developmental disorders, 13788

temporal experience; agency; temporality; time work; self determination, 4325

temporal experience; time dimensions; organizational members; communication; scale development; validity, 20940

temporal perspective; small groups; theories; themes; time; social construction; resource; issue for theory & research; group change over time; group temporal patterns; nonlinear dynamics, 10484

temporal preparation strategies; visual reaction time; Parkinson's disease; temporal parameters; response preparation; simple reaction time conditions; choice reaction time conditions, 8216

temporal processing; dyslexia; poor adult readers; motion coherence; spatial perception; word identification, 8068

temporal reference; health care institutions; practical knowledge; time management; health care; nursing; work organization, 23531

temporal variation; mortality rates; symbolically important occasions; death postponement; timing of death, 24150

temporal variation; visual completion; spatial limits; occlusion; time course; occluded objects, 3316

time delay; multi-attribute choice; multiple attributes; choice behavior; product perception; hyperbolic discounting; choice perception, 18360

time discounting; lifespan; intertemporal choice predict; age differences, 25378

time frames; temporal alignment; personal control; social networks; article reports; coordination; allocation; hurriedness; rush; suburban society, 22277

time impact; emotional impact; personal memory; event memory; terrorist attack; personal autobiographical information; event information; flashback memories; participant involvement; September 11, 12707

time management; worry; time structure, 1257

time measures; rate measures; choice transitions; changing preference; free-operant choice; pigeons, 33919

time pressure effects; performance; base rate task; decision making, 12641

time sampling; daily experiences; mental states, 27578

time sampling; leisure time; work leisure relationship, 30115

time scarcity experiences; time-personalities; time use; time style; marketplace efficiency, 12337

time-order; interstimulus interval; feedback; duration discrimination; white-noise bursts, 24400

time; academic work; management; funding; diversity; time perspectives, 23792

time; smoking friends; quitting attempts; teen smokers, 24915

Timeline Follow-Back interview; self reported alcohol consumption; validity; time; response bias; cases vs community controls vs medical patients, 176

timing; novel contributions; creative solutions; project team outcomes; organizations; project teams; frustration; effort; productivity; punctuated equilibrium model; performance, 20948

tolerable waiting time; web users; computer response time; web page downloading, 31090

treatment attendance; methadone maintenance clients; treatment effectiveness; economic barriers; willingness to pay; personal costs; time, 20626

visual search; parallel processing; time course; serial search; visual attention, 9578

workplace aggression prediction; job risk factors; self-esteem; time at work; victim characteristics, 11045

Time [See Also Interresponse Time]—Books

Time and decision: Economic and psychological perspectives on intertemporal choice, 15305

Time [See Also Interresponse Time]—Chapters

Dieting as an exercise in behavioral economics, 15313

A neurobiology of intertemporal choice, 15630

Predicting and indulging changing preferences, 15318

Self-ratting: Self-control in consumer choice, 17935

Subadditive intertemporal choice, 15322

Sustaining delay of gratification over time: A hot-cool systems perspective, 16312

Time discounting and time preference: A critical review, 15311

Time preference and personal identity, 15310

Time Disorientation—Serials

synchronous speech; phonetics; visual information; extensive practice, 21959

Time Estimation—Serials

cognitive process; project completion time estimation; optimistic predictions; future focus manipulation; individual differences; personality traits; task domains, 9640

depression; attentional processing; temporal processing; time estimation, 7844

diurnal types; time duration estimation; preferred time of day, 1266

estimated practice time; music practice; level of musical performance, 31038

excitotoxic lesions; infralimbic areas; medial prefrontal cortex; motor preparatory processes; execution of reaction time task; rats, 21676

hypnotic susceptibility; hypnosis; attentional demand; time estimation; retrospective judgment; prospective judgment, 450

inhibition of return; time course; adult age differences; cued location; spatially based attention, 18277

lay adaptation theories; affective state duration; priming theories; affective forecasts; affect duration; social cognition; affect progression; general progression; high elaboration; time progression, 28444

object motion; motion duration estimates; eye movements; mental imagery; target arrival time; flight time; rating scale; target fixation; reasoning; mental tracking; judgment task; rating scale, 21277

phasic heart rate; performance feedback; time production; feedback information; valence, 12961

return inhibition; spatial properties; time course; visual field; meta analysis, 18295

rhythmic context; perceived duration; interval approach; entrainment approach; short-interval timing; internal clock; time judgment; tones, 3297

saccadic chronostasis; visual stimulus; eye movement; duration discrimination, 30939

tactile perception; physical contact; manual chronostasis; eye movement; arm movement; time overestimation; retina, 9573

task completion times; prediction accuracy; task complexity; task experience; tower of hanoi; task duration; movement task, 390

temporal information; spatial information; event completion time; time estimation; judging volume; judging time; performing mental calculations, 33696

time course; stimulus evaluation; visual event-related potentials, 22025

time estimation; central executive functioning; Alzheimer's disease; short-term memory; working memory; attention, 13987

time estimation; cortically mediated attention; attentional engagement, 24660

time estimation; time perception; memory; age differences; childhood development; temporal generalization, 10196

time perception; routine; time estimation; remembered duration; routine activities; duration judgments, 3305

time prediction bias; task experience level; task duration; prospective time estimation; attention, 18363

time to contact; information integration; pictorial depth cues; depth cues; visual perception, 24424

time to contact; information integration; pictorial depth cues; depth cues; visual perception, 364

time-to-contact estimation; accelerated stimulus; first-order information; thrown projectile, 3313

underestimation; planning fallacy; multifaceted tasks; task completion estimation & prediction; unpacking; sub-component consideration, 33808

Time Limited Psychotherapy [See Brief Psychotherapy]

Time Management—Serials

college course; college students; study time; examination scores, 21203

cross-national differences; aging; time use; older adults; Austria; Canada; Finland; Germany; Italy; Netherlands; Sweden; United Kingdom; United States, 22117

domestic task outsourcing; time availability; higher incomes; domestic work; paid labor; microwave use; dishwasher use; dryer use; take-out meals, 28191

exogenous progesterone administration; female rhesus monkeys; timed breeding colony; breeding season; artificial luteal phases; conception date selection; breeding time; breeding age, 15417

general practitioners' perspectives; consultation time; depression management; time pressure; patient attitudes, 5563

household production; market work time; housework time; time allocation; market-produced goods; input goods; husbands; wives, 31283
 mental health providers; time allocation; Veterans Health Administration; mental health services; quality of care, 5802
 modern management practices; total quality management; just-in-time; teamwork; empowerment, 36323
 myopic prediction; self destructive secrecy; unexpected benefits; revealing final deadlines; negotiation; social prediction; time pressure, 31532
 problem-focused coping; time management behaviors; emotion-focused coping; coping behaviors; salespeople; stress, 14771
 proximal learning; study time allocation; free choice; studying; item difficulty; learning strategies; discrepancy reduction model; time on task, 3396
 temporal reference; health care institutions; practical knowledge; time management; health care; nursing; work organization, 23531
 time management skills; student learning; factorial structure; psychometric properties; predictive capacity; academic achievement, 24307
 time management training; workplace training; personnel; procrastination; avoidance behavior, 6002
 time management; worry; time structure, 1257
 time-sharing strategies; driving; cerebral lesions; in-car tasks; real-life highway driving, 32199

Time On Task—Serials

consciousness; task duration; prediction, 10596
 economic implications; selective exposure; emotional upheaval; effects of lead framing; Internet news reports; reading times, 13143
 episodic recognition memory; low frequency words; hit rates; false alarm rates; study task; study time; mirror pattern, 24489
 gender; underreporting of chargeable time; underreporter characteristics; public accountants, 17832
 intervention implementation; intervention evaluation; classroom strategies; student engagement; sustained silent reading; school-based recreational reading; teacher modeling; third-graders, 12126
 momentary time samples; continuous recording samples; on-task behavior; emotional disorders; behavioral disorders; elementary school students, 6437
 multiple-schedule behavioral contrast; deprivation; time in session; multiple variable interval; within-session changes in responding; pigeons, 27624
 proximal learning; study time allocation; free choice; studying; item difficulty; learning strategies; discrepancy reduction model; time on task, 3396
 reinforcement rate; time in session; variability preference; terminal links; pigeons, 476
 saccade stepping interactions; motor plan; obstacle avoidance; obstacle contact; young adults, 6552
 student activities; total time in school; African American vs White elementary students; academic enrichment; recess activities; inequality issues, 17739
 task completion times; prediction accuracy; task complexity; task experience; tower of hanoi; task duration; movement task, 390
 time course; simultaneous onset & offset cues; attention orientation; visual field; inhibition, 9568
 time impact; experience impact; data quality information; decision making; processing time; managers, 9082
 time-on-task effect; anhedonia; attention; cognitive performance, 33885
 vigilance; extraversion; introversion; performance differences; time-on-task, 22364
 Weber (slope) analyses; timing variability; drawing tasks; finger tapping; tapping; circle drawing; line-drawing tasks, 6566

Time Out—Serials

time-out assignments; emotional disorders; behavioral disorders; self-contained classroom; disciplinary sanctions, 28817

Time Perception [See Also Time Estimation]—Serials

age; sex; IQ; time production; temporal response differentiation; timing ability, 31133
 audiovisual integration; temporal perception; auditory flutter; visual flicker; stimulus change; stimulus frequency, 327
 circadian fluctuation; human time perception; psychophysiological factors; working memory; body temperature; healthy males, 15185
 cross modal interaction; temporal order judgment; visual perception; auditory perception; spatial proximity; stimulus onset asynchronies; temporal ventriloquism, 320
 cultural conceptions; social organization; time; ethnographic approach; global influence; cognition, 18208
 divided visual field; hemispheric specialization; temporal discrimination; split brain patient; visually presented stimuli; stimulus duration; stimulus intervals, 8246

drug-induced alterations; cocaine administration; temporal perception; rats; drug injection; time perception; psychostimulant sensitization; tolerance; clock speed, 13036
 duration judgements; schizophrenia; time cues; timing abilities; encoding; cognitive processes, 7866
 frontal cortex; simple reaction-time; reaction-time task; stimulus onset; event-related potentials; temporal discrimination; discrimination task; choice procedure; signal durations; time perception, 3691
 information processing theory; psychophysical approach; stimulus durations; neuropharmacology; time discrimination; cannabinoid modulation; temporal processing; attention; rats, 706
 interval duration; temporal processing; schizophrenia; cognitive deficits; auditory temporal perception; interstimulus interval, 1468
 life planning; young women; paid work; time perception; young adulthood; commitments, 22247
 methylphenidate; time perception; children; attention-deficit/hyperactivity disorder; ADHD; short-term memory, 11464
 patch choice; patch quality; predation risk; foraging decisions; temporal information; chipmunks, 27683
 pigeons; group time intervals; duration; temporal discrimination, 21421
 product design; temporal exploration; time; temporality; affective dispositions; temporal orientation; mental experimentation, 12351
 retroactive interference; timing; duration; cue termination; cue outcome onset; target association; rats, 466
 return inhibition; inhibitory control mechanisms; space; time; inhibitory processes; spatial representations; temporal representations; peripheral cue, 18287
 shiftwork experience; work dissatisfaction; preferred work hours; value of time, 36409
 social contagion; time perception; cognition; word puzzles; mood; social interaction, 10493
 social goals; blocked goals; shortened time; socioemotional selectivity theory; motivational patterns; emotional goals; emotional support; goal prioritization, 16009
 temporal order judgment; stimulus onset asynchrony; intersensory processes; auditory perception; visual perception; hemispheric redundancy; spatial expectancy; spatial orientation; spatial attention, 329
 temporal perspective; small groups; theories; themes; time; social construction; resource; issue for theory & research; group change over time; group temporal patterns; nonlinear dynamics, 10484
 temporal reference; health care institutions; practical knowledge; time management; health care; nursing; work organization, 23531
 temporal ventriloquism; sensorimotor synchronization; auditory localization; visual localization; response bias, 319
 time estimation; test interval; temporal durations; visual illusions, 33687
 time estimation; time perception; memory; age differences; childhood development; temporal generalization, 10196
 time perception; emotional events; facial expressions; duration; neutral expressions, 30664
 time perception; perceived duration; visual events; suprathreshold exposure; unconscious experience; subthreshold exposure; perceptual fluency; awareness, 18268
 time scarcity experiences; time-personalities; time use; time style; marketplace efficiency, 12337
 time-place learning; radial maze; spatial choice; location of food transition cues; rats, 27630
 time-to-contact judgment; approaching objects; partial occlusion; reduced optical size; moving occluder; computer-generated object; optical expansion; time; motion perception; visual perception, 15196
 timing variations; perceptual performance; perceptual compensation; motor control; musical communication; inter-onset intervals; music performance; psychoacoustic intensity; rhythmic grouping, 33671
 underestimation; time perception; repetitive transcranial magnetic stimulation; right dorsolateral prefrontal cortex; virtual lesion; working memory; rDLPFC; rTMS, 15528
 visual stimuli; temporal order judgments; stimulus redundancy; stimulus detection processes; reaction times, 33666
 Weber's law; interval timing; scalar property; chronometric counting; response distribution; stimulus duration, 21254

Time Perception [See Also Time Estimation]—Chapters

Narrative social work with groups: Just in time, 5631

Time Perspective—Serials

action judgment dissociations; children; adults; speed changes; time concept; distance concept; linear conditions; nonlinear conditions; rating scales, 22048
 age; sex; IQ; time production; temporal response differentiation; timing ability, 31133

concrete thinking; distant time; future time; mental representation levels; time construal; abstract thinking; insight; mental representations; creative cognition; temporal distance; problem solving, 30666
 diachronic thinking; temporal organization; science education; spatial thinking; thinking skills; geological transformation, 5825
 drinking problems; alcohol expectancies; reinforcement expectancies; high school students; college students; time perspective, 11001
 future time orientation; spinal cord injury; employment status, 9060
 future time perspective; educational psychology; motivation; self regulation; gender; culture; socioeconomic status; changes over time; development; educational achievement, 26866
 life experience; experiential purchases; material purchases; materialism; happiness; time perspective, 7709
 motivation; future time perspective theory; conceptual learning; performance; persistence; future goals; present behavior, 24533
 narratives; space; time; life; mind; detail distortion, 33835
 photo-elicited narratives; narratives; sociotemporal shift; informants narratives; political disappointment, 18845
 place; time; interactional resources; narrative; conversational stories; adolescent females, 18846
 Stanford Time Perspective Inventory; psychometric properties; Italian version; factor analysis; internal consistency, 9370
 story; narrative theory; time; space; spatial-temporal orientations, 18854
 temporal construal processes; pros; cons; temporal distance; future; decisions, 21336
 temporal experience; time dimensions; organizational members; communication; scale development; validity, 20940
 temporal perspective; small groups; theories; themes; time; social construction; resource; issue for theory & research; group change over time; group temporal patterns; nonlinear dynamics, 10484
 time scarcity experiences; time-personalities; time use; time style; marketplace efficiency, 12337
 young adults; cancer history; emotional goals; social network composition; time perspective, 29069

Time Perspective—Chapters

Construal level theory of intertemporal judgment and decision, 15317
 The evolution of patience, 15315
 Fear as a policy instrument, 17272
 Self-signaling and self-control, 15320
 Subadditive intertemporal choice, 15322
 Summary assessment of experiences: The whole is different from the sum of its parts, 15306
 Time discounting of health outcomes, 15308

Time Series—Serials

cardiovascular mortality; blood pressure variability; panic disorder; anxiety; heart rate; blood pressure time series; chaos, 19563
 police officers; police shooting behavior; deadly force; external influences, 24141
 radial basis function; RBF; function neural networks; temporal fusion; bioacoustic time series; classifier fusion, 14895
 recast effects; foreign language; second language learners; Japanese aspectual form; time series design; language acquisition, 31069
 self-injurious behavior; sequential analysis; developmental disabilities; behavior disorders; behavioral phenotype; observational data; time series, 1695
 student performance; time-series analysis; whole-school reforms, 23796
 treatment effect; short time series; estimation; error covariance matrix, 33606

Timidity—Serials

adolescence; firesetting; adolescence aggression; peer rejection; adolescence shyness; aggressiveness, 7968
 adolescence; firesetting; adolescence aggression; peer rejection; adolescence shyness; aggressiveness, 7972
 emotion regulation; shyness; habituation; neuroendocrine response; temperamental dispositions; stranger approach situation; three-year-old children; behavioral & physiological responses, 31269
 language skills; shyness; preschoolers; expressive & receptive language; phonemic awareness; preschoolers; temperamentally shy; vocabulary, 24926
 path models; instrumentality; expressiveness; social self-efficacy; shyness; depressive symptoms; college students, 28471
 regulation; emotionality; socioemotional functioning; Indonesian children; longitudinal relations; individual differences; shyness; social skills; adjustment; prosocial tendencies; peer liking, 31216
 sensation seeking; shyness; sociability; substance use; US; Canada; prediction, 28875
 shyness; narratives; research, 34712

social anxiety; emotional expressions; facial expression; school children, 13652
 social interaction; social adjustment; social withdrawal; conflicted shyness; social fear; anxiety; preschool students; child attitudes; motivation; early childhood development; mothers, 13226
 trait shyness; actual-own/ought-other self-discrepancy; social interaction discomfort; social cognition, 25312

Tinnitus—Serials

functional hemispheric asymmetry; tinnitus patients; language asymmetry; word dichotic listening; lexical decision tasks, 20082
 hearing disorders; tinnitus; assessment; treatment; masking approach; audiology clinics; tinnitus retraining therapy; evaluation process, 1948
 hearing disorders; tinnitus; clinical management; tinnitus retraining therapy; clinicians guide; patient treatment; initial interview, 1926
 hearing disorders; tinnitus; treatment; tinnitus masking; tinnitus retraining therapy, 1927
 Internet-based self-help; tinnitus; treatment process; cognitive behavioral therapy; self-help, 14082
 neuroimaging transcranial magnetic stimulation; auditory phantom perception; chronic tinnitus; auditory hallucinations; positron emission tomography; magnetic resonance imaging; auditory cortex, 26488
 neuroimaging transcranial magnetic stimulation; auditory phantom perception; chronic tinnitus; auditory hallucinations; positron emission tomography; magnetic resonance imaging; auditory cortex, 26503
 neuroimaging transcranial magnetic stimulation; auditory phantom perception; chronic tinnitus; auditory hallucinations; positron emission tomography; magnetic resonance imaging; auditory cortex, 2289
 psychiatric disorders; tinnitus patients; Internet; diagnostic tools; screening, 30433
 suppression; tinnitus; temporoparietal cortex activation; transcranial magnetic stimulation, 23317
 tinnitus frequency; auditory discrimination; tinnitus severity; treatment success; chronic tinnitus patients; psychological variables; nonspecific training; emotional variables; extended training, 26448

Tinnitus—Chapters

Plasticity of the human auditory cortex, 16871

Tiredness [See Fatigue]**Tissue Donation—Serials**

African American knowledge; organ donation; public communication campaigns; African Americans willingness; persuasive messages, 8684
 African Americans; Organ Donation Readiness Index; organ donation fear; organ donation knowledge; organ donation related factors; confirmatory analysis, 33589
 blood donation; Hong Kong youth; HIV testing; human immunodeficiency virus; AIDS; screening; antibody-testing behavior; risk factors, 23445
 child adoption; India; infertility; donor insemination secrecy; cultural complexities; son preference, 19049
 cord-blood transplants; unrelated donors; myeloablative preparative regimen; Hurler's syndrome; engraftment, 32110
 cord-blood transplants; unrelated donors; myeloablative preparative regimen; Hurler's syndrome; engraftment, 32083
 cord-blood transplants; unrelated donors; myeloablative preparative regimen; Hurler's syndrome; engraftment, 26065
 decision-making process; living kidney donors, 9694
 human tissue bill; mental capacity bill; human tissue use; genetic information; inadequate legislation; mentally ill; qualifying consent; therapeutic research, 36530
 intrinsic religiosity; organ donation; extrinsic religious orientations; intrinsic religious orientation; personality inventories; social orientations; mature religiosity, 13490
 life decisions; middle school students; death decisions; health education; organ donation; tissue donation; family discussions, 35712
 organ donation; gender comparison; Muslims; England; religious beliefs; medical system distrust; moral judgment; disease transmission; eye donation; heart donation; personal rights, 1212
 organ transplant donor card; personality; individual differences; Israeli university students; fear of death; body image perception; authoritarianism; organ donor, 25322
 psychiatric evaluation; living kidney donors; end-stage renal disease; presurgical evaluation; psychiatric issues; informed decision; guidelines, 5553
 sperm provision; sperm providers; ambivalence; narratives; donors; recipients; offspring; donor assisted conception, 32548
 talk; African Americans; communication; family members interaction; organ donation; organ donation willingness; family discussion; family communication; organ donors, 19043

Tissue Donation—Chapters

Egg donation: The mission to have a child, 14241

Gifts of life in *absentia*: Regenerative fertility and the puzzle of the missing genitrix' 14237

Seth, 14240

The story of Seth's egg, 14239

Women's work: The practice of donor insemination amongst some lesbian women, 14236

Tissues (Body) [See Also Bone Marrow, Connective Tissues, Membranes, Nerve Tissues, Skin (Anatomy)]—Serials

abnormal prion protein; variant Creutzfeldt-Jakob disease; tonsil tissues, 22950
 acute stress; gender; isatin; serum; heart tissue; brain; rats, 18665
 brain tissue measures reliability; grey matter; white matter; cerebrospinal volume; cerebrospinal fluid; intracranial box; frontal box; temporal box; parietal box; occipital box, 12873
 early life episodes; diminished vagal tone; histological markers; stress resilience; adulthood; posttraumatic stress disorder; enamel tissue; autonomic nervous system, 13653
 N-Methyl-D-Aspartate receptor; tissue plasminogen activator; mice; dizocilpine; hippocampal lesions, 21503
 social stress; blood T cells distribution; lymphoid organs; body tissues; social confrontation stress; male Fischer rat, 15719
 temporal summation; deep muscular pain; mechanical stimulation; repetitive stimulation; fibromyalgia syndrome; flexor digitorum muscle; forearm; muscle tissue, 16631

Tobacco (Drug) [See Nicotine]

Tobacco (Smokeless) [See Smokeless Tobacco]

Tobacco Smoking—Serials

abstinence rates; recalcitrance; cessation cognitive-behavioral smoking cessation treatments; placebo medication; smokers; pharmacotherapy; nicotine gum; nicotine patch; coping skills training, 5687
 acute myocardial infarction; public smoking ban; hospital admissions, 26117
 acute myocardial infarction; public smoking ban; hospital admissions, 32133
 acute myocardial infarction; public smoking ban; hospital admissions, 32135
 acute myocardial infarction; public smoking ban; hospital admissions, 32136
 addiction treatment; cigarette smoking; tobacco addiction; substance-addicted women; addiction treatment programs; health threat, 23618
 adolescent behavior; cigarette-brand preferences; demographic differences; advertising; Marlboro; Camel; Newport; demographic characteristics, 36453
 adolescent cigarette smoking; self-report verification; biochemical measurements, 13236
 adolescent perceptions; tobacco smoking; quitting strategies; smokers vs nonsmokers; cessation strategies; adolescent smokers; smoking status, 2518
 adolescent personality; novelty seeking; harm avoidance; reward dependence; lifetime cigarette smoking; Attention-Deficit/Hyperactivity Disorder; ADHD; symptoms; comorbidity, 8062
 adolescent smokers; nicotine patch; bupropion; treatment efficacy, 32787
 adolescent smokers; stage of change measures; tobacco smoking, 24161
 adolescent smoking behavior; parental self-efficacy; parenting practices; parental smoking history; adolescent cigarette smoking; parent-child relationships, 10993
 adolescent smoking behavior; smoking rates; legislation; tobacco sales restrictions; retailer compliance; selling cigarettes to adolescents, 14922
 adolescent smoking initiation; daily smoking progression; racial-ethnic differences; smoking onset, 22078
 adolescent smoking: Theory of Planned Behavior; social learning theory; social attachment theory; problem behavior theory, 18952
 adolescent substance use; cigarette; alcohol; marijuana; Australia; United States; cross national comparisons, 4142
 adolescents; alcohol use; tobacco use; family risk moderation; parent social emotional maladjustment; alcohol use trajectories; tobacco use index; Drug Free Years Program; Iowa Strengthening Families, 25880
 adolescents; cigarette smoking; parent-child dyads; adolescent cigarette use; parental family characteristics; home characteristics, 16021
 adolescents; Pacific Islanders; native Hawaiians; drug treatment; Asian American; alcohol; tobacco; drug use, 11030
 African American attitudes; tobacco products; low-income smokers; tobacco control; cigarette excise taxes, 4312
 African American communities; personal choice; lay epidemiology hypothesis; smoking; deprived populations; marketing, 1154
 African American communities; personal choice; lay epidemiology hypothesis; smoking; deprived populations; marketing; socioeconomic disparities, 1158

African American market segment; magazine advertisements; R.J. Reynolds; tobacco industry documents; cigarette smoking; tobacco free population; tobacco control; tobacco company strategies, 6110

African American smokers; genetic susceptibility; smoking cessation; at risk populations; low socioeconomic status; genetic risk; lung cancer, 13405

African American women; smoking cessation; pregnancy; postpartum relapse; low-income population; nicotine addiction, 1655

African American women; White women; ethnic differences; adolescent onset; adulthood smoking initiation; prevention interventions, 14338

alcohol & cigarette & cannabis use; hospital interns; non-consultant hospital doctors, 1660

 tobacco control; Master Settlement Agreement; anti-tobacco policy; tobacco industry; advertising, 13410
 tobacco dependence; mental illness; addiction; nicotinic receptors; attention-deficit hyperactivity disorder; anxiety disorders; smokers, 31683
 tobacco dependence; mesolimbic dopaminergic system; nicotine replacement therapy; bupropion; pharmacological treatment; smoking cessation; non-nicotine medication; antidepressant; cigarette smoking, 14478
 tobacco dependence; nicotine; smoking, 31917
 tobacco dependence; smoking need; adolescent perspectives; addiction; language patterns, 22682
 tobacco epidemic; smoking; women; health effects, 16234
 tobacco industry; tobacco control advocates; youth access restrictions; community organizations; youth tobacco products access; public health policy, 11895
 tobacco interventions; Aboriginal people; smoking cessation; nicotine replacement therapy; evidence-based approach, 29793
 tobacco prevention; tobacco industry; tobacco control programs; tobacco control; Asian Americans; Asian American/Pacific Islander; AAPI; social norms; tobacco use prevalence, 4313
 tobacco product use; smoking experience; cigarette smokers; smokeless tobacco; risky behaviors; California adolescents; cigars; bidis; safety beliefs; tobacco promotion receptivity; nicotine tolerance, 10236
 tobacco products; individual differences; personality determinants; tobacco usage, 19096
 tobacco smoke exposure; cancer treatment; health risks; parent smoking behavior; vulnerable population, 35241
 tobacco smoking; college students; cognitive dissonance; health-risk manipulation; nicotine addiction; intervention; quit smoking, 32802
 tobacco use patterns; teen smoking; tobacco related attitudes; adolescent patients; health promotion; primary care; pediatric care, 16017
 tobacco use; acculturation; Korean descent; epidemiology; cigarette use, 31445
 tobacco use; early intervention; public health policy; smoking prevention; anti smoking campaign; child-centered tobacco prevention; adolescent; children; adults; American individualism, 14311
 tobacco use; quit rates; diabetic adolescents; perceived health; psychosomatic complaints; decision-making autonomy; self-esteem; friends' smoking exposure; personal correlates; social correlates, 26069
 tobacco-control policies; tobacco products; college students; smoking bans; tobacco promotion; US public universities, 17229
 tobacco; free trade agreement; death; public health, 34405
 tobacco; obesity; smoking; health risk factors; epidemics; public health; food industry, 35666
 trait anxiety; nicotine dependence; tobacco dependence; adolescents, 31443
 trends; smoking; pregnancy-states; smoking prevalence; resuming; quitting; postpartum relapse, 4306
 tryptophan depletion; depression; cerebral blood flow; smoking; left frontal lobe hypoactivity, 25590
 university students; argileh smoking; tobacco epidemic; argileh use; health knowledge; students attitude, 31915
 visual hallucination; auditory hallucination; tobacco usage; psychotic features; risk factors; children; adolescents; adult tobacco use, 31692
 weight gain; elderly patients; risperidone-treated patients; schizophrenia disorder; olanzapine treatment; metabolic changes; smoking status, 14156
 women smokers; cross-sectional data; health hazards; osteoporosis; women smoker perception; smoking-related health risks; cigarette smoking; smoking cessation, 16886
 women smokers; smoking cessation; cervical cancer link; information; coherent explanation; perceived vulnerability; intention; motivation; behavior change, 29523
 young adults; public health; educational efforts; prenatal exposure; college students; tobacco smoking; marijuana; adolescent drug abuse; second hand smoke; Gateway theory, 11024
 young adults; tobacco use; coping style; weight concerns; exercise level; undergraduates; depressive symptoms; psychological correlates; risk factors, 1451
 youth smokers; cigarette purchasing; store clerk behavior; manipulative behavior; ecological validity, 35036
 youth smoking; maladaptive coping strategies; social psychological theories; middle school students; development theories; socioeconomic status, 13223

youth tobacco access; assessment validity; standard compliance protocol; tobacco consumption; familiarity protocol, 10245
Tobacco Smoking—Chapters
 Prevention science: Participatory approaches and community case studies, 18243
 Self-regulatory failure and addiction, 13763
 Smoking cessation in cancer patients: Never too late to quit, 16711
 Tobacco, alcohol, and other drug use in adolescence: Modern-day epidemics, 22698
Toes (Anatomy) [See Feet (Anatomy)]
Tofranil [See Imipramine]
Toilet Training—Serials
 caregiver training; incontinence; toilet training; diaper wearing, 19890
 pervasive developmental disability; toilet training; Azrin-Fox procedure, 17007
Token Economy Programs—Serials
 behavior change; token economy effectiveness; change perception; problematic classroom behavior; treatment acceptability; child behavior; preschool children; contingency management, 26298
 conduct problems; residential care; token economy, 23175
 food acceptance; food refusal; escape contingency; negative reinforcement; token-based differential reinforcement, 2049
 Level System; whole-class token economy; teacher skill coaching; preschool classroom; disruptive behavior; Child-Directed Interaction; Parent-Directed Interaction; Parent-Child Interaction Therapy, 17728
Token Reinforcement [See Secondary Reinforcement]
Tolerance [See Also Tolerance for Ambiguity]—Serials
 active interview strategies; sociological deviance; tolerance; tattoo artists; drug reform advocates; good cop bad cop, 9536
 amphetamine hypophagia; tolerance; suppression learning; stereotyped movements; rats; behavioral adaptation; temporal licking, 21927
 children thinking; belief diversity; early school years; relativism judgments; tolerance judgments; disagreeing persons, 31264
 family violence; violent behavior; prevalence rates; living conditions; tolerance; coping; family member; prevention; causal analysis, 31875
 gender role conflict; harassment tolerance; effectiveness of harassment training; psychoeducation program; men, 11342
 homophobia; morally conservative; discourse; governmental law repeal; disclaiming; tolerance, 34538
 individual differences; tolerance; thinking; logical contradictions; validity, 33501
 methamphetamine; amphetamine; working memory; tolerance; extinction; rats, 3975
 political tolerance; psychological closure; terrorist attacks; social psychology; fear; anger; moral outrage; value affirmation; perceived threat; ingroup affirmation, 28433
 price harmony; ethos delivery; tolerance; respect; mutual understanding; integrated school; teachers methods; school diversity, 30054
 sexual abuse scandals; Catholic Church; emotional strength; maturity; tolerance; emotions; patience; self-acceptance; guilt, shame, 25797
 sexual harassment; tolerance; gender differences; ambivalent sexism; social dominance; gender roles, 25842
Tolerance (Drug) [See Drug Tolerance]
Tolerance for Ambiguity—Serials
 ambiguity tolerance; psychological mindedness; magical thinking; magical ideation; locus of control; personality variable; cognitive style, 25320
Toluene—Serials
 basal ganglia; psychiatric symptoms; toluene users; drug abuse, 26438
 behavioral effects; subchronic toluene exposure; toluene-induced ototoxicity; behavioral disturbances; neurotoxicity; subchronic noise exposure; rats; locomotion; rearing; tyrosine; tryptophan, 24785
 toluene dependence; cross-sensitization; diazepam; locomotion; CNS depressants; mice; handling-induced convulsions; locomotor effects, 21924
Tomography [See Also Magnetic Resonance Imaging]—Serials
 acute phenylalanine/tyrosine; positron emission tomography; magnetic resonance images; dopamine, 21504
 age-associated memory impairment; normal aging; AAMI; AAMI patients; age associated memory impairment; P300 source localization, 11223
 benzodiazepine receptors; major depression; SPECT; iomazenil; GABA; gamma aminobutyric acid; magnetic resonance spectroscopy, 1428
 bilingual patient; positron emission tomography; language mapping; left posterior temporal cavernous angioma, 583

brain function; neurophysiological correlates; cerebral blood flow; blood-oxygen level-dependent signals; functional neuroimaging; neural activity; afferent function, 21623

cerebral blood flow; obsessive compulsive disorder; behavior therapy; OCD patients; neuroimaging; obsessive-compulsive disorder; treatment-refractory patients, 2056

computed tomography; dementia assessment; clinical decision-making; outpatient evaluation; memory disorders, 26130

dementia diagnosis; brain changes; Alzheimer's disease; vascular dementia; computed tomography, 32176

diffuse optical imaging; hemodynamic evoked response; sensorimotor cortex, 7047

dopamine transporter; norepinephrine; bupropion SR; depression; smoking cessation; positron emission tomography, 741

electromagnetic tomography; electroencephalography; psychotic symptomatology; prefrontal cortex; schizophrenia; temporal lobe; frontal lobe; left hemisphere, 19464

electromagnetic tomography; major depression; right hemisphere; prefrontal cortex; electroencephalography; left anterior functional hypoactivation, 19372

endogenous dopamine; repetitive transcranial magnetic stimulation; primary motor cortex; macaque monkeys; neuropsychiatric disorders; depression; Parkinson's disease, 18596

event related brain potentials; subliminal priming; response facilitation; response inhibition; functional imaging, 6881

fluvonaxamine; pain sensation; human brain; antinociceptive effect; pain processing, 15786

functional neuroanatomy; selective attention; compensatory processing; autism; autistic spectrum disorders; brain; spatial attention, 8051

functional neuroimaging; prefrontal networks; prefrontal cortex; functional connectivity; cognitive aging, 3720

functional neuroimaging; psychiatric disorders; positron emission tomography; functional magnetic resonance imaging; clinical psychiatry, 25510

healthy elderly persons; positron emission tomography; Alzheimer disease; memory tasks; brain activation; cognitive reserve mediated modulation, 22996

hippocampus; receptor binding; 5-HT_{2A}; major depressive disorder; serotonin; positron emission tomography, 13598

methylendioxyamphetamine; behavior; neurochemistry; enantiomers; rhesus monkeys; monkey, 27879

mirtazapine; positron emission tomography; neuroimaging; antidepressant actions; regional central biodistribution; pharmacokinetics, 29357

near-infrared spectroscopy; human brain mapping; tomography; neuroimaging; hemoglobin, 6906

negative symptoms; functional imaging techniques; psychopathological findings; schizophrenia, 7899

neuroimaging correlates; anxiety; pediatric traumatic brain injury; orbitofrontal cortex; temporal lobe; brain lesions; posttraumatic stress disorder, 13553

neuronavigated transcranial magnetic stimulation; auditory phantom perception; chronic tinnitus; auditory hallucinations; positron emission tomography; magnetic resonance imaging; auditory cortex, 26488

neuronavigated transcranial magnetic stimulation; auditory phantom perception; chronic tinnitus; auditory hallucinations; positron emission tomography; magnetic resonance imaging; auditory cortex, 2289

neuronavigated transcranial magnetic stimulation; auditory phantom perception; chronic tinnitus; auditory hallucinations; positron emission tomography; magnetic resonance imaging; auditory cortex, 26503

neurotoxicity; rats; single-photon emission computed tomography; methylenedioxyamphetamine; serotonin transporters; brain; SPECT; ecstasy; SERTs; MDMA, 30842

noninvasive optical imaging; brain imaging; event-related optical signal; frequency domain optical measures, 7049

optical coherence tomography; neuroimaging; spectroscopy; optics; central nervous system, 6848

optical imaging; cognitive neuroscience; brain imaging, 6899

optical techniques; neonatal brain imaging; oxygenation; hemodynamics; metabolism, 7356

Parkinson's disease; single photon emission tomography; cerebral blood flow; episodic memory, 8302

positron emission tomography study; post-ischaemic-hypoxic amnesia; cerebral blood flow; cardiopulmonary arrest; frontal lesions; basal ganglia, 16751

positron emission tomography scans; major depression; 5-HT; hydrocortisone; serotonin receptor binding, 7816

positron emission tomography; Alzheimers disease; dementia; clinical evaluation, 23376

positron emission tomography; bilingual mental lexicon; cognates; non-cognates; phonological retrieval, 559

positron emission tomography; brain maintenance; verbal creative activity; regional cerebral blood flow; parietotemporal regions, 27712

positron emission tomography; GABA; NMDA antagonist; dopamine; PCP; cocaine binding; phenylclidine; raclopride binding; striatum; baboons; PET, 10039

positron emission tomography; microglia visualization; multiple sclerosis patients; peripheral benzodiazepine receptor; immunology-pathophysiology, 22800

positron emission tomography; single-photon emission computed tomography; biological markers; disease course; Parkinsons disease; neuroprotection, 20461

positron emission tomography; thalamic nuclei; autoradiographic techniques; autoradiographic studies; thalamic neurons, 21508

posttraumatic stress disorder; terrorism; optical tomography; neuroimaging; skin conductance response; prefrontal cortex, 7937

prodromal Alzheimer disease; MRI volume; memory impairment; group differences; SPECT activity concentration, 8240

repetitive transcranial magnetic stimulation; regional cerebral blood flow; motor cortex; positron emission tomography; intensity-dependent; 1 Hz, 626

repetitive transcranial magnetic stimulation; regional cerebral blood flow; prefrontal cortex; intensity-dependent; 1 Hz, 627

schizophrenic patients; low resolution electromagnetic tomography; anterior cingulate cortex; event-related potentials; brain electrical dysfunction, 1471

serotonin transporter; positron emission tomography; pigs; neuroimaging; brain; radioisotope, 6850

single photon emission computed tomography; citalopram; selective serotonin reuptake inhibitor; posttraumatic stress disorder, 22596

single photon emission computerised tomography; positron emission tomography; in vivo assessment; molecular imaging; drug development; schizophrenia; research update; neuroimaging; radiotracer binding, 19467

single-photon emission CT; SPECT; ictal/interictal subtraction; refractory partial seizures; surgical patients; surgical outcome, 17173

striatal post-synaptic dopaminergic changes; extrastriatal post-synaptic dopaminergic changes; Huntingtons disease; dopamine receptor dysfunction; Positron Emission Tomography; raclopride, 22838

subcortical ischemic vascular disease; mild cognitive impairment; computed tomography; visual rating scale; validity; Alzheimer's disease; vascular dementia, 6342

Wernicke-Korsakoff syndrome; amnesia; frontal lobes; FDG-PET; 18-fluorodeoxyglucose, 4881

Tomography [See Also Magnetic Resonance Imaging]—Chapters

Developing mechanisms of self-regulation, 1400

Functional and structural imaging in the study of auditory language processes, 15645

Functional neuro-imaging and models of normal brain function, 15617

New directions in structural imaging, 16445

PET studies on the function of dopamine in health and Parkinson's disease, 16849

Positron emission tomography (PET) neurochemistry: where are we now and where are we going?, 14952

Tone (Frequency) [See Pitch (Frequency)]

Tongue [See Also Taste Buds]—Serials

abnormal tongue-palate contact; disordered lingual articulation; speech; cleft palate; electropalatographic data, 26037

chronic pain; tongue pain; milnacipran; tricyclic antidepressants, 2300

neural coding; gustatory nerve; anterior tongue; neural system; mice; amiloride sensitive neural coding; salt taste discrimination; chorda tympani, 21720

neural connectivity; tongue movement; reading; brain modulation; brain activation, 3775

prey catching; Archer fish; posture; morphology; aiming behavior; eye angle; mouth angle; tongue, 21488

stimulation duration; electrogoniometric detection thresholds; electrical currents; lingual surface; taste function; electrical taste thresholds; anterior tongue, 21256

sublingual cocaine use; cocaine; route of administration, 35028

taste extinction; tactile extinction; tongue; right brain damage; left brain damage; left hemitongue stimulation; right hemitongue stimulation, 22912

Tonic Immobility—Serials

factor analysis; Tail Suspension Test; hyperthermia; genetic heterogeneity; immobility; fear; stress reactivity; mice, 3565

physiological adaptations; fear; rage; pain; hunger; emotional excitement, 34120

Tool Use—Serials

brain; tool use; body schema; neural networks; body shape; body posture; multisensory space coding; humans; animals, 27762

cognitive abilities; tool use; woodpecker finch; Cactospiza pallida, 21437

complex tool use; brain systems; semantic knowledge; functional neuroimaging; neural systems; cerebral hemisphere, 27747

individual lateralization; tool use; New Caledonian crows; Corvus moneduloides; animal foraging behavior, 18516

pandanus-tool manufacture; New Caledonian crow; cognitive abilities; tool use; left laterality; stepped design; congruence, 24546

tool diameter; tool manufacture; New Caledonian crows; tool preference, 24563

tool use; tool making; foodstuffs; orangutans, 15411

tufted capuchin monkeys; Cebus Apella; food reward; visibility of food reward; tool-using behavior; tool transport to food site; efficient foraging, 30788

user-tool interface; grip position choice; rotational inertia; volume; symmetry; eigenvector angle; hand held tools; task constraints; haptic perception, 328

vocal differentiation; coo-calls; tools; food; Japanese monkeys; vocal production; primitive human language; non-human primates; emotional vocalizations, 3514

wild chimpanzees; cultural processes; tool use; fallen trunk; Moukallaba Reserve; Gabon, 15412

Tool Use—Chapters

Case Study 16A. Spontaneous use of tools by semifree-ranging Capuchin monkeys, 6768

Top Level Managers—Serials

adult perceptions; chief executive officers; gender identity; organizational leadership attributes; masculinity, 23998

behavioral agency theory; stock repurchase program; shareholders; business executives, 24022

career development; men managers; women managers; self promotion; retail management, 27053

charismatic leadership; chief executive officers; upper echelons theory; firm performance, 33272

chief executive officer; consulting services; consultant training; client advice, 27099

Chief Executive Officers; managers characteristics; staff attitudes; humanistic approach; positive thinker; achievement orientation; self awareness; leadership, 27068

chief executive officers; professional motivations; professional consultation; management decision making; organizational finances; fraud, 14751

Colin Powell; leadership; transition; generals; admirals; military; executives, 6101

computer software; executives; advice-sharing networks; work-related advice; advice relationships establishment; advice types; information exchange, 17826

creativity; strategic management; decision alternatives; top management teams; decision-making process; management power structure, 33257

cross-cultural adjustment; learning orientation; self-efficacy; socialization; family adjustment; workforce management; business executives, 36345

emotional intelligence; accountability; executive coaching; authority; executive performance & development; organizations; responsibility; interpersonal & informational & decisional roles, 2911

executive coaching; deep interpersonal communication; coaching model; therapeutic intervention, 27019

family-member CEOs; chief executive officer; family-controlled organizations, 23985

firm performance; leadership; chief executive officer; shareholder value; compensation, 33228

gender; long working hours; women; decision-making; public policy support; high-level careers, 27118

general management theory; Executive Behaviour; organization theory; scientific management tradition; top managers; practical rationalization issues, 6021

government service; partnership; senior managers; government strategy, 36257

hostile takeovers; chief executive officer; organizational change; management buyouts; turnarounds; market value, 30203

human resource practices; female leadership; managerial positions; theory perspective; sex ratio; work-life programs; glass ceiling effect, 17794

job analysis; human resource management; organizational performance; information system; strategic planning; top management; competitive advantage, 36292

leadership programme evaluation; chief executives; public sector; job performance; theoretical approach; conflicts; commitment, 33252

leadership styles; Chinese chief executive officers; leader behavior; management models, 30174

long term incentive plans; executive pay; company performance; remuneration packages; United Kingdom, 9112

managerial characteristics; organizational performance; individual manager; attributes; abilities; upper level managers; organizational outcomes; financial success; employee morale, 33226

Martha Wedeman; resignation; Managing Director; Julia Kilmer; behavioral medicine, 23643

Top Level Managers—Serials

ownership; organizational performance; CEO stock options, 23988
 psychological executive coaching; creative problem-solving techniques; psychologists, 9086
 public relations; chief executive officers; organizational image; salience; positive valence; competency, 30171
 reform efforts; reform agents; success; commitment; middle level managers; top level managers; public administration; organizational change, 27061
 resource-based theory; strategic assets; team cohesion; top management; strategic management simulation; sustainable competitive advantage, 12278
 senior executives; decision makers; active scanning; insights, 27062
 senior executives; self-ratings; other-ratings; self-awareness, 9087
 senior government executives; Internet use; economies; information technology; electronic-government program; information technology literacy, 33377
 senior management; airline industry; deregulation; Ryanair; business strategy; international competition, 6017
 senior managers; case study research; middle managers; work narrative; United Kingdom hospital; National Health Service; NHS, 17856
 small and micro enterprises managers; negotiating obstacles; weakness negotiation; management training programmes; managers development, 27048
 strategies; strategic marketing; typologies; Australia; top managers; management perceptions, 9204
 stress intervention workshop; experiential activities; stress reduction; coping enhancement; behavioral change; work satisfaction; upper level managers, 12282
 top management; organizational performance; decision-making accuracy; management succession; performance consequences, 12275
 work establishments type; women; top management positions; management position level; management turnover; management salary; employee development employee promotion; industry type, 6016

Top Level Managers—Books

When opposites dance: Balancing the manager and leader within, 2912

Topography—Serials

attentional control; dorsolateral prefrontal cortex; anterior cingulate cortex, 27727
 brain symmetry; lateralized event-related potentials; topographic analysis; lateralized readiness potentials, 6961
 fractal dimension; landscape silhouette outlines; landscape preference; aesthetic experiences, 24861
 inspiratory occlusion; startle reflex; scalp topography; stimulus familiarity, 18674
 marijuana use; tobacco smoking topography; tobacco-dependent adolescents; smoke inhalation pattern, 25861

Torticollis—Serials

antipsychotic medication; second generation antipsychotics; torticollis; neck muscle contractures; quetiapine; haloperidol; clozapine; schizophrenia patient; side effect medications, 35528
 spasmodic torticollis; alexithymia; risk factor; exacerbation; physiological responses; motor responses; subjective responses; cervical spine, 29121

Torture—Serials

cognitive-behavioral treatment; tortured asylum seekers; treatment outcome; post-traumatic stress disorder; anxiety; depression, 26273
 doctors; torture; ethics; medical personnel; responsibility; Iraq war; prisons; Afghanistan, 32980
 ego strengthening; zero balancing; exposure therapy; hypnosis; torture; posttraumatic stress disorder; refugees, 20425
 health professionals; medical ethics; mental health; human rights; doctors; torture, 32975
 psychological distress; Lebanese war hostages; Lebanon; prisoners of war; POW; torture; captivity-related factors; psychosocial variables, 4188

Totalitarianism—Serials

political violence; survival strategy; fear; vulnerability; citizens; fear experiences; fear suppression; fear denial; domination, 22164

Totalitarianism—Chapters

Film as an abreaction of totalitarianism: Vinko Bršan's *Marshal Tito's Spirit* (1999), 821

Touch [See Tactile Perception]

Touching [See Physical Contact]

Tourette Syndrome [See Gilles de la Tourette Disorder]

Tourism—Serials

boundaries; nature; tourism, 12328
 community characteristics; community change; community development; tourism; forestry, 19006
 culture commoditization; tourism; Maya village; Mayan culture; Belize; cultural traditions, 16136
 ecotourists; ecotourist businesses; eco-tangibles; environmental degradation; tourist expectation, 14864

Edinburgh Festival; creativity; tourism-historic city; international performing arts; tourists; cultural tourism; Scotland; Scottish performing arts, 13109

environmental ethics; tourism stakeholders; conservation; ethical stance; non-anthropocentric environmental ethic; eco-holism, 14863

green tourism development; marketing concept; market segment; South Korea; green tourists; tourist destinations, 17920

hotel business; Severe Acute Respiratory Syndrome; SARS; international travellers; hotel guests; hospitality & hotel industry; epidemic crisis, 12239

job satisfaction; subjective norms; employees socialization; workplace benefits; workplace atmosphere; socialization outcomes; turnover intentions; family-contact events, 14769

labor mobility; tourism; rural region; urban region; mobility patterns; tourism employment; education-occupation compatibility; work-life relationship, 13255

notices; tourist behavior; communicating signs; social control; taxonomy, 17918

pay levels; tourism employment; socioeconomic factors; inflationary pressures; industry norms, 17775

personal characteristics; visitation patterns; heritage tourism; site attributes; place perception; tourists' behavior; site management, 14816

recreation; hierarchical linear modeling; tourism, 33321

risk perception; tourist roles; international tourism; familiarity seeking, 12325

service quality; SERVQUAL scale; travel agency; travel agents; SERVQUAL reliability; test validity, 12438

tourism; nationalism; heritage sights; domestic tourists; national identity; historical evidence; nationhood; museums; foundational history, 13316

tourism; student tourism; MBA study mission; international student market; student perception; host countries, 14677

tourist use; resident use; shopping space, 12327

tourists sentiments; marketing; market segmentation, 14827

Toxic Disorders [See Also Carbon Monoxide Poisoning, Drug Induced Congenital Disorders, Lead Poisoning, Narcosis, Neuroleptic Malignant Syndrome, Toxic Encephalopathies, Toxic Hepatitis]—Serials

behavioral impairments; chronic manganese poisoning; manganese chloride; rats; maze learning; memory; avoidance reactions; stereotypes, 15808

cognitive deficits; adult rats; lead intoxication; regional specific inhibition; constitutive nitric oxide synthase; sub-chronic lead doses; hippocampal long-term potentiation; perforant path, 12999

deaths from injury and poisonings; demographic characteristics; suicide; trends; self destructive behavior; alcohol abuse; drug abuse; suicide prevention, 1347

lithium toxicity; side effects; renal insufficiency; bipolar disorder; hypercalcemia; food & water aversion, 11467

multiple chemical sensitivities; somatization disorder; agoraphobia; depression; marital problems; anxiety disorders; metacognition; cognitive therapy, 5205

oxygen radicals; brain; ammonia intoxication; rat brain; rats, 7216

Piper methysticum; kava; cognitive impairment; intoxication; eye saccades, 1648

poisoning; older adults; drug reactions; ingestions; suicide; drug metabolism, 29448

psychological functioning; psychological abnormalities; emotional distress; serum dioxin; anxiety; somatization; depression; emotional distress; herbicides; Vietnam veterans, 13854

Toxic Disorders [See Also Carbon Monoxide Poisoning, Drug Induced Congenital Disorders, Lead Poisoning, Narcosis, Neuroleptic Malignant Syndrome, Toxic Encephalopathies, Toxic Hepatitis]—Chapters

Forensic neurotoxicology, 4833

Toxic Encephalopathies—Serials

asterixis; toxic encephalopathy; gabapentin; oxcarbazepine; elderly patients, 11674

neurological impairment; cognitive impairment; leaded gasoline encephalopathy; chronic gasoline abusers, 29099

Toxic Hepatitis—Serials

hepatotoxicity; citopuram; liver damage; depression; side effect, 26393

Toxic Waste [See Hazardous Materials]

Toxicity [See Also Neurotoxicity]—Serials

Alzheimer's disease; beta amyloid protein; neocortex; toxicity; metal ions, 8223

AMPA receptor; excitotoxic action; mouse cerebellar granule cells; neuronal cell death; kainate selective receptor antagonists; cyclothiazide, 10043

amyloid β protein; trophic properties; toxic properties; anti-oxidant activity; oxidative stress; brain trauma; Alzheimers disease, 12803

anticholinesterase toxicity; donepezil; antagonism; scopalamine; diisopropyl fluorophosphate; oral anticholinesterase; male rats; cholinesterase inhibitor effects; hypothermia; hypokinesia; diarrhea, 13019

biochemical properties; toxicological properties; alcohol metabolism; CYP2E1; oxidative stress; pharmacology; human heptoma; HepG2; toxicity, 24793

delirium; valproic acid; lamotrigine toxicity; drug dosages; medication; multiple sclerosis; partial seizures; depression; anxiety, 32556

developmental toxicity; terbutaline; DNA synthesis; rat brain; rat heart; rat liver; cell replication; cell differentiation; tocolytic; postnatal exposure; adrenoceptors, 3901

ecstasy; MDMA; serotonergic neurons; rats; binge ingestion; rectal temperature; room temperature; repeated doses; hyperthermia; neurotoxicity; thermoregulation; 3,4-Methylenedioxymethamphetamine, 24811

glucose metabolism; glioma cells; gliotoxins; astrocytes; sodium-dependent glutamate transporters; amino acids; LDH; lactate dehydrogenase; labelled lactate; labelled alanine; gliotoxic amino acids, 9822

neuroprotective effects; central nervous system; neuronal survival; neurotoxicity; natural polyphenols; primary cultured central neurons; glutamate induced neuronal death; glucose deprivation, 3927

pediatric methylphenidate exposures; poison centers; United States; clinical toxicity, 17053

pseudoginsenoside-F; saponin; ginseng; protective effects; methamphetamine-induced neurotoxicity; anxiety-like behavior; memory impairment; dopamine; mice, 799

selective serotonin reuptake inhibitors; tricyclic antidepressants; overdose; venlafaxine; dothiepin; deliberate self-poisoning; seizures; arrhythmias; coma; serotonin toxicity; ICU admission, 8558

thiol conjugate excretion; valproic acid; high risk epilepsy patients; monotherapy; polytherapy; hepatotoxicity; age effects, 17164

toxic mold; mycotoxins; stachybotrys; fusarium; trichoderma; aspergillus; penicillin; cladodermium; alternaria; trichothecenes; mold spores, 8109

Toxins [See Poisons]

Toys—Serials

pretend toy play; toddlers; disabilities; inclusive classroom; program components, 33184

Trachea—Serials

phonation offset; tracheoesophageal speech; laryngeal speakers, 24622

Tracking [See Also Rotary Pursuit, Visual Tracking]—Serials

apparent motion; contrast detection; second order apparent motion; second order texture contrast defined motion, 9581

appetitive latent inhibition; stimulus preexposure; sign tracking responses; goal tracking responses; rats, 9754

automated tracker; manual task; navigation systems; target monitoring; monitoring task; task performance, 36497

bipolar disorder; developmental disabilities; rating scale; tracking instruments, 13793

developmental disabilities; developmental disability; bipolar disorder; tracking system, 13800

self adaptive output tracking; active binocular tracking; on-line computation; binocular head trajectories; neural network; mathematical model; robotic systems, 24107

slime-trail tracking; predatory land snails; predatory behavior; nitric oxide synthase; neural processing; glutamate; arginine; sensory processing; learning; mating behavior, 557

Tractotomy—Serials

chronic cluster headache; episodic headache; paroxysmal hemiparesis; bulbar trigeminal tractotomy; surgery; pain recurrence, 23379

Traditionalism [See Conservatism]

Traffic Accidents (Motor) [See Motor Traffic Accidents]

Trainable Mentally Retarded [See Moderate Mental Retardation]

Training [See Education]

Training (Athletic) [See Athletic Training]

Training (Clinical Methods) [See Clinical Methods Training]

Training (Clinical Psychology Graduate) [See Clinical Psychology Graduate Training]

Training (Community Mental Health) [See Community Mental Health Training]

Training (Graduate Psychology) [See Graduate Psychology Education]

Training (Mental Health Inservice) [See Mental Health Inservice Training]

Training (Motivation) [See Motivation Training]

Training (Personnel) [See Personnel Training]

Training (Psychiatric) [See Psychiatric Training]

Training (Psychoanalytic) [See Psychoanalytic Training]

Training (Psychotherapy) [See Psychotherapy Training]

Tranquilizing Drugs [See Also Amitriptyline, Doxepin, Haloperidol, Minor Tranquilizers, Neuroleptic Drugs, Pimozide]—Serials

- anxiolytic effects; antidepressant effects; riparian II; mice; drug dosages; methyl ethers; tyramine, 24853
 anticonvulsants; anxiolytics; tiagabine; GABA; psychopharmacological mechanisms; gamma aminobutyric acid; anxiety; pathogenesis; neurotransmission, 23301
 anxiety-related behaviors; anxiolytic effect; NK1-receptor antagonist; hypertensive rats; open field behavior; elevated plus-maze behavior, 10053
 anxiety; elevated plus-maze; one trial tolerance; anxiolytic effect; receptor activity; repeated administration; drug responsiveness; receptor ligands; arms avoidance; male rats, 9952
 anxiolytic properties; antipsychotic alkaloid alstonine; mice, 18726
 anxiolytic-like effects; rose oil inhalation; plus maze test; adult male rats; diazepam, 12985
 anxiolytics; cognitive flexibility; problem solving; stressors; anxiety; anagrams propranolol; lorazepam; noradrenergic system, 24851
 chick separation stress; anxiolytic screen; meprobamate; pentobarbital; chlordiazepoxide; buspirone; imipramine; clonidine; amphetamine; scopolamine; caffeine; chlorpromazine; haloperidol, 12993
 diazepam; NK1 receptor antagonists; neurokinin receptors; anxiety-related behavior; novelty; substance P; anxiolytic-like effects; contingent punishment; conflict paradigms; Compound L, 745
 DOI; 5-HT_{2A} receptor; anxiolysis, 9979
 magnesium; mice; antidepressant-like activity; anxiolytic-like activity; N-methyl-D-aspartate; glutamate receptor inhibitor, 24840
 metabotropic glutamate receptor; inhibition; neuropeptide Y; receptor antagonist; GABA-benzodiazepine; anxiolytic action; flumazenil; receptor complex; receptor immunoreactivity; amygdala; Wistar rats, 18815
 neurochemical characteristics; ventromedial hypothalamus; antiaversive effects; anxiolytics; anxiety; rats; animal models; camphor; chlordiazepoxide; phenibut; indoter; GABA; dopamine; serotonin, 15813
 one-trial tolerance effect; elevated plus-maze test; anxiolytic action; male Wistar rats; chlordiazepoxide effect; drug state, 718
 rapid tranquilisation practice; consultant psychiatrists; droperidol; lorazepam; haloperidol; clinical care, 8537
 social anxiety disorder; adverse events; drug efficacy; anxiolytic pregabalin; drug safety, 20375
 substance-abuse treatment; tranquilizers use; substance use; women; addiction, 23610
 testosterone metabolism; hippocampus; anti-anxiety effects; rats, 30974
 therapeutic classification; psychoactive drugs; anxiolytics; antidepressants; antipsychotics; psychostimulants; rat; brain; statistical validity, 15812
 tranquilization; emergency treatment; behavioral disturbances; psychiatric emergencies; pharmacological treatment; atypical antipsychotics; agitation, 35834
 Ziprasidone; Schizophrenia; antipsychotics; QT interval, 20403
Transactional Analysis—Serials
 acute psychotic states; transactional analysis; ego states; personality; psychopathology; psychotic structure; external stimuli; developmental stages; therapeutic actions; psychological interpretation, 13621
 individual psychotherapy; transactional psychoanalysis; transference; countertransference analysis; psychoanalytic interpretation; work setting; psychodynamics, 14106
 psychoanalytic psychotherapy; patient communications; unconscious content; conscious content; psychological games; child ego; Robert Langs; Eric Berne, 14112
 transactional analysis; ego states; Eric Berne; human aspirations; limiting forces; individuation; Rosarium Philosophorum; natural growth force; transference, 14071
 transactional analysis; ego states; faculty-teacher; student-teacher; communication, 14671
 transactional analysis; group therapy; ego states; ego state perception, 14091
Transcranial Magnetic Stimulation—Serials
 abnormal cutaneous motor integration; sensorimotor interactions; electrical stimulation; fingers; motor evoked potentials; cerebellar syndromes, 16831
 area V1; perception of moving phosphores; transcranial direct stimulation; young adults; middle aged adults, 3597
 automated method; transcranial magnetic stimulation; TMS; motor activity; cortical inhibition; contralateral silent period; voluntary muscle activity, 15088
 cathodal DC polarization; inhibition; transcranial magnetic stimulation; human motor cortex; transcranial electric stimulation; cortico-spinal excitability, 15667
 central fatigue; corticospinal activity; motor cortex; patients; transcranial magnetic stimulation, 8270
 chronic depression; transcranial magnetic stimulation; recurrent episodes; treatment effectiveness evaluation, 26454
 cognitive performance; repetitive transcranial magnetic stimulation; task performance; alpha frequency, 15654
 cortical control; voluntary blinking; transcranial magnetic stimulation, 27825
 cortical inhibition; transcranial magnetic stimulation; antipsychotic medications, 9972
 cortical motor neuron excitability; peripheral nerve injury; transcranial magnetic stimulation; TMS; evoked spinal cord potentials; unilateral brachial plexus injury, 16780
 depressive episode; repetitive transcranial magnetic stimulation; major depression; disorder severity; neuropsychological assessment, 16880
 endogenous dopamine; repetitive transcranial magnetic stimulation; primary motor cortex; macaque monkeys; neuropsychiatric disorders; depression; Parkinson's disease, 18596
 flumazenil; intracortical motor excitability; transcranial magnetic stimulation, 27903
 gender differences; repetitive transcranial magnetic stimulation; schizophrenia; rTMS; pre-treatment hypofrontality, 1479
 hemispheric asymmetry; motor cortical inhibitory tone; transcranial magnetic stimulation, 27743
 high frequency transcranial magnetic stimulation; low frequency transcranial magnetic stimulation; regional cerebral blood flow; depression; transcranial magnetic stimulation, 2255
 human brain polarization; non-invasive modulation; brain excitability; transcranial brain stimulation; motor potentials; neuronal firing; direct current; electrophysiology, 15669
 human motor cortex; transcranial magnetic stimulation; theta burst stimulation, 30897
 interleaved transcranial magnetic stimulation; lamotrigine; cortical excitability; brain circuits; functional magnetic resonance imaging; motor cortex, 27758
 left prefrontal; repetitive transcranial magnetic stimulation; schizophrenia; therapeutic effects; positive and negative symptoms; neuropsychological functioning; hormones, 28710
 magnetic seizure therapy; transcranial magnetic stimulation; electroconvulsive therapy; seizure characteristics; electrophysiology; cognitive side effects; major depression, 1432
 migraine; transcranial magnetic stimulation; cortical information processing; electrophysiology; cognitive disturbances; subcortical structures; evoked potentials; cerebral cortex; Medline; aura, 16628
 motor imagery; corticospinal excitability; abductor pollicis brevis; phasic thumb abduction; abductor digiti minimi; temporal stimulation; spatial stimulation; F wave; thumb; imaged movement, 15585
 network model; perceptual suppression; transcranial magnetic stimulation; neurons; activity localization, 24117
 repetitive transcranial magnetic stimulation-induced mania; antidepressants; bipolar disorder, 35593
 repetitive transcranial magnetic stimulation; antidepressant effects; older outpatients; depression; treatment-resistant major depression, 26456
 repetitive transcranial magnetic stimulation; episodic verbal memory; memory task; cortical activity; working memory; dorsolateral prefrontal cortex; right cerebellar hemisphere, 3697
 repetitive transcranial magnetic stimulation; mood; brain; mid-dorsolateral frontal cortex, 24723
 repetitive transcranial magnetic stimulation; poststroke depression; alternative treatment; refractory depression, 17104
 repetitive transcranial magnetic stimulation; schizophrenia; verbal hallucinations, 2251
 repetitive transcranial magnetic stimulation; ties; prefrontal cortex; motor cortex; Tourette syndrome, 26445
 repetitive transcranial magnetic stimulation; TMS; left primary motor cortex; regional cerebral blood flow; rCBF; sound & electrical stimulation, 3690
 right prefrontal transcranial magnetic stimulation; medication resistant depression; therapeutic effects; brain, 16882
 single pulse transcranial magnetic stimulation; isochronic performance; sequential isochronous movements; spatiotemporal integration, 34073
 slow frequency repetitive transcranial magnetic stimulation; rTMS; motor cortex excitability; reaction time, 7074
 somatosensory cortex; ischemia; motor excitability; transcranial magnetic stimulation; electrical peripheral nerve stimulation; intracortical facilitation; intracortical inhibition, 16723
 spinocerebellar ataxia; neurodegenerative disorder; cortical interneurons; cerebellar disorders; idiopathic cerebellar ataxia; cortical silent period, 35319

- suppression; tinnitus; temporoparietal cortex activation; transcranial magnetic stimulation, 23317
 task-specific impairments & improvements; motion form conjunction; color form conjunction; expectations; transcranial magnetic stimulation; cortical visual area V5, 3626
 transcranial magnetic stimulation; auditory hallucinations; schizophrenia, 31776
 transcranial magnetic stimulation; depersonalization disorder; treatment-resistant condition, 35594
 transcranial magnetic stimulation; functional neuroimaging; brain-behavior relationships; cognitive brain research; neuroimaging techniques, 12920
 transcranial magnetic stimulation; hereditary spastic paraparesis; chromosomes; spastin mutations; paraplegic mutations; motor evoked potentials; cortical excitability; family members, 8153
 transcranial magnetic stimulation; motor evoked potential; muscle activation; cognitive processes; motor processes; cortico-spinal excitability, 7037
 transcranial magnetic stimulation; reorganization; hand motor area; corticospinal excitability; first dorsal interosseus; FDI; motor cortical representation; ischemic stroke, 8188
 transcranial magnetic stimulation; specific cortical areas; cognitive neuroscience; psychological models; cognitive functions; cognitive studies, 530
 transcranial magnetic stimulation; TMS; repetitive TMS; depression; depression treatment, 20373
 transcranial magnetic stimulation; TMS; sensorimotor cortex; medial frontal cortex; pain perception; painful input; midline occipital cortex; medial frontal cortex, 15520
 transcranial magnetic stimulation; treatment resistant depression; high versus low frequency; prefrontal cortex; left brain; right brain, 2250
 transcranial magnetic stimulation; two-point discrimination; tactile threshold; sensorimotor cortex; tactile perception; median nerve; somatosensory evoked potentials, 12880
 transcranial magnetic stimulation; visual word recognition; foveal representation; cerebral hemispheres; vertical meridian; right hemisphere; visual fields, 15212
 underestimation; time perception; repetitive transcranial magnetic stimulation; right dorsolateral prefrontal cortex; virtual lesion; working memory; rDLPFC; rTMS, 15528
 visual hallucinations; transcranial magnetic stimulation; illusions; occipital stroke; suppression; Charles Bonnet Syndrome, 1863
Transcranial Magnetic Stimulation—Books
 Plasticity in the human nervous system: Investigation with transcranial magnetic stimulation, 15605
Transcranial Magnetic Stimulation—Chapters
 Functional relevance of cortical plasticity, 15611
 Techniques of transcranial magnetic stimulation, 15639
 Therapeutic uses of rTMS, 16896
Transcultural Psychiatry—Serials
 apprenticeship; illness; performance; intercultural work, 802
 cross-cultural differences; cross-cultural psychiatry; cross-cultural psychology; psychiatric epidemiology; value orientations; prevalence of psychiatric disorders & psychological complaints, 31704
 cross-cultural psychiatry; cross-cultural studies; psychiatric disorders, 5134
 cross-cultural psychiatry; mental health disparities; culture; mental illness; quality of care; mental health service; inequities; sociocultural processes, 2410
 cross-cultural psychiatry; mental health disparities; culture; mental illness; quality of care; mental health service; inequities; sociocultural processes, 2383
 globalization; cultural psychiatry; mental disorders; health care access; individual differences, 1938
 indigenous mental health workers; Australia; Aboriginal and Torres Strait Islander, 14389
 selective mutism; behavioral manifestations; illness perceptions; cultural competence; treatment planning; cultural variables; Vietnamese man, 2390
 transcultural psychiatry; psychiatry training; racial disparities; ethnic disparities; minority groups, 29887
 transcultural psychiatry; psychiatry training; racial disparities; ethnic disparities; minority groups; haloperidol; risperidone; olanzapine, 29865
Transcultural Psychiatry—Chapters
 Transcultural family counseling: A case study, 23194
Transducers—Serials
 rat vagal sensory ganglia; visceral sensory neurons; nociceptive transducers; vanilloid receptors coexpression, 6910
Transfer (Learning) [See Also Positive Transfer]—Serials
 anticipatory behavior; Pavlovian paradigm; Pavlovian-to-Instrumental Transfer; rats; appetitive conditioned responding; conditioned stimulus; unconditioned stimulus, 33943

cartoon character; geometric shapes; equivalence test; soft drink; stimulus equivalence; transfer; emergent preferences, 3031

cognitive theory; multimedia learning; personalized version; nonpersonalized version; narration; human respiratory system; conversational style; formal style; personalization; transfer tests, 23883

complex knowledge; performance; knowledge transfer; skill transfer, 20894

cooperative learning; transfer of learning; cognitive factors; social factors; group collaboration; member learning, 31503

exemplar model; prototype model; attentional allocation; category learning; response rule flexibility, 397

feature type; flavored solution; visual cue; auditory cue; feature positive discriminations; transfer; rats, 3490

first language reading skills; second language knowledge; Bosnian Serbo-Croatian speakers; French language; interlingual transfer, 7334

functional cues; position learning effects; runway-trained rats, 21426

individual characteristics; management development; learning design; management learning; business organizations; perceived problems; workplace features; transfer of learning, 27050

learning transfer; holistic approach; systemic model, 36288

long term memory retrieval; use of analogies in problem solving; analogy; cross cultural differences; transfer, 30660

motor learning; motor adaptability; skill learning; knowledge transfer, 12625

Pavlovian backward conditioning; outcome specificity; instrumental transfer; learning retardation; conditioned inhibition, 9760

phonological awareness; low-income children; bilingual preschool children; literacy acquisition; cross-language transfer; receptive vocabulary, 31141

photograph discrimination; visual discrimination; pigeons; learning transfer; novel perspectives; conspecific individuals, 9767

posttraining reinforcer devaluation; associative learning; Pavlovian-instrumental transfer; instrumental training, 18454

practice variability; training transfer; self efficacy generality, 5998

practice; transfer; embedded figures; Gestalt factors; recognition; experience; perceptual abilities, 30610

preadolescents; learning transfer; induction; biology; naive theory, 34298

problem solving performance; knowledge acquisition; dyads; transfer performance; metacognitive thinking; individuals; metacognitive stimulation, 9637

route learning; virtual environment; real environments; transfer of learning, 3387

shape information; behavioral asymmetries; cross-modal transfer; human newborns; visual format; perception; handedness; tactual format; shape recognition, 28091

specific language impairment; second language acquisition; learning transfer, 22783

studying examples; fading worked-out solutions steps; independent problem solving; self-explanation prompts; near & far transfer; instructional procedures, 2728

subgoal learning approach; transfer; statistics; conceptually oriented equations; elaborations; studying; computationally oriented equations; solution procedures, 2776

syntactic transfer; English as a second language; second language learners; adverbs; verb transitivity; relative clause, 27980

teaching strategies; teaching practices; teacher preparation course; classroom practice; self-efficacy; self-reflection; occupational stress; gender differences; self control, 14583

transfer effects; visual-spatial conditional learning; rats; selective lesions; medial septal/vertical limb of diagonal band; medial/septal diagonal band; cholinergic neurons, 6913

transfer of training biases; anxiety; emotionally biased interpretations; homographs; ambiguity; judgment, 6581

transfer; acquired coordination; forepaw movements; head movements; tonic elevation; trained dogs, 9769

workplace literacy skills; individual learning transfer system perceptions; training related factors; skill differences; variations, 30143

Transfer (Learning) [See Also Positive Transfer]—**Chapters**

Sense of presence in virtual training: Enhancing skills acquisition and transfer of knowledge through learning experience in virtual environments, 3082

Transfer of learning: Evaluating workplace transfer of training techniques, 2904

Transferases—Serials

beta amyloid plaques; aging; choline acetyltransferase; Alzheimer's disease; cholinergic dysfunction; pathological brain tissue; pro-inflammatory cytokines; beta amyloid cytokines; transgenic mice, 12861

catechol-o-methyltransferase genotype; dopamine regulation; executive cognition; prefrontal cortex; schizophrenia risk; neurotransmission; tyrosine hydroxylase; midbrain; psychosis; polymorphism, 15471

interindividual differences; genetic polymorphisms; glutathione S-transferases; smoking behavior; risk factors, 27704

test comparison; alcohol use test; Helsinki Alcohol Use Test questionnaire; Alcohol Use Disorders Identification Test; glutamyl transferase; carbohydrate-deficient transferrin; screening; workers, 24159

Transference (Psychotherapeutic) [See Psychotherapeutic Transference]

Transformational Leadership—Serials

charismatic leadership; chief executive officers; upper echelons theory; firm performance, 33272

effective leadership; transformational leadership behavior; organizational outcomes; organizational change; leaders social context; peer leadership behavior; cynicism, 33253

environmental factors; intraorganizational factors; contextual factors; organizational learning; schools; transformational leadership; supportive school culture, 30037

individual differences; charismatic leadership; workplace aggression, 17774

Presidential leadership; terrorist attacks of September 11; media responses; charismatic leadership; Presidential speech; rhetorical language; public opinion; crisis, 31049

prototypical image; leaders; Confucian culture; personality; leadership; five-factor model personality traits, 30165

self-other rating agreement; mentoring; transformational leadership; career satisfaction; career development; job satisfaction, 33264

self-sacrificial behavior; crisis situations; charismatic leaders; transformational leader; leadership theories; situational factors; leader behaviors; organization commitment; social perception, 31484

situation awareness; transformational leadership; leadership style; operational readiness; interpersonal influence; senior military officers, 33324

transformational leadership skills; organizational development; organizational change; South Africa, 17860

transformational leadership; karma-yoga; leader-follower relations; leadership style; work effectiveness; follower satisfaction; follower gender; laissez-faire leadership, 36391

transformational leadership; learning goal orientation; career success; mentor-protégé relationships; mutual learning, 33265

transformational leadership; vision; inspirational communication; intellectual stimulation; supportive leadership; personal recognition, 33263

Transfusion (Blood) [See Blood Transfusion]

Transgendered [See Transsexualism]

Transgenerational Patterns—Serials

betel nut chewing; prevalence; parental behavior characteristics; adolescent students; socioeconomic factors; gender differences; intergenerational effect, 28135

caregiver-neonate relationship; transgenerationality; protomental theory; personality structure; intergenerational transmission; unconscious; mental structures; parent-child relationships; protomental, 13235

circumcision; infant males; surgical operation; religious beliefs; social norms; ritual transmission; history; pseudo-rational beliefs, 31302

cross-generational consistency; cross fostering; behavioral development; affiliative behavior; aggressive behavior; foster mother; biological mother; female rhesus macaques, 6718

cross-generational transmission; grooming preferences; macaque mothers; social preference; grooming networks, 27675

depression; alcohol abuse; indigenous Mexican women; Beck Depression Inventory; generational differences; socioeconomic status; rural Mazahua women; drug abuse; socioeconomic status, 34773

divorce; children; family structure homogeneity; intergenerational transmission; marital stability; parental divorce; spouse selection; sociodemographic boundaries, 16157

extreme experiences; attachment; generational effects; trauma; Holocaust survivors; violence; children; parents; family members; at-risk children; loss; abuse, 10150

extreme life events; attachment; life span; intergenerational transmission; trauma, 10148

family history of smoking; stress-induced cigarette craving; smokers, 16227

family therapy; Hurol Fisiloglu; divorce; remarriage; marital adjustment; intergenerational transmission, 35945

father-child relationship; intergenerational transmission; domestic violence research; child development effects; violent families; clinical issues, 16518

fear of failure; intergenerational transmission; achievement motivation; parent-child relations, 31564

gene expression; transgenic caenorhabditis elegans; Alzheimer's disease; animals; human beta amyloid peptide; microarray; inducible expression, 9814

genes; parent-child interaction; family environment; intergenerational transmission; risk factors; family background; conduct disturbance; depression; twins; spouses; children, 19282

Holocaust survivors; transgenerational transmission; Holocaust trauma; grandchildren; family approach, 20206

intergenerational transmission; adolescents influence; parental values; technology usage; religion; authoritative parenting, 25051

intergenerational transmission; relationship violence; gender; social learning models; family of origin; intimate relationships; psychological abuse; perpetration; physical abuse; victimization; role, 1596

intergenerational transmission; somatoform disorders; somatization; attention; mother child interaction, 19844

intergenerational transmission; trauma; war; state terror; memory; development; traumatic experiences; Holocaust survivors; past; history; psychoanalytic theory, 1301

interpersonal stress model; depression transmission; intergenerational transmission; chronic interpersonal stress; maternal grandmother; maternal depression; depressive symptoms; social competence, 28641

marital dysfunction; intergenerational transmission; interpersonal mediators; marital conflict; divorce; newlywed couples; families of origin, 34493

multigenerational transmission; nuclear family processes; Bowen theory; symptom development patterns, 28244

negative relationship behaviors; family-of-origin violence; intergenerational transmission; romantic relationships; semantic networks; violent homes; nonviolent homes, 25826

organizational cultures; subcultural differences; unity; diversity; two generations; employee perceptions; cultural practices; economic reform; state owned enterprises; China, 6044

physical attractiveness; internalized oppression; multigenerational transmission; African American families; aesthetic preference, 34431

political violence effects on children; violence witnesses; political violence trauma; intergenerational transmission; clinical intervention; family therapists, 11441

racial differences; ethnic differences; female headship; generational patterns; temporal patterns; assimilation theory; Mexican-Americans; non-Hispanics, 28325

socioeconomic status; parental education level; health behavior & outcomes; female physicians, 2332

suicidal ideation; adult offspring; parents; parental suicide ideation; suicide attempts; familial transmission, 25801

violence; genocide; intergenerational transmission; human nature; terrorism, 34436

Transgenerational Patterns—Chapters

Attachment theory and family systems theory as frameworks for understanding the intergenerational transmission of family violence, 23192

Gambling in a familial context, 1639

Transistors (Apparatus) [See Apparatus]

Transitional Objects—Serials

language; transitional phenomena; psychotherapy; language switch, 1984

therapeutic process; psychoanalytic psychotherapy; child development; transitional objects, 20264

transitional objects; attachment parenting; breastfeeding; co-sleeping, 28104

transitional objects; photographs; holding environment; transitional space; emotional growth; false self, 26333

Translocation (Chromosome)—Serials

glucuronyltransferase gene; schizophrenia-like psychosis; balanced translocation; chromosome breakpoints; mice, 13634

Transpersonal Psychology—Serials

clinical psychologists; psychotherapists; meditation; transpersonal psychology; psychotherapy; spiritual practices; meditative techniques, 2084

E. A. Torchinov; Religions of the World; Experiences of the Transcendent; transpersonal states; psychopractices, 1064

eye movement desensitization and reprocessing; transpersonal experiences; unborn child; pre-existence; reincarnation; prenatal memory; role of birth; in utero development; prenatal & perinatal trauma, 5381

healing; prenatal trauma; perinatal trauma; eye movement desensitization and reprocessing; therapeutic methods; transpersonal dimensions, 11586

integral transformative practice; psychospiritual practices; mind-centered direction; holistic integration; group retreats; interactive embodied meditations, 2083

interdisciplinary research; idealist world views; spirituality; transpersonal experiences, 2086

test validity; Self-Expansiveness Level Form; Indian students; cross cultural differences, 33505

Volume 91 SUBJECT INDEX

Transpersonal Psychology—Serials

transpersonal diagnosis; differential diagnosis; transpersonal experiences; psychotic states; psychosis; transcendence; assessment; treatment; psychiatric diagnosis; self-assessment, 2085

transpersonal dialogue; spiral-dynamic perspective; structural-hierarchical perspective; depth psychology; theory, 48

veridicality; nonconventional cognitions; transpersonal psychology; measurement, 27428

Transpersonal Psychology—Chapters

Transpersonal images: Implications for health, 23324

Transplants (Organ) [See Organ Transplantation]

Transportation [See Also Air Transportation, Ground Transportation, Public Transportation]—Serials

patients; head injury; emergency medical services transport; treatment refusal; gender differences; age differences, 32745

Transportation Accidents [See Also Air Traffic Accidents, Motor Traffic Accidents]—Serials

accident foreseeability; stress; coping; technological disaster; accident prediction ability, 36492

bicycle helmet usage; seniors; biking; bicycle accidents, 12368

kinematics; neck; rear end impacts; low speed impacts; cervical spine motion; acceleration effects, 354

pressure aberrations; spinal canal; cervical spine; rear end impacts; soft tissue injuries, 1790

Transracial Adoption [See Interracial Adoption]

Transsexualism—Serials

activism; gay; lesbian; bisexual; transgender; media tools; activists, 28034

building community; lesbian; gay; bisexual; transsexuals; youth; social services, 28176

building community; rural settings; gay; lesbian; bisexual; transgender; youth & adult alliance; gay-straight alliance; community based program, 28361

campus climate; student investigators; gays; lesbians; bisexuals; transgendered; self-perception; self-awareness; sexual identity, 36180

drag queen; femininity; masculinity; heterosexuality; homosexuality; sexual desires; sexuality; personal identities; transgenderism, 34575

film; media; misrepresentation; queer; rhetoric; transgender; Boys Don't Cry; gender identity; sexuality, 7593

gay; lesbian; bisexual; transgender; equality; public policy; liberation, 28330

gay; lesbian; transgender; adolescence; psychiatric difficulties; developmental tasks; psychiatry practice, 5131

gay; lesbian; transgender; adolescence; psychiatric difficulties; developmental tasks; psychiatry practice, 5106

homophobia; gay; lesbian; homosexual; transsexual; community; educational value; learning environment; academic potential, 28333

male to female transgender clients; social issues; psychological issues; gay male; lesbians; therapists, 29257

male-to-female transsexuals; prostitution; social workers; sex industry; young transsexuals, 31430

movement; legislation; lesbian; gay; bisexual; transgender; community; lesbian rights; gay rights, 28182

organizing for change; gay rights; lesbian rights; bisexual rights; transgender rights, 28335

patient satisfaction; health care services; transgender patients; sexual health patients; psychotherapeutic services; psychiatric services; sexual medicine, 29589

social justice; lesbian; gay; bisexual; transgenders; communities; civil rights, 30328

transgender people; transgender citizenship; equality; feminism; sexuality, 34558

transgender; Internet; transgender movement; activists; activism, 28035

transgendered individuals; hate crimes; violence; gender; Stephanie Thomas, 31437

transgenders; female; transgender students; blacks; race; sexuality; alternative school; identity, 28336

transsexuality; teacher; adolescents; trauma; psychoanalysis, 7417

transsexuals; social stigmatization; manhood; Cyber community support; sex negotiation; gender mobility; female to male transsexuals, 25213

treatment counselor's attitudes; lesbian; gay; bisexual; transgendered; clients; urban settings; rural settings; counselor competence; homophobia, 23723

Two-Spirit organizing; lesbian; gay, bisexual and transgendered; Aboriginal descent; Canadian society; educational video; HIV; social work, 28352

women; human rights; transsexualism; transgenderism; social activism, 34573

workplace climate; employee well being; lesbian; gay; bisexual; transgendered; LGBT Climate Inventory; test development; test validity, 9494

Transsexualism—Chapters

Identifying and addressing health issues of gay, lesbian, bisexual, transgender (GLBT) populations in rural communities: Psychological perspectives, 4292

Sapphic shadows: Challenging the silence in the study of sexuality, 4282

Understanding transgendered phenomena, 5191

Transvestism—Serials

Charles Busch; drag performance; drag queens; entertainment; gay sensibility; female impersonator; gender dynamics, 34559

cross-dressing; gender stereotypes; drag dressing; parody; performance; exaggeration; gender stereotypes, 34555

drag queen; drag performance; musical genres; gospel music; gay community; Blacks, 34556

drag queen; female impersonators; drag personas; drag identities; women attire; performer life; motivations, 34549

drag queen; femininity; masculinity; heterosexuality; homosexuality; sexual desires; sexuality; personal identities; transgenderism, 34575

drag queens; gender; sexuality; race; culture; heterosexism; sexism; racism; ambivalence; movies, 34552

drag queens; same sex marriage; Christians; faith; gender identities; sexual identities; sexuality; lesbians; gays; bisexuals; transsexuals, 34571

drag; African clothing; homosexuality; cultural authenticity; attire; gay communities; lesbian communities, 34570

escitalopram treatment; transvestic fetishism; serotoninergic neurons; obsessive compulsive disorder, 35561

female impersonation; drag queens; social construction; cultural ideals; feminine; drag performances, 34532

gay male drag; drag performers; sex gender sexuality systems; femininity; sexuality; drag queens, 34572

hijras; drag queens; masculinity; gender performance; subversive possibilities; ritualistic aspect; religious aspect; effeminacy, 34537

White drag; gender performance; race; class; sexuality; drag queens; femininity; drag performances, 34564

Translypnomine—Serials

GABA B; locomotor response; receptor activity; antidepressant response; psychiatric disorders; locomotor activity; stress; translypnomine; TCP; rat brain; amphetamine, 3970

Trauma (Emotional) [See Emotional Trauma]

Trauma (Physical) [See Injuries]

Traumatic Brain Injury—Serials

in-house' alphanumeric paging system; prospective activity impairments; traumatic brain injury; therapeutic applications and intervention; assistive technology for cognition, 29760

academic achievement scores; pediatric traumatic brain injury; academic skills acquisition; cognitive abilities, 16756

acquired brain injuries; delayed reinforcement; physical therapy; self-control; impulsivity, 2486

acquired brain injury; long-term disabilities; long-term care; professional assistance, 35301

acquired brain injury; teacher education; educational programs, 20805

acute dysphagia; traumatic brain injury; cognitive functions; nutrition; pediatric patients; clinical characteristics, 32175

African American acculturation; neuropsychological test performance; traumatic brain injury; neuropsychological tests, 29134

anoxic brain injury; traumatic brain injury; inpatient rehabilitation; stay length; functional outcomes, 35855

anti-inflammatory effects; reactive astrocytes; immune responses; brain injury; pathogens; immune-mediated damage; death receptors; CNS, 4987

antiepileptic drugs; AED; AED prophylaxis; traumatic brain injury; TBI; TBI patients, 5414

arithmetic fact retrieval; traumatic brain injury; multiplication facts; colored representation; rehabilitation, 29757

attentional control; information processing slowness; traumatic brain injury; attentional impairment, 29176

behavioral problems; school performance; traumatic brain injury; youth, 29125

bipolar disorders; head injury; traumatic brain injury; causal association, 31664

BNI Fatigue Scale; initial reliability study; fatigue; brain injury; psychometric properties, 27330

brain injury rehabilitation; rehabilitation staff; training programme evaluation; disability simulation; brain injury simulation, 17522

brain injury survivor; peer counseling, 11229

brain injury; children; neurodevelopment; coping behavior; parent child relationship; intervention, 13936

brain injury; computer-assisted training; memory retraining programmes; amnesia, 32189

brain injury; impulsivity; physical therapy; self-control, 20613

cannabinoid receptor agonist; neuroprotective property; traumatic brain injury; brain edema-reducing efficacy; CB1 receptor signal transduction; BAY 38-7271; rats, 7228

cerebral vascular accident; traumatic brain injury; rehabilitation center; dopamine agonists, 14174

Traumatic Brain Injury—Serials

childhood closed head injury; executive function; outcome relations; injury severity; pediatric populations; brain effects, 16752

childhood head injury; metacognitive processes; injury severity; typically developing children; recall prediction; delayed test; study-recall trials; memory span; overconfidence; language; semantics, 16768

Children's Category Test; criterion validity; test subsets; injury severity; post-injury psychometric intelligence; T-score validity; pediatric traumatic brain injury; psychometric intelligence, 9451

chronic traumatic brain injury; motor recovery; reaction times; movement times; traumatic brain injury, 19997

closed head injury; narrative production; narratives; referential cohesion; logical coherence, 26132

cognitive ability; psychosocial activity; bilateral frontal lobe injury; cognitive deficits; dysexecutive problems, 29191

cognitive development; preterm birth; brain injury; brain plasticity, 10192

cognitive impairments; traumatic brain injury; assistive technology for cognition intervention; web based interventions, 32486

Cognitive Log; Cog-Log; Orientation Log; O-Log; traumatic brain injury; TBI; attention; memory; executive functioning; visuospatial ability, 18159

cognitive mapping; spatial learning; traumatic brain injury; spatial orientation deficits, 13969

cognitive performance; cerebral injury; neuropsychological performance; cognitive impairment; MR markers; MS patients; verbal learning; memory; multiple sclerosis, 16743

cognitive recovery; emotional adjustment; encephalomyelopathy; dysarthria; psychotherapeutic intervention; persistent vegetative state, 14457

community integration measures; psychometric properties; Community Integration Questionnaire; Sydney Psychosocial Reintegration Scale; acquired brain injury, 33462

community participation; occupational therapy; adult traumatic brain injury; quality of life outcomes, 17461

competency; automated machine use; acquired brain injury; neuropsychological measure; functional ability, 35273

comprehensive rehabilitation; close relatives; family adjustment; traumatic brain injury; long-term adjustment; emotional adjustment, 14430

continuous positive airway pressure; hypernatremia; traumatic brain injury; dysarthria; treatment, 32213

conversion disorder; psychiatric comorbidity; frontal lobe pathology; diffuse axonal injury; neurological testing, 35171

coping behavior; traumatic brain injury; emotions; family therapy; parents, 35294

depression diagnosis; depression measures; traumatic brain injury, 13918

depression; traumatic brain injury; validity; reliability; factor structure; brief screening device; Center for Epidemiological Studies-Depression Scale, 33574

developmental perspective; pediatric brain injury; cognitive deficits; developmental lag; achievement; neurocognitive recovery, 1844

diagnostic validity; brain S100 protein; mild traumatic brain injury, 29161

diffuse axonal injury group; information processing speed; stroop neuropsychological screening test; traumatic brain injury, 29111

discourse macrolevel; processing ability; traumatic brain injury; brain injured children; group summary; interpretive lesson statement; narrative text; transformed information; discourse ability, 16742

donepezil hydrochloride; aricept; persistent memory deficits; traumatic brain injury; visual memory; verbal learning; word association; memory functioning, 2313

dual task performance; traumatic brain injury; divided attention; mental effort, 29093

dysphagia; pediatric traumatic brain injury; TBI; head injury; children; incidence factors; characteristics factors; predictive factors, 16801

early inpatient rehabilitation; traumatic brain injury; neurological disability; rehabilitation process; outcome rehabilitation, 17415

electronic memory devices; traumatic brain injury rehabilitation; clinicians' confidence; clinician training, 35852

emotional functioning; emotional responses; mild traumatic brain injury; college athletes; sport-related concussion, 20016

emotional problems; length of loss of consciousness; severity of cognitive impairment; head trauma; traumatic brain injury; personality dysfunction; personality changes, 16765

emotional self regulation; problem solving deficits; traumatic brain injury; group treatment; higher level outpatients; neuropsychological rehabilitation; logical thinking; reasoning, 2490

emotional sequelae; behavioral sequelae; traumatic brain injury, 5079

- emotional trauma; head trauma; auditory hallucinations, 26173
- English past tense; children; early focal brain injury; left hemisphere; right hemisphere; specific language impairment; overregularization; zero-marking, 13543
- epilepsy; brain injury; mortality; quality of life; psychosocial disabilities; health; well being; surgery, 35326
- executive function; ecological validity; neuropsychological assessment; cognitive capacity; behavioral manifestation; brain injury; Behavior Rating Inventory of Executive Function; inventory; validity, 15067
- explicit memory; implicit memory; memory difficulties; free recall; acquired brain injuries; errorless learning without fading; method of vanishing cues; rehabilitation, 29764
- facial emotion perception; traumatic brain injury, 8249
- factor analysis scores; traumatic brain injury; adaptive functioning; memory; executive functions; brain injured children; severity; test age; executive function components; typical children, 16739
- female sex hormones; estrous cycle stage; behavioral outcome; experimental traumatic brain injury; motor performance; cognitive performance; spatial memory, 27805
- fMRI; cognitive rehabilitation therapy; severe traumatic brain injury; neuropsychological testing, 32312
- frontal lobes; consciousness structure; theory of mind; self-awareness; brain injury; focal lesions, 24709
- functional analysis methodology; problematic verbal behavior; acquired brain injury, 22925
- grammaticality sensitivity; judgments; processing times; violation detection; children; early focal brain injury; specific language impairment, 13556
- Halstead Finger Tapping Test; post-traumatic brain injury; neuroimaging, 29169
- health care access; patient rehabilitation; traumatic brain injury; TBI; post-acute care referral pattern; patient characteristics; referral processes; health inequalities, 8835
- impaired movement-related potentials; acute frontal region traumatic brain injury; cortical motor network dysfunction, 29187
- incentive effect; preparation time; classification accuracy; traumatic brain injury; task performance; memory tests, 33582
- Inflicted traumatic brain injury (ITBI); shaken baby syndrome, 8274
- inpatient rehabilitation unit; Patient Competency Rating Scale; traumatic brain injury, 12503
- inpatient rehabilitation; rehabilitation outcomes; traumatic brain injury; donepezil; treatment duration; length of stay; cognitive improvement; treatment outcome, 32569
- IQ; memory score; traumatic brain injuries, 23001
- knowledge based inferences; general knowledge; acquired brain injury; knowledge processing differences, 26168
- language comprehension; working memory; traumatic brain injury; adolescents performance, 29155
- lazoid U-83836E; traumatic brain injury; blood brain barrier; edema; ATPase; rats, 21825
- long-term special education; educational placement; traumatic brain injury; children's needs, 2848
- magnesium therapy; traumatic brain injury; sensorimotor functions; cognitive impairments; bilateral anterior medial cortex; bAMC, 15757
- medical assessment; pain management; traumatic brain injury; cognitive deficits; dysautonomia; behavioral deficits; dysautonomia; neuropathic pain; comorbidity; spasticity; heterotopic ossification, 29221
- mild traumatic brain injury; loss of consciousness; cardiac arrest; arteriosclerotic cardiovascular disease; frontal lobe; autopsy, 35257
- mild traumatic brain injury; postconcussional disorder; emotional risk factors; forensic evaluation, 6288
- mild traumatic brain injury; regional cerebral blood flow; chronic symptomatic patients; neuropsychological deficit, 4973
- mindfulness intervention; stress reduction; quality of life; traumatic brain injury, 11370
- morphological analysis; brain-injury; semantic errors; reading errors; lexical comprehension, 32168
- multidisciplinary rehabilitation program; patient characteristics; predictors; community integration; traumatic brain injury, 2488
- multiple sclerosis; neurological processes; traumatic brain injury; therapeutic potential; Cannabinoid ligands; spinal cord injury; cannabis smoking; sedation; tremor alleviation; pain; CNS disorders, 11237
- narratives; children; specific language impairment; early focal brain injury; Williams syndrome; language development; morphological errors; syntax; evaluative devices, 13548
- Neurocognitive Driving Test; computer based assessment; driving ability; acquired brain injury; hospital based evaluation, 195
- neuroimaging correlates; anxiety; pediatric traumatic brain injury; orbitofrontal cortex; temporal lobe; brain lesions; posttraumatic stress disorder, 13553
- neuroleptic malignant syndrome; traumatic brain injury; drug therapy; neuroleptic drugs; side effects, 2299
- neuropsychiatric sequelae; traumatic brain injury; rehabilitative treatment; society re-entry; age differences, 13944
- neuropsychological deficits; information processing deficits; mild traumatic brain injury, 20020
- neuropsychological impairment; traumatic brain injury severity; dose-response relationship; cognitive deficit, 8295
- neuropsychological status; acquired brain dysfunction; congenital brain dysfunction; cerebral palsy; myelomeningocele; social problem solving; traumatic brain injury, 1880
- neuropsychology; sports; boxing; neuropsychological tests; neuropsychological testing, 14812
- nursing home residents; traumatic brain injury; cognitive impairment; physical disability, 14436
- olfactory discrimination; brain injury severity; closed head injury; olfactory nerves; olfactory cortices; olfactory impairment, 13948
- orthopedic injury; attention deficit hyperactivity disorder; traumatic brain injury; neuroimaging lesion assessment; dimensional measures; children; outcome data; brain injury severity; adolescents, 16362
- outcome; systematic motivational counseling; substance use; traumatic brain injury; substance-abuse treatment, 2499
- pain pathobiology; traumatic brain injury; chronic pain; central nervous system; neural mechanism; neural pathways; cranial tissues; referred pain; treatment side effects; iatrogenic pain; diagnosis, 29185
- parental coping; childhood; acquired brain injury, 29095
- patient complaints; mild traumatic brain injury, 35636
- pediatric traumatic brain injury; language skills; recovery; prediction, 11235
- perceptual analysis; instrumental analysis; laryngeal function; traumatic brain injury; childhood; phonatory disturbance; laryngeal impairment; pediatric larynx, 16351
- performance discrepancies; California Verbal Learning Test; traumatic brain injury; children; test performance, 27335
- personality features; outcome prediction; traumatic brain injury; injury severity; posttraumatic amnesia duration, 11274
- plasticity; neurodevelopment; language disorders; interventions; childhood development; adults; brain injury, 13849
- pointing task performance; traumatic brain injury; memory deficit; adult patients, 13950
- post-acute brain injury rehabilitation; stroke patients, 32749
- posttraumatic stress disorder; acute stress disorder; injury; trauma; hospitalization; dissociation, 19522
- problem-solving ability; chronic schizophrenia patients; traumatic brain injury; planning; cognitive processing, 31762
- progesterone; traumatic brain injury; dose response; elevated plus maze; Morris water maze; forepaw neglect; GABA-A receptor; medial prefrontal cortex, 3447
- prospective memory; pediatric traumatic brain injury; orthopedic injuries; adolescents; children; reaction time; decision making task; computer task; reporting words task; category decision task, 16797
- prospective memory; severe closed head injury; working memory; focal cue, 20051
- psychosocial adjustment; employment outcome; physical impairments; marital status; working ability; traumatic brain injury, 35281
- quality of life; traumatic brain injury; social effects; rehabilitation services; long term support, 11883
- Rapid Assessment of Problem-Solving; traumatic brain injury, 60
- Rapid Screen of Concussion; mild traumatic brain injury; diagnosis, 30471
- real-world outcomes; traumatic brain injury; attention recovery; memory recovery; prediction, 29106
- reality orientation; traumatic brain injuries; acute care rehabilitation; post-traumatic amnesia; North Star Project; TBI, 17428
- rehabilitative management; consciousness disorder; conscious states; neurorehabilitation; traumatic brain injury, 32752
- response inhibition; attention deficit hyperactivity disorder; emotional disturbance; closed head injury; behavior problems; impaired response; anxiety symptoms; stop-signal task, 13639
- school-based interventions; social adjustment difficulties; traumatic brain injury; children; rehabilitation; social skills, 2836
- self-concept; brain injuries; Adult Source of Self-Concept Inventor Chinese version; factor analysis, 154
- severe brain injury; cognitive performance; malingering; neuropsychological assessment; test performance, 15062
- sexually intrusive behaviour; traumatic brain injury; cognitive rehabilitation, 29096
- sleep; dream suppression; lateral medullary infarct; consciousness; brain injury; waking; sleeping; dreaming; recovery; visual hallucinations; stroke rehabilitation; brainstem, 35308
- social support; caregivers; life satisfaction; traumatic brain injury; family member; adjustment; subjective well-being, 8238
- special education placement; prediction; traumatic brain injury; test scores; California Verbal Learning Test; Wechsler Intelligence Scale for Children; Children's Category Test, 192
- stroke; traumatic brain injury; cognitive impairment; driving performance; Drivers Screening Assessment; fitness; test validity, 30478
- substance abuse screening; traumatic brain injury; alcohol abuse; self-evaluation; drug abuse, 33539
- suicidal behavior; risk factors; mild traumatic brain injury; major depression, 25483
- sustained attention; traumatic brain injury; attention deficit hyperactivity disorder; impulsiveness; psychosocial factors; severity; adaptive functioning; social background, 32195
- symptom validity measures; ability to fake deficits; mild traumatic brain injury; simulation strategies; detection of malingering, 16740
- TBI patients; traumatic brain injury; spinal cord injury; sensitive measure; greater accuracy; increasing age; acute phases; lowest rate; acute rehabilitation, 15063
- telehealthcare; story retelling; neurogenic communication disorders; acquired brain injury, 29818
- test validity; mild traumatic brain injury; Meyers Short Battery; test reliability; psychometric properties; cognitive impairment; neuropsychological assessment, 33580
- trauma induced brain death; traumatic brain injury; S-100b serum protein; predictive value; injury severity; S-100b blood serum levels, 13940
- trauma; recovery; implications; rehabilitation; healing; Trisha Meili; Central Park Jogger; presentation; Jon Kabat-Zinn; mindfulness; meditation, 35312
- traumatic brain injuries; social perception deficits; social information judgment; emotions; beliefs; conversation interpretation; emotion recognition; social communication; mentalizing ability, 29149
- traumatic brain injuries; The Awareness of Social Inference Test; social cues; emotion recognition; social behavior; conversational inference, 27339
- traumatic brain injury history; rates; psychiatric hospitals; state admissions, 32741
- traumatic brain injury rehabilitation; intervention recommendations; neuropsychological therapy; physician characteristics; patient characteristics; rehabilitation setting; medical decision making, 5794
- traumatic brain injury survivors; word retrieval; organization strategies; augmentative technology; alternative communication technology; preferences, 32141
- traumatic brain injury; acute confusion; inpatient rehabilitation; delirium; neurobehavioral impairments, 35313
- traumatic brain injury; behavioral sequelae; accommodation spasm; Parinauds syndrome; pseudomyopia, 14027
- traumatic brain injury; brain injury rehabilitation; sit-to-stand training; sit-to-stand performance; motor performance; exercise capacity, 2485
- traumatic brain injury; brain tissue oxygen guided treatment; intracranial pressure/cerebral perfusion pressure management, 22977
- traumatic brain injury; children's memory; memory functioning; test of memory; recall items; head trauma; Test of Memory and Learning, 9449
- traumatic brain injury; children; methods; cognitive tests; academic achievement; behavior; social outcomes; injury severity; age; environmental influences; developmental changes; discourse processing, 16833
- traumatic brain injury; cognitive disorder; screening test battery; neuropsychological tests, 9446
- traumatic brain injury; county jail inmates; prisoners; cognitive ability; psychiatric disorders; emotional characteristics; prevalence; neuropsychological status, 1686
- traumatic brain injury; day-to-day memory functioning; pediatric injury; memory loss; explicit memory; prospective memory; implicit memory; 32193
- traumatic brain injury; head injury; traffic accidents; epidemiology; gender differences, 22901
- traumatic brain injury; inhibition, 32169
- traumatic brain injury; medical service; rehabilitation service; health care; service utilization, 32755
- traumatic brain injury; nitrosative stress; poly(ADP-ribose)polymerase-1; rats; enzymes, 6844
- traumatic brain injury; occipital nerve blocks; postconcussive headaches; cervical headaches syndromes; neuralgia; anesthetic drug injections with corticosteroids; concussion; comorbidity, 29473
- traumatic brain injury; personality disorders; cognitive impairment; pain management; posttraumatic chronic pain; mood disorder; anxiety disorder; multidisciplinary pain management; comorbidity, 29213

Volume 91 SUBJECT INDEX

Traumatic Brain Injury—Serials

traumatic brain injury; rehabilitation; treatment outcome; neurocognitive assessment, 30475
traumatic brain injury; social activity; recreational activity; participation; community integration, 1829
traumatic brain injury; support needs; Care and Needs Scale; test validity; test reliability; psychometrics, 30486
traumatic brain injury; survivors; case management services; substance abuse; family satisfaction; life satisfaction, 20614
traumatic brain injury; TBI; clinical tool; emotional expression; social perception assessment; TASIT, 15050
traumatic brain injury; Wisconsin Card Sorting Test; Wisconsin Card Sorting Test short form; cognitive impairment, 12506
traumatic brain injury; working memory; frontal lesions; magnetic resonance imaging; children, 20013
unawareness levels; cognitive deficits; functional outcome; traumatic brain injury patients; family members; psychiatric symptoms; behavior; daily functioning; vocational outcomes; cognitive ability, 19995
verbal working memory; childhood closed head injury; injury severity groups; complex task performance; school children; cognitive tasks; injury age; time since injury; cognitive tasks; repeated words, 16815
visual spatial processing; childhood stroke; asymmetry; visual-spatial deficits; brain injury; visual field, 19936
vocational outcome stability; adulthood; preschool brain injury; childhood traumatic brain injury; traffic accidents, 35314
Web-based intervention; families; problem-solving; pediatric traumatic brain injury, 32687
Wechsler Adult Intelligence Scale III; WAIS III; brain injury severity; traumatic brain injury; intelligence; premorbid intelligence; memory, 15073
Wechsler Adult Intelligence Scale-III Processing Speed Index scores; traumatic brain injury; working memory; motor speed; perceptual processing, 8263
Wide Range Achievement Test-3 Reading subtest; premorbid intelligence measures; traumatic brain injury, 30476
Wisconsin Card Sorting Test-64; WCST-64; traumatic brain injury; test validity, 15076
women; Traumatic Brain Injury; psychotherapeutic relationship; social isolation; emotional functioning; post-traumatic stress symptoms; anxiety; depression; cognitive disabilities, 1864

Traumatic Brain Injury—Chapters

Battered women and traumatic brain injury, 4550
Behavioral change following traumatic brain injury, 5086
Epidemiology of traumatic brain injury, 3220
Neuroimaging in forensic neuropsychology, 5085
Normative data and scaling issues in neuropsychology, 3219
Traumatic Psychosis [See **Reactive Psychosis**]
Traveling—Serials
convex hull; crossing avoidance; solution heuristics; traveling salesperson problem; cognitive processes, 33809
health beliefs; communication; travel clinic consultation; prediction; adherence; malaria chemoprophylaxis; Health Belief Model; Theory of Planned Behavior; belief change, 26490
leisure travel; retirement; women; long range goals, 4182
radiation treatment; cancer treatment; in-depth interviews; treatment facility; patient perspectives, 2293
risk perception; tourist roles; international tourism; familiarity seeking, 12325
service quality; SERVQUAL scale; travel agency; travel agents; SERVQUAL reliability; test validity, 12438
social life; Social networks; corporeal travel; physical travel; communication devices; conversation; mobility; meetings; information resolution; co-presence, 16259
travelling skills; blind; visually impaired; children, 14029

Trazodone—Serials

frontotemporal dementia; trazodone; serotonergic system; behavioral symptoms, 32453

Treatment [See Also **Aftercare**, **Alternative Medicine**, **Behavior Modification**, **Bibliotherapy**, **Cognitive Techniques**, **Creative Arts Therapy**, **Crisis Intervention Services**, **Cross Cultural Treatment**, **Health Care Services**, **Interdisciplinary Treatment Approach**, **Involuntary Treatment**, **Life Sustaining Treatment**, **Medical Treatment (General)**, **Milieu Therapy**, **Movement Therapy**, **Multimodal Treatment Approach**, **Online Therapy**, **Outpatient Treatment**, **Pain Management**, **Partial Hospitalization**, **Personal Therapy**, **Physical Treatment Methods**, **Preventive Medicine**, **Psychotherapeutic Techniques**, **Psychotherapy**, **Rehabilitation**, **Relaxation Therapy**, **Sex Therapy**, **Social Casework**, **Speech Therapy**, **Treatment Guidelines**]
abstinence rates; recalcitrance; cessation cognitive-behavioral smoking cessation treatments; placebo medication; smokers; pharmacotherapy; nicotine gum; nicotine patch; coping skills training, 5687

acute mania; treatment settings; mood stabilizer; quetiapine; risperidone; switch, 14172
adaptive preventive interventions; tailoring variables, 35362
addiction treatment; alcohol abuse; treatment attendance; alcohol problem, 11902
addiction; research; journal editorial board; treatment; recovery, 35932
adolescent anorexia nervosa; integrative approaches; etiologies; treatment; Boundary-Control Model, 11106
adolescent patients; olanzapine; neuroleptic drug treatment; schizoaffective disorder; psychotic adolescents; olanzapine treatment; schizophrenia, 14139
adolescents; attention-deficit hyperactivity disorder; empirically based treatment; cognitive-behavioral therapy; social skills training; medication, 13782
adult ADHD; attention-deficit/hyperactivity disorder; treatment; symptoms; diagnosis; childhood onset, 19735
adult attention-deficit/hyperactivity disorder; prevalence; diagnosis; treatment; comorbid psychiatric disorders; primary care, 19760
African American families; Hispanic families; minority families; cultural change; intervention development; treatment development; treatment implementation; research program; testing developments, 32709
African Americans; men; stigma; sexually transmitted infections; STIs; treatment; South, 35688
AIDS dementia complex; highly active antiretroviral therapy; survival, 8613
alcohol addictions; drug addictions; tribal centric treatment programs; treatment records; alcoholism; fetal alcohol syndrome; inhalation abuse; Native Americans, 19661
altered auditory feedback; ear devices; speech; stuttering, 35389
alternative therapy; HIV; Human Immunodeficiency Virus; AIDS; Acquired Immune Deficiency Syndrome; acupuncture; massage; meditation; alternative supplements; antiretroviral treatments, 17102
Alzheimer's Disease; emerging treatments; disease incidence; disease prevalence; economic burden; disease progression; public health care system, 20061
Alzheimer's disease; treatment outcome; Italian CRONOS project; AchE-I treatment, 1907
Alzheimer's disease; treatment outcome; Italian CRONOS project; AchE-I treatment, 1946
anorexia nervosa; hospitalization; inpatient care; treatment; economic factors; managed care policy, 5664
antecedent variables; child noncompliance; treatment; young children; outpatients; problematic behavior; task demand; parental presence, 11416
anticonvulsant drug; bone disease; treatment; bone remodeling; osteopenia; osteoporosis, 20465
antidepressants; diagnosis; treatment; psychiatric disorders; physical disorders; comorbidities; Kleine Levin Syndrome; autoimmune basis; antiepileptic drugs; schizoaffective disorder; children, 34778
antiepileptic drugs; comorbid anxiety disorders; epilepsy patients; treatment, 11305
anxiety disorders; symptoms; treatment; prevention; racial and ethnic differences; Asian American; Hispanics; African American; European American; children; adolescents; multiethnic populations, 22577
anxiety; depression; effective treatment; public health; health care, 35728
anxiety; depression; treatment; remission, 8381
Asperger's disorder; diagnosis; treatment, 28907
assessment; treatment approaches; general guidelines; depression; epilepsy; children; adolescents, 4532
assessment; treatment; mild traumatic brain injury; mTBI; cognitive rehabilitation; violence victims; head injuries; psychotherapists; neuropsychology; interstitial cystitis; biofeedback; headaches, 1902
asthma; primary care barriers; emergency department use; children; caregivers; acute need, 5660
attention deficit hyperactivity disorder; treatment; epidemiology, 16543
attention-deficit/hyperactivity disorder; adults; diagnosis; genetic susceptibility; brain anomalies; neuroimaging; treatment, 32017
attention-deficit/hyperactivity disorder; physicians; treatment; clinical presentation; differential diagnosis; feedback; psychoeducation; medication trials; environmental restructuring; psychotherapy, 20128
attention-deficit/hyperactivity disorder; risk factors; substance abuse; treatment; comorbidity; psychotherapy; drug therapy, 20129
attitudinal variables; medical care; alternative therapist; sociodemographic variables; clinical variables; HIV care, 17178
back pain sufferers; sick role benefits; health care; health professionals; disabilities; pain reality; clinical characteristics; sickness behavior; illness experiences; attitudes, 11153
behavioral medicine research; evidence-based practice; treatment adherence; clinical guidelines, 11327

Treatment—Serials

behavioral medicine; randomized clinical trials; scientific rigor; scientific communication; Consolidated Standards of Reporting Trials; behavioral interventions, 20437
behavioral sleep medicine; historical perspective; sleep disorders; treatment approaches; treatment developments, 5137
biological basis; schizophrenia; positive symptoms; affective symptoms; neuronal circuits; neurotransmitters; novel treatment strategies, 16443
biopsychosocial model; psychological treatments; psychosomatic conditions; noncardiac chest pain, 20452
bipolar disorder; phenomenology; treatment; pathophysiology, 25550
bipolar disorder; sodium pump; intracellular sodium; ethacrynic acid; lymphoblastoid cell lines; cell treatment; calcium, 22502
bipolar disorders; personality disorders; treatment; comorbidity; USA; Europe, 19345
bipolar mania; manic symptoms; depression treatment; central nervous system disorders; mania treatment; transcranial magnetic stimulation, 17111
brain lesions; neuropsychological impairment; treatment outcomes; comorbidity; multiple sclerosis; depression; prediction; brain lesion volume; neuropsychological function; treatment; brain regions, 1940
breakthrough depressive episodes; recurrent bipolar depression; major depression; differential diagnosis; symptomatology; treatment; drug therapy, 31743
breast cancer; therapeutic interventions; women; psychiatric aspects, 1821
bulimia nervosa; inpatient treatment; eating disorder; comorbid personality disorders; treatment resistant bulimia, 14453
buprenorphine consensus conference; overview; buprenorphine conference; office-based practice; buprenorphine implementation program; American psychiatry; opiates, 26728
Canadian intercollegiate sport; precaution culture; risk culture; treatment; student-athletes; sports medicine clinicians; injured athletes; body healing, 1947
cancer clinical trials; health care services; treatment strategies; cancer research; patient participation, 22875
cancer diagnosis; family members; phone calls; uncertainty; treatment; diagnosis, 19041
cancer incidence; cancer clinical trials; racial disparities; gender; ethnic disparities; age; breast cancer; colon cancer; lung cancer; prostate cancer; therapeutic trials; trial participation, 24347
cardiovascular health; ischemic heart disease; acute coronary syndromes; drug interactions; major depression; psychosocial interventions; cardiovascular & antidepressant drugs; quality of life, 7744
central dopaminergic neurotransmission; serotonergic neurotransmission; psychoanalytic explanations; neurobiological correlates; phenomenological approach; anhedonia; schizophrenia; treatment, 10794
cessation treatments; nicotine dependency; smoking cigarettes; social stimulation; dissonant smokers; smoking cessation; cognitive factors; positive attitude, 11950
child analysis; group processes; treatment; psychoanalysts, 20243
child sexual abuse; suspicion; systemic approach; therapy, 35382
childhood onset schizophrenia; diagnostic criteria; symptomatology; disease course; assessment methods; educational implications; school psychologist role; treatment, 34870
chronic fatigue syndrome; cognitive behavioural therapy; randomized controlled trials; pharmacological treatments; exercise therapy; mental fatigue; modafamil, 14191
chronic fatigue syndrome; diagnosis; prevalence; clinical presentation; evaluation; prognosis; pathophysiology; treatment, 32072
chronic fatigue syndrome; diagnosis; prevalence; clinical presentation; evaluation; prognosis; pathophysiology; treatment; support groups, 32069
chronic medical conditions; major depression; life quality; treatment, 34824
chronic obstructive pulmonary disease; pulmonary rehabilitation programs; COPD patients; anxiety disorders; quality of life; comorbidity; treatments, 8360
classification; soiling; encopresis; treatment protocol; paediatric bowel elimination disorders; effective treatment; etiology; theoretical model, 32102
clinical child psychology; empirically supported treatment; training methods; dissemination; clinical practice; research; assessment; diagnosis; evidence-based practice; intervention; outcomes; models, 32253
clinical child psychology; empirically supported treatments; training methods; dissemination; research; theory; integration, 32248

- clinical child psychology; empirically supported treatments; training methods; dissemination; evidence-based practice; child & adolescent treatment; service & research clinics; effectiveness trials, 32247
- clinical child psychology; empirically supported treatments; training methods; dissemination, 32223
- clinical child psychology; empirically supported treatments; training methods; dissemination; web-based strategy; professional & ethical issues; adolescent psychology, 32242
- clinical management; obsessive-compulsive-bipolar disorder; comorbidity, 28778
- clinical trial treatments; new treatments; treatment preferences; standard treatment; patient beliefs, 29531
- clinical perceptions; violence risk; forensic outpatients; clinical decision making; violence risk assessment; treatment motivation; psychiatric institutional treatment, 25848
- clinicians; patients; treatment; privilege; disenfranchised; disadvantaged, 14596
- cognition; treatment options; behavioral disturbance; pediatric epilepsy syndrome, 19950
- cognitive dysfunction; schizophrenia; clinical symptoms; psychopathology; treatment; drug therapy; negative symptoms, 22544
- cognitive-behavioral therapy; (CBT); therapeutic interventions; Schizophrenia treatment; therapy efficacy; policy endorsement; CBT practice, 5207
- commitment to treatment; borderline personality disorder; premature termination; psychotherapy; engagement; therapeutic strategies, 32262
- common movement disorder; tremor; treatment; tremor diagnosis; physicians, 13949
- community-based treatment organizations; Center for Substance Abuse Treatment Methamphetamine Treatment Project; substance abuse treatment, 20627
- comorbid psychiatric disorders; environmental risk factors; therapeutic opportunities; epidemiological data; diagnosis; epilepsy patients, 11241
- comorbid substance misuse; psychosis; schizophrenia; substance misuse treatment, 16894
- comorbidity; subthreshold disorders; anxiety disorders; depressive disorders; diagnostic activities; clinical presentation; treatment strategies, 10720
- competence; mentally ill patients; dementia; depression; schizophrenia; treatment decisions; clinical assessment; physician attitudes; treatment; impairment, 7773
- complementary and alternative medicine; oncology; patient response; psychosocial oncology; cancer, 11197
- complementary therapy; type-2 diabetes; treatment; complementary therapies; kerala; cultural background; environmental resources; health management decisions; biomedicine; Ayurvedic medicine, 5372
- complementary test seeking patients; somatizers; patient groups; personality; negative medical experience; somatic explanations; reassurance seekers; technology seeking patients; patient behavior, 20470
- comprehensive treatment program evaluation; abusive families; high-risk families; Spain; child abuse, 6241
- concurrent task sequencing; single phoneme acquisition; phonological treatment; generalization; maintenance of Concurrent Treatment; misarticulation, 20675
- confidence; doctors; adolescent mental disorders; inadequate treatment, 26218
- continuous positive airway pressure; hypersensitivity; traumatic brain injury; dysarthria; treatment, 32213
- conversion therapy; sexual orientation; gays; lesbians; homosexuals; bisexuals; reorientation treatments; ethics, 5110
- coronary heart disease; CHD; timing; women perception; treatment; cardiac symptoms; myocardial infarction; time to treatment, 5459
- criminal lunatic; prisoner; patient; official medical view; treatment; dangerous behaviour; emigration; 19th century Ireland, 29652
- cross-cultural issues; spirituality; complementary medicine; pediatric; patient experience; family experience; clinician experience; healthcare system; complementary therapies; complementary healers, 5116
- cultural competency; psychotherapy; treatment, 14584
- cultural competency; psychotherapy; treatment, 2639
- Declaration of Helsinki; World Medical Association; US Food and Drug Administration; placebo controls; randomized trials; pharmaceuticals; bioethics; beneficial treatment; effective therapy, 14607
- defibrination therapy; idiopathic sudden sensorineural hearing loss; high-dose steroid therapy, 11677
- dementia patients; subcortical vascular dementia; self-protective behaviors; dementia patients; caregiving; caregivers burnout; nurses; long-distance caregiving; memory loss, 11294
- Dementia Praecox Studies; schizophrenia; laboratory science; biological causes; bacteriological causes; Bayard Taylor Holmes; cure, 22553
- depersonalization disorder; phenomenology; precipitants; antecedents; comorbidity; treatment, 1344
- depressed patients; clinical global impression-severity; psychopharmacological data; major depressive disorder; paroxetine; hematological malignancy; depression, 14171
- depressed subgroups; treatment; patient retention; major depression; depression severity; treatment dropouts; comorbid medical conditions, 1905
- depression management; practice based research; recognition; diagnosis; treatment; follow-up; treatment; outcome assessment, 11377
- depression treatment; depression patients; best outcome achievement; pharmacotherapy; psychiatric consultation; treatment strategy; herbal medication; nutritional products; exercise; drug therapy, 16892
- depression; treatment; remission, 7853
- depression; treatment; women; reproductive events; estrogen; progesterone; hormones; neurotransmitters; psychosocial events; antidepressant response; sex differences; serotonin reuptake inhibitors, 11578
- development of evidence-based practices; specific; treatment options; methodology; empirically validated treatments, 26216
- dexamethasone/CRH test; major depression; hypothalamus-pituitary-adrenal axis; pathophysiology; cortisol response, 16405

Treatment—Serials

incidence; pathophysiology; depression; interferon alpha treatment; malignant melanoma, 20486
 incremental item banking; computerized adaptive testing; cancer; quality of life; treatment, 12527
 informed uncertainties; treatment effects; clinicians response; patients response, 26202
 inpatient treatment; mood disorders; de-institutionalization; depression awareness campaigns; new antidepressants; health care utilization, 5659
 insomnia diagnosis; insomnia management; depression; elderly; sleep maintenance problems; chronic pain, 26020
 insomnia treatment; sleep centers; clinical psychologists; clinical training, 23520
 instructional design and technology; dissemination; empirically supported & manual-based therapies; web-based training applications; treatment manuals; psychological intervention design; social process, 32214
 instructional design and technology; dissemination; empirically supported & manual-based therapies; web-based training applications; treatment manuals, 32230
 instructional design and technology; dissemination; empirically supported & manual-based therapies; web-based training applications; treatment manuals, 32245
 intellectually disabled individuals; treatment services; sex offenders; sexual offences, 35610
 interactive robots; autism therapy; autism; socially intelligent agents; mobile robot; interactive virtual environments, 29415
 internal cue exposure; substance use disorder; panic disorder treatment; craving sensations; emotional states; anxiety, 13547
 intervention studies; pharmacological interventions; randomized clinical trials; psychological intervention; published meta-analyses; spinal cord injuries; evaluative research; inclusion criteria, 20100
 intrusive re-experiencing; post-traumatic stress disorder; phenomenology; theory; therapy; trauma memories, 25709
 irritable bowel syndrome; treatment; symptoms, 8149
 Jewish families; clinical management; disorders; children; adolescents, 11359
 judicial treatment; sex offenders; age; sex; weapons; sexual aggression; criminal justice; victims; police detection; treatment centers; institutional referrals, 30334
 Jurisprudent Therapy; competency; mental retardation; legal system, 32034
 language intervention; preschool teachers; elementary teachers; preferences; opinions; naturalistic approach; therapeutic treatment approach; speech pathologists; language delay; severity, 23638
 late life depression; old age psychiatry; treatment; management; specialist mental health services; primary care; secondary care, 35724
 levitracetamol tolerability; levitracetamol efficacy; refractory epilepsy; seizure frequency; children; adults; add-on treatment, 5443
 local therapies; systemic therapies; health benefits; breast cancer; effective cancer treatments; treatment underuse; care improvement; physician reasons, 16690
 locked-in syndrome; differential diagnosis; severe disorders of consciousness; treatment, 32162
 long-term care institutions; functional disability; acute-care hospitals; delirium; dementia; mental disorder; elderly patients; psychiatric illnesses; etiology; diagnosis; treatment programs, 10284
 long-term effects; physiological responses; nitrous oxide gas treatment; alcohol withdrawal syndrome, 20619
 long-term effects; physiological responses; nitrous oxide gas treatment; alcohol withdrawal syndrome, 20637
 long-term effects; physiological responses; nitrous oxide gas treatment; alcohol withdrawal syndrome, 32771
 long-term treatment; selective serotonin reuptake inhibitors; posttraumatic stress disorder; psychiatric comorbidity; secondary prevention; treatments; PTSD prevention; chronicity; early intervention, 13587
 maintenance treatment; maintenance therapy; insomnia; depression; research, 35540
 maintenance treatment; maintenance therapy; insomnia; depression; research, 35568
 major depression; coronary artery disease; risk factors; disease progression; treatment, 26113
 major depression; relapse prevention; epidemiology; recurrence; costs; risk factors; psychological treatment; pharmacological treatment; markers of relapse vulnerability, 8382
 major depression; treatment; recovery; psychological phenomena; suicide; metaphors, 28643
 major depression; treatment; recovery; psychological phenomena; suicide; metaphors, 28669
 major depression; treatment; recovery; psychological phenomena; suicide; metaphors; hope, 28671
 measurement; treatment research; cognition in schizophrenia; neuropsychological aspects; MATRICS program; drugs, 32439

mental disorder; crime; mental health services; mental health service needs; treatment; criminal behavior; mental health service use, 19720
 mental health practice; testamentary capacity; jurisprudent therapy; elderly, 32659
 mental health; web based information; eating disorders; eating disorders treatment; content quality, 19818
 mental illness; mental health services; stigma; psychiatric diagnosis; treatment, 28549
 mental illness; primary care physicians; PCPs; treatment, 23507
 meta-analysis; effect size; research syntheses; treatments; dependent measures, 3275
 microbiology; decubitus ulcers; children; ulcer management; anaerobic bacteria; pediatric infections, 28986
 mixed vs manic bipolar disorder; demographic characteristics; symptoms; treatment, 25594
 mood disorder; anxiety disorder; treatment advancement; cultural impact; selective serotonin reuptake inhibitors; treatment outcomes; comorbid medical illnesses; pharmacologic properties, 32464
 moral reasoning; moral development; African Americans; Blacks; battered women; Whites; treatment outcomes; batterers; standardized treatment program; court-mandated treatment; intervention, 11764
 multiple sclerosis; diagnosis; treatment; health knowledge; patients; neurologists, 8131
 multisystemic therapy; violent substance-abusing adolescents; community-based treatment; substance dependent; adolescent violence; juvenile offenders; substance abuse; family treatment; clinical basis, 8873
 munchausen's syndrome; physical symptoms; malingering; distress; health care providers; Epidemiology; diagnosis; patient management; Factitious Disorder, 1379
 Muslims; treatment; cultural differences; Islam; mental health, 11319
 myalgic encephalomyelitis; chronic fatigue syndrome; treatment protocols; clinical working case definition; diagnostic protocols; pathogenesis, 11136
 National Cancer Center; Milan; terminal cancer patients; therapeutic approaches; diagnostic approaches; Palliative Care Unit; demographic data, 17396
 Native Americans; residential treatment program; substance abuse treatment; healing experience; alcohol dependence; Friendship House; psychological treatment; recovery experience, 5680
 neurodegenerative disorder; genetic abnormality; Huntingtons disease; movement abnormality; dementia; genetic abnormality; HD, 14011
 neuroimaging; psycho-oncology, 32491
 neuropathic pain; pathophysiological mechanisms; central nervous system mechanisms; peripheral mechanisms; treatment choices, 17199
 neuropathic pain; pathophysiological mechanisms; symptomatology; pain assessment; chronic pain; pain disorder classification; etiology, 16607
 neurostimulation; transformed migraine; cervical peripheral nerve, 14291
 new treatment strategies; depression; drug therapy; etiology, 8371
 nicotine dependence; baseline smoking behavior; gender differences; combined nicotine therapy; smoking cessation; nicotine inhaler; nicotine patch; cessation outcomes, 5673
 nicotine patch; smoking cessation treatment; bupropion sustained-release; female smokers; smokers; relapse risk; history of depression, 5702
 obesity treatment; obesity management; therapy choice; multiple interventions; obesity degree assessment; comorbid conditions; weight maintenance programs; rebound weight gain, 5135
 obesity; physicians; knowledge; attitudes; medicine residents; medical consequences; obesity treatment, 8913
 obsessive-compulsive disorder; eicosapentaenoic acid; resistant depression; affective disorders; omega-3 fatty acids; treatment resistance, 20327
 obsessive-compulsive disorder; sudden onset; phenomenological features; collecting compulsions; comorbid depression; therapeutic response, 22504
 obstacle ambulation training programme; chronic stroke; ambulation function; disability level; therapy; functional limitations, 14454
 obstructive sleep apnea; carbon monoxide poisoning; neuropathology; brain; hypoxia; neuropsychology; treatment, 11150
 oculomotor disorders; downbeat nystagmus; upbeat nystagmus; seesaw nystagmus; periodic alternating nystagmus; acquired pendular nystagmus; saccadic oscillations, 29230
 opiate-dependent patients; treatment preferences; substance misuse facility; treatment options; opiate dependency, 29797
 optimal treatment; current treatment; treatment cost-effectiveness; schizophrenia treatment, 8702

Treatment—Serials

optimal treatment; current treatment; treatment cost-effectiveness; schizophrenia treatment, 8723
 optimal treatment; current treatment; treatment cost-effectiveness; schizophrenia treatment, 8768
 Oregon Multidimensional Treatment Foster Care Model; treatment features; treatment outcomes; dissemination progress; severe antisocial behavior; delinquency; behavior problems; emotional problems, 20530
 paediatric bipolar disorder; diagnosis; treatment, 4584
 pain; pain management; learning disabilities; treatment challenges, 11651
 painful temporomandibular disorders; pacinian corpuscles; orofacial region; vibratory analgesia; skin; pain, 14294
 palliative care patients; psychiatric assessment; clinical nurse specialist; depression; cancer, 17385
 panic disorder; primary care; panic attack; anxiety disorders; major depressive disorder; pharmacotherapy; cognitive behavioral therapy; patient psychiatrist relation, 23091
 parental styles; long-term outcomes; treatment; anxiety disorders; Parental Bonding Instrument; posttraumatic stress disorder, 25701

- therapeutic reactance; therapeutic alliance; cognitive-behavioral psychotherapy; chronic major depression; prediction; outcomes; drug therapy; combination treatment; Nefazodone, 1903
- therapeutic strategies; Alzheimer's disease; neuron activity stimulation; brain stimulation; neuron metabolism, 20491
- therapeutic strategies; Alzheimer's disease; pathogenesis; combination treatment strategies; primary care; daily activities; physical exercise, 19941
- therapist assisted self healing; inclusion; participation; persons with disabilities, 35375
- therapy; language, 29250
- thought action fusion; Obsessive Compulsive Disorder; treatment; anxiety, 31822
- total artificial heart technology; elective device inactivation; decision-making capacity; potential clinical therapy; non futile situations, 29924
- total sleep deprivation; late partial sleep deprivation; treatment; major depression; therapeutic sleep deprivation, 5378
- traditional healers; sexually transmitted diseases; disease management, 17107
- traumatic brain injury; brain tissue oxygen guided treatment; intracranial pressure/cerebral perfusion pressure management, 22977
- traumatic injuries; children; adolescents; hospital visits; psychiatric treatments; suicides, 5657
- traumatized children; sexually abused children; residential treatment; basic skill development; self esteem; trauma reenactment, 32725
- treating addictions; native American community; social worker; Lawrence C. Willoughby, 23630
- treatment approaches; runaway youths; families; cultural differences, 20216
- treatment attendance; runaway youth; home-based family therapy; office based family therapy; alcohol abuse; adolescents; Functional Family Therapy; Ecologically Based Family Therapy; treatment, 31896
- treatment attrition; women assaulters; psychological predictors; demographic predictors; abusive women; domestic violence offenders; treatment dropouts, 26766
- treatment choices; erectile dysfunction; androgen levels; hypogonadism; serum testosterone, 16641
- treatment compliance; compliance problems; patient related factors; environment related factors; clinician related factors; treatment related factors; schizophrenia, 8365
- treatment condition; independent evaluators; panic disorder; knowledge of condition; post-treatment assessment; treatment guessing; guess accuracy; actual treatment, 20750
- treatment cost-effectiveness; mental disorders; anxiety disorders; alcohol use disorders; schizophrenia; public policy; affective disorder, 32619
- treatment models; intervention research; research design; psychotic prodrome; early intervention; subsyndromic symptoms; treatment models; methodology; schizophrenia, 18215
- treatment motivation; concepts, 14042
- treatment of depression; epilepsy patients; transcultural issues; comorbidity; psychotherapy; drug therapy; treatment access & acceptability, 4522
- treatment programmes; sexual offences; recidivism; adolescents; treatment dropout, 35907
- treatment research; anorexia nervosa; methodology; interventions; treatment, 22757
- treatment strategies; Parkinsonian brain; motor response; Parkinsonian patient; drugs; clinical aspect; pathophysiological aspect, 14034
- treatment strategy; sleep disturbance; major depression, 7822
- treatment; chronic depressive disorders; unipolar depression; functional impairment; clinical course; mood disorders; adolescence; diagnosis; childhood depression, 1454
- treatment; low-rate problem behavior; developmental disabilities; functional analysis, 22743
- treatment; sexual issues; sexual development; gender identity; sexual orientation; relationship formation; sexually vulnerable youth; sexual abuse; sexual minority; sexuality; models; theories, 11387
- treatments; bulimia nervosa; clinician recommendation; health care providers, 11349
- trends; prevalence; awareness; treatment; control; drug therapy; hypertension; epidemiology; demographic characteristics, 8193
- trends; prevalence; awareness; treatment; control; drug therapy; hypertension; epidemiology; demographic characteristics, 8191
- trichotillomania; assessment issues; diagnosis; treatment; etiology, 25524
- vaginal discharge; sexually transmitted infections; diagnosis; treatment, 35202
- vicarious trauma; sexual abuse treatment; clinicians; survivors; sexual offenders, 8956
- violent offenders; community-based residential treatment programme; treatment success; survival analysis; Maori offenders, 14507
- voice disorders; communication disorders; dysphonia; common causes; evaluation; diagnosis; anatomic pathology; hearing assessment; therapy; surgical intervention; team effort, 22781
- vulvar vestibulitis syndrome; etiology; psychological sequelae; dyspareunia; disorder onset; disease progression; diagnosis; pain management; pathophysiologically oriented treatment, 26474
- vulvar vestibulitis syndrome; etiology; psychological sequelae; dyspareunia; disorder onset; disease progression; diagnosis; pain management; pathophysiologically oriented treatment, 29452
- wakefulness; fatigue; executive dysfunction; treatment, 8161
- wasp phobic; allergic; wasp venom; fear; systematic desensitization therapy, 19514
- weight loss experience; behavioral treatment; weight control; obesity; thoughts; feelings, 20455
- women offenders; treatment; transition, 25933

Volume 91 SUBJECT INDEX

Treatment—Serials

women; breast cancer; adjuvant psychological treatment; online support; treatment feasibility, 20160

Treatment [See Also Aftercare, Alternative Medicine, Behavior Modification, Bibliotherapy, Cognitive Techniques, Creative Arts Therapy, Crisis Intervention Services, Cross Cultural Treatment, Health Care Services, Interdisciplinary Treatment Approach, Involuntary Treatment, Life Sustaining Treatment, Medical Treatment (General), Milieu Therapy, Movement Therapy, Multimodal Treatment Approach, Online Therapy, Outpatient Treatment, Pain Management, Partial Hospitalization, Personal Therapy, Physical Treatment Methods, Preventive Medicine, Psychotherapeutic Techniques, Psychotherapy, Rehabilitation, Relaxation Therapy, Sex Therapy, Social Casework, Speech Therapy, Treatment Guidelines]—Books

Annual progress in child psychiatry and child development: 2000–2001, 885

Treatment Client Matching [See Client Treatment Matching]

Treatment Compliance—Serials

academic detailing; asthma medication prescription; Danish general practice; clinical guideline, 29451

active antiretroviral therapies; medication regimen; paediatric HIV infection; adherence issues; family; parental beliefs, 11648

adherence behaviors; young children; associated behaviors; maternal management; mothers; type 1 diabetes; nurses; child care; children diabetes, 16633

adherence; conventional and atypical antipsychotics; schizoaffective disorder; schizophrenia; hospital discharge; predictors; gender; illness severity; attitudes toward medication; side effects; dose, 23233

adrenergic receptor; G-Protein; genes; polymorphisms; weight gain; clozapine treatment; patient compliance, 26439

aftercare adherence; social reinforcement; substance abuse treatment; adherence intervention; treatment outcomes, 14480

age differences; medication acceptance; medical condition severity; side effects; physician trust; judgment processes, 32545

antecedent events; behavioral noncompliance; outpatient clinic; task novelty; task preference, 32691

antidepressant adherence; depressive disorders; side effects; drug tolerability; patient education; patient-physician relationship; controlled-release antidepressants, 11534

Antidepressant Compliance Questionnaire; patients attitudes; patients beliefs; depression; antidepressants; test development, 30439

antidepressant medication; depression; relapse prevention; primary care; self management; intervention effects, 26214

antidepressant medication; depression; relapse prevention; primary care; self management; intervention effects, 1935

antidepressant medication; patient education; educational interventions; unipolar depression; patient compliance, 11618

antidepressant therapy; complaints; Hispanic ethnicity; antidepressant medications; adherence problems; physicians' reaction, 8545

antidepressant therapy; nonadherence; treatment duration; adverse events; physician-specific issues; medication-specific issues; patient-specific issues, 8524

antipsychotic medication; client attitudes; illness attitudes; professional carers; schizophrenia; compliance; mental health professionals, 26419

antipsychotic medications; treatment compliance; treatment attitudes; schizophrenia, 20274

antiretroviral medications; motivational interviewing; nursing intervention; MI; combination therapy, 16878

antiretroviral medications; treatment nonadherence; HIV-positive patients; mental health problems; substance abuse; attitudes; psychosocial factors; health regimen, 28576

antiretroviral therapy; antiretroviral treatment adherence; HIV infection; coping strategies; social support; denial; substance use; treatment adherence, 5452

antiretroviral therapy; patient attitudes; clinician attitudes; medication; HIV; Human Immunodeficiency Virus; AIDS; acquired immunodeficiency virus; adherence; regimen; complexity, 17194

antiretroviral therapy; treatment adherence; human immunodeficiency virus medication, 29474

Treatment Compliance—Serials

attention-deficit hyperactivity disorder; ADHD; social skills; medication; treatment cost; diagnosis, 8056

behavioral parent training; treatment outcome; clinical utility; client resistance; treatment acceptability; externalizing behavior problems; risk factors; treatment feasibility; child improvement, 26297

benzodiazepine prescription practices; substance abuse; severe mental illness; side effects; treatment compliance, 20302

cardiovascular disease risk; homocysteine levels; written materials; compliant health behaviors; older adults; behavior modification; Extended Parallel Process Model, 32594

cardiovascular disease; depression; myocardial infarction; risk factor; cardiac mortality; treatment regimen compliance; therapeutic alliance, 34756

caregiver knowledge; treatment; barriers to adherence; regimen knowledge; human immunodeficiency virus; caregivers; knowledge level; Treatment Interview Protocol, 24296

child and adolescent mental health services; community mental health services; premature treatment termination; parental engagement; attrition; treatment discontinuation, 35787

Child and Adolescent Services Assessment; parent reports; provider records; attention deficit hyperactivity disorder; ADHD; outpatient services; health services; medication regimen, 20561

child treatment; sexual abuse; post-traumatic stress disorder; community-based services; treatment involvement; clinical assessments; child abuse victims; physical abuse; short-term outcomes, 2441

chronic illness; psychosocial functioning; treatment adherence; young adults attitude; youth attitudes, 13549

chronic obstructive pulmonary disease; exercise intervention; 1 year outcomes; cognitive ability; psychological well being; treatment compliance; cognitive decline, 5419

clozapine; forensic settings; patients; psychiatric services; psychiatric nurses; therapeutic optimism; treatment adherence, 18012

cognitive distortions; stress; treatment adherence; metabolic control; type 1 diabetes, 32081

cognitive functioning; psychological functioning; predictors; cholesterol lowering treatment; adherence; medication, 20441

combined treatment; antidepressant treatment; psychological treatment; depressive disorders; psychological intervention; treatment adherence, 29225

compliance; adherence; noncompliance; depression; antidepressant treatment, 20316

consumer decisions; mammography; decision making; uncertainty; false alarm test results; medical adherence, 9183

contingency management techniques; methadone maintenance; punctual counseling attendance; fixed rate of reinforcement; variable rate of reinforcement, 11933

continuous positive airway pressure compliance; obstructive sleep apnea; titration, 5418

conventional antipsychotics; atypical antipsychotics; treatment adherence; Medicaid program; schizophrenia, 8528

depressed mood; gender; problem drinking; youth, 5703

depressed subgroups; treatment; patient retention; major depression; depression severity; treatment dropouts; comorbid medical conditions, 1905

diabetic nutritional care clinics; nonattendance; risk perception; body mass index; self rated health; health locus of control; satisfaction with dietitian; effectiveness perceptions; diabetics, 5592

disability benefits; antidepressant use; treatment adherence, 8500

disclosure model; psychological adjustment; medication adherence; health care professionals; caregivers; HIV-infected youth; pediatric patients, 29042

disulfiram treatment; supervised disulfiram; clinic visits; treatment adherence; voluntary group; court-mandated group; naturalistic followup study; study period; court assistance, 20650

divalproex; valproate; patient compliance; treatment efficacy; relapse rate; drug side effects; bipolar disorder type I, 20338

dosing schedules; dose frequency; health outcomes; health care costs; chronic disease; patient compliance, 8636

eating disorders; adolescents; young adults; day treatment program; treatment examination; treatment compliance, 5654

electronic monitoring; counseling; medication adherence; electronic caps; pill caps; intervention, 20384

enabling behavior; alcohol-dependent clients; substance use disorders; treatment acceptance; couple therapy, 28874

exercise motivation; cancer survivors; exercise program adherence, 19909

- family members; mental health services; financial arrangements; perceived coercion; psychiatric disability; demographic variables; treatment adherence; legal mechanisms; warnings; clients; clinicians, 11330
- family relationship quality; problem solving skills; medication; treatment adherence; older children; adolescents; cystic fibrosis; family conflict, 25149
- health beliefs; communication; travel clinic consultation; prediction; adherence; malaria chemoprophylaxis; Health Belief Model; Theory of Planned Behavior; belief change, 26490
- health care provider; antiretroviral medications; inner-city residents; treatment adherence; HIV; AIDS, 8497
- health care; decision making; mental retardation; psychological consent standards; treatment choices; treatment risks; patient rights, 16550
- health stereotypes; illusory correlations; judgments; compliance with medical treatment; younger vs older patients, 25303
- highly active antiretroviral therapy; HAART; non-nucleoside reverse transcriptase inhibitor; NNRTI; protease inhibitor; PI; efavirenz; HIV infected patients; treatment adherence, 8648
- HIV infection; AIDS; highly active antiretroviral therapy; HAART adherence barriers; patient-provider collaboration; lifestyle-tailored regimen, 5415
- HIV medication adherence programs; social support; client satisfaction; staff satisfaction, 26480
- HIV treatment attitudes; unsafe sexual practices; injection practices; injecting drug users; IDU; needle sharing; Baltimore; HIV-seropositive; HIV-seronegative, 5464
- homework problems; cognitive behavior therapy; homework compliance; task completion, 32310
- human immunodeficiency virus; immune deficiency syndrome; compliance interventions; antiretroviral adherence; severe mental illness; adherence factors, 26088
- illicit drug use; adherence; antiretroviral medication, 8637
- imiquimod; external anogenital warts; treatment effectiveness; patient treatment satisfaction; compliance, 14304
- initial appointment nonattendance; child and family mental health clinics; interventions, 2379
- intervention group; hip protectors; nursing home residents; treatment adherence; nurses; frail elderly; hip fracture prevention; orthopedic equipment; predictors, 29732
- Latino adolescents; treatment adherence; latent tuberculosis infection; isoniazid treatment; adolescent coaching, 11650
- life goals; rehabilitation; psychiatric disorders; treatment programmes; emotional distress; treatment compliance; psychiatric disorders; physical disorders; emotional distress, 14460
- locus of control; treatment amenability; risk assessments; juvenile offenders; internal and external orientation, 32841
- marital quality; diabetes; health care regimen; treatment adherence; social support; behavior change; chronic illness, 26515
- medical adherence; aging; automatic processes; health behavior; blood glucose monitoring; cognitive processes; self-care tasks, 26534
- medication adherence barriers; schizophrenia; antipsychotic medication; nonadherent patients; demographic characteristics; clinical characteristics; Schizophrenia Guidelines Project, 20334
- medication adherence; adherence promotion; theory based asthma education; asthma outcomes, 20487
- medication adherence; adherence self-efficacy; antiretroviral therapy; age differences; cross cultural differences, 26505
- medication adherence; atypical antipsychotic medication; schizophrenia; side effects, 8553
- medication compliance; atypical antipsychotic drugs; drug therapy; schizophrenia; long acting injectable medications, 17052
- medication compliance; treatment satisfaction; HIV disease; African Americans; crack cocaine smokers, 26486
- medication management; refractory epilepsy; patient's perceptions; compliance, 26483
- medication prescribing practices; inner-city; Hispanics; mental health clinic; psychotic disorders; medication compliance; outpatients; cultural factors; side effects, 20371
- mental health nurses; medication adherence; nurse perceptions; nurse role; education; adherence strategies; training, 5273
- mental health treatment; mental illness; psychiatric services; cresting; medication, 31693
- missed appointments; outpatient schizophrenia program; severe mental illness; psychiatric outpatients; nonattendance, 35783
- motivational interviewing; substance abuse treatment; treatment retention; women drug abusers; prenatal drug use; child welfare; coerced populations, 32794
- neuroleptic medication; patient attitudes; measurement; predictive utility; prescription adherence, 21139
- neuroleptic treatment; schizophrenia; relapse prevention; decision making; treatment adherence, 23306
- neuroleptic treatment; subjective well-being; pharmacological treatment; conventional neuroleptics; atypical antipsychotics; subjective experiences; medication adherence, 11518
- nicotine use; tobacco smoking; body weight; hookah use; young smokers; smoking cessation; nicotine patches; treatment withdrawal, 31439
- nonadherence; symptom awareness; schizophrenia, 14047
- noncompliance; partial compliance; schizophrenia; drug therapy; relapse; risk factors; side effects; symptom severity; impaired cognition; inadequate knowledge, 8522
- obesity; risk factor; antipsychotic noncompliance; side effect; distress; schizophrenia, 11572
- older alcoholic men; referral paths; patient profiles; treatment adherence; alcoholism treatment, 2494
- oral atypical antipsychotics; noncompliance; long-acting atypical risperidone; schizophrenia management; depot intramuscular antipsychotics; long-acting atypicals, 20281
- outcome expectancy; self-efficacy; adolescent asthma; asthma self-management; asthma prevention; treatment adherence; asthma morbidity, 26076
- outpatient commitment; representative payeeship; perceived coercion; treatment adherence; severe mental illness; legal mechanisms; involuntary admission, 3097
- parental drug use; drug treatment compliance; family reunification; substitute care, 17443
- Parkinsons disease; depression; medication adherence; social work practice; neurological disorder, 35279
- participant retention; outpatient drug-free treatment; drug use; intake role induction session, 17432
- pathological gambling; treatment retention; retrospective review; treatment; gambling addictions, 20105
- patient adherence; social support; medical treatment; medical regimens; marital status; family relations; living arrangements, 14040
- patient attendance; community mental health; psychiatrist grades; clinical psychologists; clinical competence; quality of care, 17310
- patient attitudes; long-term drug delivery; psychiatric medicine; surgical implants; illness; insight; medication adherence, 26453
- patient attrition; treatment non-compliance; secondary stroke prevention; subject discontinuation; voluntary withdrawal; follow-up loss; clinical trials, 29471
- patient compliance; tricyclic antidepressants; medication side effects; treatment decision; tolerability; prescribed medication, 20383
- perceived control; control preference; treatment adherence; chronic medical regimen; individual differences hemodialysis regimen; end-stage renal disease, 26487
- personality assessment inventory; offender treatment program; treatment noncompliance; sex offender treatment; incremental validity; antisocial features; verbal aggression; prison inmates, 24232
- pharmacotherapy; mirtazapine; antidepressants; drug formulations; drug delivery systems; compliance; therapeutic efficacy, 20326
- physician opinion leader intervention; hospital quality improvement; treatment adherence; angina, 16874
- postictal serum levels; antiepileptic drugs; medication non-compliance; indicator; biological marker; epileptic seizures; epilepsy; detection; drug therapy; serum concentration, 2320
- prediction; drug court; substance abuse treatment; treatment retention; premature termination, 11953
- prescriber intent; off-label usage; early discontinuation; antidepressants; patient diagnosis; antidepressant therapy; major depression, 23288
- prescriptions; treatment compliance; primary health care; gender differences; cardiovascular diseases, 29618
- primary care based depression prevention; depression relapse prevention; depression relapse; antidepressant medication; treatment adherence; depression outcomes, 1936
- psychoeducation efficacy; bipolar disorders; risk of relapse; psychological interventions, 1981
- psychosis; treatment programs; adherence; non-adherence; community psychiatric services; patient characteristics, 8377
- psychosocial characteristics; medication nonadherence; health perceptions; cluster analysis; inflammatory bowel disease, 19884
- quetiapine; schizoaffective disorder; polysubstance dependence; treatment noncompliance; antipsychotic medications; adverse effects, 35514
- quit dates; smoking cessation treatment; treatment compliance; cessation outcome; disorder relapse; human gender differences, 29772
- racial differences; cardiovascular disease; cardiac medication adherence; African Americans; Whites, 14257
- racial differences; cardiovascular disease; cardiac medication adherence; African Americans; Whites, 14269
- rehabilitation adherence; psychological factors; knee surgery; age related differences; anterior cruciate ligament reconstruction, 8608
- relapse prevention; schizophrenia; treatment compliance; long-term disease management; injectable long-acting antipsychotic medications; atypical antipsychotic drugs; risperidone, 8515
- rheumatoid arthritis patients; community-based intervention; effectiveness; feasibility; writing intervention; expressive writing; patient adherence; home-based videotaped instructions, 11827
- Risk Sophistication-Maturity and Treatment Amenability Instrument; treatment compliance; validity; reliability; juvenile offenders; incarcerated adolescent males; transfer to adult court, 9422
- salivary cortisol sampling; treatment compliance; fibromyalgia patients, 26482
- schizophrenia; illness models; treatment satisfaction; treatment compliance; ethnic differences, 34879
- schizophrenia; long-acting injectable medication; atypical antipsychotic treatment; treatment adherence, 17051
- schizophrenia; maintenance medication; antipsychotic medication; treatment compliance; drug efficacy; side effects; drug administration methods; doctor noncompliance reduction; relapse prevention, 8496
- self efficacy; cognitive-behavioral treatment; insomnia; prediction; treatment adherence, 3184
- self-reported adherence; plasma protease inhibitor concentration; PPIC; HIV-infected patients; non-adherence detection; self-administered questionnaires, 6355
- serious mental illness; HIV antiretroviral regimens; adherence; psychotropics; schizoaffective disorder; schizophrenia; bipolar depression; major depression with psychotic features, 5465
- social stress; illicit drug use; health beliefs; antiretroviral therapy; socioeconomic status; treatment adherence; HIV infected patients, 23374
- social support; positive state of mind; HIV treatment adherence; HIV/AIDS; depression; medication adherence, 29044
- social support; treatment adherence; denial; antiretroviral treatment; substance use; family; HIV infected persons; coping strategies; alcohol use; sociodemographic variables; psychosocial variables, 22868
- stimulant treatment; treatment information; stimulant medication; attention-deficit/hyperactivity disorder; pharmacological therapies; nonpharmacological therapies, 14301
- substance abuse treatment; treatment adherence; virological response; highly active antiretroviral therapy; HIV-infected people; alcohol problems, 29224
- substance abuse treatment; treatment duration; treatment retention; adolescents; psychosocial factors, 32758
- substance abuse; intensive outpatient treatment; program graduation; social outcomes; inpatient utilization; treatment completion; program dropouts; offset effects, 32811
- TB; tuberculosis; TB clubs; TB treatment compliance; TB societal attitudes; community tuberculosis care; rural North Ethiopia, 8715
- travel distance; outpatient drug treatment; client retention; treatment completion; length of stay, 11897
- treatment adherence; depression; injection drug users; psychotherapy; psychopharmacology, 20124
- treatment adherence; group cognitive behavioral treatment; chronic insomnia, 5233
- treatment adherence; medication status; effectiveness; adverse effects; stimulant use; attention deficit with hyperactivity disorder; treatment outcomes, 29317
- treatment attendance; methadone maintenance clients; treatment effectiveness; economic barriers; willingness to pay; personal costs; time, 20626
- treatment attendance; runaway youth; home-based family therapy; office based family therapy; alcohol abuse; adolescents; Functional Family Therapy; Ecologically Based Family Therapy; treatment, 31896
- treatment completion; residential drug treatment; residential alcohol treatment; treatment outcomes; low-income inner city patients, 20657

- treatment compliance; patient satisfaction; sodium valproate; Depakine Chrono; epilepsy, 11639
- treatment noncompliance; criminal justice mandated clients; physical prime; support social networks; treatment motivation; risk-taking propensity; social involvement; treatment progress, 20663
- treatment retention; drug users; motivational interviewing; heroin-program; treatment drop-outs, 35889
- Tridimensional Personality Questionnaire Scores; clinic attendance; cocaine abuse; buprenorphine maintenance; novelty-seeking behaviors; cocaine users, 26738

Volume 91 SUBJECT INDEX

Treatment Compliance—Serials

tuberculosis patients; drug compliance rate; anti-tuberculosis drugs; Directly Observed Treatment Short Course; teaching hospital, 8617

youth characteristics; family; therapist adherence; multisystemic therapy; community service settings; criminal behavior; substance abuse, 2075

Treatment Dropouts—Serials

alliance; dropout; family therapy; adolescents; behavior problems; parents; retention, 5229

antidepressant drugs; drug therapy; therapy completion; drug doses; treatment compliance; treatment outcome; depression; treatment duration, 14200

antipsychotic medication; medication non-adherence; schizophrenia; health care costs; resource use, 32452

child and adolescent mental health services; community mental health services; premature treatment termination; parental engagement; attrition; treatment discontinuation, 35787

cholinesterase inhibitors; Alzheimer's disease; titration schedule; recommended dose; dropout rate, 20489

early treatment drop-out; independent predictors; addiction treatment; demographic factors; gender; ethnicity; treatment outcomes; substance-related factors; outpatient sample; individual therapy, 20643

military-style treatment programs; adolescents; academic problems; conduct problems; social-emotional functioning; program completion; Minnesota Multiphasic Personality Inventory-Adolescent; boot camp, 23642

pregnant women; early attrition; substance abuse treatment; treatment retention; at risk women; drug treatment, 32788

premature termination; operational definitions; therapist judgment, 1989

pretreatment attrition; couple therapy; male drug abuse; treatment entry variables, 20209

pretreatment attrition; patient dropout; outpatient clinic; anxiety disorders, 28772

psychoanalytic psychotherapy; treatment dropouts; patient perspective; therapist perspective, 26331

referral source; client race; wait time; preintake attrition; treatment dropout rates; community mental health centers; US; self referral; professional referral; psychologists; intake interview, 2449

self-reported drinking; client attrition; problem drinking; drinking quantity; alcohol consumption, 22674

substance abuse treatment; attrition; treatment dropout, 23613

substance abuse; intensive outpatient treatment; program graduation; social outcomes; inpatient utilization; treatment completion; program dropouts; offset effects, 32811

survival analysis; psychotherapy termination; premature termination; mutual termination, 29244

treatment attrition; women assaulters; psychological predictors; demographic predictors; abusive women; domestic violence offenders; treatment dropouts, 26766

treatment programmes; sexual offences; recidivism; adolescents; treatment dropout, 35907

treatment resistant schizophrenia; clozapine treatment; treatment discontinuation predictors; sociodemographic factors; clinical factors, 11526

Treatment Duration [See Also Long Term Care]—Serials

acute & long-term treatment; prevention of relapse; obsessive-compulsive disorder; paroxetine; safety; efficacy, 2172

addiction treatment; treatment duration; drug use; drug addiction, 17447

affective disorders; older inpatients; age differences; major depression; treatment duration; delusions; cognitive impairment; physical disease; comorbidity, 25605

Alcoholics Anonymous participation; duration; frequency; alcohol use disorders, 11929

antidepressant therapy; nonadherence; treatment duration; adverse events; physician-specific issues; medication-specific issues; patient-specific issues, 8524

asthma; young adults; intensive care; gender differences; hospitalization outcomes; length of stay; intensive care unit length of stay; mortality; respiratory failure, 2483

clinical characteristics; length of hospital stay; resource use; psychiatric units; older adults; bipolar disorder; schizophrenia; schizoaffective disorder; depression; dementia, 17404

clonazepam augmentation; mood stabilizer therapy; protracted major depression; depressed patients; treatment regimen alteration; bipolar disorder, 23274

cognitive rehabilitation; schizophrenia; rehabilitation approach; training duration; task performance, 5197

cognitive-behavioral therapy; panic disorder; therapy delivery methods; computer-augmented CBT; therapist-delivered CBT; number of therapy sessions; therapeutic outcomes; computers, 2035

Consultation-Liaison Psychiatry; medically ill patients; depression; length of stay; comorbidity, 29210

delirium; dementia; elderly general medical inpatients; cognitive impairment; stay length, 23594

dose-response; psychotherapy; amount of therapy; outcomes; therapy duration, 11376

drug treatment completion; post discharge employment; wages; substance abuse; state substance abuse management information systems, 2503

expert recommendations; guidelines; drug intervals; recommendation tables; treatment duration; follow up monitoring; follow up frequency; antipsychotic drugs; antipsychotic treatment; elderly patients, 14115

followup outcomes; drug abuse treatment; Drug Abuse Treatment Outcome Studies; treatment duration, 14479

history; length of stay; mental hospital; patients; psychiatry; therapeutics; Ohji Brain Hospital; demography, 2482

hospital psychiatric unit; inpatients; diagnostic profile; length of stay, 14443

inpatient psychiatric stay; stay duration; readmission rate; psychiatric disorders, 29741

length of stay; managed behavioral health care organizations; inpatient psychiatric treatment; intraclass correlation coefficient; psychiatric disorders; hospitals; physicians, 14444

length of stay; psychiatric inpatient services; developmental disabilities; mental health care; psychiatric admissions, 20609

long-term care; democratic therapeutic milieu; short-term care; democratic therapeutic milieu, 29728

medical patients; psychiatric interventions; length of hospital stay; health status; quality of life; consultation-liaison nurse; discharge, 8818

methylphenidate treatment; attention deficit hyperactivity disorder; long term effects; chronic stimulant medications; neural effects; behavioral effects; drug adverse effects, 8555

mind; contemporary hospital treatment; length-of-stay; inpatient treatment program; biopsychosocial approach, 5662

opioids; adverse drug events rate; ADEs; adult surgical patients; postoperative pain; length of stay; LOS; hospital costs; mortality; opioid-related ADE, 5445

outpatient program; substance-use disorders; retention; treatment outcome; length of stay; mixed-gender program; women-only program, 8876

persistent vegetative state; brain damage; therapeutic time window; muscimol kinetic therapy, 32503

psychiatric ward; length of stay; mental illness severity; psychiatric hospital admission, 20606

psychoanalysis; long-term psychoanalytic therapy; health care utilization; health care costs; work absenteeism; hospitalization days, 26312

residential treatment centers; stop-gap services; youth; emotional & behavioral disorders; residential services; service delivery; stop-gap model, 32731

substance abuse treatment; treatment duration; treatment retention; adolescents; psychosocial factors, 32758

tardive dyskinesia; mu opioid receptor; Chinese patients; receptor gene polymorphism; genotype distribution; long-term neuroleptic treatment; schizophrenia; antipsychotic therapy; genetic contribution, 7905

therapy length; selective serotonin reuptake inhibitors; tricyclic antidepressants; major depression, 26399

travel distance; outpatient drug treatment; client retention; treatment completion; length of stay, 11897

verbal declarative memory; long-term treatment; selective serotonin reuptake inhibitors; posttraumatic stress disorder; neuropsychological testing, 2233

Treatment Effectiveness Evaluation—Serials

acute hospital occupational therapy services; functional assessment; intervention outcomes; clinical audit; patient goals, 20670

adjunctive citalopram treatment; effectiveness; hallucinations; depersonalization symptoms; schizophrenia; olanzapine; drug interaction; safety; antipsychotic efficacy; depressive symptoms; serotonin, 29322

adolescent substance abuse treatment; multidimensional family therapy; cognitive-behavioral group treatment; outcome findings; methodological characteristics, 35893

adolescents; substance abuse; gender differences; treatment effectiveness; treatment outcomes, 26722

alcohol abuse; collaborative care; alcohol abuse; health care interventions; trauma survivors; cognitive behavioral therapy, 26639

anger treatment; treatment effectiveness; anger problems, 20097

athlete perceptions; sport psychologists; sport psychologist effectiveness evaluation, 33314

aversion therapy; crack cocaine; treatment effectiveness evaluation; drug abuse; treatment approaches; cocaine craving; chemical aversion; covert sensitization; faradic aversion therapy, 17429

batterer intervention program; psychological variables; physical abuse; truthfulness; violence; lethality; control; substance use; coping abilities; African Americans; Caucasians; program evaluation, 29755

Treatment Effectiveness Evaluation—Serials

behavior change; token economy effectiveness; change perception; problematic classroom behavior; treatment acceptability; child behavior; preschool children; contingency management, 26298

bipolar disorder; psychotherapy; psychological interventions; psychoeducation; cognitive-behavioral therapy; interpersonal therapy; social rhythm therapy; psychoanalytic therapy, 26244

borderline personality; psychotherapy research; psychotherapy outcome; comorbid conditions; alcohol dependence; treatment outcome; multiple comorbidity; sexual masochism; racism, 5159

breathing training; panic disorder; efficacy; hyperventilation; respiration rate; methodological problems; therapy outcomes; hypoxemia; panic disorder development; tidal volume; blood gases, 2257

bulimia nervosa; public opinion; treatment effectiveness evaluation; self-help interventions; counseling, 25997

bupropion; pathological gambling; drug efficacy, 11470

challenging behaviour; clinical research; treatment effectiveness evaluation; group counseling, 33643

child mental health; evidence-based practice; child mental health treatment; outcomes monitoring; clinical skills; treatment planning, 11763

chronic depression; transcranial magnetic stimulation; recurrent episodes; treatment effectiveness evaluation, 26454

chronic major depression; dysthymic disorder; combined treatment; psychotherapy; nefazodone; maintenance efficacy; recurrence; prevention, 1921

citalopram treatment; major depressive disorder; Hispanic HIV; AIDS patients, 23229

citalopram; reboxetine; post-stroke depression; drug therapy; treatment effectiveness evaluation; selective serotonin reuptake inhibitor; noradrenaline reuptake inhibitor, 29371

citalopram; reboxetine; post-stroke depression; drug therapy; treatment effectiveness evaluation; selective serotonin reuptake inhibitor; noradrenaline reuptake inhibitor, 35566

client perceptions; prison-based therapeutic community; drug rehabilitation programs, 29801

clinical audit; psychodynamic psychotherapy service; patient satisfaction; clinical outcome in routine evaluation, 14058

clinical nursing; experimental effect; nursing studies; improvement; control groups; experimental groups, 9523

clinical trials; antipsychotic drugs; drug efficacy; Alzheimer's disease; psychosis; agitation, 3288

clinical trials; treatment efficacy research; Communication Sciences and Disorders Clinical Trials Research Group; evaluation and treatment of communication disorders, 32822

Clinician Administered PTSD Scale; rating scale model; diagnostic tool; construct validity; treatment response evaluation; posttraumatic stress disorder; veterans; case definition; symptoms, 9410

lithium augmentation efficacy; antidepressants; treatment resistant depression; protracted mild depression, 23275

lithium augmentation; HPA system; treatment-resistant depression; tricyclic antidepressants; pharmacologic treatment; neuroendocrine studies, 11472

lithium augmentation; nortriptyline; treatment resistant depression; prospective open trial, 20369

lithium augmentation; nortriptyline; treatment resistant depression; prospective open trial, 20292

long-term antidepressant efficacy; olanzapine; fluoxetine; treatment-resistant depression, 11476

medical comorbidity; fluoxetine augmentation; dose increase; treatment-resistant depression; antidepressant treatments; major depressive disorder, 23286

metabolic changes; severely depressed patients; left dorsolateral prefrontal cortex; electroconvulsive therapy; treatment resistant unipolar depression, 8569

multiple drug resistance; P-glycoprotein, mice knockout; blood-brain barrier; antidepressive agents; venlafaxine; paroxetine; mirtazapine; doxepin, 792

pindolol; treatment-resistant patients; selective serotonin reuptake inhibitors monotherapy; antidepressants; major depressive disorder, 20378

psychiatric comorbidity; predictor; nortriptyline; treatment-resistant major depressive disorder, 11540

psychosocial functioning; patients; treatment resistant depression; interpersonal relations; recreational activities; sexual activity, 31752

refractory depression; affective disorders; somatic treatments; short-term outcomes; chronic refractory; specialist affective disorders service; somatic therapy; treatment-resistant depression, 29346

repetitive transcranial magnetic stimulation-induced mania; antidepressants; bipolar disorder, 35593

repetitive transcranial magnetic stimulation; antidepressant effects; older outpatients; depression; treatment-resistant major depressive disorder, 26456

repetitive transcranial magnetic stimulation; poststroke depression; alternative treatment; refractory depression, 17104

right prefrontal transcranial magnetic stimulation; medication resistant depression; therapeutic effects; brain, 16882

riluzole augmentation therapy; treatment-resistant bipolar depression; lamotrigine; drug side effects, 29386

transcranial magnetic stimulation; drug-resistant major depression; magnetic seizure therapy, 8568

transcranial magnetic stimulation; treatment resistant depression; high versus low frequency; prefrontal cortex; left brain; right brain, 2250

treatment strategies; treatment implementation; antidepressant therapy; treatment algorithms; treatment process, 11456

Treatment Resistant Depression—Serials

treatment-refractory depression; randomized controlled trials; pharmacological interventions; psychological interventions; antidepressant drugs, 11344
treatment-refractory depression; randomized controlled trials; pharmacological interventions; psychological interventions; antidepressant drugs, 11346
unipolar depression; treatment-resistant depression; functional MRI; affective processing; temporal lobe; hippocampus; gyrus; subgenual cingulate; striatum; brain stem; physiological correlates, 1429
venlafaxine; depression; lithium; resistant patients; serotonin syndrome; drug therapy, 8484
venlafaxine; major depressive disorder; treatment-resistant depression; generalized anxiety disorder; obsessive-compulsive disorder; chronic pain syndromes; selective serotonin reuptake inhibitors, 8508
Treatment Resistant Disorders [See Also Treatment Resistant Depression]—Serials
anti-tumor necrosis factor- α ; etanercept; treatment-refractory pain; lung cancer; breast cancer; bone metastasis; spinal metastasis; osteoclasts; neuropathic pain, 8646
atypical antipsychotic medication; drug combinations; treatment-resistant schizophrenia; schizoaffective disorder; olanzapine; sulpiride; risperidone; clozapine; quetiapine, 11523
brain variables; clozapine treatment; treatment resistant schizophrenia; positron emission tomography; magnetic resonance imaging; schizophrenic syndromes; anatomy; metabolism, 5317
childhood-onset schizophrenia; olanzapine treatment; psychopathology scores; treatment refractory schizophrenia; side effects; weight gain, 1494
cholinesterase inhibitors; Alzheimer's disease; treatment failure; drug switching, 23239
chronic migraine; naratriptan; preventive treatment; refractory to treatments; adverse events; headache frequency; drug tolerance; side effects, 23403
clozapine; conventional antipsychotic drugs; treatment-resistant schizophrenia, 4641
clozapine; conventional antipsychotic drugs; treatment-resistant schizophrenia, 31770
clozapine; conventional antipsychotic drugs; treatment-resistant schizophrenia, 31777
clozapine; efficacy; schizophrenia; side-effects; treatment resistant, 5290
diabetes; insulin resistance; neuropsychiatric population; antipsychotic medications; mental illness; schizophrenic persons, 22798
emotion management training; treatment resistant schizophrenia; emotion perception; social adjustment; psychopathology, 23097
insulin therapy; diabetes mellitus; insulin administration; type 2 diabetes; insulin-resistant diabetes, 23380
lamotrigine therapy; treatment-resistant menstrually-related rapid cycling bipolar disorder; follicular phase depressive symptoms; luteal phase mood elevation symptoms, 35506
lamotrigine; treatment-resistant schizophrenia; clozapine; treatment outcomes; positive and negative symptoms, 8549
negative symptoms; schizophrenia; autistic spectrum illness; autistic symptoms; treatment-resistant schizophrenia; schizophrenia patients; social interaction, 25676
obsessive-compulsive disorder; eicosapentaenoic acid; resistant depression; affective disorders; omega-3 fatty acids; treatment resistance, 20327
pharmacologic treatments; nonresponsive patients; obsessive-compulsive disorder; intravenous clomipramine treatment, 8494
quetiapine addition; refractory obsessive-compulsive disorder; treatment resistant patients; clomipramine, 2218
quetiapine; treatment refractory schizophrenia; first-generation antipsychotics; hospital patients; drug dosage, 29377
resistant bipolar disorder; Bechet syndrome, 28622
schizophrenic psychoses; treatment-resistant schizophrenia; atypical antipsychotics; clozapine; amisulpride; combination drug therapy; positive and negative symptoms; treatment outcomes, 17097
secretin; schizophrenia; autism; treatment-resistant, 14120
transcranial magnetic stimulation; depersonalization disorder; treatment-resistant condition, 35594
treatment resistance; anorexia nervosa; cognitive impairment; motivation; insight; Ulysses Agreement, 5655
treatment resistant schizophrenia; clozapine treatment; pseudophaeochromocytoma, 11544
treatment resistant schizophrenia; clozapine treatment; treatment discontinuation predictors; sociodemographic factors; clinical factors, 11526
treatment-resistant depression; electroconvulsive treatment; clinical observations; genetic analysis; anxiety disorder; anxiety; depression, 23314

treatment-resistant psychosis; clozapine; treatment outcomes; neuroleptic-refractory patients; schizophrenia; bipolar disorder; schizoaffective disorder, 35519
treatment-resistant schizophrenia; antipsychotic drug combinations; therapeutic option; side effects; drug doses; olanzapine; amisulpride, 17096
treatment-resistant schizophrenia; conventional antipsychotics; olanzapine treatment; double-blind fashion; treatment resistance; clozapine treatment; response criteria; higher doses, 8493
treatment-resistant schizophrenia; olanzapine; clozapine; treatment-intolerant schizophrenia; side effects, 11469
verbal representation; therapeutic change; verbal expression; psychopathology; treatment resistant patients, 16914
ziprasidone; selective serotonin reuptake inhibitors; drug side-effects; atypical antipsychotic agents; mood disorders; treatment-resistant depression, 20376
Treatment Seeking Behavior [See Health Care Seeking Behavior]
Treatment Termination—Serials
anticipatory interpretations; premature termination; therapeutic process; therapeutic alliance; transference references; cautionary tales; derivative communications, 32266
antidepressant discontinuation; antidepressant continuation; acute bipolar depression remission; depressive relapse; mood stabilizer regimen; acute depressive episode, 29389
antidepressant discontinuation; antidepressant continuation; acute bipolar depression remission; depressive relapse; mood stabilizer regimen; acute depressive episode, 29307
neuroleptic drugs; drug discontinuation; dementia; Alzheimer's disease; behavioral symptoms; psychiatric symptoms; quality of life, 17029
panic attacks; mirtazapine treatment discontinuation; depressive symptoms; sleep problems; adjustment disorder, 29328
partial seizures; antiepilepsy drugs; seizure recurrence; risk factors, 17167
participant retention; outpatient drug-free treatment; drug use; intake role induction session, 17432

Trigeminal Neuralgia—Serials

microvascular decompression; trigeminal neuralgia; anesthesia; MVD; pharmacotherapy; morbidity; mortality, 4177

trigeminal ganglion; neuralgia; ophthalmic zoster sine herpete; sensory disturbance; ipsilateral upper trunk; varicella zoster virus; regional encephalitis, 13884

Trigunum Cerebrale [See Fornix]**Trihexyphenidyl—Serials**

trihexyphenidyl hydrochloride; psychomotor performance; memory consolidation; elderly participants; anticholinergic drug; memory functioning, 21898

Triiodothyronine—Serials

body weight; restrictive anorexia nervosa; triiodothyronine levels; weight loss; hyperthyroidism, 4804

Triplets—Serials

dizygotic twinning rates; triplet rates; zygosity; monozygotic twinning rates; European countries; ovulation-inducing hormones; in vitro fertilization; human fertility, 16166

Trisomy [See Also Trisomy 21]—Serials

first-trimester screening; trisomy 21; trisomy 18; Down's syndrome; prenatal care, 3586

first-trimester screening; trisomy 21; trisomy 18; Down's syndrome; prenatal care, 3591

prenatal counseling; mosaic trisomy 16; cognitive functioning; adaptive behavior, 13879

prenatal diagnosis; trisomy; pregnancy termination, 8124

trisomy 16; pigtailed macaque; macaca nemestrina; physical abnormalities; learning deficits; cognitive deficits; social behavior; reflexes; motor control; genetics, 12793

Trisomy 21—Serials

first-trimester screening; trisomy 21; trisomy 18; Down's syndrome; prenatal care, 3586

first-trimester screening; trisomy 21; trisomy 18; Down's syndrome; prenatal care, 3591

Trochlear Nerve [See Cranial Nerves]**Trucks [See Motor Vehicles]****True False Tests [See Forced Choice (Testing Method)]****Trust (Social Behavior)—Serials**

academic psychology; civic trust; virtue; ethics; academy, 7603

antecedents; customer-contact employees; empowerment; workers; retail bank, 30221

apology; denial; repairing trust; integrity; competence; trust violations; evidence of guilt; job candidate, 10541

attributions; trust; reciprocity; social perception, 7645

automation trust; automation reliance; decision aid; students; human operators; underutilization, 9210

broken promises; personality traits; neuroticism; agreeableness; emotive responses; cognitive responses; breach, 34681

business commitment; trust; business relationship perceptions; models; economics; social interaction; decision making; socioeconomic exchange; forestry businesses, 6013

business-to-business relationships; economic interaction; commitment; trust; continuity expectations; Marks & Spencer; suppliers; social construction, 6036

client trust; criminal defense attorneys; trust development; client satisfaction; case outcomes, 33422

community research; community psychology; prehistory; personality; self-correction; trust, 26661

computer mediated communication; trust evaluation; human computer interaction; social dilemma; games, 9213

countertransference; psychoanalytic discourse; psychoanalytic process; emotional openness; trust; psychotherapy, 20234

customer trust; buyer-supplier relationship; interorganizational trust; marketing; Japanese manufacturers, 30261

disabled persons; employment support; disability benefits; paid employment; public services; users' perceptions; attitudes; service delivery; service providers; government; Personal Advisor Service, 11833

e-retailing; consumer behavior; e-trust; perceived interactivity; internet; Web sites, 6119

empathy; online interpersonal trust; online communication; textual IM; empathic accuracy; response type; instant messaging; online communities; personal email communication, 34209

fundamental attribution error; deception; lie detection accuracy; trait judgments; state judgments; trustworthiness; halo effect; truthfulness bias, 1219

health policy; health system; health care development; trust; social capital; social institutions, 23498

HIV infection; sexual risk behavior; dyadic trust; sensation seeking; sexual imposition, 32121

human subjects research; trust preservation; institution financial conflicts of interest; recommendations; commercial research sponsors; public concerns; disclosure, 23735

inductive validity; concept advancement; trust; researchers; qualitative methods; data collection, 6440

information technology; collaborative approach; political engagement; cultural differences; interpersonal trust; electronic network; community leaders; social capital; social trust; social ties, 9212

leader's bias; trustworthiness; procedural justice; fairness judgements; positive emotions; accuracy; accurate procedure; leader accuracy; unbiased leaders; interactive effect, 13469

left-right facial asymmetry; trustworthiness judgements; faces; gender differences; attractiveness; smiling, 10557

management consulting; social relations; trust; institutional uncertainty; market competition; networked reputation; transactional uncertainty; embeddedness; firm growth; networks; business services, 12241

marital trust; attributional processes; close relationships; partner-enhancing attributions; marital conflict, 28248

marketing orientation; marketing concepts; trust; commitment; sponsorship; business to business relationships, 9119

medical trust; satisfaction; personal physicians; health insurers; medical profession; patient trust, 8585

Mexican Americans; major institutions; confidence, 4191

online auction market; digital certificate; certification authority; economic incentive mechanism; fraud, 17925

online trust; consumer trust; Internet vendors; e-commerce; interpersonal trust, 9177

online trust; online environments; websites; human computer interaction, 9208

organization development; thought leaders; pioneers, 17878

organizational superiors; leaders; collective trust; collective identity; critical incidents; team processes; superior-subordinate relationship; evaluation, 14793

patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35723

patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35730

patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35735

patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35748

patient-doctor communication; trust; care; respect; breast cancer patients; doctor's characteristics, 35720

political scandals; social trust; public opinion; morality, 28297

privacy; trust; disclosure; electronic commerce; online information disclosure; commercial Web sites; social exchange theory; self-disclosure; online behavior; models, 33353

private capital formation; business veto; investment confidence; Swedish social democracy; reformist governments; stock markets; currency; domestic investment patterns; reformist governments, 16079

psychoanalytic psychotherapy; Blacks; Whites; inner city; trust; psychotherapeutic processes; prejudice; society, 11453

religious affiliation; trust antecedents; electronic commerce; cultural variables; web sites attitudes, 30302

sales manager-salesperson relationships; trust-building processes; salesperson trust; sales manager; job satisfaction; relationalism; organizational commitment; turnover intention, 14765

sampling strategies; trust-building activities; refugees; immigrant communities; difficult to locate, 9551

small firm clusters; trust; inter-firm cooperation; knowledge; institutions; party interaction, 14782

social capital; provider trust; health care systems; community; health maintenance organization; HMO, 5807

social capital; social participation; trust; community; smoking, 13404

social motives; interpersonal trust; alternative business partners; problem solving; options; negotiation, 4351

Soviet immigrants; Israel; social capital; interpersonal trust; political variables; social exclusion; group exclusion; institutional trust; individual exclusion; political variables; social variables, 19000

spokesperson trustworthiness; endorses; thoughtful elaboration; unthinking acceptance; persuasion consequences; elaboration; attitude accessibility; advertising effectiveness; attitude strength, 9168

structural hole brokerage; consortia; emergence; maintenance; dissolution; individual interests; relationships; homophily; trust; threats; interests; differentiation; integration, 31487

subjective trust; risk taking; behavioral trust; personal characteristics, 34662

survey item; generalized trust; measurement; validity; cross-cultural factors, 3147

task conflict; relationship conflict; group performance; trust; performance feedback; intragroup conflict, 10503

trust and reciprocity decisions; trustors; trusted parties; differing perspectives; trusting actions; reciprocity responses; trust game; social and economic interactions; risk; benefit, 31495

Trust and Relationship Commitment; Determinants of Donor Behavior; United Kingdom Voluntary Sector; Trust in voluntary organization; giving behavior; Charitable Behavior; Private Sector, 31541

trust; child information acquisition; reliable informant; testimony; acquired beliefs, 34314

trust; corporate social responsibility; business; corporate citizens, 33303

trust; management; work overload; personal strain; employee attitudes; burnout; psychological strain; work-family relationship; employees; accountants, 2929

trust; reciprocity; social values orientation; sequential game; bargaining; trustworthiness, 10492

trust; refugee communities; community services; access; research, 26657

trustworthiness; competitive altruism; dyadic trust; cooperation, group behavior, 31465

trustworthiness; service organizations; low-income neighborhoods; government agencies; hospitals; churches, 29703

trustworthiness; social relationships; psychological adjustments; friendship, 22095

trustworthy; mistrust; social perception; encoding; facial features; face perception, 22317

work performance; integrity; trustworthiness; employees; questionnaires; English; Spanish, 15116

workplace trust; trust formation; team members; organization membership; hierarchical relationship; trustee gender; trusting stance, 27088

Trust (Social Behavior)—Serials

The process of trusting: Its relevance to vulnerability and resilience in traumatic situations, 20955

Tryptamine—Serials

extracellular concentrations; 5-hydroxytryptamine; 5-hydroxyindoleacetic acid; pharmacology; 5-HT release, 18803

pharmacology; endogenous enhancer substances; phenylethylamine; tryptamine; (-)-1-(benzofuran-2-yl)-2-propylaminopentane; trace amines; monoamine oxidase type-B inhibitor; mesencephalon; selegiline, 18801

Tryptophan [See Also Hydroxytryptophan (5-)]—Serials

5-hydroxy-L-tryptophan; serotonin; food intake; food-deprived rats; stressed rats; dopa decarboxylase inhibitor; hyperphagia; 5-HTP levels; humans, 12971

acute tryptophan depletion; cognitive function; cognitive changes; serotonin; performance; amino acids, 15566

alpha-lactalbumin; regular diet; brain serotonin; food intake; mood; tryptophan; plasma ratio; amino acids; appetite, 27856

alpha-methyl-L-tryptophan & 2-deoxy-2-fluoro-D-glucose uptake; PET; seizure onset; intractable neocortical epilepsy; cortical regions; epileptogenic cortex, 13960

angry cognitive bias; trait aggression; impulsivity; substance users; anger; aggression; tryptophan; Methylene-dioxyamphetamine, 16500

beta adrenergic receptor subtypes; tryptophan; brain; mice; beta adrenergic antagonists; beta adrenergic agonists, 3929

carcinoid syndrome; psychiatric symptoms; tryptophan metabolism; aggressive impulse dysregulation, 26061

depression; paroxetine treatment; interferon-alpha; tryptophan; kynurenine; neopterin; indoleamine-2,3-dioxygenase; metabolism, 8489

dietary treatment; side effects; sleep problems; tryptophan; dietary hypnotic, 23414

food deprivation; sleep restoration; sleep recovery; tryptophan; dietary proteins; rat; lactalbumin; neurotransmitters, 30931

genetic variants; neuronal form; tryptophan hydroxylase; protein coding sequence; polymorphisms, 27695

immobilization stress; tryptophan hydroxylase mRNA; protein; rats; raphe nucleus; gene expression; cortisol; serotonin biosynthesis; affective disorders; posttraumatic stress disorder; animal models, 12769

light therapy; bioperin; neopterin; tryptophan; seasonal affective disorder; plasma; depression, 2252

MDMA; brainstem auditory evoked potentials; spatial working memory; tryptophan depletion; serotonin neurotransmission; rhesus monkeys; Ecstasy, 789

nutritionally sourced tryptophan; fear recognition; serotonin; facial expressions, 9949

prolactin; L-tryptophan; major depressive disorder; HPA axis function; cortisol; DHEA, 10760

rapid tryptophan depletion; moods; drinking urge; co-morbid diseases; major depression; alcohol dependence; serotonin transporter protein gene; functional polymorphism, 16368

rapid tryptophan depletion; seasonal affective disorder; natural summer remission, 1430

rapid tryptophan depletion; seasonal affective disorder; natural summer remission, 1449

rats; tryptophan hydroxylase; TPH1; TPH2; pineal gland; raphe nuclei, 15560

schizophrenic patients; serotonin precursor; neuropsychology; cognitive abilities; memory; L-tryptophan; neuroleptic drugs; interactions, 2187

simultaneous depletion; tryptophan; tyrosine; phenylalanine; brain monoamine function; affective processes; cognitive processes, 24696

somatosensory evoked magnetic fields; primary somatosensory cortex; tryptophan; primary auditory cortex; serotonin modulation, 10007

tremor; harmaline; behavior; tryptophan hydroxylase inhibition; central control of motor dysfunction; olivary nucleus; cerebellum; Swiss albino mice; p-chlorophenylalanine; neurochemistry, 3942

tryptophan depletion; auditory event related potentials; central serotonergic activity; amplitude slope; stimulus intensity; loudness; amino acid, 12775

tryptophan depletion; depression; cerebral blood flow; smoking; left frontal lobe hypoactivity, 25590

tryptophan depletion; major depression; cognitive therapy; selective serotonin reuptake inhibitor antidepressants, 23100

tryptophan diet; extracellular serotonin; dorsal hippocampus; rats, 18810

tryptophan hydroxylase-2; brain; serotonin; animal strains, 30891

tryptophan metabolism; sertraline; rat brain; 5-hydroxytryptophan; 5-HT; treatment; 5-hydroxyindoleacetic acid; 5-HIAA, 3948

tryptophan; drug abstinence; MDMA; ecstasy; memory function; serotonin, 9971

tryptophan; females; dieting; brain; serotonin; neuroendocrine responses; nutritional source; prolactin responses, 7147

Tuberculosis—Serials

clinical manifestations; tuberculosis; confused; incapacitated; mental status alteration, 26042

Latino adolescents; treatment adherence; latent tuberculosis infection; isoniazid treatment; adolescent coaching, 11650

sub-Saharan Africa; tuberculosis treatment; clinical guidelines; HIV treatment; malaria prevention; randomized clinical trials; public health importance; systematic review, 29480

TB; tuberculosis; TB clubs; TB treatment compliance; TB societal attitudes; community tuberculosis care; rural North Ethiopia, 8715

tuberculosis patients; drug compliance rate; anti-tuberculosis drugs; Directly Observed Treatment Short Course; teaching hospital, 8617

Tumors [See Neoplasms]

Turners Syndrome—Serials

corpus callosum; posterior fossa development; monozygotic females; Turner syndrome; parietal lobe anomalies; cerebellar abnormalities, 11149

dyscalculia; Turner syndrome; cognitive deficits; arithmetic; genetics, 11135

kinematics; Turner Syndrome; motor performance; gender; movement patterns, 1792

Turner syndrome; genetic factors; hormonal factors; learning disability profile; neurobehavioral profile; brain development; brain function, 28569

X-monosomy; X-linked imprinting; superior temporal gyrus; Turner syndrome; morphology, 1333

Turnover [See Employee Turnover]

Tutoring [See Also Peer Tutoring]—Serials

AutoTutor; learning environment; natural language dialogue; intelligent tutoring systems, 33071

early literacy program; program evaluation; reading skills tutoring; first-grade students, 26885

early reading achievement; attention problems; reading tutoring; elementary school children, 25964

instructional techniques; common knowledge; virtual learning environment; tutorial group; understanding; tutor contributions; E-learning, 36125

one-to-one tutoring; monitoring accuracy; learning gains; students' understanding, 33117

programmed instruction tutoring system; Java; learning performance; software self-efficacy; interface design; competency-based tutoring, 24091

reading decodable texts; supplemental first-grade tutoring; phonics program; teaching methods, 14647

tutoring programs; English reading development; phonics instruction; repeated reading; Spanish-dominant students; bilingual students; reading intervention, 36104

Tutors [See Teachers]

Twelve Step Programs [See Also Alcoholics Anonymous]—Serials

Alcoholics Anonymous; fellowship groups; professional group therapy/analysis; Twelve Steps, 32812

motivational enhancement; alcohol detoxification; 12 step involvement; alcohol dependence; brief advice; Alcoholics Anonymous, 32785

outpatient treatment programs; client attitudes; clinician attitudes; 12-step groups; obstacles to participation; drug addiction, 8865

professional treatment; alcohol-related outcomes; alcoholics anonymous; initially untreated individuals; participation duration, 20655

substance disorders; adolescents; family oriented treatment; treatment outcome; twelve-step program; day treatment setting, 26715

twelve step programs; addiction treatment; Alcoholics Anonymous; drug rehabilitation, 8373

twelve step programs; addiction treatment; Alcoholics Anonymous; drug rehabilitation, 8375

twelve-step programs; participation in treatment outcomes; cessation of addictive behaviors; Addicted-Self Model of recovery; abstinence; dependent alcohol & drug users, 2501

Twins [See Also Heterozygotic Twins, Monozygotic Twins]—Serials

adolescent twins; genetic polymorphisms; cognitive functioning; phenotypes; moles, 34259

Alzheimer's disease; leisure activities participation; Swedish twins, 19964

assisted reproductive technology; spontaneous conception; developmental prognosis; infants; twins; in vitro fertilization; fertility drugs, 31111

attention deficit-hyperactivity disorder; twins; developmental genetics; inattention; impulsivity, 35084

bipolar disorder; left hemisphere; white matter; twins; gray matter; cerebrospinal fluid volumes; magnetic resonance imaging; genetic risk, 7830

childhood sleep; behavioral problems; twin sample; anxiety; conduct; hyperactivity, 25513

cobedding; twins; interaction; adjustment; post birth stress, 10396

developmental outcome; discordant premature twins; birth weight discordance; intrauterine growth restriction, 8125

disputed memories; twins; autobiographical experiences, 21380

environmental & genetic influences; conduct problems; twin study; children & adolescents; heritability, 25844

fetal behavior; prenatal period; postnatal period; lung development; steroids usage; REM sleep; twin pregnancies; alcohol consumption, 7365

genetic & environmental contributions; Child Behavior Checklist Obsessive-Compulsive Scale; obsessive compulsive behavior; twin samples; models; cross cultural differences, 31807

genetics; cognitive abilities; adolescent twins; environmental effects; monozygotic twins; dizygotic twins, 34283

life dissatisfaction; prediction; work disability; twins, 19191

Multidimensional Aptitude Battery; Wechsler Adult Intelligence Scale; genetic two-factor model; twins, 3168

offspring alcohol abuse; offspring alcohol dependence; alcoholic twins; offspring participation, 19693

parent ratings; problem behavior; twins; genetic influences; environmental influences, 4674

personality disorders; eating disorders; twins; genetic factors, 31667

personality; environmental adversity; adult twins; neuroticism; stressful life events; interpersonal relationships; relationship quality, 7685

processing speed; cognitive ability; aging; genetic variance; fluid ability, 34374

prosocal behavior; childhood development; adolescent development; individual differences; genetic influences; sex; age; environmental influences; parent ratings; teacher ratings; rater bias, 25058

schizophrenia; adolescent twins; etiology; psychiatric disorders; psychodynamic; genetics, 31767

shared environment; mother-infant attachment security; monozygotic twins; dizygotic twins; temperament; behavioral genetics, 18948

suicide genetics; suicidal behavior; attempted suicide; twins; mental illness, 19583

traumatic events; genetic factors; personality; heritability; twins, 542

twin adolescent pairs; puberty; cognitive development; school attitude; parent child relationship, 7375

women's experiences; pregnant women; twin pregnancy; caregivers; hospital experiences, 16349

Tympanic Membrane [See Middle Ear]

Type A Personality [See Coronary Prone Behavior]

Type B Personality [See Coronary Prone Behavior]

Type I Errors—Serials

anchor item methods; differential item functioning detection; likelihood ratio test; Type I error; item response theory, 6419

ordinary least squares progression estimator; heteroscedasticity; regression model; Type I error, 268

repeated measures; Welch-James test; Huynh Improved General Approximation test; Type I error; within-subjects repeated measures; group size, 9514

statistical properties; single case randomization test; Type I error rates; statistical power, 12534

Type I error rates; generalized graded unfolding model; fit indices; item response theory, 9507

Type I error; answer copying indices; detection indices; tests, 6421

Wechsler Adult Intelligence Scale; index scores comparison; Type I error rates; Working Memory Index; Processing Speed Index, 33521

Typing—Serials

aging; typing; older workers; hand volume; inflammatory response, 21015

emotional expression; modality; affective arousal; linguistic output; computer; paper paradigm; writing longhand; typing; stressful experience; emotional arousal; essay content, 24867

letters; skilled typing; motor proficiency; keypresses; automatic activation; congruency effect; effector-dependent representations; spatial representations, 21319

text-typing task; head operated device; cursor keys; disabled person; arm movements; stimulus response compatibility; cognitive demands; traditional keyboard, 35176

visually impaired adults; copy typing; personal computer use; compensatory strategies; visual impairment; posture; working habits; technology; line of vision, 5091

Typologies (General) [See Taxonomies]

Typologies (Psychodiagnostic) [See Psychodiagnostic Typologies]

Tyramine—Serials

anxiety effects; antidepressant effects; riparian II; mice; drug dosages; methyl ethers; tyramine, 24853

Tyrosine—Serials

acute phenylalanine/tyrosine; positron emission tomography; magnetic resonance images; dopamine, 21504

fos immunocytochemistry; neuroanatomical sites; tyrosine depletion; tyrosine-free amino acid mixture; amphetamine; phenylalanine; rats, 15774

genetic variations; protein tyrosine kinase; alcohol dependence; mice; phenotype; alcoholism risk; patients, 8025

glutamate decarboxylase forms; GAD-65; GAD-67; GABAergic cells; new world monkey; Cebus apella; retinal cells; tyrosine hydroxylase; nitric oxide synthase; amacrine cells; interplexiform cells, 6795

hippocampal plasticity; synaptic plasticity; tyrosine kinases; synapses; synaptic transmission; mice, 15507

human neuroblastoma SH-SY5Y cells; magnetic stimulation; noradrenaline; tyrosine hydroxylase; rTMS; antidepressant; cerebral cortex, 3972

lateral septum; stress; tyrosine phosphorylation; Pyk2; depression; antidepressant drugs; rats, 1393

long-term potentiation; brain-derived neurotrophic factor; signaling pathways; cAMP response element binding protein; gene transcription; tyrosine; mice, 6883

mice; leukocyte common antigen-related protein; tyrosine phosphatase; spatial learning impairment; hyperactivity, 34109

simultaneous depletion; tryptophan; tyrosine; phenylalanine; brain monoamine function; affective processes; cognitive processes, 24696

substantia nigra pars compacta; ventral tegmental area; tyrosine hydroxylase; adult female wistar; female rats; lesion; hydroxydopamine; intranigral infusion; estrogen, 3844

tyrosine kinases; synaptic plasticity; memory formation; invertebrates; long term memory induction; signaling cascades; vertebrates, 6974

unipolar depression; amino acid concentrations; balanced amino-acid mixture; plasma amino acid, 15777

Ulcerative Colitis—Serials

Inflammatory Bowel Disease Questionnaire; Medical Outcomes Study Short-Form 36; ulcerative colitis; quality of life; test comparison; discriminatory power, 24297

Ulcers (Gastrointestinal) [See Gastrointestinal Ulcers]

Ulnar Nerve [See Spinal Nerves]

Ultrasound—Serials

echolocation; ultrasound; animal communication; ultrasonic signal; ground squirrel; alarm calls, 30811

ultrasonic vocalizations; USV; behavioral patterns; temporal proximity; modulation of USV features; functional role; mother-offspring relationship; neonatal mice, 9781

Uncertainty—Serials

adult attachment; trauma; attachment relationship; mothers with stillbirth; psychiatric factors; social factors; unresolved state; Adult Attachment Interview, 19317

affective responses; ambiguous interpersonal interactions; perceived racism; African American men; racism; blatantly racist content; negative affect reactivity; Black men, 28224

ambiguity; brain; neurology; micro-consciousness, 34082

art of uncertainty; case presentation; professional identity; healthcare professionals; pragmatic implications; problematic implications; professional socialization, 5775

cancer diagnosis; family members; phone calls; uncertainty; treatment; diagnosis, 19041

cancer patients; ill children; uncertainty; ordinary life; psychological adjustment; illness course, 16705

categorical expert systems; hierarchical categorization; categorical representation; approximate reasoning; associative memory, 30311

Volume 91 SUBJECT INDEX

Uncertainty—Serials

causal uncertainty; judgments; bias; causal analysis; word frequency; primes, 7650
child understanding; conceptualization; scientific inquiry, 26933
comonotonic book making; uncertainty attitudes; De Finetti; Dutch book argument; Choquet integrals, 6407
comparative psychology; monitoring uncertainty; metacognition; psychophysics; memory monitoring, 9751
consumer decisions; mammography; decision making; uncertainty; false alarm test results; medical adherence, 9183
decision making; state lotteries; half jackpot; annual payments; uncertainty, 18311
decision strategies; vagueness; ambiguity; uncertainty; categorization; vigilant strategies; personality traits, 28423
decision weights; risk preferences; judged probabilities; belief component; judgments under uncertainty; ambiguity aversion; prospect theory, 9688
environmental uncertainty; criticality; step-level public goods; public goods dilemma; sequential protocol; play paradigm; provision point uncertainty; group size; pessimistic beliefs; fears, 13423
environmental uncertainty; farmers; farming community; environmental problems; train tunnel; water reservoir, 36488
food safety; risk communication; scientific experts; general public attitude; risk management; risk analysis; science communication model, 5738
formal reasoning; everyday reasoning; logic; insight; language; mental models; information integration; inference; alternative possibilities coordination; narrative comprehension; cognitive operations, 24465
high self-esteem; uncertainty; threats; compensatory conviction; self-definition; self-concept; personal dilemmas; social issues; defensive zeal; repression, 1263
informed uncertainties; treatment effects; clinicians response; patients response, 26202
knowledge-based systems; case-based systems; decision-making; probabilities; rough sets; uncertainty; probabilistic techniques, 17977
minority influence; majority influence; uncertainty orientation; situational expectancies; persuasive messages processing, 19101
mood effects; verbal communication; sadness; verbal evasiveness; conflict situations; equivocation; cognitive strategies; equivocal communication, 28464
Null hypothesis; paranormal phenomena; skepticism; psi, 6632
obsessive-compulsive checkers; confidence; non-anxious; panic disorder, 31796
obsessive-compulsive disorder; perseverative behaviour; uncertainty; memory, 31831
organizational change; job uncertainty; management strategies; psychological strain; management communication; decision-making participation; strategic uncertainty; structural uncertainty, 27097
paradox; uncertainty; patients; treatment effects, 26195
parental uncertainty; posttraumatic stress; serious childhood illness, 10673
prefactual possibilities; future; counterfactuals; indicative conditionals; true possibilities; implied meaning; consistent possibilities; judgment; presupposed facts, 24421
probabilistic reasoning; inductive reasoning; cerebellum; decision making; uncertainty; inductive inference, 24649
software-supported process; socio-technical decisions; uncertainty handling; infrastructure investment decisions; multi-disciplinary teams; decision options; decision making, 17818
spiritual well-being; psychosocial adaptation; perceived uncertainty; multiple sclerosis, 19870
uncertainty orientation; individual differences; unrealistic optimism; uncertainty avoidance; individualism-collectivism, 28406
uncertainty; stress; superstitious strategies; coping behavior; secondary control; card guessing task, 31524
visual discrimination; feature uncertainty task; brain activation; stimulus orientation discrimination; spatial frequency discrimination, 21613
worry; intolerance of uncertainty; positive beliefs about worry; negative problem orientation; cognitive avoidance; cognitive model; adolescents, 22036

Uncertainty—Books

Coping with uncertainty—10 simple solutions, 4473

Uncertainty—Chapters

Role of uncertainty in sensorimotor control, 3741
When fairness works: Toward a general theory of uncertainty management, 6065

Unconditioned Reflex [See Reflexes]

Unconditioned Responses—Serials

medial amygdala; central amygdala; cat-odor exposure; unconditioned fear; olfactory function; locomotor activity; ibotenic acid lesions; odor-induced fear; cat odor, 18692
neurobiology; neurobehavioral system; conditioned fear; unconditioned fear; amygdala, 34063

Pavlovian conditioning; pigeons; conditioned stimulus; unconditioned stimulus; unconditioned response, 6674
stress; trace eyeblink conditioning; unconditioned response; female rats, 27602

Unconditioned Stimulus—Serials

amygdala; c-Fos protein expression; conditioned aversive stimuli; unconditioned aversive stimuli; freezing; rats, 24568
amygdalar circuit; taste aversion; conditioned behaviour; noradrenaline; protein synthesis; rats, 21536
avoidance learning; crayfish; predatory imminence; unconditioned stimulus; invertebrates; animal learning; animal locomotion, 21433
conditioned stimulus duration; unconditioned stimulus; preexposure effect; rats, 33929
cover stimulus effect; stimulus similarity; pigeons; conditioned stimulus; unconditioned stimulus; stimulus-duration-equality effect; stimulus duration, 21431
D-cycloserine; conditioned fear extinction; N-methyl-D-aspartate agonist; unconditioned stimulus; rats; reinstatement effect, 21867
instrumental conditioning; tactile stimulus; classical conditioning; unconditioned stimulus; learning; neuronal reactions; painful stimulus; mollusks, 9895
learning; arbitrary conditioned stimulus; ecological conditioned stimuli; sexual conditioning; unconditioned stimulus; pavlovian conditioning, 27612
mean rate; unconditioned stimuli; interval distribution; conditioned stimuli; linear combination; temporal learning; cs duration; food cup, 27620

Pavlovian conditioning; dyspneic suffocation fear; carbon dioxide concentration; behavioral freezing; analgesia; unconditioned stimulus intensity; panic disorder; conditioned response, 659

Pavlovian conditioning; pigeons; conditioned stimulus; unconditioned stimulus; unconditioned response, 6674
rabbit nictitating membrane response; conditioning specific reflex modification; unconditioned stimulus intensity; classical conditioning, 482

unconditioned stimuli; conditioned stimuli; flavor conditioning; simultaneous relation; sequential relation; extinction; rats, 27617

unconditioned stimulus; conditioned stimulus; Pavlov's theory of conditioning; signalization; stimulus-substitution, 3475

unconditioned stimulus; preexposure effect; lithium chloride; flavor-aversion conditioning; rats; injection cues, 6669

Unconscious (Personality Factor)—Serials

American psychoanalysis; unconscious psychology; sexuality; psychoanalytic treatment; European counterparts, 22393

creativity; containment; life; writings; individuality; unconscious; insanity; human nature, 27962

dreaming; mind; consciousness; unconsciousness; waking language, 25429

envy; religious experience; love; attention; absence; ideal self; unconscious forebodings; old age; death specter; organizing experience; empathic recognition; Freud, 30353

logicomathematic structural methodology; theoretical implications; unconscious cognition; consistent set; mathematics; structural methodology; language; verbal narratives, 18062

original intentionality; robot utterances; robot psychoanalysis; unconscious cognition; intentionality evolution, 12387

psychiatric discourse; mental health nursing; unconscious; psychotherapeutic relationships; nurse-patient relationship, 29602

psychic space; symbolic processes; clinical narrative; conscious; unconscious; difference; treatment; free association, 14108

psychoanalytic process; interpretation of unconscious; defect pathology; psychoanalytic technique, 14104

psychoanalytic psychotherapy; cognitive-behavioral psychotherapy; unconscious mental life; awareness; insight; consciousness; learning; change, 8409

psychoanalytic psychotherapy; patient communications; unconscious content; conscious content; psychological games; child ego; Robert Langs; Eric Berne, 14112

psychotherapy; money; seduction; transference; conscious wishes; unconscious determinants, 20255

relational unconscious; unconscious life; conceptualization; psychoanalytic theory, 16342

relational unconscious; unconscious processes; therapeutic action; intersubjective resistances; thinness; intersubjectivity, 10633

students attitudes; students problems; interpersonal domains; intra-personal domains; conscious problems; unconscious problems; inkblot images, 16292

theatre environment; unconscious mind; audience; spectators; memory; catharsis, 4008

unconscious consumer motivation; motivation research; morphological psychology; product decisions; marketing strategies; emotion, 33336

unconscious conversation; analyst-analysand interaction; therapist patient relationship; mutuality; inequality; neuropsychobiological processes, 26330

unconscious fantasy; playing; transference objects; significant loved one; analogy, 20245

unconscious fantasy; scientific status; clinical utility, 2105
unconscious; contemporary clinical psychoanalysis; phenomenology; theory, 8467

unconscious; contemporary clinical psychoanalysis; psychoanalysts; theories; human mind, 8475

unconscious; contemporary clinical psychoanalysis; psychoanalytic theory; psychoanalytic practice; psychoanalysts, 8476

unconscious; contemporary clinical psychoanalysis; S. Freud, 8474

unconscious; contemporary clinical work; unconscious processes; unconscious fantasy; theorists; treatment, 2095
unconscious; human sciences; conceptual relationship; folk psychology; psychoanalysis, 27582

Unconscious (Personality Factor)—Books

Between emotion and cognition: The generative unconscious, 11395

Unconscious (Personality Factor)—Chapters

Alernity in memory, 21395

Underachievement (Academic) [See Academic Underachievement]

Underdeveloped Countries [See Developing Countries]

Undergraduate Degrees [See Educational Degrees]

Undergraduate Education—Serials

assessment criteria; criteria reliability; undergraduate medical students; communication skills; skill portfolios, 27388

college career courses; college retention; career interventions; career planning; outputs; outcomes; course design & development & management & evaluation, 2737

college education; nontraditional college students; student perspectives; career goals, 23906

college students; American colleges; postsecondary education; two-year college attendance; four-year college attendance; learning orientations; bachelor degree completion; student background, 17711

color-line; interethnic relations; undergraduate course; prejudice; ethnic diversity; classroom dynamics, 36107

communication skills; communicative style; undergraduate curriculum; objective structured clinical examination; medical school students, 17527

communication skills; communicative style; undergraduate curriculum; objective structured clinical examination; medical school students, 17502

cooperative learning groups; college; exam performance, 30019

course evaluation; career course; student responses; student perceptions; course ratings, 30138

creative teaching; teacher education; university course; teaching process; diverse learners; course preparation; teacher-student connections; reflective teaching; awareness; feedback, 29950

education providers; healthcare service sector; sector collaboration; undergraduate education; psychiatric nursing; program evaluation, 29867

human behavior; undergraduate courses; psychology course; B. F. Skinner, 12430

interprofessional education; health care professionals; student attitudes, 23924

learning objectives; undergraduate medical education; medical school curricula; sleep; circadian rhythms, 5782

medical curricula; undergraduate education; major depression; Asia Pacific region, 35982

medical graduates; problem-based learning curriculum; medical education; career preparation; educational quality; undergraduate education; graduate attitudes, 23669

Objective Structured Clinical Examination: OSCE; standards; surgical undergraduates; normative data; medical education; Angoff; Ebel; Hofstee methods, 18175

organizational behaviour; undergraduate education; organizational design; organization studies; educational theory, 2749

outcomes measurement; undergraduate medical education; UME; residency achievement, 5777

philosophy training; introductory philosophy course; management development; business environment; management studies; uncertainty; historical approach; analytical approach; literary approach, 26908

prevalence; problem gambling; risk taking behaviors; undergraduates, 31861

psychiatry; undergraduate medical education; professional development; psychiatric teaching, 17511

self-directed learning; student pragmatism; medical students; students experience; social factors; curricular factors; contextual factors; problem-based learning; undergraduate course, 29883

student integration; living situation; study habits; college students, 33154
teaching methods; college education; research, 9006
teaching techniques; race relations; racial understanding; experiential learning; racial attitudes; university course, 36123
undergraduate courses; student placement; work experience; Informatics course; Web portal support; placement experience, 12229
undergraduate human-service practicum; unified psychology; capstone course; service-oriented perspectives; pedagogy, 17682
undergraduate medical students; reflective portfolio assessment; communication skills learning; students views; educational measurement, 27389
undergraduate students; college adaptation; married students; interpersonal relationships; academic achievement, 20859
Undergraduate Education—Books
Selected papers from the 14th International Conference on College Teaching and Learning, 2760
Undergraduate Education—Chapters
Encouraging innovation: Planning and evaluating technology programs, 2768
The EPICS model in engineering education: Perspectives on problem-solving abilities needed for success beyond schools, 23858
Everything I ever needed to know I learned in Seminar 101: Organizing the first year for dynamic interactive learning, 2764
The impact of new technology on music appreciation coursework created and used for a college distance learning course, 2773
Integrating a models and modeling perspective with existing research and practice, 23840
Teaching market failure through interactive instruction, 2775
Transfer of learning: Evaluating workplace transfer of training techniques, 2904
Undergraduates [See College Students]
Underprivileged [See Disadvantaged]
Understanding [See Comprehension]
Underwater Effects—Serials
adrenocorticotrophic hormone; beta-endorphin; scuba diving; endocrine response; training levels; stress, 21795
underwater vision; sea gypsies; humans; visual acuity; Moken, 15203
Underweight [See Also Anorexia Nervosa]—Serials
nutritional supplements; fluoxetine; anorexia nervosa; underweight anorexia nervosa patients; treatment efficacy, 11465
serum leptin levels; weight gain; weight loss; anorexia nervosa, 28950
Undifferentiated Schizophrenia—Serials
undifferentiated schizophrenia; clozapine therapy; olanzapine; risperidone; quetiapine; valproate; gabapentin, 2145
Unemployment—Serials
attempted suicide; completed suicide; full-time employment; unemployment; part-time work; nonlaborforce participation, 13703
economic crisis; bankruptcies; business closures; retrenchment; wage cuts; unemployment; social ramifications; managers; employees; organizations' ability; human resources, 23963
employment discrimination; emotional well-being; socioeconomic status; wage discrimination; racial identity; negative health; joblessness, 23971
epileptic psychoses; schizophrenia spectrum disorders; pre-morbid personality disorder; unemployment; schizophrenia, 28728
job search; unemployment; well-being; motivation; self-termination theory, 27036
job skills training; job seekers; intrapersonal characteristics; interpersonal characteristics; personality factors; employment status; aptitude; academic achievement; work history, 30137
life events; marijuana use predictor; risk factors; adolescent smoking; smoking initiation; family member job loss, 19702
men; long-term unemployment; gender identity; masculine identity; breadwinning, 19083
native language; Finnish-speaking majority; Swedish-speaking minority; unemployment; labour market, 9065
personal account; job search; relocation; job loss; emotional effects, 12250
physical disability; unemployment; mental health effects, 32113
psychiatry; infant death rate; life expectancy; unemployment; literacy; mental health services, 17291
psychological distress; unemployment; social support; material deprivation; social problems; psychological problems; parental emotional support; labor market outcomes, 5989
sex differences; unemployment; mental health; family roles; social class, 22135

theoretical models; hostility; health; life context; employment status; psychosocial vulnerability hypothesis; social context model; selection hypothesis; Finland, 7661
unemployed; work values; gender differences; work involvement; employment status change; well-being; gender differences, 30188
unemployment rate; family behavior; conception rate; marriage rate; divorce rate; Taiwan, 13327
unemployment; mental health status; young adults; clinical depression; distress; older adults, 14731
unemployment; risk factors; multiple sclerosis, 22791
Unemployment—Chapters
Job loss and the experience of unemployment: International research and perspectives, 6078
Poverty and unemployment, 10327
Unipolar Depression [See Major Depression]
Universities [See Colleges]
Unwed Mothers—Serials
child support enforcement; unwed childbearing; fatherhood costs; teenage childbearing; premarital childbearing; paternity establishment; teenage pregnancy; financial support, 31389
single mothers; unmarried mothers; stigma; Ireland; terminology; terms, 19058
Upward Mobility [See Social Mobility]
Urban Development [See Community Development]
Urban Environments—Serials
aboriginal women; timely care; care barriers; health care concerns; health service delivery, 23483
adolescent behavioral problems; coping strategies; rural and urban differences; psychological functioning; socioeconomic conditions; self-reported stress; approach coping; daily hassles; gender, 977
African Americans; Asian Americans; high school students; ethnic minority; racial discrimination; harassment; school environment, 26968
African-American adolescents; African-American youth; resilience protective factors; students; risk factors; urban; low income; violent neighborhoods, 7716
after school activities; athletic activities; adolescent obesity; inner city youth, 19810
beauty service work; Korean immigrant women; body labor; emotion management; racial inequality; class inequality; class specific service expectations; customer diversity, 7531
black urban regime; working-class resistance; race; hegemony; United States; majority black city; authoritarian practices; neoliberal agenda; consensual practices; control, 13362
breastfeeding intention; urban minority population; maternal depressive symptoms; mother-infant closeness, 31385
cancers news; cancer education; culturally competent approach; inner city community; ethnic minorities; socio-economically disenfranchised communities; health problems; cancer, 35690
car sharing motivation; environmental consequences; transportation problems; urban transportation; metropolitan areas; vehicle sharing; mobility behavior; Car Sharing Portland; commercial car-sharing, 14871
career interests; at risk; inner city & middle class suburban environments; Holland occupational themes; RIASEC; middle school students; ethnic & racial comparisons factor structure, 1019
cellular automata; adaptive behavior; rough set theory; machine learning; artificial intelligence; simulated cars; vehicular traffic; urban environment, models, 24109
child functioning; rural areas; nonrural areas; community mental health services, 20558
child mental health service; caregivers; inner city; health care needs; health care utilization, 35743
child support; guideline application; divorce; parent socioeconomic; child custody; urban vs rural courthouses; joint custody; solo custody; income level, 12398
childhood history; sociodemographic characteristics; parent child separation; substitute parents; homeless individuals; urban homeless population; developing country, 31331
children's places; spatial culture; meaningful settings; homes; schools; recreational places; urban neighborhoods; public playgrounds, 31249
children; risk; major knife injury; gun injury; stabbing; trauma registry data; inner-city victims, 28811
chronic community violence; high school students; psychological distress; college students; academic performance; urban environments, 2796
city; urban areas; love; loathing; urban environment; urbanophilia; urbanophobia; ideal city, 21004
Co-nect school reform design; classroom instruction; school climate; student achievement; inner city schools; learner-centered teaching strategies, 12130
collective behavior; criminal activity; social structure; social changes; urban areas; gangs, 22708

collective identity; negative portrayal; urban residents; success story; Queen Anne Memorial Garden; urban decline; neighborhood revitalization; leisure activity; narratives, 2976
community life; playground conception; urban children; built environment; neighborhoods, 31329
community violence; psychological distress; pathologic adaptation; violence exposure; aggressive behavior; inner-city youth; distress; high-risk youth, 19621
community violence; urban middle-schools; academic achievement; school safety; depressive symptoms; aggression; feeling safe; long-term exposure; victim; witness, 30035
community violence; violence perpetration; family functioning; protective effects; African American males; Latino males; inner-city neighborhoods; risk factors, 31864
computerized instructional management system; curriculum-based instruction; math achievement; urban schools; treatment group; Accelerated Math intervention, 12137
condom acceptability; human males; urban population; sexual risk taking; college students; homosexuals, 25228
crash experience; risk taking; urban youth; rural youth; motorcycle crash, 30284
culture; within-culture differences; metropolitan areas; regional cities; self-conception, 25363
depressive symptoms; sexual attraction status; sex; psychosocial adjustment; self-esteem; urbanicity; school belonging; sexual minority adolescents, 25018
drop out prevention program; high risk inner city youth; high school; mental health services, 27010
early childhood educators; urban settings; cultural diversity; early childhood professional; preparation; developmentally effective programs and services, 17598
ecological model of aging; rural environments; urban environments; social networks; successful aging; psychosocial factors; autonomous living; life satisfaction, 1039
expanded school mental health services; public schools; service capacity; traditional school based services; mental health service hours; Baltimore, 27015
folk healers; alternative medicine; practitioner characteristics; traditional healing; diagnosis; Dominican community; Latinos; urban environment; immigrants; concepts of illness, 17113
gender gap; small business success; urban community; rural community; place-specific theories, 23951
gymnasium ecology; extracurricular activities; sports; ethnography; urban youth; social influences; youth culture; Darwinism, 24041
hard-core drug use; urban Puerto Rican women; high-risk neighborhoods, 25860
health care provider; antiretroviral medications; inner-city residents; treatment adherence; HIV; AIDS, 8497
health; health care seeking behavior; adolescents; China; morbidity; regional differences; urban populations; rural populations, 5392
help seeking patterns; urban youth; rural youth; socio-contextual view; youth problems, 26972
high achievement; African American students; educational psychology; urban schools; grounded theory, 23918
high school students; democracy; race experiences; equity; social issues, 30064
holistic approach; Native Americans; values; traditions; needs assessment; social services; substance abuse; mental health; HIV; AIDS, 5619
illicit drug use; risky sexual behavior; African Americans; urban adolescents; Puerto Ricans; urban adolescents, 31201
institutional racism; research centers; health research; urban health; Detroit; New York; Seattle; community-based participatory research; CBPR; collaboration principles; sustainable funding, 3285
integrated health education curriculum; urban school system; Planet Health; public middle schools; school-based intervention; obesity prevention, 33215
lower income urban women; paid informal work; economic gain; employment profiles, 4192
male employment; low-income urban neighborhoods; black men; black male joblessness; metropolitan areas; employment trends; employment rates, 9064
material family support decline; older people; urban areas; destitution; poverty, 25145
mental health; medical needs; homeless; health professionals; urban setting; family physicians; family therapists; family psychologists, 29683
moral dilemmas; community leaders; community sense; moral development; urban working-class communities, 31476
mothers-in-law; family dynamics; fertility decision-making; urban environment; family planning, 7537
needs assessment; community-based service systems; urban service district; matching needs and services, 8785
neighborhood environment; Methamphetamine; Marijuana; illegal drug use; drug trafficking; high school students; epidemiology; social capital, 19696

Volume 91 SUBJECT INDEX

Urban Environments—Serials

nutritional status; risk factors; chronic disease; Down syndrome; urban adults, 19790
park settings; urban settings; exercise; mood; feeling states; cognitive strategies; exercise environment; females, 6093
participant observation; noncompliance; smoking; smoke-free ordinance; stand-alone bars; California, 10438
physical activity; public space; emotional social support; urban park; women; ethic of care, 21006
physical symptoms; low income; inner city; African American women; optimism; depressive symptoms; chronic illness; HIV, 26043
place theory; city center; multiplace urban activity; multiplace perspectives; neighborhood; residential evaluation; activities; urban environment, 9221
positive youth development; developmental systems theory; African Americans; gang youth; community-based organizations, 1018
Project Northland: intervention; alcohol prevention program; culturally diverse youth; urban adolescents; urban communities, 32789
public drug dealing; urban environment; quality of life; demographic characteristics; ecological characteristics; visible drug sales; business location; neighborhoods; resident attitudes, 22145
public settings; meaning of public space and activity; urban space; material culture change; childhood; architecture; landscapes, 31211
religion; alcohol abuse; African-Americans; Hispanics; inner-city; emergency care patients, 31912
residential segregation; Asian-origin groups; immigrants; ethnic minorities; nationality; demographic structure; big cities; industrial structure; Canada; United States; relative incomes; housing, 16142
risk behavior behaviors; violence exposure; school based mental health program; urban schools; inner city youth; sexual behavior; substance use, 27004
risk; psychosis-like experiences; urban & rural areas; cognitive development; psychotic disorders; rates; schizotypal personality; IQ; neuropsychological function; memory; attention, 28744
rural vs urban residence; suicide; mortality rates, 4716
rural vs urban residence; suicide; mortality rates; rural men, 4687
school achievement; neighborhood cohesion; African American adolescent girls; urban females; parent social support coping; adult social support coping, 2795
school-based program; urban students; mental health services; service utilization; parents; teachers; classroom practices; attention deficit hyperactivity disorder; school-government collaboration, 12220
school-based program; urban students; mental health services; service utilization; parents; teachers; classroom practices; attention deficit hyperactivity disorder; school-government collaboration, 12234
school-based program; urban students; mental health services; service utilization; parents; teachers; classroom practices; attention deficit hyperactivity disorder; school-government collaboration, 12231
school-based program; urban students; mental health services; service utilization; parents; teachers; classroom practices; attention deficit hyperactivity disorder; school-government collaboration, 12224
school-based program; urban students; mental health services; service utilization; parents; teachers; classroom practices; attention deficit hyperactivity disorder; school-government collaboration, 12235
school-based program; urban students; mental health services; service utilization; parents; teachers; classroom practices; attention deficit hyperactivity disorder; school-government collaboration, 12221
self respect; public high schools; urban public school; pedagogical practice; moral order, 17731
social competence; mental retardation; social maturity; IQ; social quotient; life experiences; rural children; urban children, 19800
social context; psychological restoration; environmental preferences; natural environments; urban environments; friend's company; walking; fatigue, 27193
social support factors; community violence; violence exposure; inner-city; African American adolescents; depressive symptoms; anxiety symptoms, 31866
subjective sense of well-being; multicultural urban population; structural analysis; multivariate analyses; Ontario Health Survey Well-Being Scale; validity, 27294
substance use; nicotine; marijuana; alcohol; posttraumatic stress disorder; inner-city adolescent females, 7790
suicidal behavior; American Indian adolescents; urban youth; psychosocial problems; attempted suicide; suicidal ideation, 25798

teacher resilience; urban schools; teaching strategies; student academic achievements; reading; mathematics; professional decision-making; professional development; mentoring, 20801
transit attractiveness; supporting policies; transit preferences; transit systems; rail use; psychological satisfactions; service quality; behavior change; transactional approach; new behavior, 14865
truancy; rural students; urban students; insecurity; security, 5924
urban adolescents perceptions; neighborhoods; spatial dependence; spatial location, 24997
urban adolescents; community violence; violence exposure; social support; school safety; social constraints; middle schools; victimization; psychological functioning, 31889
urban adolescents; future aspirations; person in context model; developmental outcomes, 34254
urban adolescents; youth perception; conception of work, 28100
urban education; cultural diversity; ethnic minorities; immigrant children; American urbanism; undereducated; urban public schools; residential segregation; neighborhood resources, 17585
urban education; urbanicity; minority groups; urban school systems; diversity; mobility; human and institutional rigidity; cultural richness; school system financing; school system governance, 17572
urban regeneration; mental health; life satisfaction, 30280
urban school system; education reform; student achievement; racial achievement gaps, 36171
urban society; capitalistic society; cultural surroundings; practical engagement; meaningful relationship; conservation; anthropology; tourist gaze, 17951
urban sociology; place; health risks; health beliefs; health behavior; health sociological theory; urban ecology; physical health; mental health; neighborhood residents, 24098
urban teacher network; educational equity; educational inequality; professional development practices; TLC; phenomenological approach, 23759
urban teachers; classroom management strategies; culturally responsive teaching; teacher education programs, 36042
urban-rural differences; suicide trends; young adults; England; Wales; geographical differences; mental health, 4702
vector borne diseases; urban locality; health behavior; health education; mosquito borne disease; community participation, 22823
violence exposure; adjustment; inner-city youth; child emotion; caregiver emotion; caregiver-child relationship quality; neighborhood cohesion; protective factors; emotional regulation, 31873
violence management; youth violence; threat; inner-city violence; crime; poverty; family stability; resident mobility; interpersonal interaction, 25026
youth mentoring; urban environment; adolescents perception; relationship styles; mentor relationships, 28113
Urban Environments—Chapters
Building protection, support, and opportunity for inner-city children and youth and their families, 10165
Emerging perspectives on context specificity of children's adaptation and resilience: Evidence from a decade of research with urban children in adversity, 4169
Help-seeking and risk-taking behavior among Black street youth: Implications for HIV/AIDS prevention and social policy, 5516
Overcoming the odds? Adolescent development in the context of urban poverty, 4150
The social ecology of community and neighborhood and risk for antisocial behavior, 22661
Social/emotional intelligence and midlife resilience in schoolboys with low tested intelligence, 895
U.S. educational achievement in the 20th century: Brilliant success and persistent failure, 23902
Urban Planning—Serials
community development; urban planning; urban planners; gender bias, 7572
feminism; sex difference; urban planning; architecture, 7562
open-space ballot measures; open spaces; land-use patterns; sample selection bias, 27429
open-space ballot measures; open spaces; land-use patterns; sample selection bias, 27417
public settings; meaning of public space and activity; urban space; material culture change; childhood; architecture; landscapes, 31211
urban regeneration; mental health; life satisfaction, 30280
Urbanization—Serials
breast cancer; breast carcinoma; socioeconomic characteristics; family income; trends; urbanization; educational level, 16689
modernization; elder abuse; Arab-Israelis; social isolation; urbanization; elderly persons; abused elders, 22637

Urogenital Disorders—Serials

place theory; city center; multiplace urban activity; multiplace perspectives; neighborhood; residential evaluation; activities; urban environment, 9221
Uric Acid—Serials
hypoxanthine; xanthine; uric acid; Lesch-Nyhan disease; rat striatum; neonatal rats; metabolites, 34135
Urinalysis—Serials
buprenorphine; self reported cocaine use; treatment outcome; contingency management; desipramine; prediction; baseline cocaine urine toxicology; noncontingent voucher; cocaine & opioid dependence, 11942
drug testing; methadone maintenance treatment; substance abuse treatment; urine screening patterns; drug use simulation, 11901
urine screening; renal disease; hematuria; proteinuria; urine abnormalities; renal tract pathology, 29032
urine testing; methadone maintenance treatment; testing schedules, 8857
urine testing; methadone maintenance treatment; testing schedules, 8872
urine testing; methadone maintenance treatment; testing schedules; criminal justice clients; substance abuse disorders, 8861
urine testing; methadone maintenance treatment; testing schedules, 8854
urine testing; methadone maintenance treatment; testing schedules, 8855
Urinary Function Disorders [See Also Urinary Incontinence]—Serials
chronic illness; Lower Urinary Tract Symptoms; men; symptom detection; health care seeking behavior; symptom perceptions; symptom impact; ability level, 22811
urinary tract infection; probability; tested; antibiotics; general practitioner; urine culture, 35627
Urinary Incontinence—Serials
acute stroke patients; poor outcome; urinary incontinence; clinical risk factors; malnutrition; infections, 8190
bedwetting; nocturnal enuresis; children; formal hypnotherapy; pediatricians; enuresis treatment; hypnotherapy techniques, 5386
caregiver training; incontinence; toilet training; diaper wearing, 19890
enuresis; children; young people; nocturnal enuresis; public health nurse, 32086
female urination; anxiety; shame; guilt; depression; urinary sphincter control; dysuria; interstitial cystitis, 29011
incontinence impact; symptom distress; treatment-seeking behavior; women, 4688
practice parameter; assessment; treatment; children; adolescents; enuresis; symptoms; psychiatric evaluation; etiology; psychosocial consequences, 11601
treatment seeking; Taiwanese women; urinary incontinence; quality of life, 22857
treatment; nocturnal enuresis; graduated night waking; intervention; treatment planning; client-centered treatment, 35590
urinary incontinence; behavioral intervention; social contingencies; attention seeking; avoidant behaviors; autism, 11414
Urination—Serials
female urination; anxiety; shame; guilt; depression; urinary sphincter control; dysuria; interstitial cystitis, 29011
intracerebroventricular injection; supraspinal receptor; micturition reflex suppression; spinobulbospinal micturition reflex; urethane anesthetized rats, 7280
nocturia; nocturnal polyuria; sleep quality; elderly people; quality of life; sleep deterioration; daytime sleepiness; energy loss, 26017
polysomnographic variables; obstructive sleep; polysomnographic data; nocturia; obstructive sleep apnea-hypopnea syndrome; prediction; prevalence, 4860
urinary catecholamine levels; breast cancer; chronic stress; familial risk; neuroendocrine reactivity; urinary epinephrine excretion; urinary norepinephrine excretion, 29067
urinary volatiles; chemosensory function; prosimian primate; olfactory sensitivity; physiological responses; aging; gray mouse lemur, 27827
Urine—Serials
cortisol; chimpanzees; urinary hormones; endocrine methods; radioimmunoassay, 18654
olfactory cues; individual recognition; urine; lactating female; guinea pigs, 15404
urine screening; renal disease; hematuria; proteinuria; urine abnormalities; renal tract pathology, 29032
Urogenital Disorders [See Also Genital Disorders, Gynecological Disorders, Kidney Diseases, Urinary Function Disorders]—Serials
anaesthetized cat; urinary bladder; sympathetic vasoconstrictor neurones; pain; hyperalgesia; visceral afferents; skeletal muscle; bladder distension stimuli; vesico-sympathetic reflexes, 12841
prostatectomy; married couples; urinary function; erectile function, 32559

Urogenital System [See Also Bladder, Female Genitalia, Gonads, Kidneys, Male Genitalia]—Serials

marasmus births; behavioral development; opossums; possums; kangaroos; urogenital sinus; pouch; umbilical cord; placenta, 21475

Usability (Systems) [See Human Factors Engineering]**Uterus [See Also Cervix]—Serials**

intrauterine growth restriction; cardiac time intervals; cardiac excitation cycle; normotrophic growth-restricted fetuses; intrauterine growth-restricted fetuses, 9926

Utility Theory—Serials

prospect theory; expected utility theory; deterrence compellence, 31404

Utilization (Health Care) [See Health Care Utilization]**Vacation Benefits [See Employee Leave Benefits]****Vaccination—Serials**

personal characteristics; visitation patterns; heritage tourism; site attributes; place perception; tourists' behavior; site management, 14816

serum lipid concentrations; serum cholesterol; spa therapy; job demands; occupational stress; lipoprotein cholesterol; triglycerides; human sex differences; relaxation, 7106

sexually transmitted infections; international vacation; holiday travel; sexual encounters; travelers at risk; general practitioners; prevention; clinical signs, 35705

Vaccination [See Immunization]**Vagina—Serials**

vaginal bleeding; adolescent women; coitus; sexual intercourse, 31222

vaginal bleeding; plasma proteins; selective serotonin-reuptake inhibitors; sertraline; anticoagulative drugs; geriatric population, 23282

vaginal complaints; primary care; treatment; illness; vaginitis; treatment experience; vaginal symptoms; communicating distress; anger; social functioning; sexual functioning; gender conflict, 4863

vaginal discharge; sexually transmitted infections; diagnosis; treatment, 35202

Vagotomy—Serials

truncal vagotomy; hepatic vagotomy; feeding suppression; lipid infusions; food intake; jejunum; linoleic acid; small intestine; splanchnic nerve, 21752

vagal afferents; kainic acid; hyperalgesia; mice; vagotomy; pain behavior; nociceptive threshold, 15589

Vagus Nerve—Serials

alertness; child behavior; combination topiramate; vagus nerve stimulation; refractory epilepsy, 23389

cerebral activated regions; vagus nerve stimulation; epilepsy patients; seizure, 22969

clinical course; vagus nerve stimulation; end of service; battery replacement; reimplantation; epilepsy, 35617

clinical course; vagus nerve stimulation; end of service; reimplantation; epilepsy, 14302

diffusion-weighted imaging; status epilepticus; vagus nerve stimulation; peri-ictal diffusion-weighted imaging abnormalities; regional cerebral blood flow; epilepsy, 26175

early life episodes; diminished vagal tone; histological markers; stress resilience; adulthood; posttraumatic stress disorder; enamel tissue; autonomic nervous system, 13653

facial pain; lung carcinoma; symptoms; tumor invasion; vagus nerve; pulmonary carcinoma; at risk population, 22872

norepinephrine; peripheral vagal nerve stimulation; central nervous system; amygdala; cognitive processing; neural activity; limbic brain structures; memory; brain stimulation; rats, 12840

refractory partial seizures; vagal nerve stimulation; deep brain stimulation; antiepileptic drugs; epilepsy; seizures; brain nuclei; depression; brain stimulation, 14288

thirst; intracellular dehydration; central nervous system; vagus nerve; drinking; abdominal information, 30934

vagal afferent neurons; sympathetic vasomotor tone; mechanoreceptors; chemical stimulation; cardiopulmonary circulation, 15819

vagal afferents; kainic acid; hyperalgesia; mice; vagotomy; pain behavior; nociceptive threshold, 15589

vagus nerve stimulation therapy; seizures; magnet-activated stimulation, 11667

vagus nerve stimulation; functional neuroimaging studies; neuropsychiatric disorders, 3610

vagus nerve stimulation; migraines; chronic pain syndromes; antiepileptic drugs; intractable seizures, 35592

vagus nerve stimulation; VNS; antidepressant treatments; electroconvulsive shocks; antidepressant action; desipramine; Wistar Kyoto rats; rat model, 18759

Validity (Statistical) [See Statistical Validity]**Validity (Test) [See Test Validity]****Valium [See Diazepam]****Valproic Acid—Serials**

antiepileptic drug; cognitive effects; neuropsychology; topiramate treatment; valproate; carbamazepine; behavioral effects; seizures, 15778

bipolar disorder; mood stabilizers; lithium; mania; valproate; lamotrigine, 5269

bipolar disorder; valproate; lithium; myosin light chain kinase inhibitor; platelets; intracellular calcium increase; serotonin; thrombin, 10048

chronic lithium vs sodium valproate, concentration of myo-inositol and inositol monophosphate in rat brains, 760

corticotropin releasing factor; stress responses; valproic acid; lithium; rats, 3904

delirium; valproic acid; lamotrigine toxicity; drug dosages; medication; multiple sclerosis; partial seizures; depression; anxiety, 32556

divalproex sodium; conduct disorder; adolescent males, 5349

intravenous valproate loading; pediatric patients; pediatric status epilepticus; repetitive seizure, 14201

lamotrigine monotherapy; carbamazepine; phenytoin; valproate; epilepsy, 11652

lithium; colchicine-induced apoptosis; rat; cerebellar granule neurons; mood stabilizers; lithium; valproic acid; neurotoxicity, 27900

lithium; valproate; amino acid neurotransmitters; rats; aspartate; glutamate; taurine; gamma aminobutyric acid; alanine; bipolar disorder implications, 759

lithium; valproate; large dense core vesicles; vesicular monoamine transporter; nerve growth factor; PC12 cells; protein expression; neurophysiology, 9968

lithium; valproic acid; treatment effects; brain chemistry; bipolar disorder; gray matter lactate; glutamate; glutamine; gamma aminobutyric acid, 35529

maintenance treatment; bipolar disorder; olanzapine; drug therapy; valproate; drug dosages, 32419

marijuana withdrawal; marijuana abstinence; tetrahydrocannabinol; divalproex; craving; symptoms, 11912

randomized controlled trials; antipsychotics; schizophrenia; valproate; valproate augmentation; treatment outcomes; drug interactions, 32422

schizophrenia; psychosis; clozapine; adjunctive valproate; topiramate; remission, 5289

single dose; high dose; intravenous injections; valproate; drug therapy; acute mania, 17077

sodium valproate; aggressive behavior; disturbed behavior; dementia, 20395

thiol conjugate excretion; valproic acid; high risk epilepsy patients; monotherapy; polytherapy; hepatotoxicity; age effects, 17164

thrombocytopenia; valproic acid treatment; new-onset bipolar disorder; platelet function, 2152

treatment compliance; patient satisfaction; sodium valproate; Depakine Chrono; epilepsy, 11639

treatment efficacy; drug therapy; adjunctive valproate therapy; schizophrenia; hostility; olanzapine therapy, 17057

valproate monotherapy; posttraumatic stress disorder; treatment efficacy, 11537

valproate; elderly; pharmacokinetics; protein, 2159

valproate; lithium; neuronal cells; protein levels; anti-apoptotic Bcl-2; glial cells; calcitriol; rat brain; peptide, 18724

Values [See Also Ethnic Values, Personal Values, Social Values]—Serials

accuser culpability; accusation effects; reputation; boundary conditions; values laden information, 1221

affirmative action; psychological research; merit; policy debates; US; values; science, 14788

Asian Americans; person-centered planning; cultural values; families; children with disabilities, 17289

Australian psychologists; psychologist perception; organizational value; work-personal life balance; work satisfaction; non-work satisfactions; psychological well-being, 14590

authoritarian fathers; adolescent children; power values; authoritarian parenting; bullying behaviors; conformity values; power; tradition; self direction values; universalism values; Israeli fathers, 13238

Chinese Americans; immigrant women; value negotiation; self perceptions; cultural borderlands, 34688

cross-cultural differences; cross-cultural psychiatry; cross-cultural psychology; psychiatric epidemiology; value orientations; prevalence of psychiatric disorders & psychological complaints, 31704

cultural identities; multicultural setting; multiculturalism; counseling; psychotherapy; globalization; language; meanings; verbal communication; non-verbal communication; value systems, 32276

cultural internalization; well being; integration; tricultural university students; individuals; cultural competence; egalitarian values; English Canadian; French Canadian, 13302

Deanna Kuhn; psychology professor; developmental psychology; science education; thinking; inquiry; argument; values; metacognition; microgenetic study of change; development & cognition, 32888

dissonance reduction; cognitive dissonance; dissonance theory; forced compliance; multiple value repertoires; values, 28438

ecocultural framework; ecosocial indices; psychological variables; cross-cultural research; values; well-being; religion; affluence, 7530

endogenous instrumentality; intrinsic motivation; task value; undergraduate students; motivational function; independent construct; self report scale, 12147

entrepreneur personality factors; locus of control; achievement need; entrepreneurial values; cooperative entrepreneurship; psychological attribute range; Andalusian cooperatives, 10576

environmental behavior; environmental concern; environmental problems; environmental intent; values; attitudes; environmental behavior; energy use, 9224

ethics code; academic honor code; academic dishonesty; values; colleges; universities; ethical culture; action learning perspective; attitude change; ethics code design; ethics implementation, 20834

feeling assessment; values cognition; value actualization; values-associated feelings; values change, 25355

gender; ethics; family counseling; equity; counselor; values, 35458

greed; death; values; terror management; transcendence management; death reflection; near-death experiences; posttraumatic growth; wealth; possessions; intrinsic behavior; mortality salience, 13462

human values; confirmatory factor analysis, 25381

human world; topography of moral ecology; moral science; ontology; social practice; moral values; metaphysical worldview; psychology; relativism, 18833

identity formation; parent-child value congruence; identity status; values, 34339

intergenerational transmission; adolescents influence; parental values; technology usage; religion; authoritative parenting, 25051

judgmental biases; anchor value; anchor source; insufficient adjustment; self-generated anchor; adjustment-based anchoring; social judgment; value anchoring; uncertain anchors; social judgment theory, 19137

just world belief; personal values; personality traits; conformity; security; self direction; five factor personality model; college students; professionalism, 7714

knowledge exchange value; exchange complexity; exchange identity; learning bandwagon; fad bandwagon, 9124

leadership behavior; Confucianism; values, 30158

legal education; undermining effects; law students; motivation; values; well-being, 33173

life domains satisfaction; values; perceived control; planned searches; chance searches; internet; Spanish adolescents; age differences; sex differences; goal achievement, 28037

local public organizations; value-based management; ethical management; organizational values; middle managers; organizational performance, 33262

mall shoppers; mall owners; shopping value; consumer beliefs; emotions; mall attributes, 36457

material values scale; materialism; consumer behavior; test reliability, 30519

missing data; developmental researchers; multiple imputation; missing values; data collection; psychiatric research, 18213

modern professionalism; psychiatry; health care; mental health services; values-based practice; evidence based practice; individualized patient care, 29862

moral realism; gastronomic realism; beliefs; food; drink; facts; moral values; Praise and Blame, 7301

multidimensional perfectionism; maladaptive perfectionists; adaptive perfectionists; interpersonal variables; middle school students; family relationships; grade-point average, 5903

multinational companies; international bank; national subsidiaries; moral standards; value management; ethics, 36403

national cultural values; process discrepancies; outcome discrepancies; international strategic alliances; systems dynamic model, 36385

national values; strategic investment decisions; globalization, 36309

Pa Sook Model of Counseling; Thai families; cultural values, 11435

pastoral counseling; pastoral counselor; shared values; death; shared societal values, 29457

person-centered practice; elderly; nurse patient relationship; informed flexibility; mutuality; transparency; negotiation; sympathetic presence; values; care environment, 17309

personal characteristics; contextual characteristics; cultural values; innovation; quality; efficiency, 20899

personal preferences; standard deviation; marital status; family time; time value; shiftwork; employee preferences, 24029

postmaterialist values; cognitive support; social values; introspection; values-as-truisms; materialist; self-transcendence; cognitive support, 22303

protected values; omission bias; framing effects; risky choices, 21350

religiosity; values; autonomy; self-transcendence; hedonism; self-enhancement; social order, 34708

social axioms; social behavior; beliefs; behavioral tendencies; values, 22273

social identity; worldview validation; ingroup identity primes; mortality salience; value endorsement; terror management, 25350

social perspectives; office building; traumatic event; acute disaster; federal office; Oklahoma city, 13449

spirituality; substance abuse; adolescents; health-as-a-value; multiethnic groups; at risk population, 28871

standard values; somatosensory evoked potentials; tibial nerve; amplitude parameters; latency parameters, 7063

stimulus magnitude; stimulus scope; subjective value; preferences; feeling valuation; calculation valuation; value functions; step functions; value, 12716

teacher ratings; low income families; kindergarten children; academic competence; literacy & math skills; educational values; parents; perceived differences; instructional styles, 2695

test-retest reliability; health utility measures; values clarification; health preferences, 21175

undergraduate business & management course; collaborative assessment; transferable skills; student performance; student values; student attitude; lecturer values, 9476

value differences; social workers; working & middle classes; consumers; new-class theory; class-based ideologies; service provision; value similarity; graduate & bachelor level social workers, 5607

value of voice; personality; individual differences; Big Five personality model; core self evaluations; procedural fairness, 4442

value perceptions; integrative health care; primary care physicians; professional clinical counselors, 26842

value structure; value theory; age differences; early age, 22063

values behavior relations; stimulation; tradition values; behavior expression; normative pressures; motivation, 1233

values structure; Arab university students; gender; citizenship, 19021

values; ambivalent attitudes; gender relations; benevolence; hostility; sexism, 7658

values; practices; clinical psychologists; religious commitment; workplace settings; Christian psychologists, 26827

young women; transition; adulthood; resources; values; inequalities; resourcefulness; social capital; success, 22255

Values [See Also Ethnic Values, Personal Values, Social Values]—Chapters

African peacekeeping and the impact on African military personnel, 3003

Changing institutional culture: Can we re-value the nursing home?, 17395

Clarifying corporate values: A case study, 17883

Ensuring diversity is positive: Cooperative community, constructive conflict and civic values, 5937

Value choices and methodological issues in research with women, 15165

Vandalism—Serials

vandalism; sociological study; economic analysis; vending machine; psychological study; professionals; amateurs; monetary price; public areas, 4750

Vane Kindergarten Test [See Intelligence Measures]

Variability (Response) [See Response Variability]

Variability (Stimulus) [See Stimulus Variability]

Variability Measurement [See Also Analysis of Covariance, Analysis of Variance, Interaction Variance, Standard Deviation]—Serials

Comprehensive Personality and Affect Scales; intraindividual variability; interindividual difference; negative affect; positive affect; subscales; measurement error; latent state-trait model analysis, 24224

in-group variability; group identification; variability estimates, 31520

Test of Workplace Essential Skills; cognitive skill assessment; subscales performance; gender; language; reading test; document use; numeracy; working-age adults; group differences; item analyses, 24314

Variable Interval Reinforcement—Serials

fixed-ratio schedules; variable-interval schedule; deprivation level; reinforcement; rats, 33938

interresponse times; choice structure; time allocation; extraneous behavior; concurrent variable interval schedules; reinforcement; unmeasured behavior, 24542

lever pressing; response rate; variable-interval reinforcement schedule; response requirement; interresponse times; rate of reinforcement; bout length; rats, 3489

multiple-schedule behavioral contrast; deprivation; time in session; multiple variable interval; within-session changes in responding; pigeons, 27624

reinforcement; extinction; resurgence; recency of reinforcement; response recovery; variable time schedule; variable interval schedule; pigeons; key pecking, 3482

reinforcer magnitude; reinforcer rate; concurrent reinforcement; higher response rates; changeover behavior; multiple schedules; asexual; references; pigeons, 12752

REM sleep deprivation; variable interval reinforcement schedule; response rate; lever pressing; rats, 3826

response disinhibition; attention-deficit hyperactivity disorder; hypertensive rats; extinction processes; variable interval reinforcement; fixed interval schedule, 15376

variable interval reinforcement; bout rate; response rate; time allocation; rats, 33970

Variable Ratio Reinforcement—Serials

reinforcer ratio; unequal reinforcer distribution; cumulative effects; choice; key peck; pigeons, 3480

variable-ratio schedule; differential-reinforcement-of-low-rate schedule; line-length continuum generalization; fixed-interval schedule; extinction; generalization gradients; behavioral history, 3399

Variance Homogeneity [See Homogeneity of Variance]**Vascular Dementia [See Also Multi Infarct Dementia]—Serials**

agitation; Cohen-Mansfield Agitation Inventory; Korean version; institutionalized elderly; criterion validity; vascular dementia; test reliability; test validity, 18141

Alzheimer's disease; cerebrovascular disease; cognitive deficits; dementia; mixed dementia; post-stroke dementia; stroke; vascular dementia, 5064

Alzheimer's disease; executive dysfunction; dementia; donepezil; galantamine; lacunar strokes; memantine; rivastigmine; vascular dementia; pathogenesis; diagnosis; treatment; prevention; prevalence, 5056

Alzheimer's disease; treatment; vascular dementia; dementia; cognition; glutamatergic neurodegeneration; anti-glutamatergic drugs, 29153

apolipoprotein E; gene polymorphism; Alzheimers disease; vascular dementia; Indians, 35306

cerebrovascular disease; vascular cognitive impairment; verbal retrieval; neuropsychological assessment; vascular dementia; at risk patients, 34763

computer-mediated measurement; subjective ratings; white matter hyperintensities; vascular dementia; neuropsychological performance, 35283

dementia diagnosis; brain changes; Alzheimer's disease; vascular dementia; computed tomography, 32176

executive dysfunction; dementia; subcortical vascular dementia; neuropathology; neuropsychology, 35305

flicker fusion threshold; Alzheimer's disease; vascular dementia; screening measure; detection, 27334

galantamine; cognitive benefits; cognitive decline; vascular dementia; Alzheimer's disease with cerebrovascular disease, 11675

galantamine; probable vascular dementia; mixed dementia, 8618

Hopkins Verbal Learning Test; Mini-Mental State Examination; test validity; mild dementia detection; Alzheimer's disease; vascular dementia; elderly adults; demographic factors; reading ability, 9447

neuropsychological tests; mild cognitive impairment; vascular cognitive impairment; Alzheimer's disease; differential diagnosis; test validity; dementia, 188

neuropsychological tests; mild cognitive impairment; vascular cognitive impairment; Alzheimer's disease; differential diagnosis; test validity; dementia, 24288

nicotinic acetylcholine receptor distribution; brain; Alzheimer's disease; dementia with Lewy bodies; Parkinson's disease; vascular dementia; biological markers; physiological correlates, 11287

risk factor; vascular dementia; mortality risks; dementia effects; Alzheimers disease; Radiation Effects Research Foundation Adult Health Study, 29193

rivastigmine; subcortical vascular dementia; acetylcholinesterase; butyrylcholinesterase; drug therapies; executive dysfunction; behavioral problems, 11666

stroke; vascular dementia; Alzheimers disease; vascular risk; hypertension; diabetes mellitus; vascular dementia; coronary artery disease; mortality; Cerebrovascular disease; chronic disability, 22992

subcortical ischemic vascular dementia; regional pattern; N-acetylaspartate loss; subcortical vascular disease; Alzheimer disease; differential diagnosis, 8306

subcortical ischemic vascular disease; Alzheimers disease; subcortical lacunes; retention; memory; forgetting, 35299

subcortical ischemic vascular disease; mild cognitive impairment; computed tomography; visual rating scale; validity; Alzheimer's disease; vascular dementia, 6342

tau levels; Alzheimers disease; cerebral atrophy; vascular dementia; major depression, 1342

tau protein; neurodegenerative dementias; cerebrospinal fluid; vascular dementia; amyloid; Alzheimers disease; ageing; dementia diagnosis, 22957

vascular dementia; midlife risk factors; Alzheimer disease; atomic bomb radiation dose; milk intake; lower education; systolic blood pressure; physical activity, 16843

vascular dementia; mixed dementia; Alzheimer's disease; galantamine; safety; efficacy; cognition, 8503

vascular dementia; relative mortality; incident dementia; mental disorder, 5015

vascular disease; coronary artery disease; vascular depression; depressive illness; vascular dementia; diabetes mellitus; cholesterol; hypertension; blood pressure, 22420

vascular risk factors; dementia; stroke risk; cognitive decline; heart disease; hypertension; hypercholesterolemia, 22988

white matter lesions; executive function; late-onset depressive disorder; neuropsychological function; neuroradiology; vascular risk factors; drug therapy; antidepressants; treatment response, 17028

Vascular Dementia [See Also Multi Infarct Dementia]—Chapters

Neurologic aspects of vascular dementia: Basic concepts, diagnosis, and management, 1890

Psychological and neuropsychological aspects of vascular and mixed dementia, 1889

Vascular Disorders [See Cardiovascular Disorders]**Vasoconstriction—Serials**

anaesthetized cat; urinary bladder; sympathetic vasoconstrictor neurones; pain; hyperalgesia; visceral afferents; skeletal muscle; bladder distension stimuli; vesico-sympathetic reflexes, 12841

aspirin; amiloride; cerebral perfusion defects; cocaine dependence; cocaine dependent patients; vasoconstriction; platelet aggregation; blood vessels occlusion, 10997

vasoconstriction; cocaine; sodium salicylate; nitric oxide synthase; gene expression; brain; blood vessels; chicken eggs, 27924

Vasodilation—Serials

blushing; vasodilation; generalized social phobia; methyl nicotinate; vasodilatory response; blood flow, 1522

endothelial vasodilatory function; cigarette smoking; smokers; forearm blood flow; human forearm; metacholine infusion; sodium nitroprusside, 3933

fatty acids; bipolar disorder; schizophrenia; vasodilation; methylnicotinate-induced; skin flush, 1488

vasodilatory response; methylnicotinate; schizophrenia; laser Doppler flowmetry; bipolar disorder; phospholipid metabolism; vasodilations, 31783

Vasodilator Drugs [See Also Nicotinic Acid, Verapamil]—Serials

blushing; vasodilation; generalized social phobia; methyl nicotinate; vasodilatory response; blood flow, 1522

Vasopressin—Serials

altered attention; genetic vasopressin deficiency; lateralized reaction time task performance; motor processes; Brattleboro rat; visuospatial attention, 21520

arginine vasopressin receptors; social behavior regulation; emotionality regulation; anxiety-like behavior; social recognition; behavioral effects; null mutation; male mice; selective agonists, 18679

arginine vasopressin; human facial responses; social communication; arginine vasotocin; cognitive; autonomic and/or somatic responses; species-specific social stimuli, 7267

diet salinity; vasopressin; reproduction modulators; desert-dwelling golden spiny mouse; water shortage; reproductive season, 27676

major depression; hypothalamic-pituitary-adrenal axis; neuroendocrine evidence; melancholic depression; cortisol responses; vasopressin, 15497

oxytocin; arginine vasopressin; alloparental behavior; male prairie voles, 27853

partner preference; gene expression; genes; promiscuity; animal social behavior; vasopressin; dopamine, 27660

peptide effects; social approach behavior; vasotocin effects; isotocin effects; visual stimuli; male goldfish, 21913

spatial memory; scopolamine-induced impairment; neurotransmitters; ameliolept effect; vasopressin receptor; eight arm radial maze; rats, 13040

Velocity—Serials

action judgment dissociations; children; adults; speed changes; time concept; distance concept; linear conditions; nonlinear conditions; rating scales, 22048

auditory motion signals; visual motion signals; object speed; object direction; signal integration; motion detection; audiovisual integration; threshold, 6486

driving speeds; speed reduction; lane width; road centre markings; speed-steering; speed perception; driving simulation, 36491

fringe consciousness; subjective experience; perceptual fluency; perceptual processing speed, 33695

hemispheric processing speed factors; attentional processing speed factors; developmental dyslexia; neuropsychological treatment, 25975

human motion perception; visual experiences; motor processes; gait; stride speed; stride efficiency; species recognition, 33715

interaction torques; arm extension; trunk rotation; hand trajectories; reaching movements; turning movements, 12623

kinematics; neck; rear end impacts; low speed impacts; cervical spine motion; acceleration effects, 354

motion perception; local & global computations of motion; lesion; left occipital lobe; visual areas V3 & V5A; middle aged female stroke patient, 4956

motor control; rapid aimed hand movements; maximum velocity; peak velocity; impact force, 6548

object-image velocity; heading perception; minimal stimuli; self-movement, 6472

perceived motion direction; global motion; glass pattern sequences; dipole orientation, 27467

psychomotor movement; IQ; intelligence; speed of neural processing theory; general mental ability; speed; repetitive movement; tapping task, 30649

speed limit laws; highways; crash rate; injury; fatality; national maximum speed limit law repeal; urban areas; rural areas; trends, 30289

time-to-contact estimation; accelerated stimulus; first-order information; thrown projectile, 3313

- verbal learning; semantic organizational strategy; encoding; attention deficit hyperactivity disorder; verbal memory; adults; ADHD, 11080
- verbal memory decline; anterior temporal lobectomy; ATL patients; verbal memory function; temporal lobe; risk factors, 23319
- verbal memory errors; schizophrenia; positive symptoms; negative symptoms; recall memory, 25635
- verbal memory impairment; neurodevelopmental disorders; verbal learning; recall; recognition; memory performance; specific language impairment; focal brain damage; Williams Syndrome; Down Syndrome, 13546
- verbal memory impairment; thalamic infarct; cognitive processing, 13997
- verbal memory performance; depressive episode patients; unipolar depression; bipolar depression, 16397
- verbal memory; estrogen exposure; episodic memory; menopausal transition; menopausal status; menstrual period; hormone therapy, 22814
- verbal memory; general cognitive dysfunction; specific cognitive processes; significant psychopathology; specific cognitive deficits; schizophrenia patients, 7901
- verbal memory; learning; antipsychotic-naïve patients; first-episode schizophrenia, 25638
- verbal memory; older adults; repeat testing; age-related memory change; nondemented participants; age effects; sex effects; education effect; new learning; recall, 4178
- verbal memory; problem-solving skills; community status; schizophrenia, 25668
- verbal memory; recall time; attention deficit hyperactivity disorder, 35092
- verbal memory; schizophrenia; cognitive deficits, 25617
- verbal short-term memory; memory performance; vocabulary level; vocabulary acquisition; learning disability; development, 35107
- verbal short-term memory; phonological processing; Williams syndrome; neuro-development disorder, 1860
- verbal working memory deficits; methylenedioxymethamphetamine; cognitive functioning; reading span; computation span, 29400
- verbal working memory; childhood closed head injury; injury severity groups; complex task performance; school children; cognitive tasks; injury age; time since injury; cognitive tasks; repeated words, 16815
- verbal working memory; on-line syntactic processing; self-paced listening, 12577
- visual memory; verbal memory; working memory; retention, 27554
- visual span; siblings; schizophrenia; neurocognitive deficits; verbal tasks; intelligence; verbal memory; learning, 1508
- working memory; human information storage; modality specific effects; peripheral subsystems; central processing; inhibitory control; verbal memory; visuospatial memory, 6612
- working memory; spatial memory; visual memory; object memory; executive function, 18410

Verbal Reinforcement [See Also Praise]—Serials

elementary school children; English language; Spanish language; verbal guidance; individual differences; multimedia mathematics learning; computer experience level; discovery based multimedia games, 36127
generative verbal responding; derived relational networks; reinforcement; novel instructions; control; instructional control, 33871

Verbal Stimuli—Serials

category norms; item response; item categories; cognition; aging; American adults; Chinese adults; group differences; similarity measures; cultural groups; cross-referenced verbal stimuli; ranked data, 34302
egocentric updating; spatial relations; linguistically encoded, 6471
hare psychopathy checklist-revised; emotional components; emotional material; emotional content; verbal stimuli; psychopathy; emotional polarity; metaphorical statements; male inmates, 1549
hemispheric laterality; prefrontal cortex; verbal stimuli; meaning; neuroimaging; memory process, 410
high-priority affective stimuli; visual search; names; emotionally charged words; verbal stimuli; attention; capacity limitations, 12713
multiple disabilities; favorite stimuli; behavior; treadmill; physical activity; physical fitness; exercise equipment; self-determination; initiative, 29204
native English speakers; cognates; false cognates; translation elicitation; foreign languages; word generation; bilingualism; language learning, 31064
prime word; stimulus evaluation; pronunciation task; affective priming; priming effect; target word, 18262
repetition blindness; nonwords; lexical decision; cognitive processes; word recognition; mental types activation; sublexical level; word-nonword pairs; identical repetitions; word encoding, 15287
semantic representations; perceptual representations of verbal statements; visual representations of objects; names; attribute norms; impairments of conceptual knowledge; computational model, 9722
verbal analogy; analogical reasoning; functional magnetic resonance imaging; brain, 6938
verbal context; olfactory perception; olfactory stimulation; odor hedonic perception; natural odors; synthetic odors; source information; hedonic ratings; olfactory evaluations, 3308
verbal mediation; cognitive process; verbal nature; canonical colors; color specific objects, 15952
word recognition; word frequency; subjective familiarity; word length; concreteness; age of acquisition; eye fixation duration, 375

Verbal Tests—Serials

Action Fluency Test; normative data; elderly subjects; verbal fluency; executive functioning; verb retrieval, 24179
verbal Selective Reminding Test; test reliability; normative data; cognitive functioning; Spanish-speaking population, 21082

Verbalization [See Oral Communication]**Verbs—Serials**

Action Fluency Test; normative data; elderly subjects; verbal fluency; executive functioning; verb retrieval, 24179
age differences; language production; complex sentences; short responses; verbs; sentence production, 18866
agrammatism; story retelling; sentence forms; inflectional morphology; verb retrieval; thematic roles; grammatical forms; syntactic training; message-level representations, 29821
Alzheimer's disease; cognitive impairment; verb comprehension; neuropsychological correlates; cortical activation, 1845
American Sign Language; information ordering; speaker subjectivity; modality; discourse functions; verbs, 31076
auxiliary verb constructions; dynamic eventive; Japanese language; Korean language; Spanish language; volitional sense; speaker stance; emphatic, 859
Brocas aphasia; verbs; mental lexicon; speech production, 29094
causation; causal models; lexical semantics; verbs, 4062
cerebral regions; verbs; nouns, 9807
children; first words; bilingual environments; English; Mandarin Chinese; verb production; noun production, 15965
collocations; advanced learners of English; German speaking students; verb noun collocations, 4053
comprehension; complex reference object formation; singular pronouns; plural pronouns; syntactic structure, 33668
configurational asymmetry; lexical access; prefixed verbs; French, 28026
connectionist model; lexical processing; token effects; type effects; Dutch past-tense formation; final devoicing; verbs, 27985
cross-linguistic generalizability; sentence processing complexity; on-line processing; cross-serial dependencies; Dutch; verb, 34224

emergent grammar; verbs; verb-forms; Hebrew language; language development; young children; morphology; semantics; syntax, 10166
entrenchment; grammaticality judgment tasks; overgeneralization errors; verb argument structure; age differences; children vs adults, 15983
event related potentials; verb gap identification; verb gap resolution; gapping; time course; sentence processing; sentence comprehension, 24734
event-related brain potentials; subject-verb agreement; Broca's aphasia; auditory sentence comprehension; syntactic processing; electrophysiology; right-hemisphere lesions, 26178
finite-state transducers; finite-state syntactic grammar; Basque; verb subcategorisation; newspaper texts; clause boundaries; finite-state parser; complements; adjuncts, 15847
grammatical properties; Italian verbs; mental lexicon; form class; mood; tense, 28000
image schema; linguistic representations; visual discrimination task; schematic representations; language comprehension; spatial representation, 383
language-impaired children; sentence interpretation strategies; monolingual German learning children; specific language impairment; language impairment, 8104
learning; verb meaning; language impaired children; normally developing children, 8105
lexical decision; cross-modal priming; auditory priming; visual priming; regular verbs; irregular verbs; morphemic markers, 24476
lexical semantics; verbs; temporal relations; verbal temporalisation; verb semantics; storytelling system; Confucius, 36506
lexicity; morphological structure; semantic transparency; German verb-forms processing; visual on-line processing; off-line processing, 28016
masked morphological priming; past tense primes; present tense recognition; morphemic representations; Greek verbs, 31077
mental representation; verb-noun compounds; Italian; aphasia; neuropsychological methods; visual confrontation naming task, 29154
morphology; agrammatism; verb tense, 19830
morphophonological factors; construction of subject-verb agreement; grammatical information; German noun phrases; Dutch noun phrases; ambiguity, 18863
naming; nouns; verbs; noun verb dissociation; grammatical deficits; language production, 20009
neural networks; synthetic brain imaging; verbs; nouns; linguistic abilities; language, 21555
neural processing; nouns; verbs; inflectional morphology; brain damage; neural substrates; language system; evoked potentials, 12926
number agreement; language production; completion tasks; verb number, 31061
past participle; Italian verbs; artificial neural network; school age children; simulations, 28067
psycholinguistics; split intransitivity; Spanish; second language acquisition; verbs; semantics; college students, 26934
rapid serial visual presentation; stimulus onset asynchrony; affective modulation; emotionally arousing verbs; attentional blink, 15208
rules; construction effects; argument structure; verbs; language development; children; word order restrictions; Sesotho language; double object applicatives, 10178
self generated causal hypotheses; verbs; distinctiveness information; consensus information; type of questions; attribution of responsibility, 7644
semantic context; memory; verbs; nouns, 33806
semantic relatedness; event-related potentials; semantic priming; noun processing; verb processing; word recognition; naming, 3785
sentence comprehension; verbs; verb meaning; reversible sentences; active sentences; passive sentences; aphasia, 19949
sentence processing; thematic dependencies; theme anticipation; verb based information; anticipatory processing; semantic constraint; sentence processing; pre-verbal argument; linguistic input signals, 10101
space rotation; perspective shift; verb morphology; body shifts; mental spatial rotation; American Sign Language; referencing strategy, 31070
type shifting verbs; context effects; verb processing; lexical semantics, 27984
verb deficits; Alzheimer's disease; agrammatic aphasia; lexical organization, 11267
verb generation; cerebellar patients; cerebellar atrophy; verbs; disarthria; reaction time, 29172
verb inflection; error patterns; agrammatic aphasia; phonological encoding; semantics; lexical influences; word form; affix frequency; diacritical operations; affixation, 26135

verb morphology; verb morphemes; specific language impairment; Swedish speaking children; normally developing compatriots, 8099
verb noun acquisition; aphasia; naming; word classes; language differences; grammar; parts of speech, 13229
verb reading; developmental language impairment; mental lexicon; francophones, 4815
verb; noun; Italian; lexical processing; aphasia; words, 20024
word category; verb-argument structure; sentence parsing; visual presentation; audio presentation; event-related brain potentials; critical word; transitivity violation; argument structure violation, 15859
word learning; verb learning; phonotactic probability, 10112
Verdict Determination [See Adjudication]
Vergence Movements [See Eye Convergence]
Verification (of Theories) [See Theory Verification]
Vernier Acuity [See Visual Acuity]
Vertigo—Serials
dizziness; migraine; comorbidity; migraine-related vertigo, 8168
health-related quality of life; elderly patients; Benign Paroxysmal Positional Vertigo, 29519
migrainous vertigo; episodic positional vertigo; migraine; benign paroxysmal positional vertigo; positional nystagmus, 29036
neck muscles; postural control; fatigue; dizziness; cervical vertigo, 8158
phobic postural vertigo; body sway; vibratory proprioceptive stimulation; stance regulation; torque variance; visual information, 8132
vertigo; physiology; pharmacological treatment; anticholinergics; antihistamines; benzodiazepines; calcium channel antagonists; dopamine receptor antagonists; drug therapy, 14266
Vestibular Apparatus [See Also Semicircular Canals]—Serials
aging; path integration skill; kinesthetic perception; vestibular contributions; wayfinding, 18265
birds; pterosaurs; aerial lifestyles; brain; vestibular apparatus; neural organization; osseous labyrinth; equilibrium; aerial predators; neural integration; reflex mechanisms; sensory integration, 3576
ethanol; visual vestibular interactions; dynamic visual acuity; vertical linear acceleration; visual oculomotor pathway; vestibular pathway, 10040
head rotation; gabaergic inhibition; vestibular responses; secondary vestibular neurons; bicuculline; rats; picrotoxin, 7210
hearing deterioration; patients; non growing vestibular schwannoma; audiometric parameters; pure-tone discrimination; speech perception, 11311
motor learning; motor systems; neural system; vestibulo-ocular reflex; vertebrates; animal models; motor signal; eye movement; cellular mechanisms; short-term motor memory; cerebellar cortex; vision, 21548
single neuron; sensory interactions; vestibular responses; stimulus conditions; vestibular signals; neuronal responses; medial superior temporal cortex; population encoding; monkeys, 21655
torsional eye velocity; smooth-pursuit eye movements; primary eye position; premotor neurons; rhesus monkeys; rostral vestibular nuclei, 21531
vestibular afferent projections; vestibular nuclei; sensory systems; cochlear nucleus; nucleus neurons; spinal cord; hindbrain; neuroanatomical development; target neurons, 6940
vestibular neuritis; vestibular nerve; lesions site; vestibular evoked myogenic potential; labyrinth; vestibular neuro-labyrinthitis; taxonomies, 6955
vestibular neuritis; vestibular nerve; lesions site; vestibular evoked myogenic potential; labyrinth; vestibular neuro-labyrinthitis; taxonomies, 6900
vestibular nuclei; primary afferents; unilateral labyrinthectomy; vestibular end organs; efferent connections; afferent projections; posterior cerebellum, 6839
vestibular symptoms; human vestibular cortex; parietal operculum; partial epilepsy; vestibular input; sylvian fissure; cortical areas; cortical sites, 11262
vestibular system; head-trunk coordination; bilateral labyrinthine input; anterior-posterior translations; segmental receptors; kinesthetic processes, 21313
vestibulopathy; gravity control strategies; body center of gravity; head center; head stability; visual fixation; increased speed; increased stability; vestibular rehabilitation, 11891
Vestibular Nystagmus [See Nystagmus]
Vestibular Stimulation [See Somesthetic Stimulation]
Veterans (Military) [See Military Veterans]
Veterinary Medicine—Serials
animal welfare assessments; TGI 35 L Austrian animal needs index; animal health; veterinary examinations, 6662

cow welfare; dairy farms; veterinary experts; behaviour experts; welfare parameters; geographical location; husbandry system; lameness; discomfort; farm assurance, 6659

graduate record examinations; test validity; grade point average prediction; medical colleges; GRE general test; veterinary medical colleges; validity coefficients, 15108
transactional processes; bad news; communication; veterinarians, 20544

Vibration—Serials

foraging decisions; wasps; parasitoid foraging; host vibrations; host-parasitoid interaction, 18478

high-frequency sensitivity; compound action potentials; acoustic stimuli; mature gerbil cochlea; ear canal; stapes vibration; adults; neonates, 21737

painful temporomandibular disorders; pacinian corpuscles; orofacial region; vibratory analgesia; skin; pain, 14294
quantitative assessment; vibration sense; Vibrometer type III; instrument reliability, 21092

roughness perception; spatial period; textured surfaces; frequency theory; peak frequency; vibrations, 3306
vibration; electromyographic activity; human locomotion; afferent input, 15679

vibratory sense evaluation; neurologic evaluation; tendon reflexes; sensory nerve conduction; sensory exam, 27774

visual motion stimulation; body orientation; perceptual distortions; neck muscle vibration; visual field defects; neglect patients, 27449

Vibrators (Apparatus)—Serials

quantitative assessment; vibration sense; Vibrometer type III; instrument reliability, 21092

Vibrotactile Thresholds—Serials

observational study; vibrotactile rhythm playing; seniors; long term care; nursing home residents; day program participants; drum circle program; music, 32730

tactile channels; P channel; NP channel; glabrous skin; sensory receptors; afferent nerve fibers; age; perceived magnitude of stimuli; spatial summation, 9911

vibrotactile amplitude; passive stimulation; task-relevant stimulation; somatosensory cortex; motor behavior, 21652

vibrotactile localization; localization accuracy; vibrotactile stimuli; tactile acuity; arm; vibratory stimulus frequency; stimulus location; age differences, 6474

Vicarious Experiences—Serials

attachment styles; vicarious traumatization; female therapists; trauma therapists; survivors; distress; cognitive disruption, 8925

direct victimization; vicarious victimization; school; home; risk factors; suicidal cognition; Italian adolescents; peers; parents, 10876

family therapists; vicarious traumatization; self care; death & dying; grief specialization, 2581

secondary trauma; strengths perspective; family violence; helper-client relationship; social workers, 8911

skin conductance responses; enhanced feeling; vicarious; movement; sensory feedback; social cues; hearing; vision; orientation cues, 21251

trauma work; social work clinicians; vicarious traumatization; human-induced trauma; sexual abuse; cognitive schemas, 8914

vicarious processes; perceived speaker attitudes; cognitive dissonance; conformity; group and individual behavior; attitude changes; empathy, 31497

vicarious trauma; counselors, 20752
vicarious trauma; sexual abuse treatment; clinicians; survivors; sexual offenders, 8956

vicarious traumatization; psychological distress; symptoms of avoidance & intrusion; traumatized clients; therapist beliefs; burnout; therapist distress, 8951

Vicarious Reinforcement [See Vicarious Experiences]**Victimization—Serials**

academic achievement; special educational needs; primary school children; socioeconomic status; social exclusion; bullying behavior, 23896

adolescent victimization; physical assault; university women; dating violence; sexual assault; college-age women; dating relationships, 1618

adolescent victimization; self-reported criminal; adolescent violent victimization; criminal involvement; prevention programs; nonfamily members; adolescents; early adulthood, 1674

adult attachment theory; self-destructive behaviors; individual differences; traumatized women; suicide risk; suicidal clients; attachment anxiety, 29248

adult sexual assault; prevalence; symptomatology; sex differences; physical assault, 25794

African Americans; violence subculture; victim precipitated homicide; race precipitated homicide; hypohesias, 30316

aggressive victims; passive victims; bullies; developmental continuity; developmental change; developmental pathways, 16016

antistalking laws; legal definitions; stalking; offending; criminal justice; victims, 36542

behavioral tendencies; social categorization; fear-related behaviors; emotional reactions; world trade center; appraisal theories; terrorist attacks; outgroup members; September 11, 2001, 4346

bullying behaviours; school; roles in bullying; victim status; peer support; large-scale intervention studies, 31898

bullying; adolescent victims; bully nonvictims; aggression; social skills; cooperation; self control; assertion; friendship characteristics; self-report; interpersonal conflict management, 4679

bullying; childhood aggression; aggressive behavior; victimization, 28816

bullying; peer victimization; linear mixed models; change in dominance, 3281

bullying; victim problems; machiavellianism; self-efficacy; Greek primary school children, 25769

bullying; victimization; educational settings; peer ecologies; school psychologists; school service professionals; parents; prevention; intervention, 4711

bullying; victimization; friendship; loneliness; males; females; gender, 13694

bullying; victimization; friendship; loneliness; males; females; gender, 22622

bullying; victimization; intervention program; cognitive abilities; evaluation, 13764

child homicide epidemiology; young children; Alabama; suspicious deaths; victim characteristics; offender factors, 19722

child molesters; recidivism; rapists; sex offenders; sexual victimization; sexual abuse; criminogenic profile; treatment compliance; psychosexual disturbance; background, 19713

child treatment; sexual abuse; post-traumatic stress disorder; community-based services; treatment involvement; clinical assessments; child abuse victims; physical abuse; short-term outcomes, 2441

childhood bullying; victimization; long-term consequences; coping strategy; appraisal; adult distress, 22075

childhood maltreatment; social support; childhood emotional abuse; intimate partner violence; maltreatment experiences; African American women, 1671

children; risk; major knife injury; gun injury; stabbing; trauma registry data; inner-city victims, 28811

chronic pain; women; victimization; child abuse; domestic abuse; New England; pain symptoms; depression, 1776

community violence; psychological impact; post-traumatic stress disorder; female victims; South African townships, 28763

counterfactual thinking; blame assignment; rape victims; well being; self blame, 7964

criminal record; victim characteristics; antisocial lifestyle; homicide; victimization; violent crime, 22707

dating violence; victimization; psychological well-being, 961

depressive symptoms; aggressive behavior; self report; peer report; peer victimization; social experiences, 22486

direct victimization; vicarious victimization; school; home; risk factors; suicidal cognition; Italian adolescents; peers; parents, 10876

divorce; intimate partner violence; victimization; marital separation; children, 34502

domestic violence survivors; social isolation; female victims; social capital; trust; supportive networks; support group process, 29428

domestic violence; hotline; advocacy; counseling; shelter services; victimization; program evaluation, 26555

domestic violence; screening; female victims; screening tools; detection; physicians, 9464

domestic violence; stress; abusive partners; low income women; community intervention; needs; stressful life events; abusive experiences; difficult life circumstances, 28806

domestic violence; trauma symptoms; life skill needs; female victims, 28814

drug use; unsafe sexual behavior; interpersonal victimization; alcohol consumption; risk cognitions; aggressive behavior; trauma, 31897

employment levels; womens work; employability; battering; partner abuse; domestic violence; job seeking; maintaining employment; wage use; economic independence & security; safety, 7992

false reports; stalking, 10952
family members; lethal violence; mental illness; victim risk; psychosis; morbid depression; paranoia with intractable narcissistic loss, 14910

feelings of revenge; crime victims; retaliation; punishment; justice; criminal justice; emotional states, 13281

female homicide victimization; gender discrimination; witchcraft accusations; femicides; witch beliefs; awareness, 35049

female inmates; sexual coercion; demographic characteristics; victim; perpetrator; policy implications, 5724

females; perception; stalking behavior; personal experience; cultural comparison; Trinidad & Tobago; Britain, 10920

gender differences; childhood sexual abuse; risk factors; posttraumatic stress disorder; sexual victimization, 31908

gender; sexual victimization; alcohol abuse; drug abuse; treatment history; sexual abuse, 20648

hate crime victimization; college students; epidemiology; hate crimes, 1611

hazardous drinking; relationship violence perpetration; victimization; domestic violence; arrested females, 19634

Hispanic perspectives; sexual harassment; social support; sexual victimization; Hispanic American culture; women, 22615

Holocaust; humor; comedians; films; victims; perpetrators, 807

homeless youth; health risks; emotional distress; alcohol use; drug use; risk sex; victimization; risk reduction; prevention, 23468

homeless youth; young offenders; victimization; criminal victims; criminal retaliation; invulnerability; financial gain, 35020

homicide victimization; firearm availability; firearm ownership; firearms; homicide; guns, 28882

homicide victims; homicide victimization; criminal offending; arrest; public health; risk factors; violence prevention, 11043

interpersonal abuse; analogue study; victim-perpetrator interaction; gender; psychological abuse; physical abuse; marital violence; acquaintance violence; perpetrator's perception; attributions, 19611

irritable bowel syndrome; medical disorders; childhood abuse; Axis I psychiatric disorders; Axis II psychiatric disorders, 2789

junior & senior high school students; victimization risk; school setting; violent crime; risk factors; situational & individual characteristics; delinquency; student victimization, 1684

juvenile sex offending; juvenile stranger attackers; juvenile perpetrators; victim allegations; sexual assault; offence/victim characteristics; offender characteristics, 22713

men reactions; women reactions; man-to-man sexual harassment; victim sexual orientation, 25787

mental health; physical health; Italian youngsters; depression; anxiety; maladjustment; victimization; school environment; home environment; domestic violence; bullying, 24995

mental pollution; sexual assault; female victims, 19595

mentally disordered offenders; abusive experience; psychiatric history; physical trauma; emotional trauma; modern psychiatry, 8032

negative emotions; risk factor; peer victimization; internalization; externalizations; risk factors; anger; aggression; emotional regulation; gender, 34333

observed peer victimization; antisocial behavior; depressive behavior; sex differences; elementary school students, 19343

online sexual solicitation; Internet; strategies for protecting children; professional psychologists; technology; psychoeducation; legal considerations; sexual predation, 10901

parent victimization; victimising children; violence; temperament; behavior problems, 34328

parent-child attachment; social self-efficacy; peer relationships; middle childhood; perceptions of victimization, 968

parental physical abuse; child abuse; recurrent parental abuse; adult aggression; laboratory induced aggression; retrospective accounts, 22642

parents victimization; children behavior; middle class families; family violence, 34959

partner violence; adolescent mothers; teenage pregnancy; male partner; social networks; relationship with parents; pregnancy experience; motherhood experience, 7437

partner violence; physical assault; pregnancy; sexual coercion; victimization; injuries; sex differences; women; male partners, 28831

pathological dissociation; peritraumatic dissociation; revictimization; self-harm; childhood sexual abuse; permissive attitudes; posttraumatic stress; domestic violence; prospective study, 4705

peer aggression; social tendencies; victimization; aggressiveness, 1595

peer bullying experiences; bullying; sibling victimization; behavior problems; secondary school children, 25853

peer perception; self perception; teacher perception; aggressors; victims; defenders; preschoolers, 2817

peer relations; sociometric status; daily diary; victimization; physical victimization; social victimization; exclusion; participation; elementary school students, 2820

peer social competence; stability of victimization; peer aggression; children, 7415

Volume 91 SUBJECT INDEX

Victimization—Serials

peer victimization; adolescent development; social anxiety; loneliness; bullying; gender differences; relational & overt victimization; prosocial behavior, 1015

peer victimization; early adolescence; injury trigger; injury mechanisms; school exposure; age differences; sex differences; physical violence physical injury, 4137

peer victimization; emotions; maladaptive coping; peer aggression; coping strategies, 33164

peer victimization; posttraumatic stress; children; African-Americans; Hispanics; elementary school students; symptoms, 7950

peer victimization; social anxiety; loneliness; adolescent females; prosocial behaviors, 25063

perceived social support; crime victimization; trauma; victims, 19733

perceived victimization; overt anger; hostile attributional style; organizational norms, 17833

perceptions; undergraduate students; licensees; defensive attribution hypothesis; environmental variables; exposure to violent incident; actions of victim, 10543

police chiefs; ombudsmen; attitudes; white-collar offenses; criminal procedures; elder abuse; nursing home offenses; street offenses; older victims; penalties, 3105

posttraumatic stress disorder; child sexual abuse survivors; cognitive behavior therapy; exposure therapy; social skills training; emotional control; treatment outcome; therapeutic alliance; women, 29238

posttraumatic stress disorder; child sexual abuse survivors; cognitive behavior therapy; exposure therapy; social skills training; emotional control; treatment outcome; therapeutic alliance; women, 29243

posttraumatic stress disorder; mass trauma; trauma severity; victimized communities; psychological treatment; acute stress reactions; social support systems; functional impairment; at risk population, 13612

pregnant women; socioeconomic indicators; violence; victimization; abuse; pregnancy, 1567

protection orders; future partner violence; injury; women; intimate partner violence; IPV; civil protection order; CPO; abuse; self reported IPV, 4754

psychiatric patient assaults; precipitants; psychiatric staff; patient/staff interaction; staff victims, 5537

psychosocial aspects; nuclear attacks; victim experiences; long-term effects; physical aspects; life experiences, 22162

psychosocial aspects; nuclear attacks; victims experiences; long-term effects; physical aspects; life experiences, 22147

psychosocial correlates; bullying behaviors; peer victimization; prevention; intervention planning, 4683

PTSD; homeless youth; street youth; victimization; post-traumatic stress disorder; emotional numbing; avoidance, 13672

race; sexual assault; violent crimes; adjudication; violent offenses; lenient; punitive violent felons; United States, 12408

racist victimisation; government policy; racist crimes; laws, 31981

risk factors; abusive relationships; femicide victims; intimate partner; stalking; forced sex; sexual abuse, 1673

risky lifestyles; dating violence; violent victimization; risk factors adolescent dating relationships, 34330

road rage; victims; perpetrators; offenders; violent motorists, 10875

school bullying; bullying prevention program; elementary schools; school modification; aggression; victimization, 5958

sex work; legal protections; date violence; heroin usage; victimized sex workers; sex workers behavior; economic desperation, 34980

sexual assault victims; counseling students; college counselors; effective interventions, 2868

sexual assault victims; violence; sexism; rape myths; hostility; aggressive behavior, 28840

sexual assault; domestic violence; perpetration; victimization; childhood abuse experiences, 19732

sexual assault; emergency department; epidemiology; rape victims; medical care; trends, 8745

Sexual Experiences Survey; sexual victimization; test validity; test reliability; psychometrics, 33481

sexual victimization; child sexual abuse; sex partner; adult revictimization; abused women; mental health treatment; sexual abuse histories; drug treatment; adult rape, 1610

sexual victimization; human females; gender-role orientation; sexual offenses; health problems; perpetrator characteristics; victim survey, 22633

sexual victimization; prevalence; adolescent boys; adolescent girls; eating behavior; psychological health; history of sexual abuse, 10869

sexual victimization; risk factors; human sex differences; homeless youth; runaway youth; at risk population; acquaintance rape, 22649

single mothers; violent victimization; individual welfare; public entertainment; residential neighbourhood; lifestyle, 28807

social acceptance; victim; survivor; recovery factor measurement; posttraumatic stress disorder; test validation, 33554

social support; urban middle school students; victims; bullies; bully-victims; perceptions; frequency, 4691

social workers; crime victims; socioeconomic illness; stalking, 8046

substance use; violence; adolescence; victimization; conflict management; hostility; anger; health behaviors, 31960

substance use; violence; adolescence; victimization; conflict management; hostility; anger; health behaviors, 19705

suicidal behavior; suicide attempts; sexual assault victimization; suicidal ideation; women, 28851

trauma; political economy; social environment; victimization; political violence; humanitarian assistance, 34421

validity; self report screening; women's health; elder abuse victimization; reliability; vulnerability; dependence; dejection; coercion, 21155

vicarious victims; disaster-focused distress; distress reactions; September 11; terrorist attacks; general distress; gender differences; survivor guilt; survivor grief; collective helping behavior, 19219

victim intoxication; perpetrator intoxication; sexual assault outcomes; women, 25849

victimization; psychopathology recognition; health; education; justice; social care; young crime victims; community violence; family violence; gender differences; sexual victimization, 28798

violence exposure; mental health; mental behavior; victimization; trauma symptoms; childhood development; adolescent development; school violence, 34954

violence; adulthood transition; victimization; education; socioeconomic attainment; adolescent development, 25035

violence; gender; sex differences; men & women; sexism; motives for violence; rape; aggression, 36524

violence; gender; sex differences; men & women; sexism; motives for violence; rape; aggression, 36522

violence; service utilization; health care; HIV; gay male; bisexual male; heterosexual female; heterosexual male HIV patients; heterosexual male AIDS patients, 23495

weapon carrying; physical violence; schools; gender-specific groups; victimization, 34979

women prisoners; physical abuse; emotional abuse; sexual abuse; victims; criminality; feminist interventions; treatment planning, 23838

women's self defense course; white femininity; victimization; self liberation; feminist ideology; vulnerability; gender narratives; self narratives; gender subversion; disempowering, 16194

workplace aggression; organizational employees; insider-initiated aggression; individual factors; organizational factors; victims, 14801

workplace deviance; interpersonal mistreatment; work environment; climate; retaliation; victimization; employees; social retaliation victimization; well-being; power; resistance; victim silence, 2926

young adult victims; physical assault; assault experiences; assault reporting; verbal communication, 28848

Victimization—Books
From child sexual abuse to adult sexual risk: Trauma, revictimization, and intervention, 1625

Victimization—Chapters
Child sexual abuse and adult sexual relationships: Review and perspective, 1628
Child sexual abuse and adult sexual revictimization, 1635
Child sexual abuse and adult sexual risk: Where are we now?, 1626
Citizens, victims, and offenders restoring justice: A prison-based group work program bridging the divide, 5729
Domestic violence interventions with women of color: The intersection of victimization and cultural diversity, 5153
The effects of school violence on the psychological adjustment of Korean adolescents: A comparative analysis of bullies, victims, and bystanders, 5939
The link between child sexual abuse and risky sexual behavior: The role of dissociative tendencies, information-processing effects, and consensual sex decision mechanisms, 1641
Sexual assault revictimization: Toward effective risk-reduction programs, 1957
The spectrum of victimization and the implications for health, 5151
Toward a social-narrative model of revictimization, 1631
Trauma, posttraumatic stress disorder, and health risk behaviors, 10846
Twenty years' research on peer victimization and psychosocial maladjustment: A meta-analytic review of cross-sectional studies, 1627
Using conjoint clarification sessions in the treatment of incest victims, 5236
Victimization and health risk behaviors: Implications for prevention programs, 5397
Victimization of children with disabilities, 4723

Vietnamese Cultural Groups—Chapters

Violence and victimization of lesbians and gay men: Mental health consequences, 4285

Video Display Terminals [See Video Display Units]

Video Display Units—Serials
data entry; mental arithmetic task; work-rest schedules; physical discomfort; speed; vision; video display terminal; performance, 17946
intelligent system; magnetic field; cathode ray tube; deflection yoke tuning; colour misconvergence; radial basis function neural network, 17982
point-light displays; ventral temporal cortex; visual motion; video clips; superior temporal sulcus; middle temporal gyrus; whole-body motion; fMRI; brain responses; event related design, 521
posture; muscle activity; muscle fatigue; video display terminals; computer users, 24096
referential understanding; videos; chimpanzees; orangutans; children; Pan troglodytes; Pongo pygmaeus; Homo sapiens; visual cues; visual search, 9770
suboptimal presentation; facial expressions; memory; respiratory sinus arrhythmia; priming effects; emotion; attention; facial electromyography; video messages; recognition memory; orbicularis oculi, 24368

Video Games [See Computer Games]

Videotape Instruction—Serials
distance education; motivational interviewing skills; behavioral health professionals; video workshops, 20731
medical education video; knowledge; attitude; interpersonal violence; patients; continuing medical education videotape; educational programs, 12026
procedural knowledge; video presentation; videotape feedback; self-observation; problem solving; tower of Hanoi problem; children, 907
rheumatoid arthritis patients; community-based intervention; effectiveness; feasibility; writing intervention; expressive writing; patient adherence; home-based videotaped instructions, 11827
video based & computer based instruction; video clips; sharing; teacher direction following; social greetings; social skill acquisition; social skills; autism, 36228
video feedback technique; communication skills training; teaching intervention evaluation; gender impact; communication change; medical undergraduate; physician patient interaction, 29892

Videotapes—Serials
commercial exercise video models; women; self-presentational efficacy; exercise task self-efficacy, 13134
emotion-modulated startle response; video-based evaluations; EMG-based evaluations; acoustic startle; eyeblink; electromyographic measurement; validity; reliability; children, 9532
eyewitness memory; susceptibility; misinformation; real-life events; video events; age differences; children; free recall, 22045
free radicals; pleasant feeling; saliva; comical video viewing; psychological stress, 18676
imagery modality; golf putting performance; videotapes; male golfers, 36438
patient video clips; neurology examination interpretation; computer-based test questions; text-based questions; item statistics; reliability; medical students, 18067
post-rape substance abuse; post rape substance use; emotional problems; marijuana users; distress; alcohol users; anxiety reduction; video tape intervention; rape victims; post-rape acute time frame, 8849
prostate cancer; cancer patients; video format; video information; decision making; partners; disease management, 23454
tacit understanding; relational understanding; embodied understanding; video cued narrative reflection; practice-based understanding; videotaped interaction; reflective narrative, 6450
teaching evaluation; videotaping; student viewpoints; teacher viewpoints, 33081
teaching; video module; assertion skills, 16238

Vietnamese Cultural Groups—Serials
cultural behaviors; biculturalism; parental role; second generation Vietnamese; ethnic cultures; immigrants; social networks; assimilation, 10359
depression; kinship networks; social support; Vietnamese immigrants; multicultural community; urban setting; nonkinship networks; support satisfaction; psychological distress, 4326
post-traumatic stress disorder; panic attack symptoms; Vietnamese refugees, 1521
Vietnamese men; masculine gender roles; refugee experiences; acculturation; racism; nhau ritual, 19035
Vietnamese refugees; experiences; discrimination; school environment; racism, 14679

Vietnamese Cultural Groups—Chapters
Vietnamese-American personality and acculturation: An exploration of relations between personality traits and cultural goals, 4477

Vigilance—Serials

behavioral manifestations; sustained attention; neurophysiological correlates; vigilance measurement; brain activity; event related potentials, 24948
 brain response; visual vigilance; chronic schizophrenia; schizoaffective disorder, 25627
 central place foraging; head raising; pausing; during locomotion; chipmunks; *Tamias striatus*; antipredator vigilance; detection; space use, 21491
 cognitive performance; comfort perception; fabrics comfort; comfort ratings; visual vigilance, 6573
 dilution effect; individual vigilance; group size; stalking vs opportunistic predators, 15388
 dilution effect; individual vigilance; group size; stalking vs opportunistic predators, 3504
 event-related potentials; anxiety; cerebral activity; reaction time; vigilance, 13654
 fatigue; drowsiness; driving performance; driver age; driving errors; vigilance level, 12571
 low level sensory stimuli; tactile stimulus; restlessness; motor activity; workload; odor; vigilance task, 33664
 maternal watchfulness; black howler monkeys; *Alouatta pigra*; predators; aggressive conspecifics; parental investment; protection; maternal investment; vigilance, 21490
 mental effort; vigilance; EEG, 30906
 mental effort; vigilance; resource depletion; stimulus presentation, 12672
 milnacipran; driving vigilance; psychotropic drugs; sensory functions; psychomotor functions; road accidents; alcohol drug interaction, 27934
 nocturnal panic; Fear of Loss of Vigilance Questionnaire; test development; validity; anxiety; panic disorder; meditative relaxation; imagined hypnosis; daytime panic; test-retest reliability, 9435
 paired males; vigilance behavior; sexually dimorphic species; Eurasian wigeon; secondary sexual characteristics, 3512
 predator detection; social foraging; emus; vigilance, 15383
 prototypicality; sensitivity to prejudice cues; diagnostic information; targets' vigilance; prototypical information; outgroup members; discrimination, 31499
 psychomotor vigilance tasks; short tests; test duration; performance; sleep loss; wakefulness; sleepiness, 30382
 public information; reproductive success; breeding habitat selection; passerine birds; prospecting behavior; feeding rates; vigilance behavior; parental activity, 18479
 right hemisphere stroke; vascular brain damage; alertness deficit; alertness training; intrinsic alertness; attention training, 14010
 scrounger tactic; antipredator vigilance; birds; nutmeg mannikins; refuge distance; food distribution; head posture; incompatible vigilance patterns, 3502
 time course; attentional bias; threat scenes; vigilance-avoidance hypothesis; anxiety, 30751
 tobacco abstinence; recognition memory; digit span recall; visual attentional vigilance; smoking status; drug dependency, 10989
 uninteresting vigilance tasks; children; rewards; autonomy support; self regulation; task value perception; positive affect; free choice engagement, 34337
 vigilance; evaluative concerns; intimacy-building behaviors; dominant group members; intergroup interaction; outgroup orientation; racial ingroup identification; prejudiced racial attitudes, 34618
 vigilance; extraversion; introversion; performance differences; time-on-task, 22364
 vigilance; responsiveness; autonomic arousal; avoidance; veterans; posttraumatic stress disorder; PTSD; sleep, 1524
 vigilance; threat; anxiety; defensiveness; attentional biases, 25358
Violence [See Also Family Violence, Patient Violence, School Violence, Violent Crime]—Serials
 actuarial instruments; sex offenders; recidivism; violence; sexual offenses, 146
 acute stress disorder; Harvard trauma questionnaire; violent assault; physical abuse; emergency ward; physical assault victims; childhood sexual abuse, 1516
 adolescent dating violence; prevalence; violence prevention programs; research; theory; intervention, 34968
 adolescent sibling violence; college dating violence; parent-to-parent violence; parent-to-child violence, 31887
 adolescent violence; interdisciplinary collaboration; societal factors; holistic intervention; parent attitudes; school system; community environment; suicide, 4712
 adolescent violent trends; youth violence; public health issue; global adolescent violence; interpersonal violence; early childhood home, 4701
 adolescents; dating violence; peer influence; parent influence, 10874
 African Americans; violence subculture; victim precipitated homicide; race precipitated homicide; hypothesis, 30316
 Afrocentric socialization; Black youth; cultural identity; violence prevention, 4085
 aggression; violence; sport; prevention, 24054

alcohol consumption; injuries; emergency room attendance; violence; depression; conduct problems, 25780
 alcohol consumption; serotonin; violence; aggressive behavior, 7962
 antipsychotic; violent behavior; schizophrenia; community-based treatment; neuroleptics; clozapine; risperidone; olanzapine; at risk population; treatment effectiveness, 23304
 antisocial personality disorder; social dysfunction; violence; violent offenses, 11054
 Arab world; women; democracy; violence; oppression, 7571
 armed conflict; African child soldiers; global economy; social group, 16095
 assaultive violence; alcohol outlet; sociodemographic factors; alcohol availability, 7998
 attitudes; family; environmental correlates; delinquent behavior; incarcerated youths; violent offending; nonviolent offending; males; escalation of violence, 8047
 battered women; partner abuse; domestic violence; pornography; sexual violence; sexual abuse; abused women; alcohol use, 8000
 batterer intervention program; psychological variables; physical abuse; truthfulness; violence; lethality; control; substance use; coping abilities; African Americans; Caucasians; program evaluation, 29755
 bullfights; children; modulating factors; psychological effects; aggression; well-being, 13232
 child psychotherapist; deprived children; violence; countertransference; acting-out behavior, 32265
 childhood abuse; violence; childhood neglect; Germany; shame, 7961
 childhood exposure; violence against females; antisocial behavior; risk factors; sexual aggression; nonsexual aggression; delinquency; male juvenile sex offenders, 28883
 children exposure; community violence; risk; resilience; rural youths, 31880
 children of mothers with postnatal depression; later child violence; conduct disorder; psychosocial factors; family environment; attention deficit disorder with hyperactivity; comorbidity, 1583
 chronic community violence; high school students; psychological distress; college students; academic performance; urban environments, 2796
 chronic pain; women; victimization; child abuse; domestic abuse; New England; pain symptoms; depression, 1776
 church vulnerability; law enforcement; violence; church clergy, 36535
 civil psychiatry patients; at risk patients; violence; risk assessment; subtypes, 31712
 clinical practice guidelines; mental health care delivery; mental health legislation; psychiatric patients; social violence; violent behavior; psychiatrists, 8921
 clinician perceptions; violence risk; forensic outpatients; clinical decision making; violence risk assessment; treatment motivation; psychiatric institutional treatment, 25848
 collective violence; nonviolent alternatives; nonviolent action; behavioral dynamics, 13280
 collective violence; terrorist acts; contemporary science; behavior analysis, 13770
 community development; violence prevention; public health; community empowerment; program effectiveness; resource utilization; methodological pluralism; theoretical diversity; interdisciplinary, 5623
 community engagement; residents; violence prevention; Institute for Community Peace, 17346
 community violence; psychological distress; pathologic adaptation; violence exposure; aggressive behavior; inner-city youth; distress; high-risk youth, 19621
 community violence; psychological impact; post-traumatic stress disorder; female victims; South African townships, 28763
 community violence; urban middle-schools; academic achievement; school safety; depressive symptoms; aggression; feeling safe; long-term exposure; victim; witness, 30035
 community violence; violence exposure; juvenile delinquents; psychopathology; sense of coherence; problem behavior, 1679
 community violence; violence perpetration; family functioning; protective effects; African American males; Latino males; inner-city neighborhoods; risk factors, 31864
 contemporary literature; masculinity; identity crisis; aggressive men; Chuck Palahniuk; Fight Club; American men, 15830
 Control Of Violence for Angry Impulsive Drinkers; cognitive behavioral treatment; drinking; aggression, 8435
 criminal violence; drug abuse; residential treatment; causal mechanisms, 11954
 crowd violence; apartheid; South Africa; psychoanalytic theory; group behavior; sense of self; posttraumatic stress disorder; trauma, 4497

culture; global market; violence reduction; culturalist discourses; street crime; economic marginalization; capitalist culture; success; stabilization, 24133
 dangerous children; risk assessment; risk management; violent acts; child health workers, 34362
 dating relationships; adolescents; abuse prediction; childhood maltreatment; trauma; dating violence; empathy; self-efficacy; attitudes, 31910
 dating violence; victimization; psychological well-being, 961
 defense mechanisms; self-reported violence; stranger reactions; partner interaction; conflict resolution; men, 25836
 delinquent behavior; community violence; behavioral coping behavior; violence exposure; guardian role; peer support, 19727
 delinquent behaviors; Latino youth; distal contextual factors; violent behaviors; violent thoughts; substance abuse; skipping school; community violence; parent attachment; safe environment promotion, 16522
 depression; anxiety; violence; childhood behavior problems, 13567
 dialectic interplay; psychic positions; mindless violence; paranoid; schizoid depressive; primitive mental states; anxieties; Verdi opera; Rigoletto, 34858
 dialectic interplay; psychic positions; mindless violence; paranoid; schizoid depressive; primitive mental states; anxieties; Verdi opera; Rigoletto, 34880
 discourse analysis; working class women; talk; physical aggression; female aggression; violence, 22243
 drug abuse; cognitive-behavioral skills; violence; adolescents; computer intervention; high-risk youth, 11937
 drug trafficking; post-traumatic stress disorders; urban African American youth; violent events; risk factors; coping behavior, 25733
 drug usage; alcohol usage; tobacco usage; violent behavior; ethnic pride; resilience; ethnic identity; happiness; native Hawaiians, 25770
 drug-violence relationship; drug violence associations; violence; substance abuse; aggression; interpersonal violence; personality factors; intoxication violence relationship; alcohol, 7784
 early modern France; female militarism, 7569
 ecological variables; psychological distress; community violence; adolescents, 13248
 emotional well being; violence; social drinking; social integration; risky single occasion drinkers; adolescence, 28823
 enunciation of no; sexual subjects; rape; homosexual advances; physical violence; sadomasochistic scenes; pleasure; performativity; performance; identity; identification; homosexual panic defense, 16215
 erotic violence syndrome; right temporal lobe profusion deficit; psychopath; violent recidivism; sexual sadism; male rapists, 34985
 ethnography; gender; sexual violence; confidentiality; personal experiences; rape, 28819
 factor structure; posttraumatic stress disorder; community violence; Posttraumatic Stress Disorder Checklist—Civilian version; language equivalence; measurement invariance; English-Spanish, 24261
 family members; lethal violence; mental illness; victim risk; psychosis; morbid depression; paranoia with intractable narcissistic loss, 14910
 family violence; violent behavior; prevalence rates; living conditions; tolerance; coping; family member; prevention; causal analysis, 31875
 fatal beating; Ricky Whistnant; intellectual disabilities; self-advocacy organization; attitudes toward disabled, 28565
 fear; crime; predictors; older adults; demographic variables; interpersonal violence; psychopathology, 25292
 feminist theory; violence against women; sexual violence; gender inequality; fear; socioeconomic status; cross national, 28854
 gender-based violence; structural violence; institutional violence; refugee women; gender justice; peace systems; Burmese women, 35000
 global violence; promoting world peace; violent conflict; global era; human sciences; compliant governments; compliant governments, 7507
 GREAT Families violence prevention intervention; parenting practices; family relationship characteristics; parental involvement & investment; school relationships; high risk aggressive youth, 17673
 Guiding Responsibility and Expectations in Adolescents Today and Tomorrow violence prevention program; program evaluation; data collection; measurement, 17658
 Hare Psychopathy Checklist; predictive validity; psychopathy; adolescent offenders; early adulthood; violence risk, 30442
 homosexual men; destruction; violence; anthropophagous fantasy; cannibalism, 31025

- hormones; aggression; childhood; adolescence; psychobiological research; violence; puberty; behavior; human development; gender differences; HPA axis; adrenal androgens; psychosocial factors, 7997
- hostility; adolescents; violence; media use; television viewing; bullying; fighting; electronic game playing, 28822
- informal social support interventions; violence prevention; family; friends; volunteers; peer support groups; mutual aid organizations; child maltreatment; policymaking, 16469
- insight; violent behavior; schizophrenia; forensic insight, 34863

violence exposure; community violence; posttraumatic stress; army recruits; Basic Combat Training, 34898

violence exposure; parental monitoring; television viewing; children psychological trauma; self-reported symptoms, 34360

violence exposure; video games; television; movies; internet; media violence exposure; desensitization; empathy; attitudes towards violence; children, 16010

violence management; youth violence; threat; inner-city violence; crime; poverty; family stability; resident mobility; interpersonal interaction, 25026

violence portrayal; violent agents; group membership; media violence; disguised violence; non-US agents; law enforcement agents; US nationalism; newspaper photographs; imagery; group status, 15887

violence prevention policy; injury prevention; public health research; injury surveillance utility; personal relationships; institutional capacity; racial discrimination; civil society pressure, 5622

violence prevention; African American adolescent males; psychosocial mediators, 32596

violence prevention; Multisite Violence Prevention Project for Violence Prevention; public health; risk factors, 17306

violence prevention; school environment; academic performance, 17659

violence prevention; urban children; leader behaviors; child responses; skill building; peers; behavior management; behavioral reinforcement; group dynamics; school-based project, 33209

violence related behaviors; middle school students; violence prevention; mediation effectiveness; verbal violence; victimization; gender differences; D.A.R.E. Plus Project outcomes, 33208

violence risk assessment; mental disorder; risk factors; risk assessment models; actuarial models, 31684

violence risk assessment; psychiatric patients; predictive validity, 33559

violence risk; risk assessment; risk communication; risk factors; psychologists role, 32945

violence; adulthood transition; victimization; education; socioeconomic attainment; adolescent development, 25035

violence; aggression; animal research; human research; mental health research, 3280

violence; bereavement; trauma exposure; traumatic grief; posttraumatic stress disorder; interpersonal factors; chronic grief reactions; clinical symptoms; risk factors; traumatic loss, 28497

violence; dating partners; assault rates; injury rates; prevalence; college students; worldwide population; country comparison, 31901

violence; drug trafficking; adolescents; families; ecological influences, 25823

violence; gender; sex differences; men & women; sexism; motives for violence; rape; aggression, 36324

violence; gender; sex differences; men & women; sexism; motives for violence; rape; aggression, 36322

violence; genocide; intergenerational transmission; human nature; terrorism, 34436

violence; health care safety; cultural theories; biological theories; sociological theories; psychological theories; risk management strategies; health care settings; emergency services personnel, 34955

violence; homicide; early risk factors; Colombian adolescents; psychosocial factors; drug use, 25001

violence; homicide; early risk factors; psychosocial factors; drug use; Colombian adolescents, 25074

violence; male patients; schizophrenia; risk markers; South African population; genes, 34977

violence; public health problem; prevention programs; cost effectiveness; global perspective; US role in violence prevention, 22640

violence; risk factors; stalking; obsessional harassment, 10945

violence; schizophrenia; limbic psychotic trigger reaction; prefrontal functions; limbic seizure kindling; hallucinations and delusions; volitional action; memory, 31781

violence; schizophrenia; risk factors; physical assault, 22568

violence; schizophrenia; verdict; murder; expert testimony, 6203

violence; service utilization; health care; HIV; gay male; bisexual male; heterosexual female; heterosexual male HIV patients; heterosexual male AIDS patients, 23495

violence; trichotillomania; TTM, 1563

violence; violent video games; college students; aggressive acts; criminal vignettes; computer games; desensitization, 12324

violence; women; intimate partners; social concern; partner abuse, 31895

violent bars; bar patrons; personality characteristics; aggressive behavior; alcohol dependence; drinking behavior, 13714

violent behavior; behavior management; correctional institution; risk assessments; institutional violence; risk management; risk factors, 16466

violent behavior; Chinese adolescents; economic disadvantage; psychological correlates; family correlates; violent behavior; adolescent violent behavior, 4714

violent behavior; differential disinhibition effect; marijuana use; delinquency; cocaine; amphetamine; sedatives, 10983

violent behavior; girls; motivations; sense of competence; perception; social variables & environmental variables; health behavior framework; risk factors; protective factors, 16474

violent behavior; juvenile offenders; violent offenses; juvenile justice system; multidimensional treatment foster care; group home care, 20567

violent electronic games; hostile attributional style; aggression-related norms; German adolescents; gender differences, 16022

violent incidents; violent crimes; white females; black females; female offenders; cooffense; crime weapon; robberies, 1678

violent offenders; risk factors; violent recidivism; probation, 25934

violent television; classroom-based intervention; violence; behavioral aggression; television literacy program; viewers, 17580

violent video game exposure; aggressive behavior; computer games; violence; cognitions; affect; physiological desensitization; helping behavior; general aggression model; violent TV, 34946

violent video game habits; adolescent hostility; aggressive behaviors; school performance; parental monitoring, 16012

violent video games exposure; automatic aggressiveness, 16037

violent video games; short & long term exposure; moral evaluation; moral development; desensitization; empathy; attitudes toward violence, 982

war; violence; theoretical models; research models, 33631

weapon carrying; physical violence; schools; gender-specific groups; victimization, 34979

witnessing violence; drug use initiation; rural adolescents; parental monitoring; family support; protective factors, 31957

women; female-to-female; injuries; nonpartner violence; independent factors; multiple relationships, 1588

women; violence risk; common-law unions; cohabitation; Canadian women; cohabiting unions, 31851

World Health Organization; WHO; World Report on Violence and Health; violence; mental health workers; domestic violence; violence impact; psychological well-being; mental disorders, 13716

young male violence; father presence vs absence; violent crime; out of wedlock birth; illegitimacy; violent behavior; poverty; father child relations; cross-cultural comparison, 11050

youth violence; community engagement; youth policy; youth engagement; interpersonal violence; delinquency, 35065

youth violence; cross cultural differences; acculturation; ethnic identity; risk factors; cognition; bicultural self-efficacy; cultural concepts, 28847

youth violence; school perceptions; social integration; school experience; parental support; social systems; family role; peers role, 4693

zero tolerance policy; schools; theory; schools; rational choice theory; violence prevention; deterrence, 23754

Violence [See Also Family Violence, Patient Violence, School Violence, Violent Crime]—Books

The psychology of good and evil: Why children, adults, and groups help and harm others, 1286

The psychology of peace: An introduction, 1053

Siblings: Sex and violence, 10376

Violence [See Also Family Violence, Patient Violence, School Violence, Violent Crime]—Chapters

Community violence and children: Preventing exposure and reducing harm, 10274

Four dimensions of healthy work: Stress, work-family relations, violence prevention, and relationship at work, 20963

Introduction: September 11, welfare reform, educational opportunity, and the lives of children, 23935

Matthew Shepard's death: A professional awakening, 4302

Positive adaptation among youth exposed to community violence, 4154

Primary prevention: Involving schools and communities in youth health promotion, 18238

'Real' boys, 'real' girls, 'real' parents: Preventing violence through family connection, 20448

The role of students in resolving conflict, 5938

Seeking alternatives to violence: A school-based violence prevention project, 5963

Using psychology for injury and violence prevention in the community, 20450

Violence and victimization of lesbians and gay men: Mental health consequences, 4285

Violence risk assessment in American law, 18031

Violent behavior in children and youth: Preventive intervention from a psychiatric perspective, 1689

When Believing Is Seeing: Sustaining Norms of Violence in Cultures of Honor, 1055

Violent Crime [See Also Family Violence, Homicide, Physical Abuse, Rape, Terrorism]—Serials

alcohol use; cocaine use; crime; property crime; violent crime; trends, 31883

antisocial personality disorder; social dysfunction; violence; violent offenses, 11054

child maltreatment; criminal behavior; offender; childhood abuse; criminality; violent crime, 19718

childhood onset disorders; conduct disorder; attention deficit hyperactivity disorder; autistic disorders; adult psychopathic personality; violent crime; recidivism; forensic subjects, 11057

family members; victims; violent crimes; schizophrenia; male offenders; background factors; forensic psychiatric evaluation, 12411

female stalkers; stalking victims; mental disorder; personality disorder; female criminality; borderline personality; forensic characteristics, 4757

juvenile delinquency; criminal offenses; schizophrenic patients; aggressive behavior; epidemiology, 34777

physical abuse; sexual abuse; salivary cortisol; traumatic brain injuries; neurologic correlates; neuroendocrine abnormalities; nonviolent crimes; violent criminal behavior; female prison inmates, 10645

psychotic symptoms; criminal recidivism; adolescent detainees; violent offense, 22712

rehabilitation; violent adult offenders; cognitive-behavioral interventions, 26779

sexual assault victims; violence; sexism; rape myths; hostility; aggressive behavior, 28840

substance use; young offenders; violent crime; alcohol use, 1680

violence; violent video games; college students; aggressive acts; criminal vignettes; computer games; desensitization, 12324

violent behavior; juvenile offenders; violent offenses; juvenile justice system; multidimensional treatment foster care; group home care, 20567

- violent criminals; offenders; dangerousness; lethal predators; sexual predation; sanity; civil commitment; laws; killing, 4758
- violent offenders; community-based residential treatment programme; treatment success; survival analysis; Maori offenders, 14507
- violent victimization; family attachment; delinquent peers; routine activities; lifestyles frameworks; guardianship; crime; victimization, 35013
- women; substance use; rape vulnerability; forcible rape; incapacitated rape; lifetime prevalence; incapacitation; sexual assault experiences, 13755
- young male violence; father presence vs absence; violent crime; out of wedlock birth; illegitimacy; violent behavior; poverty; father child relations; cross-cultural comparison, 11050
- Viral Disorders [See Also Creutzfeldt Jakob Syndrome, Encephalitis, Herpes Genitalis, Herpes Simplex, Human Immunodeficiency Virus, Influenza, Poliomyelitis]—Serials**
- behavioral intervention; varicella-zoster virus; psycho-neuroimmunology; health functioning; shingles, 2337
- Borna Disease Virus; schizophrenia; mood disorders; anti-p10-BDV; antibodies, 1354
- central nervous system; abnormal behavior; herpes simplex encephalitis; behavioral consequences; encephalitis le-thargica; Acquired Immuno Deficiency Syndrome dementia complex; viral infections, 13897
- cervical cancer; human papillomavirus; biobehavioral factors; psychosocial research; psychosocial issues; primary prevention; public awareness; human papillomavirus infection, 11174
- neonatal Borna disease virus; neurobehavioral consequences; postnatal weight gain inhibition; rats, 6875
- trigeminal ganglion; neuralgia; ophthalmic zoster sine her-pete; sensory disturbance; ipsilateral upper trunk; vari-cella zoster virus; regional encephalitis, 13884
- Virginity—Serials**
- sexual abstinence; high school students; virgins; sexually experienced; pregnancy; sexually transmitted infections; gender differences, 28116
- Virtual Reality—Serials**
- 3D rod-and-frame test; virtual environment; reliability; concurrent validity; scoring methods; older adults; neu-ropsychological measures, 6347
- alignment effects; computer-simulated environment; virtual environments; cognitive load; orientation estimates, 33375
- avatar; virtual environments; virtual human; psychological assessment; clinical psychology; virtual objects; virtual reality; VR-aided psychotherapy, 24106

Vision Disorders [See Also Blind, Eye Disorders]—Serials

acquired hearing loss; sensory systems impairment; vision impairment; sensory loss; aging; hearing aid; manual dexterity, 8337

aging; vision loss; primary control; secondary control; macular degeneration; functional ability; adaptation; positive affect; visually impaired older adults, 16870

athletes mental imagery; visual impairments; performers imagery experiences, 14026

cerebral response; visual stimulation; visual loss; neural mechanisms; visual cortex; functioning magnetic resonance imaging, 26188

Charles Bonnet syndrome; ophthalmology; optometry; visual hallucinations; visual acuity; prevalence, 16868

Charles Bonnet syndrome; visual hallucinations; childhood experience; treatment; risperidone; ophthalmologic disorders; elderly patients, 1896

childhood visual impairment; childhood trauma; adult functioning, 1894

chronic stroke patients; visual field defect; cortical level; visual evoked potential; rehabilitation; computer assisted training; perimetry, 11886

cigarette smoking; risk factor; cataract; age-related macular degeneration; ocular disease, 14025

communication technology; human computer interaction; information; special need people, 14023

delayed visual maturation; infants; auditory neuropathy; auditory dysynchrony; hearing impairment; abnormal brainstem auditory evoked potentials; otoacoustic emissions; visual fixation, 16864

dental health knowledge; oral hygiene practices; visual impairments; visually impaired students; sighted students, 29195

developmental disorders; vision disorders; perception; early brain injury; developing brain; genetic injury; dyslexia; Williams syndrome; prosopagnosia; human visual system; visual development, 11072

educational reform; visual disabilities; blindness; music education; vocational education, 14695

emotion recognition; hearing-impaired children; vision-impaired children; sensory disability, 23048

essential behavioral leadership qualities; schools; visually impaired students, 2665

false belief understanding; congenital profound visual impairment; theory of mind understanding, 20084

feeding difficulties; visual impairment; independent feeding; self care; visually impaired children; oral hypersensitivity; feeding experiences; feeding process perception; child defensiveness, 16866

haptic glove; tactile vision; navigational information; wearable computer; camera system; visual impairment, 14030

haptic perceptual selectivity; late-blindness; congenital blindness; very-low-vision; blindfolded sighted, 5094

informal assessment; visual impairments; selecting individualized reading material; on-line resources; reading speed; high school students, 36219

institutionalized elderly people; binocular low vision; eye diseases; remediable visual disability; low-vision aids; disease prevalence, 29197

intellectual disabilities; vision defects; visual acuity; eye care access; spectacle correction; optometrists; athletes; vision screening; refractive error; ocular defects, 11318

international; interdisciplinary; blindness; visual impairment, 29200

magnocellular deficits; visual system; non-dyslexic individuals, 10677

meaning; alphanumeric-color synaesthesia; digits; letters; colored ambiguous graphemes; stimulus context; color; photisms, 8345

mother child interaction; visually impaired infants; intersubjective developmental perspective, 1895

multifocal visual-evoked potential; simulated field defects; retinal eccentricities; response densities; mask size, 11309

nearsightedness; integrated vision therapy, 23387

neuropsychologic rehabilitation; visuospatial impairments; visual perception; vision-related cortical regions; quality of life; nonvision functions rehabilitation; neurologic event, 11224

oculomotor disorders; downbeat nystagmus; upbeat nystagmus; seesaw nystagmus; periodic alternating nystagmus; acquired pendular nystagmus; saccadic oscillations, 29230

optic nerve hypoplasia; preschool children; septo-optic nerve dysplasia; special education; team experiences; multidisciplinary approach, 12190

optic nerve pallor; optic atrophy; visual function; visual acuity; visual field; color vision; optic neuropathy, 23047

parental support; peer support; adolescent well-being; visual impairment; blind, 35343

pitch discrimination; early blind; infant blindness; listening skills; cerebral plasticity; auditory spatial localization, 32204

pituitary apoplexy; visual loss; major surgery; iatrogenic postoperative complications, 34749

preferred retinal locus; macular disease; scotomas; visual fixation; vision loss; quantitative assessment technique, 32203

religiousness; spirituality; vision impairment; adaptation; positive adjustment; social support; extrinsic religiousness; intrinsic religiousness, 32202

self-concept; congenital visual impairment; achievement motivation; self-determination; disabled people; normal people, 29198

social skills; visually impaired adolescents; assertiveness training, 8341

support provision; functional disability; chronic impairment; disabled older adults, 18989

synaesthetic color experiences; photisms; attention; visual search; digits; background color; alphanumeric-color synaesthesia, 8351

teachers perceptions; Mountbatten Brailier; visually impaired children; literacy instruction project, 14691

test reliability; test norms; Benton Visual Form Discrimination Test; visual discrimination; visuospatial disorders, 15064

travelling skills; blind; visually impairment; children, 14029

unbiased assessments; visually impaired students; Minnesota; student achievement; review committee; assessment evaluation; item analysis; format review; test administration instructions, 9480

Veterans Affairs Low Vision Visual Functioning Questionnaire; questionnaire performance; visual difficulties; vision rehabilitation services; outcomes, 27285

visual awareness; discrimination accuracy; spatial attention; visual attention; spatial cueing; blindsight, 20088

visual dysfunction; neurodegenerative diseases; aging; aging process impact; aging-related eye diseases; aging-related visual problems; visual manifestations; Parkinson disease; Alzheimer disease, 11312

visual evoked potential; magnetic resonance imaging; optic nerve; optic neuritis, 32201

visual hallucination; Charles Bonnet Syndrome; psychogeriatric patients; diagnosis; partial visual impairment; mental illness, 34767

visual images; distance estimation; spatial tasks; mental displacement task; visual map memorization; haptic exploration; mental estimation, 8333

visual input; orthographic knowledge; word reading; reading experience; low vision, 8338

visually impaired adults; copy typing; personal computer use; compensatory strategies; visual impairment; posture; working habits; technology; line of vision, 5091

visually impaired students; multiple disabilities; individuality; integration; adaptability; functionality; IIAF model; vision use; program development, 12201

Visions (Mysticism) [See Mysticism]

Visitation (Institution) [See Institution Visitation]

Visitation Rights [See Child Visitation]

Visual Acuity—Serials

amblyopia; noise; spatial vision; neural losses; amblyopes, 23052

Charles Bonnet syndrome; ophthalmology; optometry; visual hallucinations; visual acuity; prevalence, 16868

ethanol; visual vestibular interactions; dynamic visual acuity; vertical linear acceleration; visual oculomotor pathway; vestibular pathway, 10040

filtered Fourier difference spectrum; psychophysical letter discrimination; peripheral retina; dissimilarity; prediction; peripheral vision; Snellen letter pairs; visual acuity, 18273

intellectual disabilities; vision defects; visual acuity; eye care access; spectacle correction; optometrists; athletes; vision screening; refractive error; ocular defects, 11318

light conditions; grating stimuli; underwater visual acuity; viewing distance; manatees; visual resolution, 3472

motor impairment; visual acuity; spastic cerebral palsy; vision impairment; child patients, 16748

positive suggestion; hypnosis; visual acuity; attention; myopia, 21409

recognition skills; visual performance; visual scanning; visual skills; airport-security screening, 24390

sea turtles; visual acuity; visual cues; aquatic environment; visual environment, 3471

semantic judgement; rhyme judgement; profoundly deaf youngsters; phonology; grammar; visual judgement, 5090

underwater vision; sea gypsies; humans; visual acuity; Moken, 15203

vernier acuity; masking; perceptual learning; neural fine tuning; sensory changes, 6496

vernier acuity; narrowband stimuli; broadband stimuli; contrast; exposure duration; spatial vision; vernier thresholds, 18274

visual acuity; neuropsychological testing; visual acuity screening; visual ability, 15084

visual function; aphasia; neurogenic language disorders; visual information processing; visual acuity; colour perception; visual fields; visual attention; oculomotor functions, 29123

visual functions; schizophrenia; magnocellular; parvocellular; vernier acuity tasks; contrast conditions; retinal receptive fields; cortical integration; vernier threshold; spatial alignment, 28719

water maze; visual acuity; scopolamine; muscarinic receptor blockade; receptor sensitivity; rats; mice, 31003

Visual Attention—Serials

aging; visual attention; saccadic eye movements; age-related differences; target discrimination; saccades; elderly; young adults, 27458

cognitive performance; cheerful mood; Kava-kava; emotional reactivity; visual attention; short-term memory; recognition, 27946

cue validity; object-based attention; visual selective attention; brain, 30748

dyslexia; spatial frequency; phonological problems; visual attention; visual search, 35105

Ebbinghaus illusions; visual search; object size; preattentive vision, 30593

global-local visual processing; posttraumatic stress disorder; hemispheric asymmetry; visual hierarchical attention, 34930

inattention blindness; response-end effect; stimuli awareness; visual field; unattended stimuli, 30613

involuntary eye movements; covert visual attention; voluntary eye movement; saccade programming, 30620

irrelevant translational event; attentional interference; visual attention; transparent motion; event-related potential, 30750

localized attentional interference; attentional salience; luminance; cues, 30752

looking time; support relations; impossible object relations; adequate support; inadequate support; object properties; support intuitions, 27609

luminance adaptation; visual processes; attentional blink, 24388

motor performance; event-related brain potentials; attention processes; table tennis players; visual attention; reaction time; directional cues; motor readiness, 27130

psychosis proneness; object selection; visual attention; individual differences; visual marking, 25653

right hemisphere involvement; attentional blink; split-brain patient; visual information processing, 26138

visual awareness; visual attention; visual information, 30607

visual search tasks; dementia with Lewy bodies; Alzheimer's disease; Parkinson's disease; visual attention, 35270

visuospatial attention; color; abrupt-onset cues; visuospatial processing; color priming; peripheral cuing, 27574

Visual Attention—Chapters

Arousal modulation of neonatal visual attention: Implications for development, 22051

Effects of modal versus amodal completion upon visual attention: A function for filling-in?, 15616

Visual Contrast [See Also Brightness Contrast, Color Contrast]—Serials

apparent motion; contrast detection; second order apparent motion; second order texture contrast defined motion, 9581

binocular summation; luminance contrast; binocular visual system; visual reaction time; chromatic changes; stereopsis; chromatic contrast, 6505

hedonic expectations; perceptual contrast; test stimuli; assimilation; substance information, 33703

light conditions; grating stimuli; underwater visual acuity; viewing distance; manatees; visual resolution, 3472

light therapy; visual contrast sensitivity; seasonal affective disorder; retina, 23320

luminance-contrast; visual attention; eye movements, 15197

magnocellular pathway; reading; word recognition; color; contrast sensitivity; parvocellular pathway; visual pathway, 6492

motion sharpening; luminance contrast; distortions; gain control; compressive non-linearity, 6502

saccadic suppression; illumination; background manipulation; visual displacement; visual tracking; visual contrast, 3325

stimulus duration; brightness; metacontrast masking; stimulus luminance; U-shaped masking functions, 30595

synaptic inputs; ON & OFF retinal ganglion cells; contrast sensitivity; subthreshold membrane potential, 21514

texture segregation; feature contrasts; visual features; visual stages, 12603

visual discrimination; spatial separation; spatial frequency; visual contrast; spatial orientation; visual field; visual stimuli, 3315

visual search; scanning; head-mounted low vision aid; virtual retinal display; interface modes; visual contrast level, 6135

Visual Cortex—Serials

acetylcholine; cholinergic neurons; dorsomedial striatum; behavioral flexibility; discrimination learning; reversal learning; spatial discrimination; rats, 613

acetylcholine; visual cortex; muscarinic receptor; nicotinic receptor; neuronal plasticity; ocular dominance, 566
area 17 neuron pairs; spike trains; temporal resolution; peak orientation; orientation discrimination; hyperacuity; substantial cooperation, 15674

area V1; perception of moving phosphores; transcranial direct stimulation; young adults; middle aged adults, 3597
attention; neural selectivity; lateral occipital complex; neural mechanisms; object recognition, 15553
attentional modulation; lateral interactions; collinear flanker; contour integration; target visibility; visual cortex; collinear elements; Gabor targets; vision perception; visual stimulus, 15201

blindness; brain plasticity; mental imagery; visual cortex, 26184
brain encoding; second cortical visual area; hue perception; V2; hue representation; cone responses; color encoding, 3613

cats; visual cortex; blood supply; postnatal development; histochemistry; capillary endothelial cells, 27800
cognitive physiology; eye movement; spatial attention; cortical area; eye position; locus of attention; attentional location, 15705

color vision; lateral geniculate nucleus; color analysis; visual cortex; brain area; light absorption; retinal cone photoreceptors; lateral geniculate nucleus; psychophysics; action potentials, 6499
color vision; primary visual cortex; chromatic context; color constancy; visual area; V1; internal cone-input structure; color perception; neurons; receptive fields, 3654

direct current stimulation; V5 visual area; visuomotor coordination; motion perception; visuomotor tracking; primary motor & primary visual cortex; visuomotor performance, 24720
direction repulsion; motion processing; direction difference; directionally tuned motion detectors; superimposed dots; global motion interactions; mixed speed distractor; inhibitory interaction, 15192

directional motion processing; cortical function; global processing; motion based segmentation; motion in complex tasks; optokinetic nystagmus; developmental disorders; dorsal stream vulnerability, 4096
dorsal striatum; stimulus-response learning; neurotoxic lesions; dorsomedial striatum; dorsolateral striatum; discrimination task; rats, 21582

dorsolateral striatum; response learning; learning acquisition; cue deficient condition; cue available; artificial cerebrospinal fluid; lidocaine injections; rats, 18720

feedback projections; multisensory integration; spatial awareness; visual consciousness; primary visual cortex, 34009
functional magnetic resonance imaging; visual cue; motor sequencing; supplementary motor area; pre-motor area, 15178

functional magnetic resonance; causal modeling; object category; occipital cortex; visual cortex; anatomical constraints; neuronal interactions; differential effects; parietal regions, 600
gamma-aminobutyric acid; GABA; visual cortex; plasticity; brain development; neuronal network; mice, 21828

high resolution spatial normalization; horizontal meridian; primary visual area; V1; functional variability; anatomical variability, 3661
horizontal connections; collinear facilitation; population activity; tree shrew; visual cortex; optical imaging; electrophysiology, 21561

human visual cortex; perceptual sensitivity; stimulus presentation; eccentric stimulus; observed effects; occipital gray; central region; single neurons, 12610
inferior temporal cortex; horizontal disparity; stereoscopic vision; depth perception; visual pathway; neurons; visual images; false binocular matches; stereopsis; primates; humans, 15217

lateral geniculate nucleus; chromatic information; primary visual cortex; cortical layers; trichromatic primate retina; visual scene; afferents axons; color circuit; monkeys, 6857
lateral occipital complex; visual cortex; shape perception; contextual processing; context of shapes; neurophysiology, 24645

magnetic resonance imaging; functional deficits; right ventral extrastriate cortex; cortical anomalies; visuospatial processing deficits; preterm adolescents; neurology; low birth weight, 15906
magnocellular deficits; visual system; non-dyslexic individuals, 10677

model; visual motion perception; two pathways between retina & cortical area MT; striate cortex lesions; magnitudes & latencies of neural responses; stimulus speed; MT area; MST area; monkeys, 3600
molecular basis; plasticity; visual cortex; visual cortical neurons; intercellular communication; cortical circuits, 6841

motion perception; local & global computations of motion; lesion; left occipital lobe; visual areas V3 & V5A; middle aged female stroke patient, 4956

near-infrared spectrophotometry; visual cortex; fast cerebral functional signal; brain, 7007

neurons; primary visual cortex; contour integration; texture continuation; geometrical computations, 27713
neuroplasticity; unilateral visual cortex damage; newborn cat; extrastriate cortex; visual cortex; cats, 34064

neuropsychological rehabilitation; visuo-perceptual impairments; visual perception; vision-related cortical regions; quality of life; nonvision functions rehabilitation; neurologic event, 11224

neuroserpin; visual cortex; developmental critical period; neocortex; reverse transcription polymerase; mice, 21715

nicotine; flash-evoked potentials; visual cortex; superior colliculus; rats, 27896

normal visual input; monocular deprivation; binocular input; deprivation-induced acuity loss; central visual pathway; visual cortex; kittens, 12938

optic radiation; visual cortex response; electroencephalogram abnormalities; lateral geniculate nucleus; visual-evoked potentials; oscillating signal; photosensitive epilepsy; video-game epilepsy, 5020

optical maps; spatial orientation; direction perception; visual cortex; cats, 21701

orientation channels; striate cortex; distributed categorization process; visual cortex neurophysiology; spatial frequency, 24391

orientation difference; neurons deficiency; visual cortex; oblique effect; neural locus; meridional anisotropy; visual processing, 9606

orientation preference; visual sensitivity; disparity sensitivity; horizontal disparity; vertical disparity; retinal disparity; eye alignment; monkeys, 14996

Pogendorff illusion; visuomotor actions; target locations; visual perception, 33726

primary visual cortex; neural network; Gestalt collinearity principle; object motion; visual experience, 9880

primary visual cortex; visual field; neural mechanisms; central vision; visual system; hemianopia; cortical representation; macular sparing, 15213

projection neurons; goal-directed planning; neural substrate; cortico-basal ganglia; sequence motor tasks; synchronous activation, 15525

reading difficulties; poor readers; visual magnocellular system; orthographic abilities; visual attention; eye fixation on words; yellow filters; training eye fixation; reading performance; genetics, 4790

real vs self induced motion; cortical areas; dorsal visual stream; brain lesions; impairment; V3A & V6 cells; attention to moving objects; MT/V5 & MST & 7a cells; motion during pursuit; monkeys; humans, 3637

saccadic suppression; rapid eye movements; vision; saccades; visual sensitivity; phosphores; visual perceptions; transcranial magnetic stimulation; occipital cortex; retina, 15587

self-organizing; neural network; visual cortex; brain; ordered structures; cell density; bifurcation equation; stability, 12833

sensitivity; superior temporal sulcus cells; articulated action; static posture; monkeys, 3656

serotonin; interneurons; rat visual cortex; postsynaptic currents; cortical inhibitory networks, 15680

simple cell receptive field; animal vision; navigation system; visual system; learning; natural & topography & special environment images; independent component analysis; Gabor function, 9216

sparing calcarine cortex; lateral occipital cortex; human hemianopsia; visual motion; perimetrically blind patients; cortical lesions; primary visual cortex; residual vision, 19872

spatiotemporal activation; visual pathways; form discrimination; spatial location; ventral stream; dorsal stream; brain, 3698

spike trains; monkey brain; stochastic structure; primary visual cortex; neurons; spike count; visual cortex; information; coding, 15601

spontaneous cortical representations; cortical activity; information processing; dye imaging; visual cortex; cortical states switching; orientation maps; hypercolumns; proximal orientation, 3321

spontaneous cortical representations; cortical activity; information processing; dye imaging; visual cortex; cortical states switching; orientation maps; hypercolumns; proximal orientation, 3329

subliminal perception; primary visual cortex; V1; transcranial magnetic stimulation; visual consciousness; neural correlates, 12874

task-related coupling; high-frequency signals; low-frequency signals; visual cortical areas; occipital visual areas; epileptic patients; cortical cooperativity; electrical activity; visual task, 12908

task-specific impairments & improvements; motion form conjunction; color form conjunction; expectations; transcranial magnetic stimulation; cortical visual area V5, 3626

vision disambiguation; neural synergy; kinetic vision; kinetic touch; visual perception, 24650

visual areas; parietal cortex; callosal connections; retinotopic maps; somatosensory cortex; visual responses; callosal cortex; intact hemisphere; cortex lesions; inter-hemispheric connections, 616

visual attention; invariant object recognition; neurodynamical cortical model; brain; feedback biasing; visual cortical areas; reciprocal feedback, 27724

visual consciousness; conscious perception; visual dysfunction; neural representation; central nervous system; visual awareness; brain area; visual areas; visual cortices; vision, 9899

visual cortex activity; sensory discriminations; brain imaging studies; language tasks; blind people; functional magnetic resonance imaging; nonverbal tasks, 23046

visual cortex; adaptation; neural plasticity; early postnatal; developmental process, 21270

visual cortex; cortical influences; neuronal activity; inverse agonists; cats; visual afferents; GABA; benzodiazepines, 21849

visual cortex; magnetic resonance imaging; humans; primates, 21705

visual cortex; magnetic resonance imaging; neurophysiology; attention; sensory processing; top-down control, 21662

visual cortex; motion processing; motion detection; neurons, 6531

visual cortex; motion; position coding; retinotopic representations; brain, 6533

visual cortex; visual awareness; human occipital cortex; visual system; retina; cortical areas; sensory encoding, 339

visual cortical areas; tactile perception; tactile stimuli; visuospatial pathway; visual imagery, 21668

visual cortical neurons; cat; electrophysiological classes; regular spiking; fast spiking; intrinsic bursting; chattering, 15557

visual deprivation effects; visual cortex; striate cortex; astrocytic population; astrocytes; vascular network; non-sensory area; retrosplenial granular cortex; striate cortex, 21533

visual extinction; brain-damaged patients; attentional systems; voluntary allocation; cortical substrates; lesion site; human brain; attentional processes, 12848

visual feature binding; population coding; primary visual cortex; neuronal activity; neuronal code; anaesthetized cats; visual information; Gestalt psychology, 6500

visual mental imagery; imagery-related visuospatial activity; memory retrieval strategy; imagery content; frontal cortex; visual cortex, 30851

visual perception; foveal representation; cerebral hemisphere; brain stimulation, 34041

visually guided orienting behavior; unilateral occipital lesions; bilateral lesions; cats, 21658

Visual Cortex—Chapters
Completion through a permanent scotoma: Fast interpolation across the blind spot and the processing of occlusion, 15620

Contextual shape processing in human visual cortex: Beginning to fill-in the blanks, 15632

Filling-in the forms: Surface and boundary interactions in visual cortex, 15622

Functional measurements of human ventral occipital cortex: Retinotopy and colour, 3336

The neural correlates of action understanding in non-human primates, 3743

Neural correlates of perceptual organization in the primate visual system, 15227

The reactivation and reorganization of retinotopic maps in visual cortex of adult mammals after retinal and cortical lesions, 15626

The role of attention in visual processing, 3750

The role of homotopic and heterotopic callosal connections in humans, 15613

Searching for the neural mechanism for color filling-in, 15643

Surface completion: Psychophysical and neurophysiological studies of brightness, 15637

Visual Discrimination—Serials
aging; response time; accuracy; letter discrimination; young adults; older subjects; diffusion model, 946

aging; visual attention; saccadic eye movements; age-related differences; target discrimination; saccades; elderly; young adults, 27458

- apparent motion; contrast detection; second order apparent motion; second order texture contrast defined motion, 9581
- attentional blink; attention capture; target capture effects; target letters; distractor letters; serial visual presentation; rapid presentation; visual system; key target features, 21400
- attentional blink; spatial processing; target detection; visual search; rapid visual presentation; localization bias; target position; switching costs; spatial cues, 21286
- attentional blink; visual perception; visual target; letter discrimination; face discrimination; central bottleneck; configural processing; featural processing, 9574
- background color; spot stimuli detection; visual field location; reaction time, 30611
- Beck effect; context presence; stimulus type color stimuli; color discrimination; background stimuli, 21284
- bimodal exploration; visual perception; haptic discrimination; visual discrimination; unfamiliar displays; shapes; bilateral symmetry, 30589
- cerebral regions; discrimination task; higher order motion; motion processing, 21575
- clinical reasoning; judgement; perceptual discrimination; visual domain; medical education; senses, 23673
- coarticulation; figerspelling; hand movement sequences; sign language interpreters; letters; proximal interphalangeal joints; fingers; wrist; thumb; computer recognition; visual discrimination, 15277
- concrete words; abstract words; dual-coding theory; word recognition; visual word processing; lexical decision task; brain; right hemisphere, 6885
- configural face encoding; spatial frequency information; face recognition; face inversion effect; face encoding; facial discrimination; configural vs featural modifications, 6487
- correlated attributes; human infants; novel category exemplars, 18909
- cross-modal interactions; brightness discrimination; pitch discrimination; loudness perception; perceptual sensitivity; response bias, 323
- differential reward outcome learning; conditional visual discriminations; neural mechanisms; learning strategies, 33851
- direction perception; self motion; postnatal development; perceptual processes; locomotor experience; optic flow patterns; spatial abilities; infant development, 13181
- early visual information processing; schizophrenia; recurrent depression, 25673
- face recognition; peripheral identification; configural processing, 9567
- face recognition; pigeons; static and dynamic images; depth-rotated human faces; visual discrimination; stimulus generalization; novel viewpoints, 27618
- feature conjunction benefits; asynchronous response priming; task relevance; response mapping; asynchronous priming model; decision based processing; attention capacity; visual perception, 33655
- filtered Fourier difference spectrum; psychophysical letter discrimination; peripheral retina; dissimilarity; prediction; peripheral vision; Snellen letter pairs; visual acuity, 18273
- hippocampal damage; visual recognition memory; visual paired comparison performance; selective hippocampal lesions; item recognition, 29164
- hippocampal theta; theta resetting; neural pathways; visual discrimination; surgical implantation; electrical stimulation; electrodes; fornix; perforant path, 9923
- human frontal eye fields; neurons; macaque monkeys; motor processes; visual processes; visual search; visual target discrimination, 30864
- human motion perception; visual experiences; motor processes; gait; stride speed; stride efficiency; species recognition, 33715
- human visual system; dynamic image discrimination; Gaussian quasi-white noise; decision making thresholds, 6509
- humans; lateral occipital complex; shape representation; perceived 3-D object; object shape; visual shape, 6928
- image schema; linguistic representations; visual discrimination task; schematic representations; language comprehension; spatial representation, 383
- impaired visual context processing; schizotypy; thought disorder; schizophrenia, 25686
- infant learning; object boundary information; prior experience; complex visual scene, 7382
- internal noise; suprathreshold patterns; reaction time; visual patterns; human performance; visual system, 6524
- levels of body knowledge; early childhood development; visual habituation; visual discrimination; body representation schema; abstraction; visuospatial ability; emotion; information storage, 34288
- memory constraints; transitive inferences; free-flying honeybees; visual patterns; Apis mellifera; multiple discrimination, 24555
- neocognition; handwritten digit recognition; visual pattern recognition; recognition rate; self-organization; multi-layered model; supervised competitive learning; neural network, 14889
- orientation; discrimination; visual noise; global stimuli; local stimuli; discrimination threshold; orientation signal; spatial frequency, 21278
- perceptual categorization; organizational processes; complex visual patterns; perceptual system; knowledge access; cognitive system; infants; learning, 10203
- perceptual discrimination; symmetry perception; reaction time; bilateral symmetry, 33713
- perceptual grouping; line discrimination task; attention, 18278
- perirhinal cortex; brain lesions; visual discrimination; learning; rhesus macaque monkeys, 12817
- perirhinal cortex; visual discrimination learning; visual secondary reinforcement; rats; visual stimuli, 6879
- photograph discrimination; visual discrimination; pigeons; learning transfer; novel perspectives; conspecific individuals, 9767
- pigeons; item-specific information; category-level information; categorization; human faces; abstraction levels; visual discrimination, 475
- problem solving; visual discrimination; learning acquisition; cognitive process; rhesus monkeys; reaction time; learning-set formation, 30782
- processing time hypothesis; missing-letter effect; familiar words; word identification; letter identification; target letters; visual presentation, 3374
- recognition memory; peripheral cortical damage; visual discriminations; hippocampal lesions; rats; brain lesions; stimulus novelty, 6677
- relational representations; attended image priming; configural distortions; split images; ignored image priming; holistic representations; analytic representation; object recognition; visual attention, 15300
- response time; discrimination accuracy; schizophrenia; cognitive deficit; auditory & visual recognition tasks; task difficulty, 34875
- reverse lateralization; visual discriminative abilities; European starling; Sturnus vulgaris; monocular occlusion, 21703
- reward-related reversal learning; surgical excisions; orbitofrontal cortex; dorsolateral prefrontal cortex; humans; surgical lesions; visual discrimination; monetary reward, 19996
- shape perception; random dots; shape discrimination task; performance rates; neural mechanisms; monkeys; dot density; humans; dotspeed, 15370
- spatial filtering; color difference; visual difference, 6506
- spatial generalization; visual skills; V4 lesions; TEO lesions; monkeys; shape discrimination; color discrimination; visual fields, 6870
- spatiotemporal activation; visual pathways; form discrimination; spatial location; ventral stream; dorsal stream; brain, 3698
- stimulus dimensions; discrimination learning; minipigs; visual discrimination; spatial discrimination; visual reversal; spatial reversal; learning, 27625
- stimulus processing; detection sensitivity; attention; masked detection; cuing; luminance detection, 9599
- teaching methods; simple visual discriminations; severe disability learners, 26986
- test reliability; test norms; Benton Visual Form Discrimination Test; visual discrimination; visuo-perceptual disorders, 15064
- texture segregation; feature contrasts; visual features; visual stages, 12603
- three dimensional shape; shape perception; specular highlights; visual information; human visual system; image shading; illumination, 30615
- time order; space-order; subjective stimulus difference; paired stimuli; successive stimuli; simultaneous stimuli; interstimulus interval; stimulus duration; line length; tone loudness, 6479
- visual asynchronies; sensitivity; consistency; vibro-tactile burst, 30628
- visual change detection; online spatial representation of scene; eye movements; amnesia, 33727
- visual discrimination; compound processing; configural processing; elemental processing; honeybees; individual experience; learning, 3476
- visual discrimination; drug induced behavior; normal behavior; novel image generalization; behavior categorization; Japanese quails; adaptive behavior, 24551
- visual discrimination; feature uncertainty task; brain activation; stimulus orientation discrimination; spatial frequency discrimination, 21613
- visual discrimination; spatial separation; spatial frequency; visual contrast; spatial orientation; visual field; visual stimuli, 3315
- visual pattern recognition; visual generalization; generalization; honeybees, 27633
- visual perception; visual habituation; social causality; animated displays; role reversal; infant ability, 31178
- visual perception; visual memory; stimulus contrast, 27454
- visual processing; specific language impairment; visuospatial attentional orienting; motor response; generalized slowing hypothesis, 19834
- visual richness theory; picture perception; stimulus discrimination; abstract paintings; representational paintings; perturbed stimuli; minor disruption; major disruption; untrained adults, 337
- visual search; singleton feature targets; visual selective attention; reaction times; dimensional cuing; dimensional discrimination; dimensional weighting; expectancy, 312
- visual symmetry; visual encoding; visual perception; visual discrimination, 24383
- visuomotor association learning; visual discrimination; guanfacine; idazoxan; drug enhanced learning rate; drug interactions; monkeys, 10057
- Wulst lesions; hyperstriatum intercalatus; hyperstriatum accessorium; spatial discrimination; visual discrimination; hyperstriatum dorsale; cognitive functions, 3730

Visual variability discrimination, 21302

Visual Evoked Potentials—Serials

adaptation characteristics; motion visual evoked potentials; motion adaptation; transient motion VEPs; steady-state VEPs; neural adaptation, 7052

antagonists; visual evoked potential; rats; pyrilamine; diphenhydramine; chlorpheniramine; cyproheptadine; histidine; physostigmine, 3915

chronic stroke patients; visual field defect; cortical level; visual evoked potential; rehabilitation; computer assisted training; perimetry, 11886

cortical networks; stimulus onset; functional magnetic resonance imaging; visual event-related potentials; spatial attention; attention shifts; visual search, 588

English words; Chinese characters; Chinese bilinguals; semantic processing; brain activity; language; word frequency; visual evoked potentials, 3790

event related potentials; divided visual field; semantic processing; lexically ambiguous words; word meaning; hemispheric differences; cerebral hemispheres; N400 component, 7031

event-related brain potentials; global precedence effect; interference effect; global features; local features; letters; occipitotemporal cortex; neural substrates; spatial frequency, 12597

event-related potentials; MRI; functional MRI; visual evoked potentials; electroencephalography; visual cortex, 624

evoked potentials; attention level; visual tasks; task performance; passively perceived stimuli; irrelevant stimuli; parietal leads; temporal leads, 7033

global information; implicit processing; Balint syndrome; bilateral parieto-occipital damage; multiple visual objects identification deficit; event related potentials, 19999

interhemispheric processing; intrahemispheric processing; visual ERPs; corpus callosum; anterior commissure; agenesis; interhemispheric transfer time; transmission; N100; P300; latency; amplitude, 18633

location; attention; three-dimensional space; visual event related potential; sensory signals; stereoscopic depth, 3782

multifocal visual-evoked potential; simulated field defects; retinal eccentricities; response densities; mask size, 11309

nicotine; flash-evoked potentials; visual cortex; superior colliculus; rats, 27896

noninvasive optical imaging; brain imaging; event-related optical signal; frequency domain optical measures, 7049

optic radiation; visual cortex response; electroencephalogram abnormalities; lateral geniculate nucleus; visual-evoked potentials; oscillating signal; photosensitive epilepsy; video-game epilepsy, 5020

P300 event related brain potential; visual 3-stimulus paradigm; stimulus typicality; task difficulty; task discrimination; P3a scalp topography, 12918

reaction times; event-related potentials; visual P300; symptomatic & asymptomatic college athletes; concussion; attentional capacities; accuracy, 13968

schizophrenia patients; steady-state response; neural synchronization; aberrant brain; evoked response differences; evoked response amplitude; event-related potentials; visual evoked potential, 19432

semantic matching task; event-related brain potentials; face identification; names, 3780

shaded pattern ambiguity perception; light source position; event related potential; stimulus orientation; occipital lobe; temporal lobe; visual system, 6512

spinal muscular atrophy; visual & brainstem & somatosensory evoked potentials; age differences, 8114

superior temporal sulcus activity; perceived gaze shift; visual target acquisition; event-related potentials; visual field, 18600

task-related coupling; high-frequency signals; low-frequency signals; visual cortical areas; occipital visual areas; epileptic patients; cortical cooperativity; electrical activity; visual task, 12908

time course; stimulus evaluation; visual event-related potentials, 22025

visual event-related potentials; stimulus frequency; visual oddball; prefrontal cortex; temporal cortex, 27822

visual evoked potential; magnetic resonance imaging; optic nerve; optic neuritis, 32201

visual evoked potentials; stimulus orientation; stimulus conditions; local textures; texture; collinearity; orientation; segregation, 15672

Visual Feedback—Serials

deterministic processes; stochastic processes; white Gaussian noise; isometric pinch force; age differences; visual feedback; digit; force level; children; adults; motor development, 7380

diabetes; patients; glycosolated hemoglobin levels; visual tool; glycemic control, 23422

feature cues; spatial attention; ventral pathway; prefrontal brain area; oculomotor circuit, 27440

haptic reproduction; movement reproduction; visual feedback; kinesthetic feedback; cues, 3344

health related quality of life; cancer patients; clinical trial communication; attitudes; visual formats; written formats; patient education, 22873

hemiparesis; hemiplegia; myoelectric feedback; upper limb muscles; test-retest reliability; video feedback; tracking error, 35284

movement execution; visual information; kinematics; aimed stylus movements, 30651

retinal signals; saccadic eye movements; visual perception; saccade; visual target; retinal feedback; motor control; eye position; spino-cerebellar patient; on-line saccade modification, 15355

social behavior; youth; mild mental retardation; self management; video feedback; graphic feedback; behavior problems; staff responses; training, 11412

source memory; item memory; visual feedback; enactments; action phrases, 27545

supplementary motor area; functional activation; motor areas; hemisphere medial wall; monkeys; visually guided movements; reaching movements; randomly presented targets, 6968

visual attention; cortical anatomy; neural information processing; neural network model; cortical feedback, 18417

visual attention; invariant object recognition; neurodynamical cortical model; brain; feedback biasing; visual cortical areas; reciprocal feedback, 27724

visual center of pressure feedback; elderly stroke patients; posture; postural control; older adults; young adults, 6551

visual feedback; hand; prehension development; age differences; childhood development; grasping; lifting; grip aperture, 24982

visual feedback; locomotion control; gerbils; open-loop control; closed-loop control, 12591

Visual Feedback—Chapters

Filling-in the forms: Surface and boundary interactions in visual cortex, 15622

Visual Field—Serials

attentional deployment; spatial attention; divided visual field; lateral dominance; cue position; word recognition; naming latency, 6934

background color; spot stimuli detection; visual field location; reaction time, 30611

basic-level categories; classification; right hemisphere; left hemisphere; hemispheric specialization; visual field; object identification, 3664

cognitive physiology; eye movement; spatial attention; cortical area; eye position; locus of attention; attentional location, 15705

covert orientation; peripersonal space; extrapersonal space; responses; visual fields; spatial attention, 21280

distance estimation; simulated environment; visual field dependence; body position; visual information, 33735

divided visual field; hemispheric specialization; temporal discrimination; split brain patient; visually presented stimuli; stimulus duration; stimulus intervals, 8246

early visual information; retinal eccentricities; retinal processing; energy consumption; synaptic activity; receptive fields; visual system; retinal ganglion cells; synaptic energy efficiency, 21711

event related potentials; divided visual field; semantic processing; lexically ambiguous words; word meaning; hemispheric differences; cerebral hemispheres; N400 component, 7031

hemisphere differences; moderately imageable words; high image nouns; low image nouns; right visual field; left hemisphere, 6915

hemispherectomy; contralateral hemianopia; line bisection; visual field; cerebral asymmetry; lateralization; pseudoneglect; neglect, 19988

hemispheric asymmetries; face processing; face perception; memory; self recognition; visual field, 27717

hemispheric asymmetry; visual fields; multiple priming; convergent & divergent semantic priming; lexical ambiguity; lexical decision; semantic judgment, 6884

hemispheric differences; object recognition; lateralized processing; visual stimuli; visual field, 34026

hemispheric performance; object-based attention; visual fields, 21709

hemispheric specialization; spatial frequency processing; natural scenes; precedence effect; visual field; scene presentation, 6967

hemispheric suppression; lexical decision; visual field; inhibitory-interaction hypothesis; hemispheric functional imbalance, 24466

human eye; retinal periphery; foveal region; blur detection; depth-of-focus; retinal periphery; peripheral vision, 33736

human frontal eye fields; neurons; macaque monkeys; motor processes; visual processes; visual search; visual target discrimination, 30864

inattention blindness; response-end effect; stimuli awareness; visual field; unattended stimuli, 30613

inhibition of return; voluntary saccades; attentional momentum; attention; peripheral locations; gaze; visual field; oculomotor activation; cued location; uncued location, 27576

interhemispheric communication; emotional stimuli; happy faces; angry faces; across-field advantage; individual differences; situational factors; evaluation conditions; visual fields, 33652

interhemispheric differences; emotional responses; skin conductance responses; visual fields; emotional stimuli, 34035

interhemispheric transfer; redundancy gain; visual field; reaction time; corpus callosum; colostomy, 8227

lateral visual field; unilateral stimulation; cortical activation; induced emotions, 30905

laterality; visual pattern persistence; bistable motion perception; visual field; stimulus intervals, 6980

left visual field; lexical decision accuracy; nonverbal auditory stimulation; lateral dominance, 9686

lexical access; cerebral hemispheres; foveal information; letter string; visual field; hemisphere-specific effects; SERIOL model, 15224

midline binocular integration; corpus callosum; motion perception; dichoptic stimulation; congenital agenesis; callosotomy, 8299

multifocal visual-evoked potential; simulated field defects; retinal eccentricities; response densities; mask size, 11309

nucleus medianus; dorsal pallidum zone; lateral pallidum zone; bichirs; Polyporus; telencephalon; lateral input; retinotectaltubercular pathway; pallidum; tectal efferents; visual field; evoked responses, 34052

obligatory activation; covert attention; number symbols; visual field; spatial attention shifts; number perception, 15200

optical flow; suprapostural looking task; postural sway; constraints on posture, 9589

path integration; potential intruder; burrow entrance; depth interval; fiddler crab; path integration; invisible; invertebrate perception; vision, 3501

personality traits; cerebral hemispheres; visual field; self description process; linguistic process; affective tone; left hemisphere; right hemisphere; lateralization; verbal stimuli, 31567

phonological processing; divided visual field; visual field presentation; right handers; left handers, 30691

primary visual cortex; visual field; neural mechanisms; central vision; visual system; hemianopia; cortical representation; macular sparing, 15213

prism adaptation; prism aftereffects; motor reafferences; memory consolidation; memory endurance; memory decay; visuomotor learning, 24386

processing strategies; visual field location; information processing, 6577

reading speed; peripheral visual field; intellectual activity; intellectual function; Kurita's speed reading course; physiological function; subconsciousness, 3358

return inhibition; spatial properties; time course; visual field; meta analysis, 18295

right eye; left eye; object size; visual field; handedness; visual perception, 33722

saccades; dorsal-stream visual processing; ventral-stream visual processing; saccadic eye movements; cognitive processes; interference effect; visual subsystem, 24365

selective attention; repeated event inhibition; hemispheric specialization; identity-based discrimination; visual field, 6860

semantic processing; interhemispheric transfer; lexical decision; visual field; word association; semantic priming; stimulus onset, 9846

spatial distortions; pointing movements; visual landmarks, 18279

spatial generalization; visual skills; V4 lesions; TEO lesions; monkeys; shape discrimination; color discrimination; visual fields, 6870

temporal representations; cortex; split-brain patient; cortical contributions; subcortical contributions; visual field, 19985

time course; simultaneous onset & offset cues; attention orientation; visual field; inhibition, 9568

transcranial magnetic stimulation; visual word recognition; foveal representation; cerebral hemispheres; vertical meridian; right hemisphere; visual fields, 15212

visual analysis; phonological processing; lexicon; right homonymous hemianopsia; adult readers; phonological stage; dyslexia; anomia; grapheme-phoneme conversion, 857

visual areas; parietal cortex; callosal connections; retinotopic maps; somatosensory cortex; visual responses; callosal connection; intact hemisphere; cortex lesions; interhemispheric connections, 616

visual field asymmetries; age differences; word matching; gender differences; younger adults; older adults, 9839

visual field; lexical tasks; cerebral asymmetries; language; structural behavioral correlations; Heschl's gyrus; planum temporale; planum parietale, 18562
 visual field; shift distance; attentional shifting; attentional orienting; visual spatial attention; reaction time; planning, 24678
 visual pattern recognition; *Drosophila*; retinal position; visual field, 34116
 visual spatial processing; childhood stroke; asymmetry; visual-spatial deficits; brain injury; visual field, 19936
 word frequency effect; information processing strategies; right cerebral hemisphere; visual field; hemispheric asymmetries; visual word recognition; lexical decisions, 9687
 word perception; word recognition; upper visual field; lower visual field; saccadic eye movements; eye tracking, 24382
 word recognition; right visual field; case alternation; lexical decision; hemispheres; word length; orthographic neighbors; split fovea, 15198
 working memory; visual field; visual perception; visual attention; symbolic control; attentional control; symbols; color; competition; object recognition, 315

Visual Field—Chapters

The blind leading the blind: Pathological visual completion in hemianopia and spatial neglect, 16858
 Completion phenomena in vision: A computational approach, 15236
 Completion through a permanent scotoma: Fast interpolation across the blind spot and the processing of occlusion, 15620
 Enhancing performances of individual with mental retardation: Manipulations for visual structure, 22753
 Mechanisms of surface completion: Perceptual filling-in of texture, 15641
 The neural selection and control of saccades by the frontal eye field, 3469
 The reactivation and reorganization of retinotopic maps in visual cortex of adult mammals after retinal and cortical lesions, 15626

Visual Fixation [See Eye Fixation]**Visual Hallucinations—Serials**

Charles Bonnet syndrome; ophthalmology; optometry; visual hallucinations; visual acuity; prevalence, 16868
 Charles Bonnet syndrome; visual hallucinations; childhood experience; treatment; risperidone; ophthalmologic disorders; elderly patients, 1896
 clinical characteristics; phantom eye syndrome; prevalence; phenomenology; putative mechanisms; eye removal, 16869
 donepezil; antipsychotic treatment; dementia; visual hallucinations; cognitive function, 11562
 ictal magnetoencephalography; visual hallucinations; status epilepticus; comorbidity; spike complexes; temporal area, 16805
 Lewy body disease; parkinsonism; visual hallucinations; treatment, 32547
 Lewy body disease; parkinsonism; visual hallucinations; treatment, 32557
 multiple sclerosis; visual hallucinations; neuropsychiatric symptoms; patient; behavioral symptoms; cognitive symptoms, 4962
 physical conditions; prophetic visions; religious ideas; dream theory; pathomimesis; psychosis; creativity; dreams; Trinidad; Earth People; Mother Earth, 27585
 quetiapine augmentation; visual hallucinations; dementia with Lewy bodies; cognitive decline; therapeutic effect, 11679
 reality monitoring; hypnosis; suggested experiences; hypnotizability; hallucinate visual shape, 21407
 retinal involvement; dementia with Lewy bodies; visual hallucinations; pale inclusions; outer plexiform layer, 11279
 transient memory impairment; visual hallucinations; tolterodine use; anticholinergic medications; urinary incontinence, 8651
 visual hallucination prevalence; elderly psychiatric outpatients; risk factors; visual hallucinations, 13575
 visual hallucination; auditory hallucination; tobacco usage; psychotic features; risk factors; children; adolescents; adult tobacco use, 31692
 visual hallucination; Charles Bonnet Syndrome; psychogeriatric patients; diagnosis; partial visual impairment; mental illness, 34767
 visual hallucinations; cholinergic therapy; dementia with Lewy bodies; rivastigmine; attention; memory; outcome prediction, 32555
 visual hallucinations; sertraline; drug therapy; memory loss; attention deficits; depressed mood; severe anxiety, 23267
 visual hallucinations; transcranial magnetic stimulation; illusions; occipital stroke; suppression; Charles Bonnet Syndrome, 1863

Visual Impairment [See Vision Disorders]**Visual Masking—Serials**

attentional allocation; visual backward masking; pupillary responses; schizophrenia; pupil dilation; cognitive task, 19448
 backward masking; attentional selection; visual perception; visual search; object substitution, 27470
 backward masking; conscious responses; nonconscious responses; fear perception; facial expressions; central measures; peripheral measures; time course, 27847
 backward masking; U-shaped masking; monotonic-shaped masking; quantitative models; experimental data, 21271
 backward visual masking; masking analysis; masking tests; stimulus onset asynchrony; interstimulus interval; stimulus termination asynchrony, 30598
 color contrast; low luminance; interstimulus intervals; physiological properties; schizophrenia patients; luminance contrast; visual processing; visual pathways, 7896
 edge detection; brightness perception; contrast thresholds; masking; illusory scotoping; spatial frequency, 30618
 lorazepam; visual information processing; visuo-perceptual impairments; diazepam; placebo; masking, 27889
 luminance adaptation; visual processes; attentional blink, 24388
 masking functions; stimulus onset asynchrony; temporal masking; crowding; visual masking, 33712
 neural correlates; dual task interference; masking interference; attentional blink; functional magnetic resonance imaging; fMRI; rapid visual stream; regional cerebral blood flow, 6941
 Pavlovian conditioning, backward masking; visual masking; subliminal perception; consciousness; unconscious learning; detection threshold; identification threshold; skin conductance response, 21387
 peripheral target detection; adaptation; visual disappearance phenomena; visual stimuli, 27464
 pupillary responses; attentional allocation; cognitive ability; visual backward masking task; cognitive processing; processing efficiency; resource allocation, 18418
 semantic activation; perceptual awareness; semantic priming; stimulus onset asynchronies, 6588
 stimulus duration; brightness; metacontrast masking; stimulus luminance; U-shaped masking functions, 30595
 stimulus processing; detection sensitivity; attention; masked detection; cuing; luminance detection, 9599
 unconscious priming; color priming; form priming; cortical information processing hierarchy, 33707
 vernier acuity; masking; perceptual learning; neural fine tuning; sensory changes, 6496
 visual backward masking performance; offspring; parents with bipolar disorder; euthymic patients; family history; cognitive dysfunction, 34836
 visual masking; aging; sensory factors; focal attention; target clarity; stimulus contrast; visual representations; stimulus quality, 15932

Visual Masking—Books

Masked priming: The state of the art, 15267

Visual Masking—Chapters

An abstractionist account of masked and long-term priming, 15268
 Bilingual visual word recognition: Evidence from masked phonological priming, 15307
 Factors underlying masked priming effects in competitive network models of visual word recognition, 15269
 Reading morphologically complex words: Some thoughts from masked priming, 15321
 Transposed-letter confusability effects in masked form priming, 15274
 Word recognition development in children: Insights from masked priming, 15989

Visual Memory [See Also Visuospatial Memory]—Serials

category-specific modulation; inferior temporal activity; working memory; encoding; memory maintenance; visual memory, 24395
 cholinergic modulation; visual attention; working memory; scopolamine; visual stimulus memory; medial prefrontal cortex; 192-IgG-saporin lesions; intraprefrontal infusions; basal forebrain, 15492
 cognitive decline; aging; educational level; visual working memory; elderly adults; visual discrimination, 7466
 competition; visual working memory; selective attention, 30575
 design issues; visual memory prosthesis system; audio-visual content recorder; episodic memory; personal events memory support; body-worn camera; DAT-recorder; browser; images, 6133
 dot arrays interval; visual short-term memory; time window; array integration; temporal window; visual image integration; visual search; probe task; memory, 24501
 electrophysiology; visual memory; encoding; attentional blink effect; stimulus onset asynchronies, 7042
 familiarization time effect; retention interval; context change; adult performance; visual paired-comparison task, 18399

hippocampal damage; visual recognition memory; visual paired comparison performance; selective hippocampal lesions; item recognition, 29164
 implicit change detection; visual perception; visual memory; visual stimulation; implicit memory, 369
 individual differences; visual attention; infant attentional style, 15940
 mental relaxation; long-term memory; incidental visual memory; memory retention, 24508
 midbrain structure activation; associative novelty; explicit memory formation; visual memory; ventral tegmental area; medial substantia nigra; hippocampus, 34067
 novel picture pairs; perirhinal cortex; encoding; retrieval; medial temporal lobe; brain; visual associative memory; long-term memory; fMRI; paired associates, 9875
 organizational function; visual memory; schizophrenia; bipolar psychosis; Rey-Osterrieth Complex Figure; duration of illness, 4572
 Rey-Osterrieth Complex Figure Test; visual memory impairment; recognition trial; suspect effort; verbal memory impairment, 6345
 rhesus monkeys; visual memory; spatial memory; performance; visuospatial memory, 6689
 schizophreniform disorder; visual learning; visual memory; cognitive impairment; executive functions; psychomotor speed; category learning functions; decision making; uncertainty, 19461
 serotonin 5-HT1A receptors; hippocampus; receptor binding; memory function; visual memory; explicit memory, 33992
 short-term memory capacity; infants, 18898
 spatial short-term memory; object location; spatial relocation; spatio-temporal working memory, 439
 temporal lobe epilepsy; object processing; hippocampal function; visual memory; visual processing, 5076
 verbal short-term memory; phonological processing; sublexical processing; artificial grammar; incidental learning, 30724
 visual event; witnessed event; eyewitness suggestibility; narrative description; conceptual similarity; extra-event narrative, 9718
 visual memory; Alzheimer disease; prediction; aging, 8262
 visual memory; interrogative suggestibility; attention; gender differences; cognitive control; early adolescence, 22028
 visual memory; object memory; scene representation; natural scenes; long-term memory component; visual short-term memory; recency advantage; memory systems; target object; visual form, 21375
 visual memory; spatial memory; short term memory; visuospatial short-term memory fractionation; interference; mnemonic resource allocation; task complexity; long term memory, 30722
 visual memory; verbal memory; working memory; retention, 27554
 visual perception; visual memory; stimulus contrast, 27454
 visual recognition memory; infant recognition memory; medial temporal lobe; developmental change; cognitive abilities; attention; declarative memory, 13205
 visual recognition; visual recall; right temporal-lobe excision; temporal lobectomy, 11665
 visual search; memory; attention; models, 21291
 visual short-term memory; integrated representation; retrieval context, 33859
 visual short-term memory; spatial configuration; orientation memory, 18375
 visual short-term memory; visual search; visual marking; memory decay, 9714
 visual working memory; computational neurodynamical perspective; neurons; prefrontal cortex; integrate-and-fire network; models; single-neuron & fMRI data; short term memory, 24668
 visual working memory; image statistics; luminance alteration; symmetry; isodipole, 27572
 working memory; visual memory storage; prefrontal cortex; fusiform gyrus; short-term memory; event-related fMRI, 3798
 writing errors; visual memory; attention; phonological operations; semantic operations; motor performance, 6466

Visual Memory [See Also Visuospatial Memory]—Chapters
 Perceptual completion and memory, 15231
Visual Neglect [See Sensory Neglect]
Visual Perception [See Also Binocular Vision, Brightness Perception, Color Perception, Eye Fixation, Face Perception, Foveal Vision, Interocular Transfer, Monocular Vision, Peripheral Vision, Stereoscopic Vision, Texture Perception, Visual Acuity, Visual Contrast, Visual Discrimination, Visual Thresholds, Visuospatial Ability]—Serials
 visual cues; rehabilitation counseling; computer-mediated tests; vocational test interpretation; video conferencing; session depth; online counseling, 35850
 abnormal variability; scattered distribution; functional brain organization; visuomotor learning; autism, 28912

- accelerated age-related decline; visual information processing; first-degree relatives; schizophrenia, 19424
adults with Down's syndrome; visual information; visual performance; auditory information; visual interference, 13817
affect; evaluation; categorization; priming; encoding visual objects; lexical decision; semantics, 6594
age differences; localized attentional interference; spatial separation; visual field; older observers; younger observers; age distance interaction; attention, 15969
alcohol dose; intoxication effects; event-related functional MRI activation; visual perception; dose-dependent amplitude, 21815
ambivalent optokinetic stimuli; ambiguity; eye movements; visual perception; stimulus velocity; stimulus frequency, 12612
antipsychotic medication; paroxysmal perceptual alteration; oculogyric crisis; schizophrenia; mood disorders; neurotic disorders, 2231
artificial grammar classification; visual feature learning; exemplar specific knowledge, 18373
attention spread; mental curve tracing; visual system; contour segment grouping; visual attention; color perception; response time, 6503
attention; parallel allocation; saccade sequences; performance; saccade goals; attentional allocation; visual perception, 443
attention; perceptual grouping; visual statistical learning; visual shapes, 24379
attention; personality; covert visual orienting; anxiety; impulsivity; peripheral cues; central cues; individual differences, 22360
attention; sensory processing; perception; response biases; changes in decision criteria; sensory facilitation; visual prior entry, 6522
attention; visual neglect; contralesional visual stimuli; spatial deficits; spatiotemporal dynamics, 29128
attentional blink; visual perception; visual target; letter discrimination; face discrimination; central bottleneck; configural processing; featural processing, 9574
attentional capture; oculomotor capture; visual search; covert visual orienting; overt visual orienting, 318
attentional capture; stimulus onset asynchronies; singleton detection; feature search; distraction; visual search strategies; color perception; shape perception, 311
attentional dynamics; visual perception; spatial disorientation; Alzheimer disease; perceptual capacities; neuropsychological capacities, 22959
attentional effects; primate prefrontal cortex; focused attention; neurons; monkeys; visual responses, 34012
attentional modulation; lateral interactions; collinear flanker; contour integration; target visibility; visual cortex; collinear elements; Gabor targets; vision perception; visual stimulus, 15201
audiovisual integration; temporal perception; auditory flutter; visual flicker; stimulus change; stimulus frequency, 327
audiovisual speech perception; brain activity; speech information; audiovisual integration; phoneme categorization task; McGurk effect, 6914
auditory background stimulation; visual brain activity; event-related potentials, 15183
auditory motion signals; visual motion signals; object speed; object direction; signal integration; motion detection; audiovisual integration; threshold, 6486
auditory motion; multisensory integration; apparent motion streams; congruency effects; continuous motion; motion perception; visual motion; direction of motion; visual modulation; continuous motion, 15190
auditory perception; visual perception; speech perception; aphasia, 32200
auditory-visual motion signals; virtual movement; moving target; visual performance, 33659
auditory-visual synesthesia; pitch; visual perception; neural connections; language development, 33692
backward masking; attentional selection; visual perception; visual search; object substitution, 27470
Balint syndrome; intracerebral hemorrhage; infective endocarditis; spatial disorder; reading problems; writing problems, 11093
Bayesian models; human visual system; pattern recognition; object perception; computer vision; natural image modelling; retinal image; visual cortex, 15209
behavioral responses; shape discrimination; chemical cues; visual orientation; potential shelter; responsiveness changes, 21453
bimanual rhythmic movement; phase perception; perceptual judgment; single oscillators; coupled oscillators; visual judgments, 33650
binocular cues; prehension; binocular disparity; angle of convergence; binocular view; bi-ocular view; monocular view; performance, 18276
binocular summation; luminance contrast; binocular visual system; visual reaction time; chromatic changes; stereopsis; chromatic contrast, 6505
blindsight; blindness, 26181
body orientation; somatosensory system; perception; subjective visual vertical; somesthetic cues; body tilt; A-effect; Aubert, 6485
body position; imagery tasks; visual mental imagery; repetitive transcranial magnetic stimulation; non-upright position; supine position; lateral position; body tilt; gravitational frame of reference, 3326
bottom up explanations; top down explanations; reversible figures; cognitive processes, 33720
brain activity; directional cue; eye gaze; visual perception; inattention; emotion; neural activity, 3777
brain electrophysiological activity; object categorization; visual processing, 34089
capuchin monkeys; squirrel monkeys; Saimiri sciureus; Cebus apella; gaze direction; eye orientation; looking; touching; gaze cues, 30766
category learning; shape representations; dimensional perception; shape dimensions; visual perception; cognitive processing; categorization; visual processing; visual differentiation, 3295
cerebellar patients; cerebellar lesions; cerebellum; learning sensory sequences; acquisition; discrimination; visual stimuli; acoustic stimuli, 26136
change blindness; figure-ground segregation; changing images, 27462
change blindness; mapping visual attention; spatial resolution; temporal resolution, 21294
change probability knowledge; change detection performance; visual system; visual stimuli, 30591
children's perceptions; gap choices; gap avoidances; developmental changes; virtual environment; approaching vehicle; crossing behavior; object movement; temporal gaps, 31171
chromatic strength; color difference; constant hue; color gray; color attributes, 6517
closed coloured shapes; honeybees; wavelength receptor; floral scape; pollinators; visual cue, 6670
cognitive processes; task switching; visual perception; electrophysiology, 12687
color vision; lateral geniculate nucleus; color analysis; visual cortex; brain area; light absorption; retinal cone photoreceptors; lateral geniculate nucleus; psychophysics; action potentials, 6499
color; human vision; chromatic variations; luminance variations; inhomogeneous illumination; color vision, 15210
color; location; top-down processes; visual selection, 18281
colored grounds; Mexican hat function; microspreading; chromatic pit lines; small figures; luminance distribution; tipit, 6515
compound letters; global processing; local processing; element heterogeneity; visual perception, 9590
computational model; neural representation; multiple disparities; visual system; motion direction; same region; image; multiple surfaces; glass; stereopsis; transparency, 6164
computer networks; design decisions; visual analysis; design parameters; average message length; average message delay; visualization; network operating costs; cost delay tradeoffs, 17970
concepts development; dichotomy; infant motor development; visual control; infant cognition, 7400
conjugate adaptation; saccadic gain adaptation; non-human primates; strabismus; monocular viewing; monkeys, 34103
contrast polarity; Cafe Wall type illusions; angularity illusion; tilt cues, 30606
corpus callosum resection; line bisection performance; callosotomy; side effects; spatial attention; response bias; epilepsy, 2294
cortical gamma oscillations; frequency components; cortical evoked potentials; visual perception; Kanizsa squares; thresholds; encoding, 7032
cortical modulation; whole body movements; brain damage; hemispatial neglect; right brain; left brain; lesions; visual information; somatosensory information; vestibular information; integration, 5049
counterpredictive cues; eyes; arrow orienting; cued target locations; gaze; predicted locations; gaze triggered attention; attentional effects; cued location; target gazing, 15202
cross modal interaction; temporal order judgment; visual perception; auditory perception; spatial proximity; stimulus onset asynchronies; temporal ventriloquism, 320
cross-modal integration; auditory events; visual events, 18259
decelerative phase; reaching movement; tau-dot strategy; different viewing conditions, 27441
dichoptic stimulus alternation; ayahuasca; binocular rivalry; hallucinogenic beverages, 27882
dichoptic suppression; intraocular color activation; interocular color activation; colour vision; retina, 6529
direction-specific bimodal facilitation; audiovisual motion detection; audiovisual perceptual interactions; motion perception, 21261
display inversion; point-light stimuli; motion perception; veridical perception; prior information; spontaneous recognition, 12605
dorsal visual stream; object size; object shape; visual attributes; stream activation; retrieval, 18293
driving speeds; speed reduction; lane width; road centre markings; speed-steering; speed perception; driving simulation, 36491
dual-task interference; cross-task compatibility; visual encoding; reaction time; central processing; auditory choice, 24358
early visual information processing; schizophrenia; recurrent depression, 25673
electroretinography; winter seasonal affective disorder; retinal sensitivity; rod photoreceptor system; major depression, 31738
elemental information; configural perception; discrimination task; pigeons; people present stimuli, 463
emotion-attention network interactions; anterior cingulate gyrus; functional MRI; neural activity; emotional content, 24671
emotional Stroop effect; cognitive slowing; reading; lexical decision; color naming; stimulus salience, 30573
empirical confusion matrices; tactual recognition; visual recognition, 30574
endogenous attention; visual motion; auditory motion; unimodal effects; crossmodal affects; modalities, 33683
ethanol; visual vestibular interactions; dynamic visual acuity; vertical linear acceleration; visual oculomotor pathway; vestibular pathway, 10040
event-related brain potentials; global precedence effect; interference effect; global features; local features; letters; occipitotemporal cortex; neural substrates; spatial frequency, 12597
examiner positions; heterophoria; cover test; objective alternating cover test; test results, 21266
extrapersonal space; spatial discrimination; visual perception; body shadows; visual scenes; hand; personal space, 15218
eye movements; information processing; reading; oculomotor control; word processing; language processing; psycholinguistics; computer models, 12662
false prototype enhancement; dot pattern categorization; information representation, 30584
familiarity; visual complexity; image agreement; naming difficulty; Boston Naming Test; line drawings, 6904
feedback projections; multisensory integration; spatial awareness; visual consciousness; primary visual cortex, 34009
fictional characters; arts; visual perception; aesthetics; motion pictures; observing; encoding; persona, 3319
flashed stimulus; flash onset; motion onset; perceptual order; moving stimulus; spatial lag; leading edge; trailing edge; visual motion grouping; visual localization; relative position; temporal order, 21298
fluency enhancement; adult stutterers; stuttering reduction; silent mouthing; linguistic equivalence; external speech; visual speech perception; speech signal; speech gestures; speech codes, 19833
free-viewing perceptual asymmetries; vertical stimuli; horizontal stimuli; perceptual biases; luminance judgments; attention, 21285
functional brain mapping; brain regions; functional segregation; dynamic scenes viewing; information processing, 27711
functional neuroimaging; visual stimulus; visual cortex; face perception; letterstrings; textures; body perception, 27453
gamma-band phase clustering; idiopathic photosensitive epilepsy; visual perception; neuronal activity; epileptic photoparoxysmal response; photosensitivity; magnetoencephalography, 22984
geometric illusions; haptic illusions; manual exploratory movements; Muller-Lyer illusion; vertical-horizontal illusion; Delbouef illusion; vision, 21248
geometric modules; non-geometric modules; spatial reorientation; neurobiological processes; neuroanatomy; visual system; birds; information encoding; left hemisphere; right hemisphere; cues, 18619
glass patterns; form perception; visual mechanisms; pattern stimuli; dipole, 30612
global information; implicit processing; Balint syndrome; bilateral parieto-occipital damage; multiple visual objects identification deficit; event related potentials, 19999
global orientation; orientation modulated texture; spatial frequency; local grouping; visual processes, 9594
global spatial structure; amblyopia; visual processing; visual space; global image integration, 29208
global-local visual biases; perception of visual-spatial orientation; left hemisphere function; sex differences; right hemisphere function, 12807
global-local visual processing; posttraumatic stress disorder; hemispheric asymmetry; visual hierarchical attention, 34930

- health-related quality of life; Clinical interpretability; interpretation aids; visual function index; functional status, 27372
- hemispatial neglect; centre perception; neglect patients; difference zone, 26156
- hemispheric asymmetry; emotion; conscious perception; unconscious perception; negative stimuli; neutral stimuli; visual perception, 30874
- hemispheric specialization; spatial frequency processing; natural scenes; precedence effect; visual field; scene presentation, 6967
- hindsight bias; visual perception task; outcome knowledge; metaperception; fluency misattribution theory, 30668
- holographic account; figural goodness; perceptual stimuli; visual system; patterns; spatial frequency; theoretical-empirical difficulties; data fit; structural information theory; mathematical theory, 9603
- holographic account; figural goodness; perceptual stimuli; visual system; patterns; theoretical difficulties; empirical difficulties; data fit; structural information theory; mathematical theory, 9591
- human motion processing; event perception; visual cues; extrastriate motion complex; frontal eye field; motion perception; eye movements, 18299
- ideomotor compatibility; psychological refractory period effect; stimulus-response compatible tasks; stimulus onset; auditory task, 21274
- illusory conjunctions; time domain; features binding; Rapid Serial Visual Presentation; focal attention; time course; attentional blink, 21263
- illusory contours; interpolation; extrapolation; contour completion; visible edges, 12607

 saccadic system; motor plans; visual information; fixation position; scanning letter strings, 27471
 smooth pursuit eye movement; choice reaction times; simple reaction times, 18656
 smooth pursuit eye movements; anticipation; expectations; volition; voluntary inhibition; response latency; stop signal; motor control, 6555

smooth-pursuit eye movements; eye acceleration; eye position; nucleus reticularis tegmenti pontis; direction selectivity; pursuit eye velocity; response amplitude; neuronal responses; macaques, 21700
 sound tracking; visual tracking; humanoid robots; object tracking, 27216
 source localization; EEG; event-related potentials; distractor condition; global field power; anterior cingulum; target processing; parietal lobe; insula; cortical networks sources; temporal lobe, 24679
 spatial distortions; processing latencies; onset repulsion; motion direction; Frohlich illusion; target velocities, 27459
 target saliency; human smooth pursuit initiation; interocular transfer; central pathways; eye movement; attention; human; cue condition, 3317
 vestibulo-ocular reflex; eye-position dependence; torsional velocity; interaural translation; yaw-axis rotation; fovea; horizontal pursuit, 27474
 vestibulo-ocular reflex; hyperactive response; horizontal angular acceleration, 9598
 visual information; movement execution; aiming movement; online control; developmental perspective; age differences; peak velocity, 24964
 visual pathway; frontal cortex; cortical motor centres; visual information; premotor cortex; posterior parietal cortex; dorsal premotor cortex; superior parietal lobule; inferior parietal lobule, 18569
 visuospatial attention; motor preparation; Down Syndrome; DS; visual targets; target localization; attention orientation; reaction time; young adults, 3323
Visual Tracking—Serials
 Stimulus overselectivity and observing behavior in individuals with mental retardation, 27254
Visualization [See Imagery]
Visually Handicapped [See Vision Disorders]
Visuospatial Ability [See Also Visuospatial Memory]—Serials
 abnormal visuospatial performance; neurocognitive deficits; saccade abnormalities; oculomotor behavior; neurofibromatosis 1; impaired visuomotor maturation, 16788
 age; responding hand; visuospatial attention; neurology, 563
 Alzheimer's disease; visuo-spatial impairment; memory impairment; new learning; remote memory, 5072
 anomaly detection; visuospatial skills; mental rotation; right cerebral hemisphere advantage; perceptual abilities; cognitive processes, 30875
 Appareil Spatial Visualization Test; Paper Folding Test; culture; training; spatial task performance; cross-cultural comparisons, 27476
 attention deficit hyperactivity disorder; attentional functioning; attention process; visuospatial attention, 1694
 audio; animation; multimedia instruction; spatial ability; multimedia computer program; high school biology, 29996
 autism; eye gaze; reflexive attentional shift; joint attention; theory of mind abilities; gaze-triggered attentional shift; autistic subjects; gaze directions, 22733
 backward masking; central performance drop; texture segmentation; spatial vision; parafovea, 12606
 cognitive decline; Alzheimer's Disease; AD; visuospatial abilities; gender differences, 16735
 cognitive decline; global cognitive function; visuospatial ability; perceptual speed; death; episodic memory; semantic memory, 16069
 cognitive dysfunction; obstructive sleep apnea; OSA; treatment; patients; sleepiness; partial reversibility; positive airway pressure; CPAP; treatment outcomes, 2291
 cortical lesions; vestibulo-ocular reflex; vestibular function; hemi-neglect; spatial representation deficits; occipitotemporo-parietal junction; vestibulo-ocular behaviour; nystagmus, 5077
 crossed aphasia in dextrals; cognitive functions; language; gestures; visual spatial abilities; adult, 20018
 cue size; time course; attentional focusing; visuospatial attention; dyslexia; children, 8069
 culture; education; non-verbal neuropsychological measurements; clinical neuropsychology; visuospatial tests; cross-cultural differences; visuospatial & visuoconstructive ability tasks, 194
 deaf adults; visual-spatial language; spoken language; sign language; attachment representations, 35339
 dual task coordination; Alzheimer's patients; visuospatial tracking; digit sequence recall; concurrent performance; working memory system; task complexity; task analysis, 29144
 executive deficits; visuospatial deficits; chronic progressive external ophthalmoplegia; Kearns-Sayre syndrome, 22790
 extrapersonal space; spatial discrimination; visual perception; body shadows; visual scenes; hand; personal space, 15218

finger writing movements; neural activation; recognition; Japanese ideographic characters; visual language; motor representation; visuospatial imagery processes; kanji, 3675
 functional brain imaging; activity patterns; individual brains; optimal stimuli; spatiotemporal activity; visual areas; auditory areas, 21276
 functional MRI; visual-spatial processing; neurofibromatosis, type 1; neuroanatomy; cerebral cortex, 11133
 gender differences; articulatory interference; spatial interference; matrix navigation; landmark based instructions; Euclidean based instructions, 6592
 global spatial structure; amblyopia; visual processing; visual space; global image integration, 29208
 grammatical transformations; 2-letter sentences; 3-letter sentences; 4-letter sentences; simple transformations; complex transformations; brain regions involvement, 6877
 hill slant perception; visuospatial representation; perceptual motor processes; walking uphill; slant overestimation; effort, 33653
 late-stage motion processing; schizophrenia; visual motion processing; velocity discrimination, 28691
 magnetic resonance imaging; functional deficits; right ventral extrastriate cortex; cortical anomalies; visuospatial processing deficits; preterm adolescents; neurology; low birth weight, 15906
 marijuana abuse; neurotransmission; frontal cortex; visuospatial attention; attentional impairment; executive function; THC administration; serial reaction time; rats; divided attention, 18811
 memory; space; time; balance; spatiotemporal organization; kappa effect; tau effect; constant durations; constant distances; variable distances; variable durations; mental image; stabilization, 21391
 musical expertise; visuospatial abilities; mental imagery; cognitive abilities; mental imagery; reaction times; vertical discrimination, 18250
 object motion; motion duration estimates; eye movements; mental imagery; target arrival time; flight time; rating scale; target fixation; reasoning; mental tracking; judgment task; rating scale, 21277
 optometric management; unilateral spatial inattention; visual neglect; stroke; traumatic brain injury; parietal cortex, 32563
 parental guidance; spatial-graphic representations; preschoolers understanding; creative behaviors, 31189
 Ravens Advanced Progressive Matrices; sex differential item functioning; general intelligence; spatial test; visuospatial nature; test bias, 21108
 reality; imagination; spatial updating; imagined environments; automatic spatial updating, 18271
 right frontal lesion; left neglect; constructional allochiria; left; right; transposition; drawing, 29120
 saccade dysmetria; Williams-Beuren syndrome; visuo-spatial processing capacity, 19780
 schizophrenia; working memory; central executive impairment; visuospatial deficits; memory subsystems impairment, 25648
 selective attention impairment; Alzheimer's disease; inhibition; visuospatial selective attention; decision making; visual search tasks; cognitive slowing; task difficulty, 29141
 sex difference; verbal-analytic reasoning; visuospatial ability; age differences; gender differences; Estonian adolescents, 34284
 sex differences; mental rotation; spatial rotation; virtual environment; visuospatial ability, 12655
 simultaneous processing; fluid intelligence; cognitive assessment; deductive reasoning; cognitive functions; spatial visualization abilities, 24941
 spatial attention; selective attention; visual stimuli selection; visuospatial attention; spatial location; attentional control; spatial attention disorders; Alzheimers disease; neural sites, 9728
 spatial attention; visual search; healthy aging; visuospatial attention, 18282
 spatial filtering; color difference; visual difference, 6506
 spatial memory; spatial perspective-taking; visuospatial ability, 30625
 spatial updating; virtual displays; display rotation; visuospatial ability, 30632
 spatio-temporal brain activation; line bisection judgments; double simultaneous visual stimulation; visuo-spatial neglect, 24724
 spatiotemporal context; vision; visual search; spatial context; temporal context, 18300
 spatiotemporal differences; cognitive processes; event-related potentials; luminance; spatial frequency; visual stimuli, 18297
 temporary visuo-spatial storage; short-term visual memory; representational neglect; visuo-spatial transformations; representational unilateral neglect; visuo-spatial working memory, 29107

verbal memory; mental rotation performance; visual-spatial ability; mental rotations test; cognitive processes; dopamine deficiency; orientation ability; cognitive function, 4985

visual motion stimulation; body orientation; perceptual distortions; neck muscle vibration; visual field defects; neglect patients, 27449

visual processing; specific language impairment; visuospatial attentional orienting; motor response; generalized slowing hypothesis, 19834

visual spatial processing; childhood stroke; asymmetry; visual-spatial deficits; brain injury; visual field, 19936

visual stimuli; visual search; spatiotemporal segregation; segmentation; selection; parietal lesions, 30616

visuo-sequential functions; visuo-spatial functions; dyslexia; language comprehension; mathematics skills, 1706

visuo-spatial memory; blindness; mental representation; strategies; visuo-spatial ability; visuo-spatial memory; mental imagery, 27523

visuoconstructive performance; hemispatial inattention; schizophrenia; cognitive/neuropsychological deficits, 25631

visuospatial ability; testosterone administration; females, 24775

visuospatial attention; color; abrupt-onset cues; visuospatial processing; color priming; peripheral cue, 27574

visuospatial attention; motor preparation; Down Syndrome; DS; visual targets; target localization; attention orientation; reaction time; young adults, 3323

visuospatial cognition; brain representation; object-centered space; monkeys; humans; neural maps; neurons; hemispatial neglect; visual abilities, 8287

visuospatial cues; distracting stimuli; target localization; auditory modality; visual modality; linguistic cue words; visual target attention, 18868

visuospatial learning disability; arithmetic; numerical tasks; calculation tasks; knowledge, 1717

visuospatial mental rotation; motion imagery; visual imagery; oculomotor performance; cognitive processes; eye movements; problem solving; creative thinking, 7124

visuospatial neglect; attention; gradients of attention; stroke; visual scanning, 11210

visuospatial neglect; image analysis techniques; figure-copying performance; brain-damaged patients; algorithms; image analysis software, 30528

visuospatial processing; right hemisphere interpreter; hemispheric asymmetry; visual perception, 6865

visuospatial variant; mild cognitive impairment; MCI; memory capacity; visual motor processing; young normal; older normal, 16795

working memory; phonological ability; visuospatial ability; executive functioning; National Curriculum test scores; primary school students, 20838

working memory; phonological processing; developmental reading disabilities; cognitive processes; visuospatial processing, 28932

Visuospatial Ability [See Also Visuospatial Memory]—Chapters

The neural mechanisms of attentional control, 21723

Perceptual and motor interaction in unilateral spatial neglect, 23035

Visuospatial Memory—Serials

attention deficit hyperactivity disorder; methylphenidate; working memory; cognition; visuospatial, 14126

Brief Visuospatial Memory Test-Revised; neuropsychological evaluation; epilepsy surgery; right temporal lobe dysfunction; figural learning, 21164

constraint attenuation hypothesis; process theory; template theory; expert memory; chess players; skill level; chess positions; visuospatial memory, 416

Corsi Block-tapping Test; spatial path; memory; analysis of variance; gender differences, 33463

delayed nonmatching-to-position; memory functions; visuospatial function; noradrenergic transmission; discrimination learning; adrafinil; modafinil; adrenergic agonists; age; dogs, 785

dyslexia; central executive; phonological loop; impairments in working memory; adults, 1716

executive system; visuo-spatial memory functioning; recall; short-term memory, 307

hippocampal lesion; egocentric spatial memory; memory acquisition; domestic chicks; bilateral chemical lesion, 3689

hippocampal sclerosis; allocentric spatial location; egocentric spatial location; epilepsy; visuospatial memory; medial temporal lobe regions, 11259

impaired performance; prenatal cocaine exposure; visuospatial working memory; children, 24847

independence theory; interactive theory; spatial frequency; visual information acquisition; global precedence theory, 9719

intellectual disability; phonology; visuospatial memory; visual complexity; memory span; visual processing, 4795

memory function; prenatal alcohol exposure; visuospatial learning; verbal learning; long-term memory; short-term memory, 34186

memory impairments; memory span; dual task condition; MDMA; ecstasy users; random letter generation; visuospatial processing; working memory; cannabis use, 25914

mental representation of gesture; hand-waving; visuospatial working memory; verbal working memory, 27447

nongeometric object information; visuospatial memory; cognitive development; age differences; spatial organization; categorization; spatial learning, 914

parieto-collicular pathway; anatomical location; saccade generation; lateral intraparietal area; oculomotor areas; visual attention, 22937

prism adaptation; prism aftereffects; motor reafferences; memory consolidation; memory endurance; memory decay; visuomotor learning, 24386

rhesus monkeys; Alzheimer's Disease; visuo-spatial memory; visuo-spatial paired-associate learning task; dementia; within-trial learning; stimulus-location pairings, 15367

rhesus monkeys; visual memory; spatial memory; performance; visuospatial memory, 6689

spatial memory; visuospatial representations; skilled mental images; memory performance; problem solving; blindfold chess, 30868

spatial working memory; eye movement; attention shift, 33862

temporary visuo-spatial storage; short-term visual memory; representational neglect; visuo-spatial transformations; representational unilateral neglect; visuo-spatial working memory, 29107

visual change detection; online spatial representation of scene; eye movements; amnesia, 33727

visual search; visuospatial working memory; spatial information; visual working memory, 27475

visuospatial information; long-term memory; unilateral anterior temporal lobectomy; mesial temporal lobe; facial recognition; visual patterns, 13932

visuospatial memory; working memory deficit; visual ability; spatial ability; spina bifida; children, 8275

visuospatial memory; working memory; mental rotation; intelligence; numeracy; early mathematical skills; preschool children, 18925

visuospatial resources; predictive inferences; bridging inferences; text representation; perceptual memory load, 24431

visuospatial short-term memory; gaze response; infant development, 31167

visuospatial short-term memory; suffix effect; serial recall task; memory, 27558

working memory; human information storage; modality specific effects; peripheral subsystems; central processing; inhibitory control; verbal memory; visuospatial memory, 6612

working memory; visuospatial processing; food cravings; dieting, 26530

Vitamin C [See Ascorbic Acid]

Vitamin Deficiency Disorders [See Also Pellagra, Wernicke's Syndrome]—Serials

frontotemporal dementia; vitamin B deficiency; vitamin B levels; treatment outcomes; newly acquired dementia, 23000

neuropsychiatric illness; Cobalamin G disease; vitamin B metabolism; methionine synthase deficiency; impulsive behavior; aggressive behavior; inherited disorder, 22949

partial biotinidase deficiency; autism; autistic developmental disorder, 1700

thiamine deficiency; age; diencephalic damage; increased recovery period; spatial memory impairment; medial thalamic lesions; rats; animal model of Wernicke-Korsakoff Syndrome, 9876

vitamin A deficiency; radial maze discrimination learning; relational memory; hippocampus; retinoid receptors; neurogranin; retinoids; memory deficit; adult mice; brain retinoid signalling, 3629

vitamin D deficiency; schizophrenia; independent segregation; psychosis; neurodevelopmental effects; environmental risk factors; rickets type IIA, 13640

Vitamin Therapy—Serials

complementary & alternative medicine; utilization rates; definition; HIV-infected outpatients; Canadian patients; costs; prevalence rates; vitamins; minerals; megavitamins; health, 5421

frontotemporal dementia; vitamin B deficiency; vitamin B levels; treatment outcomes; newly acquired dementia, 23000

pellagra encephalopathy; B-Complex vitamin treatment; niacin; hospitalization; myoclonus; alcoholic patients; multiple vitamin therapy; nicotinic acid, 35609

Periconceptional folic acid; primary care providers; neural tube defects; female members; birth defects; Multivitamins, 2340

schizophrenia; nutritional therapy; mental hospital; brain disease; orthomolecular therapy; ecosapentaenoic acid; Kirunal, 2222

vitamin E; tardive dyskinesia; blood superoxide dismutase; Chinese patients, 11579

Vitamins [See Also Ascorbic Acid, Choline, Folic Acid, Nicotinamide, Nicotinic Acid]—Serials

Alzheimer's disease; oxidoreductase activity; antioxidant system; frontal cortex; oxidative stress; neuropathology; NAD(P)H:quinone oxidoreductase, 13996

Alzheimer's disease; antioxidant vitamin supplements; reduced risk, 23021

cognitive support; episodic free recall; apolipoprotein E; vitamin B12; folate; older adults; encoding; retrieval, 18991

cytochrome c oxidase; platelet membrane fluidity; platelet mitochondria; vitamin E; Alzheimer's disease platelets, 13928

depressive symptoms; lipid peroxidation; female population; vitamins; carotenoids; oxidative tissue injuries, 19215

dietary supplement; use; medical conditions; adults; vitamin; mineral supplements; chronic disease; risk factors; medical conditions; health professionals; self medication behavior, 5503

frontotemporal dementia; vitamin B deficiency; vitamin B levels; treatment outcomes; newly acquired dementia, 23000

genotypes; structural equation models; female twins; vitamin D receptor; gene polymorphism; bone mineral density; environmental factors; age; latent genetic factors, 27707

in vitro effect; methanol; folate deficiency; rats; hepatocytes; vitamin E, 7170

peripheral neuropathy; excessive weight loss; hypovitaminosis, 32444

pregnancy vitamin supplementation; pregnancy mineral supplementation; pregnancy planning; pregnancy timing, 1115

prenatal vitamin D deficiency; chronic postnatal vitamin D deficiency; rats; prepulse inhibition; acoustic startle, 27829

schizophrenia; homocysteine metabolism; B-vitamins; risk factors; plasma folate, 1495

tardive dyskinesia; oxidative processes; antipsychotic treatment; neurotoxicity; free radical production; vitamin E; antioxidants; oxidative mechanism; antipsychotic medications, 5309

vitamin A deficiency; radial maze discrimination learning; relational memory; hippocampus; retinoid receptors; neurogranin; retinoids; memory deficit; adult mice; brain retinoid signalling, 3629

vitamin B12; folate; frontotemporal dementia; behavioral and psychological symptoms of dementia; cognitive impairment; behavioral assessment; Alzheimer's disease, 19972

vitamin D supplementation; infancy; schizophrenia; risk factors; dietary supplementation, 22551

Vocabulary [See Also Anagrams, Homographs, Homonyms, Neologisms, Sight Vocabulary, Synonyms]—Serials

aging; psychomotor speed; verbal fluency; writing speed; reading speed; vocabulary, 15978

Australia; Aluridja kinship system type; kinship misinterpretation; terminological vocabulary; social practice; sociological terminology, 22144

cerebral palsy; augmentative and alternative communication; speech ability; vocabulary recognition; static vs dynamic display; children; adolescents, 26142

communication disorders; children's vocabulary; phonological development; phonemic development; early stimulation; early intervention; communication disorders prevention, 16574

cross-linguistic analysis; vocabulary; language development; cross cultural differences, 31130

deaf signers; Japanese; memory spans; word sequences; English; reading; remembering; orthography; logographs, 35340

dictionary learning algorithms; dictionary elements; succinct expression; dictionary entries; algorithms; synthetic data; coding efficiency; sparse representations; FO-CUSS, 3256

drug related terms; alcohol related terms; terminology; term usage; drug addiction; drug abuse; drug misuse; drug abuse; drug dependency; alcohol drug terms; algorithm, 31933

drug related terms; alcohol related terms; terminology; term usage; drug addiction; drug abuse; drug misuse; drug abuse; drug dependency; alcohol drug terms; algorithm, 31955

early reading development; phonemes; rimes; vocabulary knowledge; word recognition skills; reading comprehension; phonological skills; grammatical skills; rhyme skills, 31164

evaluation; vocabulary knowledge measure; reading performance; English as a second language; TOEFL test, 21196
fast mapping; multiple words; vocabulary acquisition; preschool age; word meaning, 10217
gesture; speech; vocabulary explanations; English as a second language; teacher, 30001
historical change; symbolic system; teachers; cognitive language; affective language; teaching; psychological process vocabulary, 12089
idioms; text; multi-word units; figuratives; learning, 27993
image vividness; sociodemographic characteristics; high-school students; effective approach; keyword method; word lists, 18372
keyword mediators & differing amounts of practice; retrieval of Spanish-English vocabulary pairs; students; mnemonic mediation; awareness, 434
keyword mediators & differing amounts of practice; retrieval of Spanish-English vocabulary pairs; students; mnemonic mediation; awareness, 411

cerebral processing; mothers voice; unfamiliar voice; infants; neurophysiological mechanisms; auditory event-related potentials, 24972

emotion; child's tone; voice; test construction; Diagnostic Analysis of Nonverbal Accuracy Child Paralinguage, 24194

empathy; sarcasm expression; sarcasm recognition; close relations; strangers, 6542

facial cues; vocal cues; infants behavior; social referencing behavior; visual reference; voice; social cognition, 25071

frequency vibrato; singers; recording, 15245

hydration effect; vocal rest; vocal fatigue; amateur Karaoke singer; acoustic effects; voice amplification; vocal function; voice problems; voice quality; music video; Karaoke singing, 15721

identity matching; auditory modality; visual modality; speech perception; speech production; vocal tract; face movement; face identity; voice, 12614

individual differences; voice; organizational procedural justice; fairness; employee perceptions, 12302

instrumental evaluations; related singers; perceptual evaluations; voice; choral group; vocal coach; voice pathology; judgments; vocal health; phonatory; speech-language pathologists; perception, 15243

intensive voice treatment; Ataxic Dysarthria; woman; cerebellar dysfunction; speech intelligibility; communication; job related activity, 11127

leadership; affect; belongingness; procedural fairness, 25259

neural systems; parietal areas; right cerebral hemisphere; linguistic content; word recognition; medial parietal; voice recognition; memory; tones, 18406

perceived sexual orientation; male voices; gay-sounding males; straight sounding males; voice perception; listener groups; phonetic variables, 7338

politeness strategies; speech; sociolinguistic; men's voice mail messages; women's voice mail messages; apologize; soften criticism, 21961

positive relationship; interaction; forensic significance; voice identification; accuracy; distributed learning; decision confidence; normal tone; whispered voices, 21307

short emotional non-speech expression; affect bursts; emotional content; emotion recognition; emotional content; emotional meaning; voice quality; prosody; contextual association, 3342

source misattributions; false memory paradigm; false memory; illusory recollection; voices; recall, 27565

statements; questions; verbal content; tone of voice; voice intensity; perceptions; politeness, 4049

text-to-speech synthesis; speech coding; automatic speech recognition; real time communications; voice commands; user interface; human machine communication, 3047

value of voice; personality; individual differences; Big Five personality model; core self evaluations; procedural fairness, 4442

vocal jitter; vocal microtremor; vocal cycle length perturbations; normophonic speakers; modulation level, 15875

vocal warm-up; phonation threshold pressure; soprano singers; vocal rest; vocal fold oscillation; phonation fundamental frequency; larynx; singing; voice therapy; voice disorders; exercise, 15871

vocal; emotion communication; emotional expression; emotional state; vocal emotion; voice; speech, 4055

voice classification; perception; timbre; pitch; multidimensional scaling; female singing voices; dissimilar voices, 15247

voice inversion effect; speech; gender identification task, 24871

voice quality; communicating emotions; mood communication; attitude communication; tense voice; modal voice; synthesized speech quality, 3338

Voice Disorders [See Dysphonia]

Voices—Serials

voles; social bonds; molecular pathway; brain; social attachment; affiliative behavior; sexual activity; strain differences, 27643

Volition—Serials

contemporary philosophy; contemporary psychology; volition, 27526

event related desynchronization & synchronization; free decisions; fixed movements; bimanual competition; EEG; finger movements; cortex; movement related potentials; involuntary mirror movements, 640

hopes; expectancies; nonvolitional outcomes; psychological phenomenon; artifact, 25336

intention effect; visual fixation disengagement; prosaccades; Parkinson's disease, 19963

logotherapy; cognitive therapy; therapeutic interventions; human suffering; human psyche; psychotherapy; negative nature; human freewill; therapeutic endeavor, 16905

moral responsibility; free will; responsibility for actions; borderline personality disorder; comorbid conditions, 25764

personal choosing benefits; attractive alternatives; less preferred alternatives; self-predictions; outcome satisfaction; choice behavior; decision-making process; choosers; nonchoosers, 33777

personality shaping; agency; determinism; Freud; Adler; Immanuel Kant's theories; causality; free will; pre-determined cause; indeterminism; causa efficiens; causa finalis, 1290

saccadic eye movements; saccades; voluntary vs stimulus-driven saccades; spatial neglect; brain lesions; eye-centered deficit, 5096

sexual health; sexual coercion; sexuality education; nonvolitional sex; sexual rights; gender equality; prevention programs; victimization; sexual abuse, 26529

smooth pursuit eye movements; anticipation; expectations; volition; voluntary inhibition; response latency; stop signal; motor control, 6555

unity of agency; volition; self-as-narrative; emotions, 19220

violence; schizophrenia; limbic seizure trigger reaction; prefrontal functions; limbic seizure kindling; hallucinations and delusions; volitional action; memory, 31781

volition; neuroscience; mental events; thoughts; brain, 30892

volitional depletion; implicit motive discrepancies; psychological conflict; volitional regulation; implicit motive; explicit motive; psychological conflict; volitional strength; well being, 12717

voluntary action; parietal cortex; human behavior; willed action; brain activity; brain damage, 16824

Volition—Chapters

Cognitive neurobiology of volition and agency in schizophrenia, 16449

Volt Meters [See Apparatus]

Volunteer Civilian Personnel [See Volunteers]

Volunteer Personnel [See Volunteers]

Volunteerism [See Volunteers]

Volunteers—Serials

cognitive performance; modafinil; sleep deprivation; volunteers; wakefulness; middle age, 18786

collective efforts; public goods game; volunteering; rock-paper-scissors dynamics; cooperation, 13438

compassion fatigue; burnout; clergy; religious leaders; September 11th terrorist attacks; volunteers, 7522

functional dependency; volunteer experience; well-being measures; social institutions; social integration; old adults; policies; self rated health; social factors; engagement, 7472

lifestyle activities; positive functioning; everyday activities; volunteering; old-old age; psychosocial markers; mortality rate, 1041

mastery beliefs; productive leisure activities; third age; education; volunteering; participation; personality traits, 10619

medical students; motivations for volunteering; gender differences; volunteer; altruism; gender, 29905

motive identity; role identity; volunteerism; prosocial behavior; functional identity; Organizational Citizenship Behavior, 30184

national wealth; thermal climate; predictors; motivation; volunteer work; cross-cultural differences, 7710

ombudsmen; nursing home staff; resistance; job orientation; job satisfaction; job performance, 36006

paid worker; volunteer; paid work; work status; informal volunteer activity; formal volunteering; formal organizations; volunteer participation; discretionary time, 1038

primary health care staff; professional attitudes; perceptions; voluntary work; HIV patients; AIDS; volunteer contributions, 2667

psychological resources; mental health benefits; social integration; social resources; negative moods; volunteer work; volunteering; depression; age differences; anxiety, 4329

Swissair Flight 111 disaster; disaster impact; volunteers; communities; posttraumatic stress disorder, 13664

volunteer activity; lifestyle changes; social networks; volunteerism; volunteers; nongovernmental organizations; efficacy, 9223

volunteer ombudsman effort; service duration; active volunteers; resigned volunteers; nursing homes; volunteer perceptions, 35831

Volunteers [Experiment] [See Experimental Subjects]

Vomerolateral Sense—Serials

female chemosignals; chemosensory input; mating; gonadotropin releasing hormone; pheromones; naive male hamsters; vomeronasal organ lesions, 15821

male effect; sheep; goats; olfactory systems; luteinizing hormone; vomeronasal organ; anestrus females; sexually active males; synchronized ovulation; pheromonal cue; control of reproduction, 34104

medial preoptic area; vomeronasal system; stria terminalis; Fos immunoreactivity; neuronal activation; copulatory behavior; forebrain Fos responses; chemosensory cues; aromatase knockout mice, 3442

mice; vomeronasal organ; major histocompatibility complex genes; immune function; discrimination of odor types; pheromones; lesions, 34118

vomerolateral duct occlusion; odor perception; human pheromone detection; odor thresholds; androstene; olfactory function, 7215

vomerolateral organ; odorants; signalling; main olfactory epithelium; pheromones; mice; chemosensory functions, 9936

Vomit Inducing Drugs [See Emetic Drugs]

Vomiting—Serials

cannabinoids; lithium-induced vomiting; Suncus murinus; THC; marijuana, 13059

cannabinoids; ondansetron; cisplatin-induced emesis; house musk shrew; drug dosages; receptor antagonist; vomiting; retching, 27910

depression; fatigue; nausea; pregnancy; social support; vomiting; psychosocial factors; prenatal care; well-being; physical symptoms, 2328

desensitization procedure; physiological responses; breathing retraining; fear of nausea; emesis; emetic, 5211

Voting Behavior—Serials

alienation politics; third-party candidates; alienated youth; nonvoting, 10413

apportionment ballot; Council of Representatives; American Psychological Association, 29827

attack advertising; political elections; faith; memory; information processing; political behavior; radio; political ads; voting behavior, 22232

attitudinal theory; voting; gender gap; political candidates; issue stance; attitudinal gender congeniality, 1129

candidate gender; campaign strategy; US; female candidates; campaign issues; voter-targeting strategies, 22233

candidate sex; women candidates; gender; candidate evaluation; voters evaluation; House of Representatives, 28291

divided government; balancing hypothesis; split ticket voting; collective behavior; political elections; public opinion, 13365

electorate; voters; ballot position; electoral institutions; incumbency; endorsement; campaign expenditure; information, 22228

electronic voting system; lecture interactivity, 26891

ethical issues; legal issues; social issues; voting; persons with dementia; electoral process; autonomy, 35295

information search; decision-making; process-tracing; voting, 28301

institutional context; political responsibility assignment; economic voting; American states; fiscal policy outcomes; executive responsibility legislative responsibility; individual characteristics, 22237

media impact; voting; media coverage; methodological foundations; attentiveness approach; linkage approach, 13363

political party; political product; marketing; politics; political marketing; non-profit marketing; individual voters; political offering; society, 20998

political psychology; candidate preference; authoritarianism, 19074

politics; voters; political failures; collective belief logic; rational irrationality, 16181

power indices; large voting games; legislature; votes; owen; voting power; power distribution; voting body; power measurement; voting players; voting weights; weighted majority game, 1131

priming; campaign effects; candidate image; deliberation; Senate elections; voting, 28292

public policy issues; electoral decisions; political candidates; vote choice, 22231

racial composition; member characteristics; constituency change; legislative responsiveness; roll call behavior; African-American voters; core constituency; incumbents; race based redistricting, 16186

Shapley-Shubik power index; Banzhaf power index; weighted multiple majority games; voting situation; temporal complexity; algorithms, 6384
 voter participation; cognitively impaired; elderly patients; dementia; presidential election; actively voting persons, 16188
 voter turnout; candidate strategies; American elections; voter behavior; voter nonpolicy characteristics, 22225
 voter turnout; collective action outcomes; stochastic learning theory, 22234
 voter turnout; collective action outcomes; stochastic learning theory, 22235
 voter turnout; negative campaign advertisement; mobilization, 28299
 voting behavior; voter illusion; personal relevance; counterfactual reasoning; social dilemmas; egocentrism; political elections, 13360
 voting patterns; national forces; public opinion; religious forces; local elections; state abortion initiative; morality politics; election timing; partisanship; Supreme Court rulings, 16190

Vowels—Serials

acoustic characteristics; speech perceptions; vowel production; simultaneous communication, 21972
 articulation; acoustics; vocal tract shape; sinusoidal description; formants; speech; tongue; sinusoids; vowels, 4037
 auditory event-related potential; auditory vowel processing; young children; central speech sound encoding; central speech sound discrimination; mismatch negativity, 15941
 auditory perception; phonetic perception; vowels; children; apraxic speech disorders; developmental apraxia of speech; auditory discrimination; speech processing, 1738
 categorization; vowel length; German; poor spellers; phonological distinction; orthography, 4108
 dysgraphia; vowels; consonants; spelling; working memory; brain lesion, 32174
 human voice; vowel sounds; acoustics; synthesizers; resonators; manometric flames; apparatus; Hermann von Helmholtz; history of psychology, 33751
 lexical stress modeling; continuous speech recognition; acoustic realization; vowels; stressed variants; unstressed variants, 9621
 moraic units; visual stimuli naming; vowels; Japanese phonetic script; phonology, 21974
 morphology; parsing; vowels; segmentation cues; eye movements; consonants, 33649
 neural encoding; vowel representations; auditory nerve; physiological assessments; psychophysical assessments; cats, 9865
 perception changes; synthetic nasal consonants; vowel formant manipulations; auditory scene analysis; formant continuity; speech perception; synthetic vowel-nasal syllables; vowel formant frequencies, 3339
 phonological features; vowel perception; auditory cortex, 12872
 phonological priming; phonological processing; sentence production; vowel; verb; noun; irregular past tense, 9682
 prosodic boundary; articulation; electromagnetic articulography; EMA; vowel; metropolitan French; utterances; consonants; intonational phrase; accentual phrase; word, 15876
 temporal modifications; temporal perception; temporal structure; Japanese words; vowel; objective evaluation; local-change detection; speaking-rate discrimination; listeners' abilities, 15865
 visual lexical decision; vowel duration; visual word identification; lexical phonology, 10103
 vowel duration; cue; postvocalic stop voicing; apraxia of speech; aphasia, 29122
 vowel information; speech sounds; acoustic information; Mismatch Negativity brain response; pre-attentive categorization; complex tones, 33746
 vowel length; long vowels; disyllabic words; word production; German-speaking children, 919
 vowel perception; perceptual asymmetries; infant speech perception; speech development; language-universal perceptual bias, 10200
 vowel perception; reading disabilities; phonological awareness; speech processing, 7349
 vowels; second language; Italian; foreign language learning, 15858

Voyeurism—Serials

voyeurism; psychopathology; popular culture; psychiatry; gender; power, 22641

Vulnerability (Disorders) [See Susceptibility (Disorders)]**Vygotsky (Lev)—Serials**

conceptual confusions; developmental continuum; learning; training; Vygotsky; Wittgenstein, 28036
 L. Vygotsky; J. Dewey; travels; philosophers, 9327
 L. Vygotsky; J. Dewey; travels; philosophers, 9333

Vygotsky (Lev)—Books

Play and educational theory and practice, 16044
 Voices within Vygotsky's non-classical psychology: Past, present, future, 4480

Vygotsky's and A. A. Leontiev's semiotics and psycholinguistics: Applications for education, second language acquisition, and theories of language, 10115

Vygotsky's educational theory in cultural context, 2798

Vygotsky (Lev)—Chapters

Activity Theory approach: Vygotsky in the present, 4485
 Beyond cognition: A Vygotskian perspective on emotionality and teachers' professional lives, 2724

Cultural-historical theory and mathematics education, 2772
 Development through the lifespan: A neo-Vygotskian approach, 892

Dynamic assessment of the evolving cognitive functions in children, 1721

The effect of verbal scaffolding on the complexity of preschool children's block constructions, 16049

Formation of learning activity and theoretical thinking in science teaching, 2801

From classical to organic psychology: In commemoration of the centennial of Lev Vygotsky's birth, 3125

How literature discussion shapes thinking: ZPDs for teaching/learning habits of the heart and mind, 2710

L. S. Vygotsky and A. R. Luria: Foundations of neuropsychology, 3122

L. S. Vygotsky and the question of personality in the cultural-historical approach, 4488

The learning activity in the first years of schooling: The developmental path toward reflection, 2711

Learning and development of preschool children from the Vygotskian perspective, 889

Periods in child development: Vygotsky's perspective, 893
 Play, activity, and thought: Reflections on Piaget's and Vygotsky's theories, 17923

Psychological tools and mediated learning, 2804

Putting Vygotsky to the test, 15928

The relations of learning and student social class: Toward re-"socializing" sociocultural learning theory, 2807

The relationship between Vygotsky's and Leontiev's research traditions as revealed through an analysis of Leontiev's early works, 4490

Remediation through education: Sociocultural theory and children with special needs, 2851

Sociocultural theory and the practice of teaching historical concepts, 2725

Some cognitive tools of literacy, 2800

The Spinozist programme for psychology: An attempt to reconstruct Vygotsky's methodology of psychological materialism in view of his theories of emotions, 4483

'The word becoming a deed': The dialectic of 'free action' in Vygotsky's *Tool and Sign in the Development of the Child*, 4122

To create psychology's own capital, 3123

Vygotsky in the mirror of cultural interpretations, 27

Vygotsky's doctrine of scientific concepts: Its role for contemporary education, 2803

The zone of proximal development in Vygotsky's analysis of learning and instruction, 2799

Wages [See Salaries]**Wakefulness—Serials**

adenosine kinase; ecto-5'-nucleotidase; endo-5'-nucleotidase; rats; cortex forebrain; basal forebrain; adenosine monophosphate; enzyme activity; sleep deprivation; wakefulness; energy metabolism, 9818

brain circuits; major depressive disorder; psychopharmacology; wakefulness; fatigue; executive dysfunction, 7847

chronic sleep deprivation; total sleep deprivation; sleep restriction; neurobehavioral functions; sleep physiological functions; cognitive performance; cumulative wakefulness; neurobiological cost, 3839

cognitive performance; modafinil; sleep deprivation; volunteers; wakefulness; middle age, 18786

daytime symptom ratings; primary insomnia; subjective daytime alertness; mood, 22825

electroencephalography; waking EEG; time of day; morning; evening; gender differences, 7038

Epworth Sleepiness Scale; Italian language version; validity, 9367

fruit flies; modafinil; rest; circadian rhythms; activity; homeostatic response; locomotor rhythms; mammalian sleep; wakefulness, 3910

heart rate; subjective sleepiness; self-awakening; nap; anticipatory changes; autonomic activation; doze time, 12721

hemispheric lateralization; electroencephalography; EEG; spontaneous lateralization; wakefulness; REM sleep, 7036

hypnotizability; adaptive trait; mind-body connection; relaxation; mental stress; wakefulness; cognitive-autonomic arousal, 23337

hypothalamus-pituitary-adrenal axis; HPA axis; cortisol; awakening; awakening time; female nurses; female college students; sleep-wake cycle; work shifts, 7091

impaired daytime sleep; wakefulness; Parkinson disease; ergot dopamine agonists; nonergot dopamine agonists, 23405

melatonin synthesis; individual circadian phase position; morning types; evening types; soldiers; time schedules, 9163

modafinil; learning processes; serial reversal discrimination; spatial discrimination; training level; mice, 7151

neurobehavior; sleep deprivation; event-related functional magnetic resonance imaging; sustained wakefulness, 18663

Parkinsons disease; electroencephalography; REM sleep behavior disorders; wakefulness, 29116

post-awakening changes; salivary cortisol levels; veterans; posttraumatic stress disorder, 22583

prefrontal cortex; frontal lobe; parietal lobe; electroencephalography; waking EEG; morning; evening; spatial orientation; maze, 7040

striatal dopaminergic stimulation; wakefulness; striatal functions; PPT disinhibition; basal ganglia; c-Fos expression; cortical activation; pedunculopontine tegmental nucleus, 3678

wakefulness; fatigue; executive dysfunction; treatment, 8161

wakefulness; sleep; learning; EEG power spectra; memory processing; behavioral responses; avoidance task; retention; rats, 15659

Walk In Clinics—Serials

clinical service delivery barriers; walk-in family therapy; single session focus; operating perspective; client motivational readiness for change, 11431

Walking—Serials

adiposity; treadmill walking; obese adolescents; lean adolescents; gait; energy cost, 21310

angular gait kinematics; trunk; pelvis; hip replacement arthroplasty; walking patterns; medio-lateral excursions; medio-lateral oscillation amplitudes; angular movements, 17203

auditory cues; walking performance; spatial gait parameters; stride length; Parkinson's disease; gait velocity, 1851

behavioral dynamics; human locomotion; human walking; obstacle avoidance; route selection; locomotor paths; steering dynamics; path planning, 33770

cognitive-motor interference; CMI; stroke patients rehabilitation; brain injury; cognitive performance; dual-task gait decrement, 14456

depth compression; walked indications; vision; errors; locomotor control; spatial representation; nonvisual walking, 30621

developmental disabilities; destructive behavior; demands; negative reinforcement; preferred activity; walking; influences of escape; instructional contexts; behavior problems, 31996

energy cost; hemiparetic patients; consecutive patients; energy reduction; spatiotemporal parameters; ankle-foot orthosis, 1765

environmental attributes; neighborhood walking; environmental factors; prospective relations; perception changes; activity behaviors; behavior relations; gender differences; policy initiatives, 11714

gait abnormalities; elderly fallers; stride frequency; elderly patients; gait speed; stride length; falling risk, 4837

hill slant perception; visuospatial representation; perceptual motor processes; walking uphill; slant overestimation; effort, 33653

human motion perception; visual experiences; motor processes; gait; stride speed; stride efficiency; species recognition, 33715

leg-coordination deficits; cerebellar gait ataxia; limb movements; normal bipedal walking, 22978

lower limb co-ordination; walking; cerebral palsy; motor development; muscle activation; children, 8241

mental walking; time production task; mental imagery; imagery tasks; arousal level; internal clock speed; temporal homology; sound stimuli, 33815

motor development; serum creatine kinase; neuroimaging; vertical suspension; sitting on air posture; independent walking, 8052

multiple sclerosis; MS; walking ability; patient-based measure; test development; test evaluation; content analysis, 3141

rollers; user satisfaction; community-living users; restricted walking ability; mobility, 17388

subthalamic nucleus stimulation; levodopa treatment; gait abnormalities; parkinsons disease; dyskinesias; gait parameter, 5117

walking intervention; women, 17247

walking patterns; African Americans; Native Americans; Caucasians; women; cross-cultural differences, 30653

Volume 91 SUBJECT INDEX

Walking—Serials

walking performance; vestibular-defective patients; unilateral vestibular neurectomy; locomotion; Menieres disease, 23045
walking speed; physical activity; exercise intensity; older adults; exercise; self report, 27485
walking, 33323
walking; exercise; socioepidemiologic variables; elderly; aging; sedentary lifestyle; demographic factors; self-perception; internal health locus of control, 5484
walking; health services use; health promotion; health care costs; disadvantaged older adults, 35755
walking; short trips; transportation, 35702
wandering; wayfinding; dementia; persistent walking; repetitive walking; spatial disorientation; eloping behavior, 35247

Wandering Behavior—Serials

aging; dementia; geriatric patients; wandering, 19974
Algae Scale-Version 2; age differences; Alzheimers disease; spatial disorientation; attention shift; eloping behavior; persistent walking; care environment, 6328
Algae Wandering Scale-version 2; psychometrics; self validity; cross cultural differences; long-term care; dementia; wandering behavior, 15038
wandering patients; nursing home residents; food intake; mealtime table leaving; behavioral communication intervention; Alzheimers disease, 17387
wandering; wayfinding; dementia; persistent walking; repetitive walking; spatial disorientation; eloping behavior, 35247

War [See Also Nuclear War]—Serials

armed conflict; African child soldiers; global economy; social group, 16095
biological & chemical warfare threat; subjective mood; behavior; psychiatric inpatients; staff members, 20610
Central Mozambique; Gamba spirits; Gamba healers; post-war reactions; recovery strategies; traditional medicine; war survivors; psychosocial hurt, 14205
child survivor; war; Bosnian survivor; acculturative stress; posttraumatic stress disorder; existential therapy; cognitive-behavioral applications; identity, 32288
cross cultural differences; international conflict; sociopolitical context; developmental issues; war; enemy; friends, 13370
defense policy; Iraq; war, 10411
doctors; torture; ethics; medical personnel; responsibility; Iraq war; prisons; Afghanistan, 32980
dreaming; war; political environments; political themes; political-oriented dreaming; invasion; onerous experience, 24538
federal probation officers; correctional system; military service; criminal justice; World War II; American criminal justice; military offender, 2989
Filipino children; understanding; peace; war; peace-attaining strategies, 10146
fundamentalism; holocaust; genocide; wars; victims; Christian identity, 22167
Gulf War illnesses; fibromyalgia syndrome; chronic fatigue syndrome; myalgic encephalomyelitis; chemical exposure; biological exposure; radiological exposure; treatment, 12329
Iraq war; Psychologists for Social Responsibility; military action; social responsibility; nonviolent strategies; Saddam Hussein; peace movement; military force; civil rights, 7509
life histories; Sweden; guerilla movements; experienced soldiers; Salvadoran refugees; Iranian Kurd quota refugees; war-wounded; forced migration, 16089
mass consumption; American economy; consumer behavior; World War II, 33328
military interventions; U.S. foreign policy; international crisis; cold war; policy makers; harmony; just war theory, 10297
missile attacks; personality functions; Gulf War; child exposure; posttraumatic symptoms; Arabs, 31811
mortality rates; life expectancy; World War I; postcombat disorders; veterans; Boer war; disordered action of the heart; neuroasthenia; shell shock, 6100
needle sharing; injection drug user; supportive services; sociodemographics; HIV & AIDS awareness; risk factors, 8027
oedipal fantasy; politics; war; America; family dynamics, 10410
open psychiatric services; interwar situation; psychiatric community; psychiatric treatment; mildly afflicted individuals; legal commitment, 29674
pain management; crisis; war; disaster; United Nations; NGO personnel; poverty; pain treatment, 17294
peace psychology; Asia; violence, 10312
Persian Gulf war; health; post-traumatic stress reactions; alcohol consumption; physical functioning; peacekeeping; military soldiers; psychological health; weight gain, 6098
personality factors; posttraumatic stress; civilians; air attack; risk factors, 10828

poetry; trauma; spirit; Walt Whitman; war; spirituality; terrorism; disaster, 34193
post-terrorist attacks; sport fans; sport-war analogies; perceptions, 6084
post-traumatic stress disorder; cognitive performance; war exposure; imprisonment exposure; ex-prisoners, 19509
post-war syndromes; social psyche; risk notions; post-traumatic stress disorder; responsibility; etiology; treatment; responsibility; reason; remedy, 31799
post-war syndromes; social psyche; risk notions; post-traumatic stress disorder; responsibility; etiology; treatment; responsibility; reason; remedy, 31798
post-war syndromes; social psyche; risk notions; post-traumatic stress disorder; responsibility; etiology; treatment; remedy; reason; responsibility, 31802
posttraumatic stress disorder; mustard gas; WWII veterans; psychological reactions, 34913
posttraumatic stress disorder; symptoms; Gulf War veterans; combat exposure; trauma exposure, 25734
psychiatric disorder; Persian Gulf War; posttraumatic stress disorder; PTSD; military personnel; psychologically traumatic events; veterans, 10723
psychoanalysis; war; superego; projective identification; genocide; international terrorism; psychoanalytic theories; aggression, 1293
psychohistorical theory; parenting; childrearing; social trauma; political behavior; war; social violence; society; early experiences, 31633
psychohistorical theory; parenting; childrearing; social trauma; political behavior; war; social violence; society; early experiences, 31634
psychological distress; Lebanese war hostages; Lebanon; prisoners of war; POW; torture; captivity-related factors; psychosocial variables, 4188
psychological functioning; psychological abnormalities; emotional distress; serum dioxin; anxiety; somatization; depression; emotional distress; herbicides; Vietnam veterans, 13854
reasons for war; Iraq; abusive childhood experiences; symbolic birth, 7496
reconciliation; South Africa; war; peace; apartheid; psychoanalytic theory, 4495
risk factors; continued illness; Gulf War veterans; symptom severity; psychological distress; fatigue; Gulf War syndrome; physical functioning, 25469
sexuality; World War second; women soldiers; military service; autonomy, 34547
social control; moral order; scheduling; institutional momentum; Los Alamos atomic weapons laboratory; world war; history, 28190
somatization; army personnel; servicemen, 22819
suicide; hospitalization; chronic schizophrenia; war, 19007
terrorist attacks; war; George W. Bush; political issues, 34518
thanatology; macrothanatology; large-scale death; terrorist attacks; war; disaster; natural disasters; extinction, 24147
traumatic events; PTSD; Palestinians; children; mothers; military; violence; war, 13245
unconscious fantasies; motivational bases; political history; political events; Middle East; Osama bin Laden; ideology; Islam; personality; terrorist leader, 25401
US Civil War; regional animosity; measurement; validity; interrelated theories; social identity; stereotype activation; evaluative judgments; geographic region preference; price sensitivity; consumers, 9501
Vietnam war service appraisal; tertiary appraisals; present life impact; posttraumatic stress disorder; war zone stressors; outcomes; military records; U.S. male veterans; postwar functioning; wartime, 28764
war impact; childhood; children rights; child mortality; child labor, 7511
war; gender; culture; Mozambican women refugees; war related violence; male combatants; post traumatic stress disorder; symptoms; battlefield; social conflict, 22163
war; Iraq; world view, 1045
war; peace, 34400
war; peace; curriculum; peace education; model; democracy; schools; society; violence, 12117
war; teaching; dehumanize; demonize; psychohistory; President Bush; US; Iraq, 7488
war; teaching; dehumanize; demonize; psychohistory; President Bush; US; Iraq, 7489
war; teaching; dehumanize; demonize; psychohistory; President Bush; US; Iraq, 7491
war; teaching; dehumanize; demonize; psychohistory; President Bush; US; Iraq, 7492
war; teaching; dehumanize; demonize; psychohistory; President Bush; US; Iraq, 7494
war; teaching; dehumanize; demonize; psychohistory; President Bush; US; Iraq, 7495
war; teaching; dehumanize; demonize; psychohistory; President Bush; US; Iraq, 7502
war; teaching; dehumanize; demonize; psychohistory; President Bush; US; Iraq, 7506

war; teaching; dehumanize; demonize; psychohistory; President Bush; US; Iraq, 7508
war; teaching; dehumanize; demonize; psychohistory; President Bush; US; Iraq, 7510
war; violence; theoretical models; research models, 33631
wartime rape; war; sexual violence; women; psychology of the offender; soldiers; multifactorial model, 31869

War [See Also Nuclear War]—Chapters

Children of war and children at war: Child victims of terrorism in Mozambique, 1401
Clinical intervention for survivors of prolonged adversities, 2028

Warning Signs [See Warnings]

Warnings—Serials

acoustic dissimilarity judgments; auditory warning signals; perceptual processes; cognitive processes; urgency dissimilarity judgments; mental representation, 308
alarm-related accidents; alarm-related incidents; aviation; pilots, 21023
assessment; violence; patient management; clinical setting; risk factors; early warning signs; short-term prediction; prevention; interventions, 32863
attentional selection; auditory warning signals; psychomotor performance, 33765
gun admonitions; behaviors; attitudes; school-aged boys; preferences; risk behavior; guns, 987
psychophysiology; processing stages; warning signal; information; reaction time; event related potentials, 7129
reasoning; inducements; advice; threats; promises; tips; warnings; inference patterns; interpret, 33814
semantic variables; acoustic variables; phonetic variables; warning signal words, 9563
Tarasoff Warnings; potential victims; threat; mental health patient; psychotherapist; duty to warn; intended crime, 6205
temporal preparation; reaction time lateralized readiness potential; psychophysiology; chronometric, 7134
warning signs; suicide; interventions; risk factors, 25776
warnings; noncognitive selection measures; faking, 18080

Water Deprivation—Serials

3,4-methylenedioxymethamphetamine; MDMA; ecstasy; progressive ratio schedule; response rates; water delivery; rats, 740
diet salinity; vasopressin; reproduction modulators; desert-dwelling golden spiny mouse; water shortage; reproductive season, 27676
phenylclidine; schizophrenia; animal model; decreased reward function; negative symptomatology; consumptive behavior; sucrose; water deprivation; operant performance; food reward; rats, 7271

Water Intake—Serials

active avoidance learning; ethanol diets; liquid diets; rats; water; sucrose; learning ability, 21830
afferent signals; cardiac baroreceptors; caudal brain stem; hindbrain systems; plasma volume deficits; water intake; hypovolemia; NaCl solution; rats, 6888
angiotensin II; ANG II; serotonin release; rats; subfornical organ; SFO; drinking behavior; water ingestion, 6993
angiotensin II; angiotensin III; zona incerta; water consumption; losartan; male rats; disposon, 12973
bioelectrical impedance; hydration status; behavioral medicine research; psychophysiology, 662
drinking; median preoptic nucleus; noradrenergic; hypovolemia; water intake; body fluids; rats, 3683
hydration effect; vocal rest; vocal fatigue; amateur Karaoke singer; acoustic effects; voice amplification; vocal function; voice problems; voice quality; music video; Karaoke singing, 15721
hydration; cognitive performance; healthy older adults, 31279
nursing-home residents; energy expenditure; micronutrients; water intake; food intake, 11859
refractory temporal lobe epilepsy; peri-ictal water drinking behavior, 16836
saccharin supplementation; water consumption; Wistar rats; alcohol consumption; sweet water; taste, 7249
supraoptic nucleus; angiotensin II; septal area; water intake; sodium intake; arterial blood pressure; rats, 27936
thirst; drinking; hemodialysis patients; fluid restriction; anxiety; attention; panic, 32082
water intake; blood parameters; thermal dehydration; plasma osmolality; sodium concentration; age differences; rats, 27836
water intake; pirenzepine; rats; 4-DAMP; brain Fos-immunoreactivity; water drinking; muscarinic receptor subtypes, 15802

Watson (John Broadus)—Serials

J.B. Watson's Behaviorism; psychology text; editions comparison, 21058

Weaning—Serials

Caucasian women; early infant weaning; Japanese women; Hawaii; breast-feeding women; age; education; rural residence; work status; parity, 16165

child mortality; developing countries; hiv-positive mothers; non-breastfeeding; weaning; mother voluntary choice; preceding maternal illness; preceding infant illness, 17214

early weaning; anxiety; aggression; environmental stimuli; physiological development; behavioral development, 21786

Weapons [See Also Firearms]—Serials

adolescent violence; youth assets; physical fighting; weapon carrying; middle school students; high school students; parents; risk behavior, 31198

biological & chemical warfare threat; subjective mood; behavior; psychiatric inpatients; staff members, 20610

children; risk; major knife injury; gun injury; stabbing; trauma registry data; inner-city victims, 28811

criminal descriptions; witnesses; memory; accuracy; armed bank robberies; videos; offender identification; witness role; type of weapon; number of perpetrators, 33429

gun possession; attitudes; Use; firearms; cultural differences, 19174

homicide victimization; firearm availability; firearm ownership; firearms; homicide; guns, 28882

lethal firearms; suicide mortality; hospitalised para-suicides; gender groups; logistic regression; gender differences, 13717

parricide trends; Freudian assumptions; intrapsychic factors; knives; phallic significance; social structure variables, 19728

police officers; police shooting behavior; deadly force; external influences, 24141

psychotic women; parricide; weapons, 7751

risky firearms behavior; low-income families; elementary school children; poverty; crime fear; crime victimization; firearms storage, 25128

social control; moral order; scheduling; institutional momentum; Los Alamos atomic weapons laboratory; world war; history, 28190

suicide; homicide; murder; accidental death; gun availability; firearm suicide; murder rate, 35050

weapon carrying; physical violence; schools; gender-specific groups; victimization, 34979

Weather [See Atmospheric Conditions]

Web Based Mental Health Services [See Online Therapy]

Wechsler Adult Intelligence Scale—Serials

conation; conative ability; impairment degree; effective task completion; intelligence test; test scores; Wechsler test; performance IQ; verbal IQ; mental ability; intelligence measures; brain damage, 11290

digit symbol substitution performance; education; Wechsler Adult Intelligence Scale scores; measurement year; adult age effects; education effects; measurement year effects, 15957

Digit Symbol-Incidental Learning; WAIS III; Wechsler Adult Intelligence Scale III; Wechsler Memory Scale III; WMS III; incidental learning; construct validity; clinical utility; standardization data, 15070

exploratory factor analysis; Wechsler Abbreviated Scale of Intelligence, 12472

French version; Wechsler Adult Intelligence Scale III; WAIS-III; standardization; factor structure; four-factor solution; construct validity; arithmetic subtest; Working Memory factor; verbal subtests, 24308

malinger; Wechsler Adult Intelligence Scale-III; symptom exaggeration; alcohol abuse; polysubstance abuse; head injuries; Vocabulary minus Digit Span, 33556

Multidimensional Aptitude Battery; Wechsler Adult Intelligence Scale; genetic two-factor model; twins, 3168

Oklahoma Premorbid Intelligence Estimate-3; WAIS-III FSIQ; dementia; traumatic brain injury; Huntington's disease; Korsakoff's disease; chronic alcohol use; temporal lobectomy; schizophrenia, 6324

olfactory identification; WAIS-R performance; deficit schizophrenia; nondeficit schizophrenia; University of Pennsylvania Smell Identification Test; schizophrenic patients, 24276

reliability; time efficiency; short forms; Wechsler Adult Intelligence Scale-III; IQ scores; validity, 9394

Rorschach comprehensive system; Wechsler IQ scores; adolescents; factor analysis; synthesized complexity; form qualities; productivity, 119

speed; memory ability; age factor; scores; performance; WAIS-III Digit Symbol; WMS-III; Wechsler Adult Intelligence Scale; Wechsler Memory Scale; adult lifespan; age-related decline, 33579

WAIS Vocabulary subtest scores; rising test scores; young adults; older adults, 117

WAIS-R; factor structure; Alzheimer's disease; patients; generalizability; neuropsychological assessment, 6339

Wechsler Adult Intelligence Scale III; WAIS III; brain injury severity; traumatic brain injury; intelligence; premorbid intelligence; memory, 15073

Wechsler Adult Intelligence Scale-Revised; eye movement measuring equipment; substitution tests; Digit Symbol Test; test performance; specificity; psychomotor speed; cognition, 12509

Wechsler adult intelligence scale-third edition; classification rules; elderly patients; young adults; assessment, 6256

Wechsler Adult Intelligence Scale-Third Edition; latent factor structure; factorial invariance; factor structure; age groups; scores; confirmatory analysis; score comparisons; configural invariance, 12474

Wechsler Adult Intelligence Scale; index scores comparison; Type I error rates; Working Memory Index; Processing Speed Index, 33521

Wechsler Adult Intelligence Scale; Wechsler Memory Scale; base-rate analysis; discrepancy scores; prevalence rates; within group; between group; Huntingtons Disease; Alzheimer's Disease, 24286

Wechsler Intelligence Scale for Children—Serials

IQ; special education; trends; mental retardation; learning disabilities; WISC; WISC-R; WISC-III, 9479

Wechsler Intelligence Scale for Children; WISC-III; cognitive strengths; cognitive weaknesses; test-retest; subtests; special education; students, 24197

Wechsler Intelligence Scale for Children—Books

Culture and children's intelligence: Cross-cultural analysis of the WISC-III, 15006

Wechsler Intelligence Scale for Children—Chapters

Austria and Switzerland, 15015

Canada, 15016

A cross-cultural analysis of the WISC-III, 15010

The Netherlands and Flemish-speaking Belgium, 15018

Principles of adaptation of intelligence tests to other cultures, 15022

Slovenia, 15007

South Korea, 15013

Sweden, 15019

Taiwan, 15008

United Kingdom, 15014

The Wechsler Scales for assessing children's intelligence: Past to present, 15017

The WISC-III in the United States, 15024

Wechsler Memory Scale—Serials

confirmatory factor analysis; Wechsler Memory Scale—Revised, 30458

Digit Symbol-Incidental Learning; WAIS III; Wechsler Adult Intelligence Scale III; Wechsler Memory Scale III; WMS III; incidental learning; construct validity; clinical utility; standardization data, 15070

psychological disturbance; wechsler adult intelligence scale-revised; california verbal learning test; wechsler memory scale-revised; head-injured patients, 6348

speed; memory ability; age factor; scores; performance; WAIS-III Digit Symbol; WMS-III; Wechsler Adult Intelligence Scale; Wechsler Memory Scale; adult lifespan; age-related decline, 33579

Wechsler Adult Intelligence Scale; Wechsler Memory Scale; base-rate analysis; discrepancy scores; prevalence rates; within group; between group; Huntingtons Disease; Alzheimer's Disease, 24286

Wechsler Memory Scale-3rd Edition performance; epilepsy patients; temporal lobectomy; memory, 18153

Weight (Body) [See Body Weight]

Weight (Statistics) [See Statistical Weighting]

Weight Control—Serials

abdominal fat reduction; exercise induced weight loss; young obese men; body fat; fat free mass; fat mass, 23453

acupuncture; obesity; weight management; weight loss; acupoint stimulation; auricular acupuncture, 17174

attention deficit hyperactivity disorder; cyproheptadine; stimulants; weight loss; treatment compliance; weight gain stimulation, 23231

atypical antipsychotic drugs; weight gain; pathophysiology of weight gain; management of weight gain; schizophrenia, 29308

behavioral modification; parental involvement; family problem; teen obesity; teen weight loss program; body mass index; parent teen relation; obesity program, 14317

biopsychosocial factors; body image; body change strategies; child attitudes; weight loss; gender differences; body mass index; muscle development; dieting; self-esteem; body dissatisfaction, 1008

body composition; weight loss; exercise prescription; treatment effects; strength training; obesity prevention; fat-free mass; women, 5505

body uneasiness; body image; eating disorders; overweight; obesity; weight-loss treatment; Italian women, 13461

body weight changes; risk factor; functional impairment; weight gain, 29527

decisional balance; self-efficacy; dietary fat consumption; dietary fat reduction; physical exercise; weight management; dietary fat consumption; interventions, 17213

diets; working memory; preoccupying cognitions; impaired cognitive function, 24517

diets; advertisements; weight stigma; before and after; obesity; stereotype, 13463

disordered eating; healthy eating; eating disorders; messag-es; drive for thinness; responsiveness; women, 11735

eating attitude; socioeconomic status; weight control behavior; female adolescents; weight control methods; weight norms; weight ideals; social ideals; weight attitudes; weight loss; adult weight, 20526

Eating disorders; depression; bulimia; weight control strategies, 4536

ecological momentary assessment; dietary temptation; dietary relapse; obesity; postmenopausal women; weight-loss intervention, 17100

exercise adherence; body fat; motivation; exercise consistency; exercise program; weight loss; reversal theory; individually tailored intervention, 11686

exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; body weight; tailored intervention; individualized exercise prescription, 11718

exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; individually tailored intervention, 11748

exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; individually tailored intervention, 11719

exercise adherence; body fat; motivation; reversal theory; exercise consistency; exercise program; weight loss; individually tailored intervention, 11687

female weight management; print media; women's magazines; female body; advertising; symbolic convergence theory, 30256

food intake; obesity; obesity management; weight management, 32048

health-related quality of life; behavior modification; weight loss; obese outpatients; low energy diet; psychosocial problems, 13833

healthy weight; body weight; bulimia; obesity; public health, 29508

loss outcomes; weight management program; insurance reimbursement; short-term; weight control, 8676

menopause; physical activity; diet; risk factors; weight gain; weight loss; cardiovascular disease; cardiovascular health; health behavior; body composition; lifestyle intervention, 11739

obesity treatment; obesity management; therapy choice; multiple interventions; obesity degree assessment; comorbid conditions; weight maintenance programs; rebound weight gain, 5135

obesity; children; adolescents; binge-eating disorder; BED; weight-loss treatment; objective bulimic episodes; bulimia, 4800

obesity; diabetes; hypertension; weight management; case study; weight loss; weight gain; Dextrofluramine; drug therapy, 32057

perceived weight controllability; attributions; prejudice; heavyweight women; personal beliefs; stigma; overweight, 29504

potassium level; bulimia nervosa; anorexia nervosa; weight-regulating practices, 35141

primary care practice; moderate weight; success rate; weight loss; Orlistat; clinical reality, 8631

self-help treatment; weight loss; body weight; cognitive behavior therapy; obesity, 23168

serum leptin levels; weight gain; weight loss; anorexia nervosa, 28950

weight loss experience; behavioral treatment; weight control; obesity; thoughts; feelings, 20455

weight loss intervention; body composition; obese adolescents; physical activity; diet, 29414

weight loss maintenance; long-term weight loss; diet regimen, 29522

weight loss strategy; anorexia nervosa; sauna use, 22777

weight loss; expectations; obese women; drug therapy; sibutramine; treatment information; clinical significance; malleability; body weight; attitude change, 2234

weight loss; musculoskeletal pain; perceived disability; functional limitations; obese women; dieting, 28952

weight reduction; health behaviours; eating behavior, 29572

Weight Control—Chapters

Imagery in smoking cessation and weight management, 23352

The self-regulation of eating: Theoretical and practical problems, 12964

Volume 91 SUBJECT INDEX

Weight Perception—Serials

Weight Perception—Serials

body weight perception; weight status; Bahraini adolescents; parents' opinions; peers' opinions; males; females, 24992
dynamic touch; muscular effort; inertia tensor; physical mass; limb direction; weight perception; affordances; ecological laws, 33684
inertia tensor; length perception; haptic perception; mechanical parameters; mechanical invariants; static moment; heaviness perception, 15184
sociocultural influences; weight & eating attitudes; natural experiment; body image; children, 22008

Weightlessness—Serials

egocentric; allocentric reference frames; spatial navigation; gravity; self-motion; weightlessness; spatial memory; virtual reality; three dimensional maze, 21296

Weightlifting—Serials

anabolic-androgenic steroid use; weightlifters; drug use; risk factors; demographic & family & psychosocial risk factors, 8016

concurrent validation; OMNI perceived exertion scale; resistance exercise; concurrent validity; OMNI-Resistance Exercise Scale; knee extension; biceps curls; gender, 21104

femininity; muscularity; female body builders; training; motivation; social pressure; Western cultural pressure, 24046

maximum acceptable weight; asymmetric lifting; oxygen uptake; heart rate; rating of perceived exertion; RPA; psychophysics, 12963

social cognitive predictors; creatine use; non-use; male undergraduates; recreational resistance training; self efficacy; outcome expectancies, 27142

Welfare Services (Government)—Serials

child support; family well being; fathers; welfare reform; fathering programs; social workers, 4234
earned income tax credit; children's allowances; economic well being, 1943

empowerment; public policy; Personal Responsibility and Work Opportunity Act; welfare; drug convictions; women, 20572

families' experiences; welfare reform; American Indian families; Indian reservations; welfare families; job creation; job preparation; support services, 29693

immigration; state support; economic well-being; Israel; economic independence; elderly population; immigration effects; immigration timing, 22120

informal caregiving; low-income women; welfare reform; caregiving responsibilities; caregiver burden; employment maintenance; welfare-employment transition, 29709

media use; media effects; individual explanations; information processing; social problems; crime; welfare; attribution, 15896

personal distribution; economic welfare; German welfare state; unemployment; economic process, 28194

psychotropic drugs; prescribing patterns; public assistance children; drug prescription; child psychiatric inpatients; behavior disorder; hospital admission; hospital discharge; pharmacotherapy, 23261

public attitudes; financial dependency; welfare state; political discourse; politicians, 28289

social welfare; social choice theory; normative values; cost-benefit adjusted gross domestic product; CBAGDP; gross domestic product; GDP, 8774

welfare benefits; community mental health services; sociodemographic risk factors; psychiatric service; health benefit claims; health care costs, 11829

welfare reform implementation; Missouri Families-Mutual Responsibility Demonstration Plan; caseworkers; case managers; state agency; policy changes; policy goals, 20564

welfare reform; teenage pregnancy; childbirth; school dropouts; adolescent behavior; social influences, 28105

welfare to work services; legislation; welfare system; career counselors; career development; ethical conflicts, 14736

welfare transitions; demographic predictors; socioeconomic predictors; motivational predictors; Minnesota Family Investment Program; achievement motivation; goal commitment, 4202

posttraumatic stress disorder symptoms; widowed women; lifetime trauma experience; depression symptoms, 28758

suicidal preoccupation; unresolved bereavement; bereaved widow; coexisting; therapist; story verbalization, 32359

widowhood; life events; women's health; aging; health behaviors; mental health; physical health; health outcomes; Women's Health Initiative, 1100

widowhood; resilience; maladjustment; bereavement outcomes; grief; chronic depression; coping behavior; meaning making; resilience, 25086

widows; social network substitution; social network compensation; older women; psychological benefits; psychological health, 34398

Wilderness Experience—Serials

wilderness areas; national parks; noise pollution; psychological benefits; natural resource policy-making process; visibility; noise effects; recreation; environmental stress, 9222

Williams Syndrome—Serials

age impact; intelligence quotient; Williams syndrome, 32109

developmental deep dyslexia; Williams syndrome; semantic errors; lexical access; phonology, 13880

language acquisition; atypical phenotypes; connectionist models; developmental disorders; Williams syndrome; past-tense formation; computational models, 1796

narratives; children; specific language impairment; early focal brain injury; Williams syndrome; language development; morphological errors; syntax; evaluative devices, 13548

pragmatic language impairment; social relationship deficits; Williams syndrome; Downs syndrome; specific language impairment; interests, 35200

verbal short-term memory; phonological processing; Williams syndrome; neuro-development disorder, 1860

verbal short-term memory; speech timing; Down syndrome; Williams syndrome; serial recall; speeded articulation; output processes; rehearsal, 35124

Williams syndrome; developmental disorders; language; cognitive skills; language acquisition, 32096

Williams syndrome; genetic disorders; developmental disorders; development; cognitive phenotypes; brain; neurocomputational constraints, 11158

Williams syndrome; Prader-Willi syndrome; self concept, 19879

Williams syndrome; spatial language terms comprehension; neuropsychological profile; language abilities; visual abilities; spatial abilities; spoken language comprehension, 19878

Willpower [See Self Control]**Wine—Serials**

color variability; wine color; glass wine sampler; color difference, 6504

glass shape; wine aroma; perception of wine odors, 12580
red wine effect; coagulation pathway; healthy men; cardiovascular events; arrhythmias; alcohol; fibrinolysis; binge drinking; blood pressure; thrombin-antithrombin complexes; thrombocytes, 16236

red wine micronutrients; protective agents; Alzheimer's disease; black grape skin; amyloid peptide; human umbilical vein endothelial cells, 15803

Winnicottian Theory [See Object Relations]**Winter Depression [See Seasonal Affective Disorder]****Wisconsin Card Sorting Test—Serials**

frontal brain; Wisconsin Card Sorting Test; brain tumor lesions; executive dysfunction, 18154

Modified Card Sorting Test; normative data; perseverative errors; categories achieved; scoring; age effects; education; gender; reference norms; multiple regression analyses; neuropsychological test, 18147

Penn Conditional Exclusion Test; Wisconsin Card Sorting Test; divergent validity; convergent validity; work function; executive function; test forms; cooperativeness, 21143

traumatic brain injury; Wisconsin Card Sorting Test; Wisconsin Card Sorting Test short form; cognitive impairment, 12506

Wisconsin Card Sorting Test-64; WCST-64; traumatic brain injury; test validity, 15076

Wisconsin card sorting test; age-related differences; category performance; perseverative errors; executive functioning; test version effects; education effects, 33820

Wisconsin Card Sorting Test; California Verbal Learning Test; malingering; malingering strategies; older adults, 15060

Wisconsin Card Sorting Test; poor performance; good performers; schizophrenic patients; cognitive decline; illness duration; age, 10807

working memory; test association; Letter-Number Sequencing; Wisconsin Card Sorting; Digit Span Forward; spatial working memory; information sorting; non-sorting tasks; schizophrenia patients, 19476

Wisdom—Serials

aging well; three-dimensional wisdom scale; 3D-WS; reflection; wisdom; scale construction; validity; reliability, 21105

autobiographical memory narratives; adolescents; adults; life experiences; experienced wisdom; age differences; life philosophy; learned lessons, 22061

creative abilities; human intelligence; wisdom; theory; theories, 33201

learning outcomes; wisdom development; college programs; higher education, 33051

organizational wisdom; test development; factor analysis; age differences; perceived components; employees; work organizations; organizational cultures; well-being; organizational structure, 33298

practical wisdom; reason; human finitude; prudence; virtue; ethics; moral perception; deliberation; choice; algorithm, 7676

Wisdom—Books

Wisdom, intelligence, and creativity synthesized, 3381

Wisdom—Chapters

Coaching for emotional wisdom in couples, 23159

Healing images: Connecting with inner wisdom, 23357

Human strengths as the orchestration of wisdom and selective optimization with compensation, 14950

Witchcraft—Serials

conceptual frameworks; conversion; logical gap; incommensurability; science; witchcraft; world view, 14957

female homicide victimization; gender discrimination; witchcraft accusations; femicides; witch beliefs; awareness, 35049

identity development; social groups; witch; marginalized community practice; social learning; intuitive knowledge, 22276

Withdrawal (Defense Mechanism)—Serials

neuropsychological substrates; social withdrawal; aggression; limbic-hypothalamic-pituitary-adrenal; amygdala; prefrontal cortex, 18693

P50 suppression; auditory event-related potentials; individual differences; social withdrawal behaviors, 12774

Withdrawal (Drug) [See Drug Withdrawal]**Within Subjects Design [See Repeated Measures]****Witnesses—Serials**

accuracy of testimony; cross-examination; changes to original responses; child witnesses, 882

character evidence; impeachment evidence; juror decisions; witness credibility; guilt; conviction judgments; cross-examination effect; witness impressions; path analysis; character witness credibility, 18019

child sexual abuse; child witnesses; alleged child abuse victims; informative witnesses, 19610

child witnesses; legal system; professional beliefs children memory; suggestibility; child behavior, 27221

child witnesses; professional intervention; abuse experiences; information acquisition; sexual abuse; police interviews; psychologists, 30330

clothing cues; children identification accuracy; clothing bias; lineup identification, 27229

computerized feature systems; identifying suspects; crime scenarios; criminal investigation; eyewitness identification success; retrieval system; photos; previous offenders; mug shots, 36539

confidence; nervousness; witness; self-efficacy; witness preparation training; cross examination; testimony; defendants, 21046

courtroom questioning style; eyewitness confidence; eyewitness accuracy; observer perception; jurors perception, 18021

criminal descriptions; witnesses; memory; accuracy; armed bank robberies; videos; offender identification; witness role; type of weapon; number of perpetrators, 33429

decision-making strategies; facial recognition task; cross race effect; criminal investigations; lineup identifications; eyewitness evidence; juries, 21045

expert testimony; eyewitness memory; judge's final instructions; guilt perceptions; eyewitness believability; jurors; need for cognition; conviction rate; case strength, 24128

expert witnesses; automatism; criminal violence; psychiatrists; psychologists, 33416

expert witnesses; forensic psychiatry; expert testimony; bias factors; psychiatrists, 36537

eyewitness identification accuracy; eyewitness identifications; lineup identifications; response latency; time frame; 10-12 second rule, 36525

eyewitness identification; memory; decision model; computer simulation model, 3056

eyewitness identification; prediction; lineups; witness characteristics, 12417

eyewitness; confidence inflation; criminal trial; judgments, 36536

eyewitness; sequential procedure; change of appearance; sequential presentation, 426

false memories; anomalous experiences; human memory; paranormal experience; hypnotic susceptibility; fallibility; research; eyewitness testimony, 6629

false memory; stereotype behaviors; cognitive resources; stereotype attitudes; eyewitness testimony; memory distortions, 10551

family violence; aggressive behaviors; adolescent aggression; moral beliefs; familial aggression; gender specific effects; witnesses, 4698

forensic psychology; psychological instrument development; social psychological model; witness credibility assessment; interviewing; false confessions, 21038

forensic psychology; sex offender treatment; witness ethnicity; expert testimony; child witnesses; battered woman cases; interview approaches; youth antisocial behavior, 21042

group analysis; witness training; co-operative thinking; productive thinking; psychological development, 35446

intellectual disabilities; court trials; sexual assault witnesses; rape witnesses; lawyer questioning, 16782

intellectual disability; event recall; question types, 25970

judges; knowledge; eyewitness testimony; beliefs, 24142

juror responses; expert witness testimony; gender stereotypes; gender-domain congruency; jury discussion, 30336

local processing bias; lineup performance; witnesses; perpetrator, 9287

multiple independent lineups; identification of features; eyewitness identification; accuracy calibration method, 12412

origin of knowledge; child witnesses; sexual abuse; physical abuse; awareness; knowledge attributions; memory; victims, 10213

police interviews; adult witnesses; interviewing strategies; police officers, 27237

postidentification feedback; eyewitness confidence; witness instructions; confirming feedback; target-absent photos; target-present lineup; response latency; confidence-accuracy correlation; inflation, 18020

self-rated ability; confidence judgements; eyewitness memory; general knowledge, 18395

sequential lineup; simultaneous lineup; discriminability enhancement; witnesses; relative decision strategy; bias affect; absolute decision strategy; height encoding; transfer-appropriate processing, 18018

sexual violence; violence prevention programs; community psychology; prosocial behavior; bystander behavior; community change, 10877

victims; violence; health services usage; witnesses; perpetrators; crime reporting; Bogota, 22621

visual event; witnessed event; eyewitness suggestibility; narrative description; conceptual similarity; extra-event narrative, 9718

witness credibility; eyewitness testimony; car accident, 12393

witness testimony; memory; juror misperceptions, 33434

young children; interviewing; interview characteristics; eyewitness statements; rapport building; probe structures, 21039

Witnesses—Chapters

Adversarial influences on the interrogation of trial witnesses, 18014

Calibration of confidence among eyewitnesses and earwitnesses, 24122

Expert witnesses in Europe and the United States, 18015

Fantastic memories: The relevance of research into eyewitness testimony and false memories for reports of anomalous experiences, 9736

Using state of awareness judgements to improve eyewitness confidence-accuracy judgements, 22055

Wives—Serials

autobiographical memory; older adults; retention interval; recall; husband; wife, 33845

financial dependency; divorce; wives income; marital stability; income correlates, 28254

household production; market work time; housework time; time allocation; market-produced goods; input goods; husbands; wives, 31283

household savings; old age; household members; savings; choice behaviour; household income, 19004

judgment; psychologists; psychologically aggressive actions; husband; wife; psychological abuse; mental health professionals, 31348

marital conflict; acculturation; Mexican Americans; husbands; wives, 13326

marital functioning; social support; caregiving satisfaction; caregiving burden; appraisals; African American; wife caregivers; family therapy, 2453

older wives; caregivers; dementia caregiving; help-seeking, 29704

physicians; wives; marriage; husbands; medicine; AMA; Alliance Medical Marriage Survey; attitudes; lifestyles; marital adjustment; stereotypes, 19045

prostate cancer; psychoeducational group intervention; positive reappraisal coping; cancer-specific distress; positive contributions; psychological distress; wives, 14096

spousal support; social support; social strain; husbands; wives; well being, 34485

spouse caring; prostate cancer surgery; wives needs; preparedness needs; husbands' physical needs; husbands' emotional needs; home-based nursing intervention, 20588

violent women; self-defense; domestic violence; spouse, 31893

Women [See Human Females]**Women's Liberation Movement—Serials**

democracy; women's suffrage; voting rights, 7574

exceptional women; expert culture; female Shakespeares; feminism; female literary modernists; academic feminism; political reform; intellectual engagement, 7567

feminism; postfeminism; women's movement, 7570

international inspiration; feminist action; sexual violence; international women's movement; intercultural communication, 25203

personal power; cultural unconscious; psychoanalytic theories; sex; gender; female psychology; women's liberation, 28533

Word Associations—Serials

conditional associative learning; verbal stimuli; obsessive-compulsive disorder; anorexia nervosa; bulimia nervosa; neuropsychological functioning; functional neuroimaging; compulsive behavior; threat, 19274

cross-form conceptual priming; novelty P3; word-sound; sound-word; conceptual repetition, 9910

deep dyslexia; semantics; auditory word association; visual word association, 8067

emotion concepts; distinctiveness; abstract words; concrete words; recall; priming; lexical decision, 33771

intellectual disabilities; multi-media instruction; grocery item location; reading; target item word, 17755

native English speakers; cognates; false cognates; translation elicitation; foreign languages; word generation; bilingualism; language learning, 31064

paired-associate learning; muscarinic cholinergic receptors; proactive interference; word pairs; memory; scopolamine, 12802

perceptual simulation; property verification; imagery; word association, 33828

pictures; learning; confusing word pairs, 27546

positive character traits; semantic similarity; covariation; perceived characteristic association; taxonomies; rating; classification of strengths; classification of virtues; character trait structure, 19187

second language experience; vocabulary skill; priming; strongly associated words; weakly associated words; lexical decisions, 24426

semantic processing; interhemispheric transfer; lexical decision; visual field; word association; semantic priming; stimulus onset, 9846

word associations; pictures; words; semantic organization, 18356

Word Blindness [See Alexia]

Word Deafness [See Aphasia]

Word Frequency—Serials

age of acquisition; cumulative-frequency hypothesis; word recognition; word processing; information storage; information access, 12640

block designs; semantic judgment; word frequency effect; brain regions; language; event-related fMRI, 3767

category size effect; semantic categorization decision; masked priming effects; word frequency, 27990

Chinese characters; regularity; word frequency; unattended condition; automatic activation, 27773

episodic recognition memory; low frequency words; hit rates; false alarm rates; study task; study time; mirror pattern, 24489

episodic recognition memory; memory impairment; midazolam; word-frequency effect; retrieving-effectively-from-memory; memory retrieval, 14160

eye movements; word frequency; refixation amplitude; word length; corrective saccades, 30629

lexical access; frequency effect; serial comparison; verification procedure; search model; rank order; rank hypothesis, 27508

lexical activation; lexical frequency; phonotactic probability; lexical decision, 28022

lexical decision task; diffusion model; drift rate; signal-detection representation; word frequency; nonwords; models of lexical access, 9675

lexical processing speed; regularity effect; word frequency, 18878

morphological decomposition; reverse base frequency effect; word recognition, 24473

neural basis; words; non-attentional processing; automatic activation, 3795

normative data; cross cultural differences; picture naming; European languages; name agreement; psycholinguistic parameters; visual complexity; concept familiarity; imageability; age of acquisition, 6582

old-new recognition; frequency judgments; repetition; similarity; normative word frequency; memory representations; registration without learning; target discrimination, 12648

pronouns; pronoun processing; lexical frequency; antecedents; processing ease; salience; lemma reaccess account; reading times; reading; anaphors, 9685

pseudoword naming; Spanish; syllable frequency; speech production; word frequency, 27978

second language vocabulary strategies; Hong Kong; English vocabulary; Cantonese speakers; academic vocabulary; word frequency, 12143

specific-word frequency effect; homophones; speech production; picture naming, 9704

syllable frequency; word recognition; visual word recognition; syllabic structure; polysyllabic words, 33783

word frequency effect; information processing strategies; right cerebral hemisphere; visual field; hemispheric asymmetries; visual word recognition; lexical decisions, 9687

word frequency; picture naming; homonym pictures; speech production, 28018

word frequency; serial recall, 3391

word length; word frequency; linguistic word properties; neurophysiological brain response, 7030

word-frequency paradox; recall; recognition; pictures; yes-no recognition task; familiarity; Search of Associative Memory model, 30721

Word Frequency—Chapters

A retrospective view of masked priming: Toward a unified account of masked and long-term repetition priming, 15319

Word Meaning—Serials

affective meaning; memory; contextual information; word meaning; spatial location; color; encoding conditions; emotional words, 24490

Amharic; conceptual primitives; know; natural semantic metalanguage; think; understand; grammatical encoding; polysemy, 846

animacy information; syntax; language development; word meaning; syntactic cues, 22031

connotative meanings; language acquisition; connotations; collocations, 31136

emotion; memory; attention; taboo Stroop; lexical decision; immediate memory tasks, 30679

employment relations; health service; organizational analysis; word meaning; metaphor; salaries, 9056

English translation; emotional tone; Quran; emotionality of words; word use patterns; affective language; linguistic style, 24890

event related potentials; divided visual field; semantic processing; lexically ambiguous words; word meaning; hemispheric differences; cerebral hemispheres; N400 component, 7031

fast mapping; multiple words; vocabulary acquisition; preschool age; word meaning, 10217

idioms comprehension; language-based learning disabilities; word meaning, 25978

Japanese language learners; word morphology; novel Kanji compounds; words in isolation; contextual clues; Chinese characters, 7331

Jerry Fodor; inscrutability of reference; naturalized semantics; meaning; predicate computability relations; ontological homogeneity; semantic theories; predicate conjunction; natural semantics theory, 4060

languages; pragmatic distinction; Spanish negation; tampoco; no; canon, 858

learning effect; word meanings; word list; word-learning method; meaning-inferred method; meaning-given method, 13194

literal interpretations; homonyms; pseudo-homonyms; familiar words; nonsense words; recall; word meaning; children; language development; English, 10195

morphological units; Arabic mental lexicon; dyslexia; word meaning; linguistics, 28931

non-clinical depression; chronicity; positive words; negative word; free association; language contexts, 7664

novel words; reading comprehension skill; language comprehension; integrate information; school-age children; narrative contexts; processing demands; vocabulary items; word meanings; inference, 902

object labels; conversations; young children; parent language; child expectations; word meanings; contexts, 31132

perseveration; inhibition failure; preschool children; inferences; word meanings; cognitive inhibition; cognitive flexibility; lexical inference task, 905

phonological maintenance; semantic maintenance; phonological information; neural activity regions; word meanings; working memory, 27791

phonological priming effects; individual differences; lexical decision task; word meaning; perceptual skill; phonological skill, 27994

pleasant words; unpleasant words; free recall; healthy male volunteers; prefrontal dopaminergic mechanism; cortisol; recency; positivity bias; verbal memory, 10050

psychosomatic in newspaper articles; meaning; connotation; reciprocal interaction; psychosomatic disorders; psychiatry; education of media, 29449

reading skills; children's dictionary use; spelling; phonological development; age differences; peers; word meaning; spelling skills, 15933

second language Spanish students; word meaning; vocabulary acquisition, 12145

semantic dementia; immediate serial recall; word meaning; dementia patients; phonological short-term memory; degraded words; known words; word recall, 29131

sentence comprehension; verbs; verb meaning; reversible sentences; active sentences; passive sentences; aphasia, 19949

sign language lexicography; word definitions; meaning explanations; frame roles; structured background information; sign lexicographers; ASL corpus; ASL dictionary; meaning descriptions; frame-setting, 15857

situation-evoking stimuli; domain of reference; resolution of lexical ambiguity; reading; word ambiguity, 18365

suicide; suicide survivor; terminology; word meanings, 34936

suicide; suicide survivor; terminology; word meanings, 35014

unfamiliar words; inferential processing; think-aloud protocols; cue selection; meaning deviation; age differences; old-old adults; young-old adults; young adults; abstraction deficit hypothesis, 927

word learning; dogs; language acquisition; fast mapping; learning; memory, 27619

word meaning; hemispheric lesion; metaphorical meaning; brain damage; semantic meaning, 4997

word meaning; lexical decision; pseudowords; familiarity; linguistic; French words, 31071

word meaning; Plato's problem; definition; knowledge & use, 10105

word meanings; reading; computational model; connectionist principles; visual processes; phonological processes; orthography; cooperative division of labor, 27501

word task; print; symbolism; child development; cognitive abilities, 899

Word Processing—Serials

age of acquisition; cumulative-frequency hypothesis; word recognition; word processing; information storage; information access, 12640

emotional connotations; words; rostral frontal cortex; retrosplenial cortex; brain, 18560

event related potentials; words; context; lexical information; sentence level information; reading; sentence comprehension; semantics, 18639

qualitative data analysis; software tools; word-processing functions; Microsoft Word, 18216

recognition memory; high-frequency words; low-frequency words; normal readers; dyslexic readers; event-related brain potentials; word processing, 4789

See Word; reading; word processor; dyslexic school pupils; software, 23930

type shifting verbs; context effects; verb processing; lexical semantics, 27984

word prediction; written communication skills; learning disabilities; handwriting problems; written work; computer word processing; occupational therapy intervention, 17460

word processor; text management; software; qualitative data analysis; data; Microsoft Word; tagging text; reviewing text; themes, 18222

word processor; writing process; writing environment; writing profiles; pausing patterns; revision patterns; experienced writers; writing mode, 7341

word processor; writing process; young child; cognitive affective and psychomotor elements; Year Three class, 2729

word recognition; right visual field; case alternation; lexical decision; hemispheres; word length; orthographic neighbours; split fovea, 15198

writing disabilities; academic outcomes; assistive technology; junior high school students; word processing; learning disabilities; spelling; reading; sentence construction, 19785

Word Recognition—Serials

adults; brain activity; dyslexia; electrophysiology; event-related potential; orthographic processing; phonological processing; word reading, 4784

age of acquisition; cumulative-frequency hypothesis; word recognition; word processing; information storage; information access, 12640

aging; divided attention; memory; item information; associative information; age differences; word pairs; word recognition; associative recognition memory; age-related changes, 7456

associative recognition; alzheimer's disease; recall; unrelated words; false alarms; recognition task; word repetition; word familiarity, 29117

attentional deployment; spatial attention; divided visual field; lateral dominance; cue position; word recognition; naming latency, 6934

auditory lexical decision task; orthographic representations; letter-by-letter reading; orthographic information; phonological similarity; auditory lexical access; auditory presentation, 1711

automaticity; functional anatomy; invariant word recognition; letter binding; masked words; neuroimaging, 24384

bind cue decide model of episodic memory & word recognition as Bayesian context noise model & application to item noise & dual-processing approaches to recognition memory, 27535

cerebral activation; differential activation; retrieval; brain regions; performance-related activation; response categories; veridical recognition; target words; signal changes; recognition success, 15652

choice set size effects; letter processing; word identification; readers; decision models; somewhat-efficient conditioning, 9678

chronic immobility; motor deficits; word processing; amyotrophic lateral sclerosis; tetraplegia; spinal cord injury; event-related brain potentials; visual associations; plasticity; motor associations, 17686

cognitive representation; lexical access; letter font; letter size; graphemes; phonemes; perceived word center, 15199

complex graphemes; functional spelling units; acquired dysgraphia; brain damage; consonants; vowels; word recognition, 32188

computer based instruction; letter-sound correspondences; matching to sample; stimulus equivalence; children, 20812

concrete words; abstract words; dual-coding theory; word recognition; visual word processing; lexical decision task; brain; right hemisphere, 6885

contextual influence; semantic knowledge; discourse context; lexical access; active memory; eye tracking; comprehension; word knowledge, 18856

cross-modal matching; word recognition; temporal patterns; auditory displays; speech perception; visual displays; linguistics, 15254

- declarative knowledge; procedural knowledge; word recognition; letter decoding; reading, 21953
- developmental changes; event related potential; spoken word recognition; early school years, 28064

- reading; word skipping; linguistic factors; visual factors; word length; parafoveal word length; context predictability, 12637
- recall; false recognition; words; diagnostic monitoring; disqualifying monitoring, 9707
- recognition memory; Spanish-Catalan cognate & noncognate words; remember; know; confidence judgment; signal detection model, 406
- repetition blindness; nonwords; lexical decision; cognitive processes; word recognition; mental types activation; sublexical level; word-nonword pairs; identical repetitions; word encoding, 15287
- schizophrenia; lexical competition; word identification; schizophrenia symptoms; thought disorder; spoken words, 22566
- self-focused attention; recognition latencies; self-content; self-consciousness, 18425
- semantic ambiguity; word recognition; lexical decision performance; lexical ambiguity; lexical decision; connectionist networks, 21037
- semantic dementia; word recognition; object recognition; lexical decision; object decision; typicality; familiarity, 20045
- semantic processes; language reading comprehension; recognition processes; text processing skills; word recognition; English second language; higher-level syntactic, 10106
- semantic word processing; global aphasia; cognitive function; word comprehension; left hemispheric redundancy recovery, 20079
- signal detection theory; semantic priming; word recognition, 3369
- skilled reading; impaired reading; neurobiological basis; skilled word recognition; integrated cortical system; dorsal subsystems; ventral subsystems; anterior subsystems, 27784
- source monitoring; false recognition; verbal contexts; semantic categorization; contextual information, 27533
- spanish-english bilinguals; phonological similarity; spoken word recognition; bilingual lexical activation; acoustic-phonetic information, 24402
- speech recognition; phonological processing; language; event-related brain potentials; evoked potential, 6957
- speed-accuracy decomposition technique; analysis of cognitive processing during word recognition; college students, 6586
- stochastic activity; visual processing; ambiguous stimuli perception; word processing; face processing; brain, 27788
- Stroop task; desired reward; competition; attentional control; unconscious control; conscious control; effective; ineffective; word recognition processes, 33800
- sublexical processing; visual word recognition; Chinese characters; repetition blindness, 9693
- sublexical representations; visual word recognition; perceptual process; long-term memory, 33779
- syllabication; graphosyllabic instruction; struggling readers; reading instruction; multisyllabic words; word learning; novel words, 29962
- syllable frequency; word recognition; visual word recognition; syllabic structure; polysyllabic words, 33783
- transcranial magnetic stimulation; visual word recognition; foveal representation; cerebral hemispheres; vertical meridian; right hemisphere; visual fields, 15212
- transparent orthography; opaque orthography; shallow orthography; reading development; formal reading instruction; letter recognition; phonological awareness skills; first year reading instruction, 30043
- verbal fluency; word retrieval; semantics; lexical processes; semantic organization; brain lesions; cognitive processes; frontal lobe; priming, 9681
- visual speech; amodal processing; priming; linguistic processing, 27460
- visual training; visual word recognition; functional structure; retinal location; visual word form area; retina; reading habits; letter discrimination; eye fixation, 15216
- visual word recognition; acquisition age; expert vocabularies, 27468
- visual word recognition; interhemispheric transfer; cerebral hemisphere; foveal vision; visual field; right brain; symmetry detection; left brain; object perception, 15194
- visual word recognition; letter migration errors; letter position coding; coding schemes; divided attention, 33786
- visual word recognition; lexical decision; homophonic words; homophones, 30665
- visual word recognition; syllables; phonology, 33775
- word acquisition; visual word processing; semantic hypothesis; age effects, 12639
- word age of acquisition; spelling performance; surface dysgraphia; herpes simplex viral encephalitis; semantic anomia; alternative spellings; errors; word comprehension, 1744
- word familiarity; word recognition; text comprehension; silent reading; vocabulary acquisition; eye movements, 12684
- word frequency effect; information processing strategies; right cerebral hemisphere; visual field; hemispheric asymmetries; visual word recognition; lexical decisions, 9687
- word identification; cognitive processes; English as second language; semantic category judgment; phonology; orthography; alphabet; Korean; Chinese; writing system differences, 30694
- word identification; cognitive processes; English as second language; semantic category judgment; phonology; orthography; alphabet; Korean; Chinese; writing system differences; script transfer, 30698
- word length effect; luminance increment paradigm; printed word perception; word recognition; developmental pattern; neurological length; word naming; on-line word identification; speed naming, 28063
- Word Memory Test; children; performance; age; verbal intelligence; reading skills; grade level; disorders, 191
- word perception; word recognition; upper visual field; lower visual field; saccadic eye movements; eye tracking, 24382

Volume 91 SUBJECT INDEX

Word Recognition—Serials

word processing; word recognition; neural responses; neural systems; morphological complexity; syntactic class, 24666
word reading; primary school children; orthography; English readers; Swedish readers; word recognition; error patterns, 34277
word recognition; listening preferences; lexical processing; spoken word; speech affect, 31184
word recognition; right visual field; case alternation; lexical decision; hemispheres; word length; orthographic neighbours; split fovea, 15198
word recognition; word frequency; subjective familiarity; word length; concreteness; age of acquisition; eye fixation duration, 375
word retrieval; preexisting associations; phonological mediated priming; new associations, 18877

Word Recognition—Books

Masked priming: The state of the art, 15267

Word Recognition—Chapters

An abstractionist account of masked and long-term priming, 15268
Bilingual visual word recognition: Evidence from masked phonological priming, 15307
Dissociating automatic orthographic and phonological codes in lexical access and lexical acquisition, 15272
Factors underlying masked priming effects in competitive network models of visual word recognition, 15269
The mechanics of masked priming, 15270
Rachorses, reindeer, and sparrows: Using masked priming to investigate morphological influences on compound word identification, 15323
Reading morphologically complex words: Some thoughts from masked priming, 15321
Speech perception and spoken word recognition, 23058
Transposed-letter confusability effects in masked form priming, 15274
Word recognition development in children: Insights from masked priming, 15989

Words (Form Classes) [See Form Classes (Language)]

Words (Phonetic Units)—Serials

abstract morphemes; lexical representation; Arabic language; auditory priming; CV-Skeleton, 24872
acquired dysgraphia; reading; writing; Chinese language; logographic writing systems; Cantonese; stroke; right hemisphere, 1740
affective pain; anterior cingulate cortex; human brain; onomatopoeia word; subjective pain; cognitive evaluation, 30865
age of acquisition; French word reading; reading aloud, 27489
age of acquisition; lexical decision; letter detection; beginning readers; skilled readers; letter information; function words; content words; structural account hypothesis; phonological processes, 896
age of acquisition; words, 415
aging; language production; words; older adults; tip-of-the-tongue states; speech production; retrieval; model; linguistic representations; phonology; orthography, 13147
allomorphic variation; Arabic; lexical processing; word patterns; priming; lexical representation; morphemes, 27974
anxiety; emotional Stroop interference; emotional connotation; conditioned stimuli; word pairing; pictures; semantic factors; Stroop interference, 33889
aphasia; dysphasia; auditory input; phonology; speech production; word repetition; naming; phoneme discrimination; lexical decision, 20077
aphasia; number of phonemes; number of syllables; syllabic complexity; spoken word production; analysis of errors; theories of word production, 29148
aphasia; number of phonemes; number of syllables; syllabic complexity; word production; theories; analysis of errors; correct productions, 29159
appearance-related information; implicit processing; words, 30690
attachment ambiguities; constituent ordering; word order, 24869
autistic spectrum disorders; communication disorders; autism; word loss; developmental disorder; regression, 25956
automatic evaluation; novel words; superficial phonetics; nonsense stimuli; English words; impression formation, 4038
avoidant attachment; hemispheric lateralization; processing of attachment and emotion related words; positivity or negativity decision making, 31560
brain activation; word generation; electrical stimulation; language-implicated acupoints, 3789
cerebral activation; differential activation; retrieval; brain regions; performance-related activation; response categories; veridical recognition; target words; signal changes; recognition success, 15652
children; word decoding skill; lexical decision task; oral reading; second grade students; test validity; test reliability, 27288

complex graphemes; functional spelling units; acquired dysgraphia; brain damage; consonants; vowels; word recognition, 32188
connectionist model; lexical processing; token effects; type effects; Dutch past-tense formation; final devoicing; verbs, 27985
critical recollection tests; false recognition; pictures; words; distinctiveness heuristic; familiarity; criterion shift, 33855
directed forgetting; related words; inefficient inhibition hypothesis; age related differences; fifth-grade children; college students, 7388
discreteness; interactivity; spoken word production; speech errors; nondisordered adults; brain damage, 16812
discreteness; interactivity; spoken word production; speech errors; nondisordered adults; brain damage; aphasia; feedforward-only models, 16814
discreteness; interactivity; spoken word production; speech errors; nondisordered adults; brain damage, 16813
disyllabic English words; lexical stress; trochaic stress; English phonology; word onset; stress patterns; onset patterns, 18865
eating disorders; at risk individuals; lexical processing; fat related words, 4801
elderly stereotype priming; stereotyped word exposure; grasping actions; reaching movements; neuropsychological evidence; action sequence; ballistic gaps; actions duration, 18306
Eleanor Saffran; single word processing; lexical processing; object naming; single word reading; single word repetition, 18549
emotion concepts; distinctiveness; abstract words; concrete words; recall; priming; lexical decision, 33771
emotional connotations; words; rostral frontal cortex; retrosplenial cortex; brain, 18560
English as a second language; Koreans; Japanese; visual cues; context; talker's face; word position; articulatory gestures, 4041
English translation; emotional tone; Quran; emotionality of words; word use patterns; affective language; linguistic style, 24890
English word structure; teachers' knowledge; teacher education, 6372
event related potentials; lexical identification; word recognition; listeners; mental lexicon; cross-modal word fragment priming, 24729
event-related potentials; ERPs; auditory processing; phonological priming & detection; semantic priming & detection; N400; semantic judgement; phonological judgement, 15668
eye movements; information processing; reading; oculomotor control; word processing; language processing; psycholinguistics; computer models, 12662
eye movements; morphology; morphemes; compound words; sentence reading, 12629
eye movements; reading; parafoveal pragmatics; noun-verb relationship; reading time; lexical processing, 12645
eye movements; word frequency; refixation amplitude; word length; corrective saccades, 30629
false memories; eating disorders; at-risk individuals; food related words, 4802
false memory; language processing; false recognition; list learning; independence-interdependence; Japanese; English; bilingual students; words; list language; test language, 21967
false recognition; false recall; word length, 33865
fast mapping; multiple words; vocabulary acquisition; preschool age; word meaning, 10217
Featural and Unitary Semantic Space hypothesis; hypothesis testing; object words; action words; meaning representation; statistical model, 21976
Finnish speakers; aphasic speakers; word searching; syntactic construction; sequential construction; lexical elements; conversation, 26140
focal lesions; non-word repetition; new words; serial recall; serial ordering mechanisms; semantic judgement; rhyme judgements; deaf children, 5093
forced-choice recognition; associative recognition; pronounceable nonwords; frequency judgments; recognition memory; pseudowords, 18380
frequent frames; cue; word patterns; sentences; grammatical categories; child directed speech, 4051
graphemic buffer; reading; spelling; words; pseudowords; dyslexia; dysgraphia; parietal lobe tumor; neurophysiology, 1743
hemisphere differences; moderately imageable words; high image nouns; low image nouns; right visual field; left hemisphere, 6915
hippocampal activation; memory encoding; memory retrieval; regional analysis; activation differences; hippocampal subregions; words; models; anterior hippocampus; posterior hippocampus; fMRI, 9912

Words (Phonetic Units)—Serials

holistic processing; word identification; visual properties; preschool children; epilinguistic knowledge; visuo-semantic; logographic processing; analytic processing; printed words; reading, 13178
idioms; text; multi-word units; figuratives; learning, 27993
imitation judgments; shadowed words; stimulus presentation, 30740
input manipulations; word learning abilities; specific language impairment; presentation rate; sentence complexity; word type, 22782
item information; phonological similarity effect; serial recall; order memory; common phonemes; short term memory; consonants; vowel, 18393
Japanese language learners; word morphology; novel Kanji compounds; words in isolation; contextual clues; Chinese characters, 7331
jumbled word effect; letter position coding; relative position priming; transposition priming, 27541
language comprehension; words; sentences; visual objects, 28030
learning effect; word meanings; word list; word-learning method; meaning-inferred method; meaning-given method, 13194
letter sound; phonological awareness; words; kindergarten children; reading ability, 11095
level-ordering; children's ungrammatical compounds; morphology; words, 28078
lexical decision task; diffusion model; drift rate; signal-detection representation; word frequency; nonwords; models of lexical access, 9675
lexical decision; decision process; evidence accumulation; words; lexical processing; models; REM-LD; retrieving effectively from memory-lexical decision, 27524
lexical performance; cerebral activation patterns; electrical activity; visual stimuli; auditory stimuli; word judgment; brain, 641
lexical representations; sublexical representations; speech processing; spoken words; English; spoken word recognition; nonsense words; spoken word processing; language processing, 861
linguistic prosody; stress perception; functional cerebral asymmetry; word stress, 24694
literal interpretations; homonyms; pseudo-homonyms; familiar words; nonsense words; recall; word meaning; children; language development; English, 10195
memory enhancement; emotional words; neutral words; remembering; valence; arousal; memory vividness, 18387
memory strategy; second grade students; self efficacy task; word organizing; categories; memory enhancement; trained students; performance level prediction; student predictions; qualitative data, 12118
mixing costs; mixing benefits; naming task; words; pictures; sums; homogenization pattern; time criterion; pure blocks; mixed blocks, 3393
monomorphemic words; semantics; orthography; priming, 28024
morphological awareness; phonological awareness; reading development; pseudoword reading; reading comprehension; single word reading, 26921
morphological decomposition; word formation; brain response; complex words; real words; event-related potentials; non-words; non-productive bound stem; prefix; morphemes; pronounceable, 15869
morphological processing; bound stem facilitation; free stem facilitation; words, 28009
morphological processing; words organization; mind; construct; content; ecological validity, 28002
morphology; pronunciation; orthography; Basque words, 15874
motor cortex activation; action word production; words; representation; grammatical differences; conceptual differences; sensorimotor features; left primary motor cortex; word retrieval; nouns; verbs, 18648
naming; literacy; word-finding difficulties; dyslexia; decoding and spelling abilities; phonological awareness; reading comprehension, 35110
native English speakers; cognates; false cognates; translation elicitation; foreign languages; word generation; bilingualism; language learning, 31064
negative words; positive words; affective processes; negative stimuli; positive stimuli, 30663
negative words; positive words; affective processes; negative stimuli; positive stimuli, 24446
neural basis; words; non-attentional processing; automatic activation, 3795
neural systems; parietal areas; right cerebral hemisphere; linguistic content; word recognition; medial parietal; voice recognition; memory; tones, 18406
neural systems; word retrieval; concept retrieval; temporal lobe; conceptual knowledge; brain lesions, 21566
neurobiology; adaptive learning; reading; training conditions; orthographic processing; phonological processing; semantic processing; learning ability; word learning; transfer effects; pseudowords, 27785

nonword repetition priming; lexical decision; memory trace storage; speed stress; study task; performance; retrieval, 9696

noun-noun compounds; relational priming; repetition priming; lexical decision; words, 27991

number words; bilingualism; number translation; cognitive processing speed; semantic mediation; contextual association; Dutch; French, 33787

number words; number acquisition; counting; rhythm; coordination; learn by rote, 939

numerical surface form; operand parity; cognitive arithmetic; odd-even; addition; multiplication; parity comparison; digits; number words; strategies; retrieval, 9641

one missing letter effect; assessment methods; reading; target letters; function words; content words; frequency; rapid serial visual presentation; cognitive processes, 15299

online processing difficulties: German word order variation; grammatical principles; datives vs subjects; evoked potentials, 3784

online processing difficulties: German word order variation; grammatical principles; datives vs subjects; evoked potentials, 3783

online processing difficulties: German word order variation; grammatical principles; datives vs subjects; evoked potentials, 3765

onset effect; bisyllabic word naming; masked form priming; naming latency, 27517

orthographic neighbors; masked words; word primes; decision latencies, 27996

orthographic regularity; word beginnings; interword saccade amplitudes & landing positions; continuous reading, 12660

orthographically overlapping prime words; word fragment completion task; blocking prime; lexical retrieval; word finding; lexical competitor; aging; young adults; older adults, 923

orthography: phonetics; grapheme to phoneme conversion mechanisms; reading; meaningful Italian words; meaningless Italian words; phonemics; phonetics, 18602

perceptual specificity; priming; lexical components; compound words, 27504

phonological codes; word fixation; boundary paradigm; sentence reading; lexical access, 28008

phonological components; priming; tip-of-the-tongue resolution; phonological primes; words; letters; syllables; phonemes, 18309

phonological dyslexia; familiar words; phonological impairment; phonemes; nonwords; reading; Alzheimer's disease; brain damage, 35261

phonological influences; distinct cortical areas; connectionist models; behavioral studies; neural correlates; lexicality effect; occipital cortex; letter string length; reading; orthography, 635

phonological neighborhood; visual word perception; visual lexical decision, 33842

phonological word length; orthographic word length; memory; lists; rapid serial visual presentation; short-term memory; visual orthographic length; serial recall, 24488

pictures; words; symbols; child's interpretation; infants, 24971

plausibility; concept coherence; distributional word coherence; plausibility judgments, 33782

Portuguese gender-inflected words; mental lexicon; nouns; adjectives; grammatical gender; lexical access; word recognition, 27982

positive evidence; explicit rule presentation; explicit negative feedback; Spanish word acquisition; second language acquisition; computer assisted study, 28013

preattentive bias; snake phobia; skin conductance responses; Stroop interference; masked words; stress conditions, 31836

prime word; stimulus evaluation; pronunciation task; affective priming; priming effect; target word, 18262

processing time hypothesis; missing-letter effect; familiar words; word identification; letter identification; target letters; visual presentation, 3374

producing and understanding noun-noun compounds; language; Constraint theory; conceptual combination; word familiarity, 36505

propositional speech; retrieval; speech production; lexical access; naming; severely anomic; left occipito-temporal infarction, 8229

pseudoword naming; Spanish; syllable frequency; speech production; word frequency, 27978

reduced word forms; word processing; suffix restoration effect; mental lexicon; phonology; orthography, 27999

reliable laterality effects; dichotic listening task; word stimuli; emotional component, 21308

repetition blindness; nonwords; lexical decision; cognitive processes; word recognition; mental types activation; sublexical level; word-nonword pairs; identical repetitions; word encoding, 15287

repetition blindness; rapid serial visual presentation; perception; memory; words; target detection, 33723

retrieval induced forgetting; cued recall; retrieval inhibition; context, 33873

saccade generation; reading; word-based processes; word reading; eye fixation, 12688

schizophrenia; false recognition; susceptibility; word recognition; semantic themes, 13626

second language experience; vocabulary skill; priming; strongly associated words; weakly associated words; lexical decisions, 24426

secondary language; word structure, 7336

selective processing; food words; insulin-induced hypoglycemia; cognitive processing; food stimuli, 28985

semantic processing; words; cognitive resources; N400; event related potentials; right hemisphere; semantic complexity level; female adults, 7064

semantic relations; repetition; free recall; words; multiple sclerosis; recency effect; primacy effect, 8205

semantic transparency; morphologically complex words; picture naming; morphological priming effects; picture-word interference, 27986

semantic variables; acoustic variables; phonetic variables; warning signal words, 9563

sentence presentation; background stimuli; recognition potential; electrical brain response; semantic processing; stimulus probability; stimulus onset asynchrony, 27817

sentence-level context; prior word knowledge; need for cognition; information processing; technical language; print ads, 27156

seriality; phonological encoding; object naming; reading; speaking; words, 33822

simultaneous task learning; memory inhibition; delayed recall; simultaneous acquisition effect, 24484

single word recognition, 24494

specific-word frequency effect; homophones; speech production; picture naming, 9704

speech production; implicit priming paradigm; word-form encoding; syllables; word formation, 10097

speech recognition; continuous speech; sorting procedure; phoneme generation; speech signal; code words; coding properties; speech properties, 9620

spelling performance; age differences; phonological information; semantic information; primary semantic impairment; dementia of Alzheimer's type, 4982

spelling; dialect; African American vernacular English; words; phonology; White speakers, 28025

spelling; generalization; aphasia; copy & recall treatment; words; pseudowords, 2533

statistical language modeling; artificial neural networks; distributed word representation; curse of dimensionality; word sequence; language structure; neural probabilistic language model; sentences, 14887

stress regularity; reading aloud; polysyllables; Italian words; stress patterns; stress consistency, 27977

structure of words; structure of concepts; lexicon; linguistics, 24881

syllabication; graphosyllabic instruction; struggling readers; reading instruction; multisyllabic words; word learning; novel words, 29962

temporal signatures; spatial signatures; word production; articulation; phonology; syllabification; phonetic, 21603

text conventions; word separation; letter background separation; lower-case letters; visual appearance; words; verbal integration; word gestalt; literacy instruction; graphic word; language; phonics, 30011

traumatic brain injury survivors; word retrieval; organization strategies; augmentative technology; alternative communication technology; preferences, 32141

use of please; please requests; plead request; compliance rate, 19116

user modelling; news Web sites; word sense based techniques; bilingual sites, 33391

utterance-level constructions; language development; mother-child dyads; linguistic interaction; structure of language; child-directed speech, 10168

verb; noun; Italian; lexical processing; aphasia; words, 20024

visual lexical decision; vowel duration; visual word identification; lexical phonology, 10103

visual word recognition; syllables; phonology, 33775

vocabulary spurt; word learning; inflection point; language development; logistic; quadratic, 24947

vowel length; long vowels; disyllabic words; word production; German-speaking children, 919

word acquisition; visual word processing; semantic hypothesis; age effects, 12639

word associations; pictures; words; semantic organization, 18356

word fragment; electrophysiological correlates; event-related brain potentials; serial visual presentation; semantic priming; repetition blindness; illusory words; processing level, 18257

word learning; mutual exclusivity assumption; language acquisition; learning constraints; vocabulary spurt; infants; age differences, 4109

word learning; nonword repetition; immediate serial recall; adult development, 908

word learning; verb learning; phonotactic probability, 10112

word length effect; language impairment; serial word recall; children; short term memory effects, 13846

word length; word frequency; linguistic word properties; neuropsychological brain response, 7030

word length; word frequency; word predictability; eye fixation; inspection duration; inspection probability; first-pass reading; age differences, 12646

word meaning; hemispheric lesion; metaphoric meaning; brain damage; semantic meaning, 4997

word perception; word recognition; upper visual field; lower visual field; saccadic eye movements; eye tracking, 24382

word processing; word recognition; neural responses; neural systems; morphological complexity; syntactic class, 24666

word recognition; word frequency; subjective familiarity; word length; concreteness; age of acquisition; eye fixation duration, 375

word repetition; discourse context; lexical repetition; language processing; coreferential processing; repeated names; event-related potentials, 24710

word retrieval deficits; contextual priming; word-finding disorders; semantics; phonological context; naming impairments treatment, 29820

word spacing; letter spacing; reading books, 30042

word stress location; neglect dyslexia; lexical stress, 11096

word-length effect; recall; long word; short words, 9713

word-referent link; ignorant speaker; knowledgeable speaker; novel word; word learning; toys; young children, 10207

word; behavioral support; contextual cues; literal use; symbols; symbolic understanding; functional equivalence; stimulus generalization, 33941

Words (Phonetic Units)—Chapters

An abstractionist account of masked and long-term priming, 15268

Metacognitive judgments and their accuracy, 22052

The nature of masked onset priming effects in naming: A review, 15273

The role of mirror neurons in the ontogeny of speech, 4124

Words (Vocabulary) [See Vocabulary]

Work (Attitudes Toward)—Serials

actual work hours; preferred work hours; U.S. employees; flexible work hours; employee preferences; part-time status; work-family conflict; dual-earner couples; overworked; underworked, 2953

affluence cues; perceiver's endorsement; Protestant work ethic; interpersonal perceptions; lifestyle, 19171

American culture; work stress; cultural assumptions; values; beliefs; stress-related illnesses, 20934

Australian psychologists; psychologist perception; organizational value; work-personal life balance; work satisfaction; non-work satisfactions; psychological well-being, 14590

Black female managers; White female managers; differing views; access to career opportunities; White women; women of color; hiring; promotions; key assignments; salary increases; mentors, 30163

Black female managers; White female managers; differing views; access to career opportunities; White women; women of color; hiring; promotions; key assignments; salary increases; mentors, 30162

buyer reactions; ethical beliefs; retail environment; shopping emotions; salesperson, 36359

career stability; work experiences; child molesters; career status; job security; life roles; child sex offenders; psychosocial development, 16488

careers; career definition; career-talk; individual accounts; university graduates; career plans; micro level interaction; constructive practices; individual work relationship, 27030

chronic pain; physical activity; treatment program; excessive fears; pain; work-specific fears; injury; disability, 13882

confidence; workplace problems; low energy levels; low stamina levels; psychological barriers; adjustments; working hours; work schedules; job tasks, 9104

educational environment; research environment; cultural differences; personality distributions; United States; Germany; working style; cooperation; individual work; computer science education; work, 20789

emotion work; theoretical discussion; anti-racist feminist theory; racial differences; self employed women; gendered processes, 2935

employees; religiosity; job involvement; job attitudes; work values, 14768

employment; substance misuse; substance dependency treatment; work, 2509

gender; work; organization; time economy; space economy; just in time labour; sequential ordering; critical reflection; feminist critique; social relations; labour market, 10416

general & work specific self-evaluations; work-related control beliefs; job attitudes; individual differences; job satisfaction; organizational commitment; job involvement; healthcare employees, 27074

heroic research; semi-superheroes; consumer psychologists; consumer psychology, 9167

high commitment; trade union; teamwork; worker independence; work execution; production monitoring; self-regulation; manager expectations; Canadian aluminum smelter, 24030

HIV positive people; work needs; work experiences; employment; social security benefits; social discrimination; informal supports; formal supports, 26094

individual relationships; mood; job satisfaction; at home mood; at work mood; negative mood; trait affect; job satisfaction spillover; time interval; positive mood, 31577

injection drug users; HIV prevention; risky behavior; HIV behavioral interventions; outreach programs, 35669

job attitudes; job satisfaction; stress; organizational commitment; two-job holders, 12299

job stress; job performance; Chinese work values; organizational commitment, 20936

language learning; learning for work; learning at work; women; social identity; work learning; literacy, 36260

laypersons views; employers role; return to work; sickness absenteeism, 17846

love of money; work-related attitudes; Republic of Macedonia; money profiles; budgetary control, 33289

mental illness; mental health services; employment benefits; employment drawbacks; consumers decisions; client attitudes, 28602

motivating staff; community agencies; supervisors; feedback; work environment, 17813

Nigerian women; work attitudes; employment; relaxation; work; nonwork, 33277

nonlinear relationship; political skill; work outcomes; job satisfaction; job tension; intrapersonal worker reactions, 36341

paid work; older women; money; personal identity, 25084

paid worker; volunteer; paid work; work status; informal volunteer activity; formal volunteering; formal organizations; volunteer participation; discretionary time, 1038

part-time professional employees; organizations; local work contexts; marginalization, 9128

personal work standards; perceived work stress, 20930

personality traits; deviant behavior; employee perceptions; workplace deviance; conscientiousness; emotional stability; agreeableness; situational perceptions; organizational deviance; work situation, 33276

personality; individual differences; work-related incentives; time; benefits; status; long term offers; money, 10584

professional growth; work conference; personal lives; primary reason; social worker; breast cancer; social work; heavy load, 5800

return to work; post stroke; perceptions; rehabilitation service provision; occupational therapists, 17454

school psychology service; work behavior; generalizability theory; priorities; counselors, 2866

shiftwork experience; work dissatisfaction; preferred work hours; value of time, 36409

situated cognition theory; student experience; workplace; learning; work experiences; engineering students; legitimate peripheral participation; science education; gender issues, 30144

social interactions; working conditions; activity level; social stressors; job satisfaction, 30199

Assessment of Partner Violence

A Handbook for Researchers and Practitioners

Jill H. Rathus and Eva L. Feindler

Assessment of Partner Violence

A Handbook for Researchers and Practitioners

Jill H. Rathus and Eva L. Feindler

Assessment of Partner Violence: A Handbook for Researchers and Practitioners provides a comprehensive of assessment information spanning five decades of research and three types of assessment methods: interview, self-report measures, and analogue assessment/behavior coding devices. This one-of-a-kind handbook offers detailed descriptions and critiques of several dozen instruments in an easy-to-read reference format.

Like its companion book – *Assessment of Family Violence: A Handbook for Researchers and Practitioners* – this volume covers target population, equipment needs, format, administration and scoring guidelines, psychometric analysis, primary and related references, and scale availability as well as

advantages, limitations, and general recommendations.

In addition, the authors provide invaluable contexts by discussing key psychometric concepts and research issues as well as practical clinical issues in the assessment of partner violence. No other work provides this breadth and depth of coverage. **2004. About 416 pages. Hardcover.**

Contents: Why Assess? Purposes of Assessment in Partner Violence • Modalities of Assessment in Partner Violence • Assessment of Partner Violence in Clinical Practice • Research Considerations in the Assessment of Partner Violence: Scale Development, Psychometrics, and Measuring Treatment Outcome • Research Considerations in the Assessment of Partner Violence: Research Issues and Challenges • Interview Methods • Self-Report Measures Specific to the Assessment of Partner Abuse • Self-Report Measures Assessing General Relationship Functioning, Anger and Hostility, and Other Correlates of Partner Abuse • Analogue Methods/Behavioral Coding Devices

List: \$59.95 • APA Member/Affiliate: \$49.95 • ISBN 1-59147-005-6 • Item # 4317009

Concise Rules of APA Style

The *Concise Rules of APA Style* offers essential writing and formatting standards for students, teachers, researchers, and clinicians in the social and behavioral sciences. This easy-to-use pocket guide, compiled from the fifth edition of the *Publication Manual of the American Psychological Association*, provides complete guidance on the rules of style that are critical for clear communication.

Though the APA *Publication Manual* remains the best source for broad background information about scientific publishing—providing guidance on designing research, identifying the parts of a scholarly article, understanding the process of journal publication, and submitting articles for publication—the *Concise Rules* targets only those rules writers need for choosing the best words and format for their articles.

Available in a lightweight, spiral-bound format, the *Concise Rules* will be an invaluable reference tool. 2005. About 250 pages. Spiralbound.

IMPORTANT NEW RELEASES

Critical Thinking About Psychology *Hidden Assumptions and Plausible Alternatives*

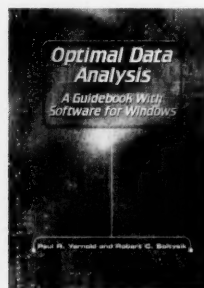

Edited by Brent D. Slife, Jeffrey S. Reber, and Frank C. Richardson

Critical Thinking About Psychology covers six major psychology subdisciplines, ranging from clinical psychology to neuropsychology. In analyzing what is taken for granted, this

volume teaches critical thinking skills at the same time that it moves psychology in exciting new directions. Contributors critique unquestioned tenets of the field such as the dualism between mind and body, the truth of efficient causation, and the discrete unit known as the individual. 2005. About 296 pages. Hardcover.

Optimal Data Analysis A Guidebook With Software for Windows

Paul R. Yarnold and Robert C. Soltysek

Optimal Data Analysis: A Guidebook With Software for Windows is a powerful new system for examining information and making predictions. Optimal data analysis (ODA) identifies a statistical model that yields the theoretical maximum possible level of predictive accuracy. Here is the first and only comprehensive exposition of the ODA paradigm and the first and only statistical software for conducting ODA analyses. 2005. About 216 pages. Softcover + CD-ROM.

Ethics in Plain English An Illustrative Casebook for Psychologists, Second Edition

Thomas F. Nagy

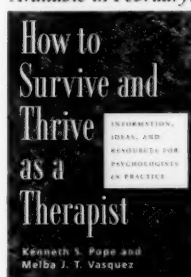

This practical and engaging resource shows psychologists how to apply the principles of APA's Ethics Code to the ethical dilemmas that they encounter in their daily lives. The chapters cover general principles of ethical decision making, as well as a broad range of issues relating to

professional competence, human relations, privacy and confidentiality, advertising and other public statements, record keeping and fees, education and training, research and publication, assessment, and therapy. This second edition has been wholly rewritten and updated to make it consistent with the newly revised 2002 standards of the APA Ethics Code. 2005. About 368 pages. Softcover.

How to Survive and Thrive as a Therapist Information, Ideas, and Resources for Psychologists in Practice

Kenneth S. Pope and Melba J. T. Vasquez

This book is a nuts-and-bolts guide to starting, growing, or improving a psychotherapy practice. Both psychologists just starting out and seasoned practitioners who want to expand, restructure, or enrich their practices will appreciate the authors' wit and wisdom.

In addition to the 15 chapters, the book contains 15 appendices that make key APA professional standards and guidelines available for consultation in one handy source. 2005. About 496 pages. Softcover.
